52.212-2 Evaluation-Commercial Products and Commercial Services. (Deviation) Feb 2026 hereby reads as follows:

hereby reads as follows:

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

(i) Price

(ii) Technical Capability

(iii) Mission Capability

(iv) Past Performance

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Addendum to Evaluation - Commercial Product and Commercial Services

Miscellaneous text in this section has been modified to:

APPROACH AND FACTORS:

1. **Basis for Award:** The Government intends to award a Firm-Fixed price contract using price and other non-price factors, in accordance with procedures in the Federal Acquisition Regulation. Quotes will be evaluated and given ratings of acceptable or unacceptable but will not be ranked using the non-price factors. In order for an offeror to be considered for award, the quote must receive an "Acceptable" rating in every non-price factor. A quote receiving a rating of "Unacceptable" in any non-price factor will not be eligible for award.

a) All quotes will be reviewed for timeliness. If the quote is received after the closing date and does not meet the criteria for "late submissions" in the solicitation, the quote will not be opened.

b) Timely quotes will be reviewed for compliance to the solicitation. If the quote does not comply with the requirements of the solicitation, the quote will not be evaluated further and the offeror will be notified that the quote is non-responsive.

2. **Evaluation Factors:** Four (4) evaluation factors will be used to evaluate offeror's quotes: 1) Price, 2) Technical Capability, 3) Mission Capability, 4) Past Performance.

2.1 Factor 1 Price - The evaluated price for award purposes will be the total of all CLIN prices. All CLINs must be filled out to be complete. Any incomplete pricing may be considered non-conforming to the solicitation requirements and not eligible for further evaluation. The quote will be reviewed to determine if the proposed price is fair and reasonable. A price is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person in the conduct of competitive business.

2.2 Factor 2 Technical - The technical quote will be evaluated for reasonableness and understanding of the Ranger Master Breacher Support requirement. The quote that does

not demonstrate the capability to complete the work required in the Performance Work Statement (PWS) will be found unacceptable.

2.3 Factor 3 Mission Capability - The offeror shall provide narrative descriptions outlining an understanding of Special Operations Forces (SOF) and identify SOF specific personnel as outlined in the PWS.

2.4 Factor 4 Past Performance - Past performance will be evaluated based on recency and relevancy and rated as either acceptable or unacceptable.

3. Rating: Factors will be be rated using the following table:

Rating	Description
Acceptable	Quote clearly meets the minimum requirements of the solicitation and meets all criteria listed in the factors.
Unacceptable	Quote does not clearly meet the minimum requirements of the solicitation and or failed to meet all criteria listed in factors.
