

Annual Explosives Order – Statement of Work

1.0 BACKGROUND:

The U. S. Department of Agriculture (USDA), Animal and Plant Health Inspection Service (APHIS), Wildlife Services (WS) North Carolina (NC) program annually removes over 650 beaver dams using binary explosives to manage problems caused by beaver on private and public lands to prevent loss or repair costs of an estimated \$18 million in roads, bridges, timber, agriculture crops, railroad trestles, dams, sewer systems, water treatment facilities, homes, airport runways, golf courses etc. every year. Ordering explosives in bulk annually saves taxpayers money.

2.0 OBJECTIVE

The contractor shall furnish the components listed in the schedule of items.

SCOPE OF WORK

The contractor will be providing all materials ordered by the Government. Once assembled, the contractor will transport orders to USDA APHIS at the below address:

North Carolina State Office
USDA, APHIS, WS
6213-E Angus Drive
Raleigh, NC 27617

3.0 TYPE OF CONTRACT

This government will issue a firm-fixed price contract, to include one base year and 4 option year periods.

4.0 PLACE OF PERFORMANCE

Production and assembly will be conducted at the contractor's place of business.

5.0 INVOICE REQUIREMENTS

The Contractor shall submit invoice to the Government via the Invoice Processing Platform (www.ipp.gov) after the deliverables have been accepted by the government.
