CONTRACTOR COMPLIANCE WITH THE CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) Definitions. As used in this clause-

"Controlled unclassified information" means information the Government creates or possesses, or information an entity creates or possesses for or on behalf of the Government, that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls (32 CFR 2002.4(h)).

"Current" means-

(1) With regard to Conditional Cybersecurity Maturity Model Certification (CMMC) Status-

(i) Not older than 180 days for Conditional Level 2 (Self) assessments and Conditional Level 2 (certified third-party assessment organization (C3PAO)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance by an affirming official (see 32 CFR 170.4); and

(ii) Not older than 180 days for Conditional Level 3 (Defense Industrial Base Cybersecurity Assessment Center (DIBCAC)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance by an affirming official;

(2) With regard to Final CMMC Status-

(i) Not older than 1 year for Final Level 1 (Self), with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.15); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official;

(ii) Not older than 3 years for Final Level 2 (Self) assessments and Final Level 2 (C3PAO) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(iii) Not older than 3 years for Final Level 3 (DIBCAC) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(3) With regard to affirmation of continuous compliance (32 CFR 170.22), not older than 1 year with no changes in compliance with the requirements at 32 CFR part 170.

"Cybersecurity Maturity Model Certification (CMMC) status" means the result of meeting or exceeding the minimum required score for the corresponding assessment. The potential statuses are as follows:

(1) Final Level 1 (Self).

(2) Conditional Level 2 (Self).

(3) Final Level 2 (Self).

(4) Conditional Level 2 (C3PAO).

(5) Final Level 2 (C3PAO).

(6) Conditional Level 3 (DIBCAC).

(7) Final Level 3 (DIBCAC).

"Cybersecurity Maturity Model Certification unique identifier (CMMC UID)" means 10 alphanumeric characters assigned to each CMMC assessment and reflected in the Supplier Performance Risk System (SPRS) for each contractor information system.

"Federal contract information (FCI)" means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government. It does not include information provided by the Government to the public, such as on public websites, or simple transactional information, such as information necessary to process payments.

"Plan of action and milestones" means a document that identifies tasks to be accomplished. It

details resources required to accomplish the elements of the plan, any milestones in meeting the tasks, and scheduled completion dates for the milestones, as defined in National Institute of Standards and Technology Special Publication 800-115 (32 CFR 170.21).

(b) Framework. The Cybersecurity Maturity Model Certification (CMMC) is a framework for assessing a contractor's compliance with applicable information security protections (see 32 CFR part 170).

(c) Duplication. The CMMC assessments will not duplicate efforts from any other comparable DoD assessment, except for rare circumstances when a reassessment may be necessary, for example, when there are indications of issues with cybersecurity and/or compliance with CMMC requirements.

(d) Requirements. The Contractor shall-

(1)(i) Have and maintain for the duration of the contract a current CMMC status at the following CMMC level, or higher: CMMC Level 1 (Self) Contracting Officer insert: CMMC Level 1 (Self); CMMC Level 2 (Self); CMMC Level 2 (C3PAO); or CMMC Level 3 (DIBCAC) for all information systems used in performance of the contract, task order, or delivery order that process, store, or transmit FCI or CUI; and

(ii) Consult 32 CFR 170.23 related to the flowdown of the CMMC requirements, and flow down the correct CMMC level to subcontracts and other contractual instruments;

Instructions to Offerors-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include-

- (1) The solicitation number;
- (2) The name, address, telephone number of the Offeror;
- (3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;
- (4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;
- (5) Responses to provisions that require Offeror completion of information, representations, and

certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) Period for acceptance of offers. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) Debriefings. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

- (1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.
 - (2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.
 - (3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.
 - (4) A summary of the rationale for award.
 - (5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.
 - (6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Technical Approach

The technical factor assessment will assess the quoter's ability to successfully accomplish the effort based on the quoter's demonstrated technical approach. The Government will evaluate the quoter's demonstrated technical approach in performing services that meet user's needs. Technical approach simply means the method of fulfilling the government's requirements and will be assessed on the following areas:

1. Qualifications of the proposed Wing Drug Demand Reduction Program Manager (WDDRPM): The evaluation will assess the proposed WDDRPM's experience in performing the role. The Government will review the submitted resume and qualifications to ensure the proposed individual not only meets but demonstrates a strong capability to perform the duties outlined in the PWS.
2. Staffing Plan: The evaluation will focus on the quoter's strategies or plan for recruiting, retaining qualified personnel, lapse in service, and minimizing turnover, as required by PWS paragraph 1.4.15. An effective and sustainable plan for managing a stable workforce is crucial.
3. Travel Plan: The evaluation will assess the proposed travel plan is sufficient to achieve the mandatory drug testing rates (e.g., 9% monthly or 27% quarterly) specified in PWS paragraph 5.4.13.4. The plan must be realistic, supported, and clearly demonstrates how the quoter will service all required locations and meet testing rates.

Quality Assessment and Overall Rating: The highest rated technical approach will provide the greatest overall benefit in response to the requirement considering the proposed solution and price. This determination is in the Government's subjective assessment. While subjectivity is implicit in the process, the Government will use professionalism in using the discretion afforded by Revolutionary Federal Acquisition Regulation Overhaul (RFO FAR) 12.203(c).

Outstanding: The quote presents a comprehensive and highly effective technical approach that significantly exceeds the minimum requirements in one or more of the evaluated areas. The proposed WDDRPM qualifications, Staffing Plan, and/or Travel Plan demonstrate exceptional merit, innovation, or efficiency. Based on the Government's assessment, this proposed solution offers significant strengths, provides the greatest overall benefit to the Government, and indicates a very high probability of successfully accomplishing the effort with minimal risk.

Acceptable: The quote presents a sound technical approach that meets the Government's minimum requirements across all evaluated areas. The proposed WDDRPM qualifications, Staffing Plan, and Travel Plan are adequate, realistic, and sufficiently supported to meet the user's needs. While the approach may not significantly exceed the baseline requirements, it demonstrates a clear capability to successfully perform the services and indicates a reasonable probability of successful performance.

Fail: The quote presents a technical approach that fails to meet the Government's minimum requirements or contains one or more material deficiencies in the evaluated areas. The proposed WDDRPM lacks the necessary experience, the Staffing Plan is ineffective /unsustainable, or the Travel Plan is unrealistic and fails to demonstrate how mandatory testing rates will be achieved. The approach is flawed, indicating a high risk of unsuccessful performance. A quote rated "Fail" is technically unacceptable and ineligible for award.

Past Performance

The Government will evaluate the quoter's past performance to assess the degree to which they have satisfied customers on recent and relevant contracts. Past performance is a measure of the quoter's compliance with federal, state, and local laws and regulations and their ability to successfully perform work of a similar nature. The assessment will be based on recency, relevancy, and quality of the performance information collected.

Past performance information may be obtained from any sources available to the Government, including, but not limited to, the Contractor Performance Assessment Reporting System (CPARS), referenced provided by the quoter, and data from other government agencies.

The evaluation will proceed as follows:

1. Recency and Relevancy Assessment:

Recency: a recent contract is defined as one that is ongoing or has been completed within the last three (3) years from the date of this solicitation's issuance.

Relevancy: relevant work is that which has confronted the quoter with same kinds of challenges reasonably expected during the performance of this requirement. For each contract reviewed, the Government will assign a relevancy rating based on the criteria below:

Relevant: Present/past performance effort involved similar scope, magnitude of effort, and complexities this solicitation requires.

Not Relevant: Present/past performance effort involved little or none of the scope, magnitude of effort, and complexities this solicitation requires.

Definitions:

Scope: Type of work, functions, and skill mix, such as Drug Demand Reduction Program (DDRP) management, specimen collection, and compliance with DoD/Air Force instructions.

Magnitude of Effort: The dollar value and period of performance of the referenced present/past performance.

Complexities: The contract type (e.g., Firm-Fixed-Price, IDIQ, FAR-based), location (e.g., on-base, off-base), terms and conditions (e.g., private, Federal, DoD, Air Force, Air National Guard).

2. Quality Assessment and Overall Rating:

For all present/past performance deemed recent and relevant, the Government will evaluate the quality of the quoter's performance. The Government will assign a single performance confidence rating of Acceptable or Unacceptable.

Acceptable: Based on the quoter's performance record, the Government has a reasonable expectation that the quoter will be able to successfully perform the required effort, or the quoter's performance record is unknown (neutral).

Unacceptable: Based on the quoter's performance record, the Government does not have a reasonable expectation that the quoter will be able to successfully perform the required effort.

Price

The Government will evaluate the quoter's price for reasonableness in accordance with RFO FAR 12.204(a) and RFO DFARS 212.204(a).

Criteria for Award: The Government will award a contract to the responsible Quoter who represents the best value to the Government on the basis of its technical approach, past performance, and lowest total evaluated price.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.
