ADDENDUM to 52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

(a) *Basis for Award.* The Government will issue a purchase order to the responsible quoter whose quotation conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

(b) The following factors shall be used to evaluate quotations:

- (1) *Technical.*
- (2) *Past Performance.*
- (3) *Price.*

(c) *Evaluation Approach.* The Government will evaluate quotations using the comparative evaluation process outlined in FAR 13.106-2 (b) (3), where quotations will be compared to one another to determine which provides the best benefit to the Government. The Government reserves the right to consider a quotation other than the lowest price that provides additional benefit(s). Quotations may exceed minimum requirements of the solicitation. The Government reserves the right to select a quotation that provides benefit to the Government that exceeds the minimum requirements of the solicitation, but is not required to do so. Each response must meet the minimum requirements of the solicitation. The Government is not requesting or accepting alternate quotations. The evaluation will consider the following:

(1) *Technical: The quotation will be evaluated to the extent to which it can meet and/or exceed the Government's requirements as outlined in the solicitation and based on the information requested in the instructions to quoters section of the solicitation.*

(2) *Past Performance: The past performance evaluation will assess the relative risks associated with a quoter's likelihood of success in fulfilling the solicitation's requirements as indicated by the quoter's record of past performance. The past performance evaluation may be based on the contracting officer's knowledge of and previous experience with the supply or service being acquired; Customer surveys, and past performance questionnaire replies; Contractor Performance Assessment Reporting System (CPARS) at <http://www.cpars.gov/>; or any other reasonable basis.*

(3) *Price: The Government will evaluate the price by adding the total of all line-item prices, including all options }. The Total Evaluated Price will be that sum.*

(d) *Options.* The Government will evaluate quotations for award purposes by adding the total price for all options to the total price for the basic requirement. *This includes options under FAR 52.217-8, Option to Extend Services, which applies to this solicitation. Evaluation of options under FAR 52.217-8 will be accomplished by adding six months of the quoter's price for the last potential period of performance under this contract to the quoter's total price. For example, if the contract includes option periods that are exercisable under FAR 52.217-9, the quoter's total price for the purpose of evaluation will include the base period, all option periods, and an additional six months of the last option period. Quoters must price only the base and option periods specified in the contract line item numbers (CLINs), and shall not submit a price for the potential six-month extension of services under FAR 52.217-8. The Government reserves the right to exercise the option under FAR 52.217-8 before the end of any of the contractor's performance periods and will be exercised at the price and/or rates in effect at the time the clause is exercised. Evaluation of options shall not obligate the Government to exercise the option(s).*
