

TECHNICAL SERVICES FOR CALIBRATION OF MAIN PROPULSION DIESEL ENGINE
GOVERNORS ONBOARD USCGC ALDER

1. **Background:** This requirement is for the contractor to calibrate both Main Propulsion Diesel Engine's (MPDE) 723+ electronic and EGB-13P mechanical governors that manage engine speed and load sharing.
2. **Scope:** The Contractor shall provide all personnel including technical support, labor, travel, parts, tools, and test equipment to accomplish tasks. The Contractor shall provide the services of a qualified Tech Rep, who is familiar with the Woodward 723+ electronic and EGB-13P mechanical governor controls. The Tech Rep will be responsible for the following:
 - Advise on manufacturer's proprietary information pertinent to the system.
 - Assist with proper repair methods and ensure compliance with manufacturer's procedures and standards during calibration of the equipment/systems.
 - Ensure compliance with manufacturer's procedures and standards during calibration.
3. **Objective:** The objective of this requirement is to properly groom both Woodward 723+ electronic governors to ensure proper operation, settings, load sharing, auto declutch functions, and alarm settings/operation; and to properly groom both Woodward EGB-13P mechanical governors to ensure proper operation and settings to include proper setting of ball-head backup function and settings.
4. **Tasks:** The contractor shall provide labor to calibrate the governor IAW TP 3593 723+ Digital Control, and TP 3518 Main Diesel Engine – Model 3608/1, to include but not limited to:
 - 4.1. Calibrate electronic and mechanical governors
 - 4.2. Ensure safe operation of all modes and handle positions though sea trials.
 - 4.3. Train Coast Guard Personnel on calibration procedures and setpoints.
5. **Delivery:** Contractor shall provide a final report within 3 days of contract period of performance completion.
6. **Government furnished property:** N/A
7. **Security Requirement:** Base access is required. Vendor shall have a valid driver's license and show identification. A CG representative from the cutter will sponsor and escort vendor to the cutter.
8. **Place of performance:**
Coast Guard Sector San Francisco
1 Yerba Buena Rd.
San Francisco, CA 94130
9. **Period of performance:** 31 May – 15 June 2026, or 06-25 July 2026
10. **Points of Contact:**
