

STATEMENT OF WORK

1. Objective/Requirements

Marshall Space Flight Center requires the renewal of iBASEt Manufacturing Execution (MES) Annual Update and Support Subscription. This software is used to control manufacturing operations by providing configuration control, approval processes, electronic signatures/buyoffs, and methods for capturing hardware discrepancies.

2. Characteristics, Scope, and Specs

LINE	PART NO.	DESCRIPTION	QTY.
1	P1105M	Annual Update and Support Subscription - iBase-t Manufacturing Execution (MES)	30
2	P1105M	Annual Update and Support Subscription - iBase-t Manufacturing Execution (MES)	45

3. Place of Performance

Marshall Space Flight Center
Martin Rd SW, Bldg 4663
Huntsville, AL 35808

4. Period of Performance

5/1/2026 – 4/30/2027
