Solicitation – 140D0426Q0365

Question No.	Question	Government Response
	See Cross Reference Table below.	
1	Comment: BIA GIS has no allotment record/mapping for 1351-D. Question: Are you able to provide a map or description of the location of the allotment?	Yes, please see the attached imagery, which is a rough estimate of where the boundaries are. Additional imagery will be made available upon contract award.
2	Comment: BIA GIS has no allotment record/mapping for 1365-B. Question: Are you able to provide a map or description of the location of the allotment? Question: How far back does the trespass go and will you need reports in 5-year increments?	The Allotment No. referenced was incorrect. The correct No. is 1356 D. Mapping is currently pending from BIA.
3	Comment: BIA GIS has no allotment record/mapping for 637. Are you able to provide a map or description of the location of the allotment. Question: Is this 2 appraisal requests?	Yes. Yes, there are two leases in this case that will need an appraisal per lease. So two appraisals total for Case 217170. See attached mapping.
4	Comment: BIA GIS has no allotment record/mapping for 1265-D. Question: Are you able to provide a map or description of the location of the allotment?	Yes. Please see the attached mapping. More detailed maps will be available upon contract award.
5	(ADDITIONAL) Comment: The SOW states that these are land-only appraisals, however AVIS case #00224127 (allotment 1359-A) background description suggests this will need to be appraised as-improved. Question: Which of the appraisals associated with this solicitation include improvements?	Correct, 224127 will require a valuation of improvements. The remainder only require a land-only appraisal.

				Kooskia Saddliers. There is to be a rental review every five years for all our lease contracts. For some reason there have been many that have been overlooked.	
4	209249	1265-D	42	About 5 years ago the adjacent landowner paid \$400.00 per year to use this access road to his land locked property. These payments were made to the landowners of Allotment 994A & 1265D. Furthermore, according to historical knowledge these were direct pay status. The adjacent landowner sold these land locked parcels to his daughter. She does not want to pay for the use of this road that crosses 2 Nez Perce Tribal Allotments. \$550-\$650 per year seems logical with the calculation of inflation.	ROW- Access Road
