**16. REMARKS**

Ammo Data Cards (ADC) shall be prepared in accordance with MIL-STD-1168 and electronic submission shall be accomplished by accessing the Worldwide Ammunition Data Repository Program (WARP). ADCs shall include procurement acquisition numbers for each applicable Request for Deviation, Notice of Revision and Engineering Change Proposal listed on the card.

Block 12: Contractor shall submit sample cards into WARP 30 calendar days prior to First Article (FA), or production if FA is not applicable, for review and approval. When submitting the sample ADC for review input the words “SAMPLE CARD ONLY”in the remarks section of the ADC. The Government will respond within 15 calendar days of receipt. If further revisions are necessary, the Contractor shall have 3 business days to revise and the Government will provide response within 10 calendar days.

Hard copy ADCs shall be generated from WARP and accompany each Lot. Hard copy ADCs shall be signed and dated by the representative of the Government Agency Responsible for Acceptance (GARA) usually the Quality Assurance Representative (QAR) or other government designee. When ballistic tests at Government proving grounds are required, two hard copy ADCs generated and accompany the Lot.

*****Every avenue shall be pursued to assure an accurate ADC is produced with all the appropriate documentation included. Any unknown components, older components, off the shelf items and different lot interfix numbers (with the reason for different interfix numbers) can be annotated in the "REMARKS SECTION". This is to include any and all information that is unavailable at the time of production.
*****With the permission of the GARA older lots of ammunition that undergo the renovation processes may not contain all the required information. This unknown information can be clarified in the “REMARKS SECTION” of the ADC. When an older lot of ammunition is used and a lot number is not available for reference a detailed explanation should be documented in the “REMARKS SECTION.” Any additional special conditions that apply to the lot shall be documented in the “Remarks Section".

Block 13: Submission of ADCs shall commence with FA and continue with each subsequent deliverable production lot. The Government will respond within 2 business days of receipt. If further revisions are necessary, the Contractor shall have 2 business days to revise and the Government will provide response within 2 business days.

## FOR THE CONTRACTOR

**Item 17.** Specify appropriate price group from one of the following groups of effort in developing estimated prices for each data item listed on the DD Form 1423.

a. Group I. Definition - Data which is not otherwise essential to the contractor's performance of the primary contracted effort (production, development, testing, and administration) but which is required by DD Form 1423.

Estimated Price - Costs to be included under Group I are those applicable to preparing and assembling the data item in conformance with Government requirements, and the administration and other expenses related to reproducing and delivering such data items to the Government.

b. Group II. Definition - Data which is essential to the performance of the primary contracted effort but the contractor is required to perform additional work to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, or quality of the data item.

Estimated Price - Costs to be included under Group II are those incurred over and above the cost of the essential data item without conforming to Government requirements, and the administrative and other expenses related to reproducing and delivering such data item to the Government.

c. Group III. Definition - Data which the contractor must develop for his internal use in performance of the primary contracted effort and does not require any substantial change to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, and quality of the data item.

Estimated Price - Costs to be included under Group III are the administrative and other expenses related to reproducing and delivering such data item to the Government.

d. Group IV. Definition - Data which is developed by the contractor as part of his normal operating procedures and his effort in supplying these data to the Government is minimal.

Estimated Price - Group IV items should normally be shown on the DD Form 1423 at no cost.

**Item 18.** For each data item, enter an amount equal to that portion of the total price which is estimated to be attributable to the production or development for the Government of that item of data. These estimated data prices shall be developed only from those costs which will be incurred as a direct result of the requirement to supply the data, over and above those costs which would otherwise be incurred in performance of the contract if no data were required. The estimated data prices shall not include any amount for rights in data. The Government's right to use the data shall be governed by the pertinent provisions of the contract.
