Continuation of Description

Salient Characteristics - Automation Clinical Chemistry and Immunodiagnostic System:

Must provide new automation track with 2 clinical chemistry and 2 immunodiagnostic systems that are FDA approved and use FDA approved software for FDA approved testing reagents.

Must provide clinical chemistry, immunodiagnostic, and track system that requires 30 minutes or less time to complete daily maintenance, 1 hour or less time for weekly maintenance, 1 hour or less time for quarterly maintenance, and 2 hours or less time for monthly maintenance procedures.

Must provide all validation and correlation studies including therapeutic and carryover for installation.

Must provide system that uses electrochemiluminescence, potentiometry and photometry measuring principles.

Must provide system that has random access, continuous random access, auto-dilution, auto-verification and auto-re-run.

Must provide system components: that has command center, sample management, barcode sample ID, reagent management, incubator units, mixing units, reading unit, sample input unit, decapper, recapper, double centrifugation, stat port, output unit, both single and multiple specimen carrier capacity, refrigerated storage unit, UPS, computers, printers, software, middle-ware operator's manual and maintenance manual.

Must provide system that has audible alarm and visual alarm for sample input unit.

Must provide system that capacity for 16, 13x100mm; 16, 13x75mm; 11.5x65mm; 15x108mm specimen tubes

Must provide system that can test whole blood, serum, plasma, urine and body fluid samples.

Must provide system that requires no pre-treatment for HgbA1C.

Must provide middleware that has auto-verification and moving averages capabilities.

Must provide preanalytical sample check technology.

Must provide rules writing for auto-verification and continuous monitoring of patient samples and QC.

Analyzer must have barcode Reader and disk drive with read and write and USB port for loading and downloading data and on-board operator's/ troubleshooting manuals.

Must provide water filtration units for deionized bacteria free water required to run systems that do not exceed 30L per hour per unit.

Facility will not meet requirements that exceed current environmental capabilities: -Relative Humidity cannot exceed-45-85 and must be non-condensing, -Operating temperature-15-32 degrees Celsius.

Analyzer must interface with the DoD Electronic Health Record system MHS Genesis.

Analyzer must interface with Laboratory Information System (LIS) Cerner for 2-way communication with broadcast download and host.

Analyzer Operating system must be compatible with Windows 10 or higher.

Analyzer must provide capability for data and information storage and data management with touch screen technology.

Must provide equipment repairs scheduled and unscheduled as well as preventive maintenance and alternate testing or validation for extended downtime.

Must provide on-site technical support for installation of automation clinical chemistry and immunodiagnostic systems to bring to and maintain a fully operational status including required reagents and supplies.

Must provide training at vendor's facility for two (2) personnel and on-site training as needed.

Must ensure proper packaging of reagents, supplies, and equipment and that they are shipped at proper refrigerated or frozen temperatures according to manufacturer specifications.

Must provide FDA approved reagents for use with expiration dates no less than 6 months of delivery date that function properly and pass lot to lot testing.

Reagents must be ready to use and do not have to be prepared.

Must notify the laboratory if there is a recall on any reagents or equipment within 24 hours.

Must ensure all shipments arrive Monday through Friday between the hours of 8:00am and 3:00pm EST; excluding holidays and weekends.

Must respond to phone calls regarding shipment discrepancies the same day of notification and discrepancy will be corrected within 24 hours.

Must provide customer notification of updates on any reagents in writing within 5 business days and ensure continuity of services and availability of reagents during reagent revision when required.

Must provide all software and part upgrades at no additional cost.

Must respond to service calls within four hours or the morning of the next duty day if after 5:00pm Monday-Friday and correct deficiencies within 24 hours after arrival on-site.

Must provide temporary analyzer until the original analyzer is repaired or permanently if the original analyzer can't be repaired within 72 hours.

Must provide on-site scheduled preventive maintenance service as specified by the manufacturers published maintenance manual as necessary to keep system in good condition including lubrications, cleaning (other than those performed at the operator's level), calibrations, and diagnostics during the lease period as well as provide an onboard maintenance module at no additional cost.

Must provide 24-hour telephonic troubleshooting.

Must work to meet DOD Risk Management Framework (RMF) IT cybersecurity certification requirements within the accordance of the Statement of Work (SOW).

Must provide systems capable of all tests listed in test requirements at each CLIN lines of the solicitation.

Must provide clinical chemistry, immunodiagnostic, and track system that requires 1 hour or less time to complete operator performed daily quality control and daily calibration procedures.

*** END OF NARRATIVE ***

Requirements

Chemistry/Immunology testing system: two (2) Clinical Chemistry Analyzers, two (2) immunodiagnostic systems that are FDA approved and use FDA approved software for FDA approved testing reagents to include analyzers, training, track hardware, maintenance, repair service, software, middleware, reagents, supplies, consumables, QC and calibrators as well as removal of analyzer at the end of the contract period.

52.203-13	Contractor Code of Business Ethics and Conduct.	2021-11		

Contractor Code of Business Ethics and Conduct (Nov 2021)

(a) Definitions. As used in this clause-

Agent means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

Full cooperation-

(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors' and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require-

(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from-

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

United States, means the 50 States, the District of Columbia, and outlying areas.

(b) Code of business ethics and conduct.

(1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall-

(i) Have a written code of business ethics and conduct; and

(ii) Make a copy of the code available to each employee engaged in performance of the contract.

(2) The Contractor shall-

(i) Exercise due diligence to prevent and detect criminal conduct; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3)

(i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award,

performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed-

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked "confidential" or "proprietary" by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial product or commercial service as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the Contractor's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.

(2) An internal control system.

(i) The Contractor's internal control system shall-

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractor's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including-

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) Subcontracts.

(1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that exceed the threshold specified in FAR 3.1004(a) on the date of subcontract award and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the

civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

52.219-4	Notice of Price Evaluation Preference for HUBZone Small Business Concerns. (Deviation 2026-O0038)	2026-02
----------	--	---------

Notice of Price Evaluation preference for HUBZone Small Business Concerns (Feb 2026)
(Deviation 2026-O0038)

(a) Evaluation preference.

(1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except-

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise successful offers from small business concerns.

(b) Waiver of evaluation preference. A HUBZone small business concern may choose to waive the evaluation preference. If the concern waives the preference, the factor will be added to its offer for evaluation purposes.

[] Offeror chooses to waive the evaluation preference.

(c) Joint venture. A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business parties to the joint venture must be more than administrative functions.

52.219-28 Postaward Small Business 2026-02
 Program Rerepresentation.
 (Deviation 2026-O0038)

Postaward Small Business Program Rerepresentation (Feb 2026) (Deviation 2026-O0038)

(a) Definitions. As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification

of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within

the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(1) The Contractor represents that it ☐ is, ☐ is not a small business concern under ____ NAICS Code assigned to ____ contract number.

(2) [Complete only if the Contractor represented itself as a small business concern in paragraph (g)(1) of this clause.] The Contractor represents that it ☐ is, ☐ is not, a small disadvantaged business concern as defined in 13 CFR 124.1001.

(3) Women-owned small business (WOSB) joint venture eligible under the WOSB Program. The Contractor represents that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [____ The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(4) Economically disadvantaged women-owned small business (EDWOSB) joint venture. The Contractor represents that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [____ The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____ .]

(5) Service-disabled veteran-owned small business (SDVOSB) joint venture eligible under the SDVOSB Program. The Contractor represents that it ☐ is, ☐ is not an SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [____ The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(6) HUBZone joint venture eligible under the HUBZone Program.[Complete only if the offeror is a HUBZone small business concern.] The offeror represents, as part of its offer, that It ☐ is, ☐ is not a HUBZone joint venture that complies with the requirements of 13 CFR 126.616(a) through (c). [____ The Contractor shall enter the name and unique entity identifier of each party

to the joint venture: .] Each HUBZone small business concern participating in the HUBZone joint venture must be certified as a HUBZone concern. [____ Contractor to sign and date and insert authorized signer's name and title.]

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) Definitions. As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

" Enterprise " means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

" Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to

an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

" Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier.

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number Item Description

See CLIN lines _____

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number Item Description

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number _____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number _____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) Unique item identifier.

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U. S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages

are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

(5) Original part number (if there is serialization within the original part number).

(6) Lot or batch number (if there is serialization within the lot or batch number).

(7) Current part number (optional and only if not the same as the original part number).

(8) Current part number effective date (optional and only if current part number is used).

(9) Serial number (if concatenated unique item identifier is used).

(10) Government's unit acquisition cost.

(11) Unit of measure.

(12) Type designation of the item as specified in the contract schedule, if any.

(13) Whether the item is an item of Special Tooling or Special Test Equipment.

(14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) ____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) Subcontracts. If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

252.232-7006	Wide Area WorkFlow Payment Instructions.	2023-01
--------------	--	---------

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) Definitions. As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation

in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

Invoice and Receiving Report (COMBO)

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

252.232-7007	Limitation of Government's Obligation.	2014-04		

LIMITATION OF GOVERNMENT'S OBLIGATION (APR 2014)

(a) Contract line item(s) ____ [Contracting Officer insert after negotiations] is/are incrementally funded. For this/these item(s), the sum of \$ ____ [Contracting Officer insert after negotiations] of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will

approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant

to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

NOTE: When any of the above holidays fall on a Saturday it will be observed on the preceding Friday; holidays that fall on a Sunday will be observed on the following Monday. Any holidays declared by Presidential Executive Order shall be observed in the same manner as the holidays listed above.

4. Vendor Deliverables.

4.1. Validation Period of Performance: Contractor shall guarantee delivery of instruments and reagents. Contractor shall provide a site coordinator, installation specialist, and an application specialist to assist laboratory personnel with the entire implementation/ installation process, ensuring that installation and validations/correlations are completed for go live no later than 31 March 2027.

4.2. The Clinical Application Specialist, furnished by the contractor, must perform system validation procedures to include calibration, precision, accuracy, carryover, correlation studies, linearity studies, sensitivity studies as applicable, and data stream verification for Laboratory Information System (LIS) interface capabilities. Reagents and supplies that are needed for the validation /correlation studies shall be provided at no additional cost to the government and includes but not be limited to the following:

4.2.1. Setting up instruments.

4.2.2. Perform precision and accuracy studies; materials that are needed for these studies must be provided at no cost to the government.

4.2.3. Perform linearity studies utilizing commercial linearity material to validate ALL measured parameters. Linearity material must be provided at no additional cost to the government.

4.2.4. Setting up Quality Control (QC) files and entering QC limits.

4.2.5. Address and perform reference range studies with potential differentiation by age/sex if applicable.

4.2.6. Method Comparison Study (Old Method vs. New Method) must be performed.

4.2.7. Correlation studies must evaluate the system at the main lab as well as the main lab analyzer with the clinic analyzers as required.

4.2.8. Carry-over studies on measured parameters using high patient samples or linearity material must be performed.

4.2.9. The task of interfacing all measured parameters must be completed as a part of validation process to ensure that results are crossing over accurately to LIS.

4.2.10. Validation Plan to be submitted to and reviewed with Laboratory Officer/Quality Manager prior to commencement of validation studies.

4.2.11. To obtain acceptable performance of the analyzer, all studies must be presented to the laboratory officer for acceptance prior to installation/technical specialist's departure.

4.2.12. Provide on-site training for staff before going live date with new systems.

4.3. LIS Interface: The contractor shall furnish interface assistance to ensure that the system is interfaced with the LIS prior to departure. If purchase of additional equipment such as computer monitor, computer processing unit, and printer are required to maintain the LIS system interface, the vendor must provide them, upgrade them and maintain them throughout the contract period at no cost to the government. Replacements must be made as needed at no cost to the government. The system must have barcode capabilities and be fully interfaced to the LIS Cerner in electronic health record MHS Genesis.

4.3.1 Data Management and Middleware should include thin clients and software for all aspects of QC, patient samples, and auto-validation to write rules, support delta checks, moving averages, and store patient results that have been auto-validated.

4.4. Contractor shall have analyzers in place and ready for service by 1 October 2027.

4.4.1. Contractor shall ensure that during the secondary implementation phase that the hardware for the track delivery automation line for the chemistry and immunodiagnosics analyzers is installed and fully operational as soon as available.

4.5. Furnish all materials required to perform maintenance, repairs, or service. Any costs associated with travel, lodging or meals to conduct services or preventive maintenance will be at the cost of the contractor.

4.6. Upon completion of services, a written service report will be provided to the Biomedical Maintenance / Clinical Engineering Manager. The service report shall be filled out, provide detailed information regarding the cause of equipment malfunction and corrective action taken, to include the time required to complete the work, price of labor (hourly rate), and a list of parts replaced with a price for each part. In the event all information is not available to contractor's representative when services are performed, the initial service report shall include all information stated above except for price. Contractor shall provide the balance of the required information in writing to the Biomedical Maintenance Branch within ten days after the services are completed.

4.7. Provide new and/or refurbished parts that are certified and documented to meet Original Equipment Manufacturers (OEM) specifications on all manufacturers' mandatory modifications and apply recalls by Food and Drug Administration (FDA).

4.8. Contractor will provide new or updated user manuals when changes are made at no additional cost.

4.9. Furnish all applicable Safety Data Sheet (SDS) for reagents, equipment and supplies utilized under this contract at no additional cost.

4.10. Provide training for two primary operators for each system and one slot per type of analyzer annually.

4.11. Deliver automation with two (2) clinical chemistry and two (2) immunodiagnostic systems with following components:

Command Center

Sample Management Center

Barcode Sample Identification Unit

Reagent Management Unit

Incubator Unit

Mixing Units

Reading Unit

Sample input Unit

Decapper Unit

Double centrifugation Units

Stat port Unit

Recapper Unit

Output Units

Single and multiple specimen carrier

Refrigerated Storage Unit

Powerware/UPS

On Board Computer with Printer

Software

Middleware

Operator 's Manual

Maintenance Manual

4.12. Subject to mutual agreement between the government and contractor through a bilateral contract modification, reagents and/ or equipment/ instrumentation may be upgraded within the specifications of the contract as new technology may become available or if workload exceeds the equipment/ instrumentations' current testing capacity. Additionally, the government will delete/ add reagents through the life of the contract because of advances in technology or changes to clinical practice standards.

5. Specific Tasks.

5.1. Provide on-site technical support for installation of analyzers to bring to and maintain a fully operational status during the period of performance.

5.2. Ensure that if system requires a water purification/ filtration system it, all supplies and service for the period of performance and installation is included at no additional charge.

5.3. Ensure proper packaging of reagents, supplies, and equipment and that they are shipped at proper refrigerated or frozen temperatures according to manufacturer specifications.

5.4. Ensure all shipments arrive Monday through Friday between the hours of 8:00am and 3:00pm EST, excluding holidays and weekends according to paragraph 1.6.2 above.

5.5. Respond to phone calls regarding shipment discrepancies the same day of notification and discrepancy will be corrected within 24 hours.

5.6. Provide customer notification of updates on any reagents in writing within 5 business days and ensure continuity of services and availability of reagents during reagent revision when required.

5.7. Ensure reagents meet quality control guidelines set forth by manufacturer.

5.8. Ensure software upgrades are included.

5.9. Notify the laboratory if there is a recall on any reagents or equipment within 24 hours.

5.10. Ensure HgbA1c has no manual pre-treatment requirement.

5.11. Ensure system can test whole blood, urine, body fluids, serum, and plasma.

5.12. Provide system that has random access, continuous random access, auto-dilution, auto-verification and auto-re-run.

5.13. Respond to service calls within four hours when one analyzer is not working. If it is after 5:00pm Monday through Friday respond on the next duty day. Deficiencies should be corrected within 24 hours after arrival on-site.

5.14. Perform all on-site scheduled service as specified by the manufacturers published maintenance manual as necessary to keep system in good condition including lubrications, cleaning (other than those performed at the operator's level), calibrations, and diagnostics, during the lease period at no additional cost.

5.15. Provide 24-hour telephonic troubleshooting.

5.16. Ensure the system can perform all tests listed in CLIN Lines of the solicitation and Workload.

5.17. Provide initial training for staff at vendor's site and one training slot annually per analyzer, middleware and track systems with on-site training as needed.

5.18. Provide clinical chemistry, immunodiagnostic, and track system that requires 1 hour or less time to complete operator performed daily quality control and daily calibration procedures.

5.19. Provide clinical chemistry, immunodiagnostic, and track system that requires 30 minutes or less time to complete daily maintenance, 1 hour less time for weekly maintenance, 1 hour or less time for quarterly maintenance, and 2 hour or less time for monthly maintenance procedures.

6. Invoicing and Payments.

6.1. The contractor shall submit, in arrears, itemized invoices in accordance with DFARS 252.232-7003 & 252.232-7006, for services rendered under this contract. Invoices must be submitted no more than 30 days after the completion of the annual period of performance. Information regarding Wide Area Workflow is available on the Internet at <https://piee.eb.mil>

6.2. When it is necessary to resubmit an invoice for payment that the same invoice number listed on the original document with a letter after the number is used and that a new invoice number will not be generated for a previous shipment. (Example: Invoice # 100473, 100473A, 100473B, etc.).

6.3. Contractor will submit invoices in WAWF within 7 days of shipping date but no later than 30 days of shipping date.

7. U.S. Army Cybersecurity and Risk Management Framework (RMF) Requirements.

7.1. System Security Requirements.

7.1.1. The vendor shall submit to the Government, the blue section of the Medical Device Cybersecurity Assessment (Questionnaire) provided by government and Nessus Scans. Nessus scanner is to be procured by the vendor, at their own cost, in order to comply with RMF requirements.

7.1.2. Vendor agrees to comply with security regulations and guidance listed in attached Appendix A and all Risk Management Framework (RMF) requirements.

7.1.3. Failure to meet the requirements may result in termination of the delivery order for cause, in accordance with FAR 52.212-4(m).

7.1.4. The vendor device or system shall pass pre-validation screening (Vulnerability scans utilizing Nessus and SCAP scans), administered within six (6) months of contract award that will be conducted by Government, and must meet criteria listed below:

(a). No unmitigated Very High or High Severity/ Category I (CAT I), vulnerabilities as described in the appropriate Defense Information System Agency (DISA) Security Technical Implementation Guides (STIGs) located on <http://iase.disa.mil/stigs/Pages/index.aspx>

(b). No unmitigated Moderate Severity/Category II (CAT II), vulnerabilities as described in the appropriate Defense Information System Agency (DISA) Security Technical Implementation Guides (STIGs) located on <http://iase.disa.mil/stigs/Pages/index.aspx>

(c). No unmitigated Very High or High Severity/ Category I (CAT I) vulnerabilities from Nessus vulnerability scans.

(d) No unmitigated Moderate Severity/ Category II (CAT II) vulnerabilities from Nessus vulnerability scans.

7.1.5. The vendor shall mitigate all Very High, High, and Moderate Severity/CAT I and CAT II vulnerabilities discovered during the Assessment and Authorization (A&A) process according to a schedule published by Government.

7.1.6. The vendor shall appoint a vendor point of contact responsible for the cybersecurity of the vendor device or system throughout the lifecycle of the system. The vendor shall provide Subject Matter Experts (SMEs) to support all assessments of contracted products and materials and meet required deliverable timelines.

7.1.7. The vendor shall obtain a recommendation of Authority to Operate (ATO) as determined by a Government appointed third party validator within twelve (12) months of contract award.

7.1.8. The vendor shall not make any delivery and shall not receive payment for the system until the ATO is granted. Receiving the ATO document from the U.S. Army shall constitute permission to perform on the order and to proceed with delivery. All delivery dates shall be reset in accordance with contract and in days after the date the ATO is communicated in writing to the vendor. Delivery may take place prior to ATO only if written permission is provided by the DLA Contracting Officer.

7.1.9. Pursuant to subsequent warranty period and Service Maintenance Agreements (SMA), the vendor shall, after the award of an ATO, ensure that the vendor's device or system maintains its ATO for as long as the equipment is operated by Government.

7.1.10. The vendor shall establish appropriate administrative and technical safeguards to ensure the confidentiality, integrity, and availability of Government data under their control.

7.1.11. The vendor shall notify the Information Owner and Contracting Officer POCs in writing with any inabilities to comply with DoD security requirements. Vendor will provide anticipated costs and timelines required to address vulnerabilities in question.

7.1.12. The vendor shall contact the IA/RMF Office Representative, no later than 5 days after delivery order selection or contract award, to start the process. Failure to do so would be considered a vendor caused delay.

7.2. RMF Timeframes.

The following table provides an overview of the entire Process to obtain approval under Army Cybersecurity requirements. Vendor actions must start as cited in the number of days after date of order column noted below and be completed in the number of days listed below in the Duration column.

7.3. Assessment and Authorization (A&A).

7.3.1. The vendor shall submit all RMF required documentation, as specified by Government Reps for review and approval, no later than four (4) months after request by the Government.

7.3.2. The vendor shall obtain approval from the Government, any vendor developed policies, plans, and procedures prior to implementation.

7.3.3. The vendor shall provide any additional documentation required by the Government for completion of the A&A process within thirty (30) business days of request by the Government.

7.3.4. The vendor shall provide technical scans within one (1) month of the A&A kickoff meeting.

7.3.5. The vendor shall provide updated technical scans monthly, on the 10th day of each month until an ATO is granted.

7.3.6. The vendor shall ensure that the vendor device or system can support the use of DISA approved intrusion detection and prevention, antivirus, and antimalware applications. The vendor shall provide technical specifications that clearly demonstrate whether the proposed solution can integrate and support either the full security suite or the individual components (e.g. DLP, IPS, Antivirus, etc.) without performance degradation of the medical system/device. In cases where the operation of security applications is not technically achievable, the vendor shall provide detailed justification and a Plan of Actions and Milestones (POA&M) describing steps towards compliance with this requirement.

7.3.7. The vendor shall ensure that the vendor device or system is configured in such a way that allows the updating of malware definition signatures on a scheduled basis. Scanning shall encompass the entire system (file system, operating system, real-time processes) by default. In cases where scanning of the entire system may negatively affect its operation, the vendor shall provide a detailed list of exclusions with justifications.

7.4. Privileged User Training and Certification Requirements. If a vendor requires a B2B, access, etc. to government networks to maintain, analyze, etc. their products, they must adhere to the following requirements:

7.4.1. Information Assurance Contractor Training and Certification. Contractors requiring a privileged-level account for administrative/maintenance support of systems/applications on the Army network will meet Army requirements for a privileged-level account before being granted a network account. Requirements include:

7.4.2. Cyber (Information assurance (IA)/information technology (IT)) certification. Per DoD 8570.01-M, DFARS 252.239.7001 and AR 25-2, the contractor employees supporting Cyber (IA /IT) functions shall be appropriately certified upon contract award. Contractors will be defined at Information Assurance Technical level I (IAT - II) and be required to meet minimum Professional Baseline certifications at the time of contract award. Contractors will be given six (6) months to meet Computer Environment (CE) and Cyber Security Fundamental training requirements. Not meeting the requirements in accordance with DoD 8570.01-M will result in the contractor account and access being 'Disabled' or 'Deleted' until such time as the conditions of this contract is met.

7.4.3. Background Investigation. NACI or above is required. Vendors should email: usarmy.jbsa.medcom.list.medcom-information-assurance@mail.mil to obtain guidance on the process.

7.4.4. Professional Baseline Certification. The minimum Professional Baseline certification for IAT-II is CompTIA Security+. Higher certifications (GSCL, CISM, CISSP, etc.) will satisfy this requirement.

7.4.5. Computer Environment (CE) Certification. Computer Environment (CE) certifications are determined by the role of the contractor and must be met within six months of delivery order issuance. Contractors working on servers are encouraged to have a Microsoft 2008 Server or 2012 Server certification. Contractors working on End-User devices are encouraged to have a professional certification that coincides with the technology inherent in the system (i.e. MCSE, CCNA, RHCSE, Microsoft Windows 7 and Windows 10 etc.). The CompTIA A+ certification will also satisfy the CE certification requirement.

7.4.6. IA Training. DoD Cyber Awareness Challenge Training must be completed by all contractor employees and associated sub-contractor employees prior to issuance of network access and annually thereafter. DoD Cyber Awareness Challenge Training is available at the following website: <https://ia.signal.army.mil/DoDIAA/>, Contractors will meet minimum training requirements within six months of contract award.

7.4.7. Two-Factor Authentication. Contractors will authenticate using two-factor authentication. The preferred method for authenticating is the Common Access Card (CAC).

7.4.8. MACH Network Account Request Package (Authorized & Privileged). The contractor will submit a request package through either the ITC One-Stop Shop for contractors requiring on-site access or through the Information Assurance/Cyber Security Branch for contractors requiring remote access to BMACH network . Remote access must be through a Defense Health Agency (DHA) Business-To-Business (B2B) solution. Vendors should email: usarmy.jbsa.medcom.list.medcom-information-assurance@mail.mil to obtain remote access through DHA, for Army requirements. The package includes DD Form 2875 - System Authorization Access Request (SAAR). All contractors requiring a BMACH network account will complete the DD Form 2875 to include validation of a Security Background Investigation. Information Assurance Branch will be the sponsor for all contractors requiring elevated privileged-level access. The department chief will sign the DD2875 as the contractor supervisor. Note: contractors requiring a 'Privileged' account will check 'Box 14.' on the form. The DD2875 SAAR Form is available at the following website: https://atc.us.army.mil/iastar/docs/DD_Form_2875_System_Access_Agreement_Request.pdf.

7.4.9. Acceptable Use Policy (AUP). All vendors/contractors will sign/acknowledge the Army Standard Acceptable Use Policy (AUP) prior to being granted a Army network account. The Army Standard AUP is available at the following website: <https://atc.us.army.mil/iastar/docs/aup.pdf>

7.5. Warranty and Post-Warranty Service Maintenance Agreement Cybersecurity Requirements.

7.5.1. Continuous Risk Management

(a). The vendor shall maintain a duplicate of the fielded device, system, or group of configurations falling under one authorization; for testing in a vendor supplied lab environment at vendor location for as long as the system is operated by the Government.

(b). The vendor shall maintain the duplicate system or device in operational condition with the latest security patches installed.

7.5.2. The vendor shall update all ATO required supporting documentation in the event of a system policy, procedural, logical or technical changes to the system.

7.5.3. The vendor shall maintain the authorized security configuration and notify the government within forty-eight (48) hours of any major changes for review. A major upgrade such as major software or hardware revision must be reassessed for ATO. Vendor shall support reauthorizations due to major upgrades.

7.5.4. The vendor shall ensure the vendor's device or system follows the Department of Defense (DoD) Information Assurance Vulnerability Management (IAVM) program upon each deployment.

7.5.5. The vendor shall ensure any new deployment (including rebuilds) deploy with a fully patched, accredited version maintained in a lab environment.

7.5.6. The vendor shall make the duplicate device or system available for periodic security reviews, within forty-five (45) business days of notification by government. The vendor shall perform monthly vulnerability scans using the most recent and updated version of approved DoD scan tools.

7.5.7. Vendor shall maintain system and update to comply with updated STIGS as made available by the government within three (3) months of notification by the government.

7.5.8. The vendor shall provide vulnerability scan and security content automation protocol (SCAP) scan results to Government monthly. Vendor shall provide raw scan results and administrative reports no later than the 10th calendar day of each month.

7.5.9. The vendor shall close all discovered vulnerabilities within three (3) months of discovery.

7.5.10. The vendor shall submit to government detailed explanations for the inability to close discovered vulnerabilities.

7.5.11. The vendor shall submit to government for approval of any mitigation that addresses any open vulnerabilities.

7.5.12. The vendor shall review all required policies, plans, and procedures documentation on an annual basis and submit changes to government for approval.

7.5.13. The vendor shall use the Government approved method for remote access administration (DISA B2B) of system or device.

7.6. Cybersecurity Regulations and Guidance. The vendor shall use and comply with the most recent published versions as of the date of contractual agreement of the following references as well as all regulations or guidance referenced within those publications:

7.6.1. United States Law

i. "General Requirements Overview - Personally Identifiable Information (PII), Protected Health Information (PHI) and Federal Information Laws" (Revised 10/27/2020).

7.7. SECURITY CLEARANCES.

7.7.1. Personnel to be assigned to an ADP/IT position must undergo a successful security screening before being provided access to DoD information technology resources. Prior to an employee being granted interim access to DoD sensitive information, Martin Army Community Hospital must receive notification that the Office of Personnel Management (OPM) has scheduled the employee's investigation. This requirement must be met by contractors, subcontractors and other who have access to information systems containing information protected by the Privacy Act of 1974 and protected health information under HIPAA. Background checks are required for all ADP/IT personnel who receive, store, display, or transit sensitive information. Employees must have at a minimum an ADP Sensitivity Designation of Level II to access the DoD Network.

7.7.2. All contractors that use the DoD gateways to access government systems must submit a DISA Form 41 or equivalent in accordance with Contracting Officer guidance. In addition, Form 41s are required for each system administrator responsible for each host-to-host interface. Contractors shall complete and submit to Tricare Management Activity (TMA) one Form 41 for their organization, attached to which shall be a listing of those individuals for whom background checks have been completed, submitted to the Office of Personnel Management (OPM), and acknowledgements have been received from OPM that the applications are complete and are pending action by OPM. The request must clearly delineate the ports and protocols used for each IP address. The contractor shall complete the form and submit to the government for final processing. All costs for the background investigations are the responsibility of the contractor.

8. BUSINESS to BUSINESS (B2B) REQUIREMENTS for CONTRACTOR.

8.1. General Security Requirements. The Contractor shall establish appropriate administrative, technical, and physical safeguards to protect all Government data, to ensure the confidentiality, integrity, and availability of government data. As a minimum, this shall include provisions for personnel security, electronic security and physical security as listed in the sections that follow.

8.2. Personnel Security.

8.2.1. The contractor shall comply with DoD Directive 8500.1, "Information Assurance (IA)," DoD Instruction 8500.2, "Information Assurance (IA) Implementation," DoD Directive 5400.11, "DoD Privacy Program," DoD 6025.18-R, "DoD Health Information Privacy Regulation," DoD 5200.2-R, "Personnel Security Program Requirements." AR25-1, "Army Knowledge Management and Information Technology", AR 25-2 "Information Assurance." And local regulations as deemed appropriate by the activity Information Assurance personnel.

8.2.2. Contractor responsibilities for ensuring personnel security include, but are not limited to, meeting the following requirements:

(a). Follow the Army guidelines for submittal of Automated Data Processor/Information Technology (ADP/IT) background investigations and ensure all contractor personnel are designated as ADP/IT-

I, ADP/IT-II, or ADP/IT-III where their duties meet the criteria of the position sensitivity designations outlined in AR25-2.

(b). Initiate, maintain, and document personnel security investigations appropriate to the individual's responsibilities and required access to Information Systems within the logical boundaries of the facility LAN.

(c). Immediately report to the Martin Army Community Hospital Personnel Security Manager Travis Butler at 762-408-0308 and deny access to any automated information system (AIS), network, or information if a contractor employee filling a sensitive position receives an unfavorable adjudication, if information that would result in an unfavorable adjudication becomes available, or if directed to do so by the appropriate government representative for any reason.

8.3. Electronic Security.

8.3.1. Disposing of Electronic Media. Vendors shall follow the DoD standards, procedures, and use approved products to dispose of unclassified hard drives and other electronic media, as appropriate, in accordance with DoD Memorandum "Disposition of Unclassified Computer Hard Drives," June 4, 2001. Vendors are required to also follow DoD guidance on sanitization of other internal and external media components in DODI 8500.2 "Information Assurance (IA) Implementation," 6 Feb 2003 (see PECS-1 in enclosure 4 Attachment 5) and DoD 5220.22-M "Industrial Security Program Operating Manual (NISPOM)," (Chapter 8).

8.3.2. Information Assurance Vulnerability Management (IAVM) The contractor shall implement an information assurance vulnerability management program for all AIS and corresponding subnets that are connected to or intermittently connect to Army networks. The program shall meet the scope and intent of AR25-2 and Martin Army Community Hospital IA policies to provide protection against known threats and vulnerabilities. Compliance with Army IAVM alerts and bulleting is required for these systems and shall be completed within the specified timeframe.

8.4. Information Systems (IS)/Networks Physical Security.

8.4.1. The contractor shall employ physical security safeguards for IS/Networks involved in processing or storage of Government Data to prevent the unauthorized access, disclosure, modification, destruction, use, etc., and to otherwise protect the confidentiality and ensure use conforms with DoD regulations. In addition, the contractor will support a Physical Security Audit performed by the Government of the contractor's internal information management infrastructure. The MHS Physical Security Audit Matrix is available at: http://www.tricare.osd.mil/tmis_new/Policy/PSA_Matrix_%20012304%200930%20clean%20version.xls. The contractor shall correct any deficiencies identified by the Government of the contractor's physical security posture.

8.4.2. Special Requirements for Protected Health Information. Whenever a contract is awarded that requires the vendor to collect, use, copy, access or store Protected Health Information (PHI) in commercial office space, the contractors must notify the Martin Army Community Hospital HIPAA Security Manager.

8.4.3. Follow all DUA and DoD requirements for secure disposal, destruction, and/or sanitization of all equipment that contained PHI.

9. Anti-Terrorism and Operations Security Contract Requirements.

9.1. Access and general protection/security policy and procedures. This standard language is for contractor employees with an area of performance within Army controlled installation, facility, or area. Contractor and all associated sub-contractor's employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes.

9.2. For contractors that do not require CAC but require access to a DoD facility or installation. Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (TSDB) (Army Directive 2014-05/AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative), or, at OCONUS locations, in accordance with status of forces agreements and other theater regulations.

Information Regarding Responsibility Matters (Feb 2026) (Deviation 2026-O0038)

(a) Definitions. As used in this provision-

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means-

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror [] has [] does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in-

(A) The payment of a monetary fine or penalty of \$5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

252.204-7017	Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.	2021-05		

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) Definitions. "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) Prohibition. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or

essential component of any system, or as critical technology as part of any system.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) Representation. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) Disclosures. If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

This requirement will be procured using FAR Part 12 Acquisition of Commercial Products and Commercial Services and FAR Part 15 Contracting by Negotiation. The Government will make an award to the offeror's quote that conforms to the Request for Quote (RFQ) and proposed price is determined fair and reasonable.

QUOTES PREPARATION INSTRUCTIONS: Quotes shall be submitted in three individual electronic volumes:

- Volume I. Administrative
- Volume II. Technical
- Volume II. Price

Each subfactor under Volume II Technical, shall be separately tabbed and addressed in sufficient detail so the government may evaluate each subfactor independently.

Electronic (e-mail) is the only method of submission for quotes; paper or printed copies will not be accepted. Files larger than 20MB may need to be transmitted in separate emails. It is the responsibility of the vendor to make sure quotes are received by the offer due date and time specified in block 8 of the solicitation standard form 1449.

The Contracting Officer Joshua Barbero, joshua.p.barbero.civ@health.mil and Contract Specialist Shenecqua Soares, shenecqua.n.soares.civ@health.mil are sole points of contact for this solicitation.

Responsibility Determination: The Contracting Officer is required to make a determination of responsibility IAW FAR 9.1.

Volume I Administrative: Offerors shall provide the following:

- a. Summary or title page identifying the offeror, address, phone, UIE number, CAGE Code, Point of Contact (POC) information for the authorized individuals authorized to negotiate with the Government on behalf of the Offeror, and the solicitation number. The Offeror is responsible for notifying the contracting office of any POC changes.

- b. The offeror shall include a copy of the completed SF 1449, with the signature in block 30a, name and title of signer in block 30b, and date signed in block 30c. Signature shall be from an authorized individual authorized to negotiate on behalf of the company. Include the name of the offeror, address, phone number, and CAGE Code in Block 17a.
- c. For all solicitation amendments, if applicable: Must be completed and signed SF 30: Blocks 8, 15A - C
- d. Provide statement that the offeror will hold its quote firm for at least 90 calendar days from the offer due date, subject to any changes that may occur as a result of discussions (if applicable).
- e. All offerors must be registered in the System for Award Management (SAM) with the appropriate NAICS Code prior to award and shall not have any Active Exclusions listed within SAM.GOV to be eligible for award. Lack of registration shall make an offeror ineligible for award.
- f. Completed provisions, as listed in the solicitation. Alternately, complete all provisions in SAM and provide confirmation of completion and accuracy with offer.
- g. The offeror shall ensure a completed copy of their Representations and Certifications is available on the SAM website. <https://www.sam.gov>."
- h. **Questions** regarding this solicitation are to be submitted electronically by email to the Contract Specialist/Contracting Officer by **18 May 2026 at 11:00 a.m. CST** to shenecqua.n.soares.civ@health.mil AND joshua.p.barbero.civ@health.mil; answers to all questions will be provided via an amendment to the solicitation and posted to <https://sam.gov> no later on or about **22 May 2026**. When submitting your questions via email please annotate the subject line as "**Questions for W81K00-26-Q-A113**"
- i. **Offers are due by the date and time identified on Page 1 Block 8 of the SF1449 (Unless extended via solicitation amendment)**. Offers shall be submitted via e-mail to shenecqua.n.soares.civ@health.mil. Quotes received after the deadline will be considered untimely and will not be eligible for award. When submitting your offer via email please annotate the subject line as "**Quote for W81K00-26-Q-A113**". It is the offerors responsibility to make sure offers are received.

Volume II Technical: The technical volume shall be addressed in sufficient written detail for the Government to determine if the offeror understands the technical requirements listed in the following subfactors.

- a. Subfactor 1-Equipment/Reagents/Consumables: Offeror shall provide equipment, reagent, and consumables that conform to the salient physical, functional, performance characteristics, and quantities as specified in the Salient Characteristics for Automated Core Laboratory for immunoassay and chemistry analyzer, reagents, and consumables testing requirements.
- b. Subfactor 2- ATO/RMF Compliance - Offeror shall provide documentation stating they will be willing to have Authority to Operate/Risk Management Framework (ATO/RMF) upon submission of

offer. Any updates to the equipment after receipt of an approved ATO shall be approved by the Defense Health Agency's Cybersecurity Team in accordance with the Exhibit A.

- c. Subfactor 3- Offeror must be able to provide maintenance (unscheduled and preventive) and telephonic assistance in accordance with the statement of work.
- d. Subfactor 4- Offeror must be able to provide training in accordance with the statement of work.
- e. Subfactor 5- Offer must be able to ensure delivery/reconfiguration of analyzers to Martin Army Community Hospital (MACH), Fort Benning in accordance with the statement of work (SOW).
- f. Subfactor 6- Minimum tests required for integrated immunoassay and chemistry analyzer, reagents, and consumables testing. The reagents are listed in the solicitation CLIN lines of the solicitation. Proposed vendor shall notate that they have the capability to provide the minimum tests. Include a timeline identifying critical points in the delivery/installation phase in accordance with the statement of work.

Volume III Pricing:

- a. Offeror shall submit pricing for all Contract Line-Item numbers (CLINs) to be priced.
- b. The offeror shall submit proposed pricing for all Contract Line-Item numbers (CLINs) and subCLINs (if applicable) identified in the Request for Quote SF1449. Include the unit price and the total extended price for each CLIN and option year CLIN. The prices shall be in whole dollar amounts to the second decimal place (i.e., \$0.00) only. If the SF 1449 is not completed in accordance with Volume I of FAR Provision 52.212-1 Addendum or all line items for the base year and all option years are not completed the offer will be considered non-compliant and will not be evaluated or eligible for award.

NOTE: This is an "all or none" solicitation. Failure to provide a price for the applicable CLIN Lines, unless the offeror states "not separately priced" within the attachment, will be construed to mean the offeror is not quoting that CLIN Line and thus, not eligible for award.

(m) The non-FAR Part 12 discretionary FAR, DFARS, AFARS, and MEDCOM provisions included herein are incorporated into this solicitation either by reference or in full text. If incorporated by reference, see clause 52.252-1 herein for locations where full text can be found.

Evaluation - Commercial Products and Commercial Services

FAR Provisions Incorporated by Full Text

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
52.212-2	Evaluation-Commercial Products and Commercial Services. (Deviation)	2026-02		

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

[Insert evaluation factors in the relative order of importance. For requests for proposals, state: Evaluation factors other than price when combined are [significantly more important than price /approximately equal to price/significantly less important] than price. For invitations for bids, list only price and price-related factors.]

See Addendum 52.212-2

(b) Options (if applicable). The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Addendum to Evaluation - Commercial Product and Commercial Services

Paragraph (a) is hereby replaced with the following:

Award will be made using the selection method Lowest Price Technically Acceptable (LPTA). The Government will award a contract resulting from this solicitation to the responsible offeror whose quote meets all technical evaluation factors and whose price has been determined fair and reasonable. Award will be made to the responsible offeror on the basis of the lowest evaluated price of offer meeting or exceeding the acceptability standards for non-cost factors. Award may be made without discussions with offerors (except communications conducted for the purpose of minor clarification). Therefore, each initial offer should contain the offeror's best terms from a technical and price standpoint. However, the Government reserves the right to conduct discussions if it is later determined by the contracting officer to be necessary.

The government will initially list offers from lowest to highest price. The government will evaluate the lowest priced offer first. If that offer is determined technically unacceptable, the government will evaluate the next lowest priced offer and continue in that manner until an offer is rated Technically Acceptable. If an offer is rated Technically Unacceptable, the Government will not evaluate any other subfactors. USING THIS PROCEDURE, THE GOVERNMENT MIGHT NOT EVALUATE ALL OFFERS.

Award will be made on an all or none basis.

Volume II Technical Evaluation: The technical volume shall be addressed in sufficient written detail for the Government to determine if the offeror understands the technical requirements listed in the following subfactors. Failure to provide a response in sufficient detail for each factor below shall result in an offeror receiving a rating of unacceptable. Each subfactor will be evaluated using the criteria stated in Table 1 below. Each factor must be found technically acceptable in order to be eligible for award.

- a. Subfactor 1-Equipment/Reagents/Consumables: Offeror shall provide equipment, reagent, and consumables that conform to the salient physical, functional, performance characteristics, and quantities as specified in the Salients and Statement of Work. Offeror's system must be able to run all of the required tests listed in CLIN lines in the solicitation.
- b. Subfactor 2-ATO/RMF Compliance - Offeror shall initiate process to be Authority to Operate /Risk Management Framework (ATO/RMF) compliant upon award. The MTF will evaluate the technical offer to determine whether the Offeror provided the required documentation proof that Offeror is willing to be in compliance with Authority to Operate/Risk Management Framework (ATO /RMF) for the proposed equipment that will access the DOD informational technology system during this process.
- c. Subfactor 3- Offeror must be able to provide Maintenance (unscheduled and preventive) and telephonic assistance in accordance with the statement of work (SOW).

d. Subfactor 4- Offeror must be able to provide Training in accordance with the statement of work (SOW).

e. Subfactor 5- Delivery/reconfiguration of analyzers to Martin Army Community Hospital (MACH), Fort Benning, Georgia in accordance with the statement of work (SOW) for correlation and validation in accordance to the Statement of Work (SOW). Timeline identifies critical points in the delivery/installation phase in accordance with the proposed requirement.

Note: A rating of acceptable must be achieved on all technical subfactors in order to receive an acceptable rating for the overall Technical Factor.

Technical Ratings

<u>Rating</u>	<u>Description</u>
Acceptable - solicitation.	Offer clearly meets the minimum requirements in accordance with the
Unacceptable - solicitation.	Offer does not meet the minimum requirements in accordance with the

Volume III Price Evaluation: All offers will initially be reviewed to determine whether each offer contains the required pricing for each test. Any offer that fails to price all required testing, unless the test is identified as "not separately priced", will not be evaluated further and will be ineligible for award. Failure to provide a price for all test, unless the offeror specifically identified as "not separately priced" within the offer, will be construed to mean the offeror cannot provide the test.

a. Award will be made to the offer submitting the lowest overall price of those offerors that are evaluated as technically acceptable.

*An unacceptable rating will be assessed if offeror fails to submit verifiable proof of RMF/ATO accreditation and certification in accordance with Defense Health Agency guidelines. An unacceptable rating will be assessed if offeror fails to provide pricing.

**Failure to provide a price for all each CLIN, unless the offeror states "not separately priced" within the offer, will be construed to mean the offeror cannot provide the equipment, reagent, and consumables that conform to the salient physical, functional, performance characteristics, and quantities as specified in the Salient Characteristics and Statement of Work. Any offer that fails to price all required CLINs, unless the CLIN is identified as "not separately priced", will not be evaluated further and will be ineligible for award.

b. Price will be evaluated using various price analysis techniques and procedures IAW FAR 15.404-1(b), comparison of proposed price received in response to the solicitation. Evaluation of price will include a determination that the price is fair and reasonable.

c. Options: The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. In addition, given that FAR Clause 52.217-9, Option to Extend the Term of the Contract, provides that the Government may require continued performance/delivery of any supplies within the limits and at the rates specified in the contract (i.e., the rates in effect when the Option to Extend the Term of the Contract clause is exercised), for purposes of evaluating this option, the contracting officer will consider the prices submitted for each CLIN, since those would be the binding prices should this option be exercised. Evaluation of this option shall not obligate the Government to exercise the option.

d. A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(a)

(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are ☐ are not ☐ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ☐ have not ☐, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are ☐ are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i) (B) of this provision; and

(D) Have ☐, have not ☐, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

(1) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(2) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not

delinquent in cases where enforced collection action is precluded.

(ii) The Offeror has [] has not [], within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e. g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department

of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.
