

A qualifying veteran has been approved for the acquisition of equipment needed to help establish or enhance his self-employment to operate effectively, fulfill client obligations, and sustain investigative services. Absent this equipment, his capability would be significantly impaired and potentially jeopardize the success and viability of the business. Collectively, all items identified will be used to accomplish the following tasks:

- Conduct technical surveillance countermeasures (TSCM) operations,
- Perform stationary covert surveillance in outdoor environments,
- Conduct elevated covert surveillance in areas such as, but not limited to parking lots, job sites, or public areas,
- Perform discreet, ground-level surveillance in outdoor or landscaped areas,
- Conduct mobile video surveillance and documenting interviews or site visits,
- Allow handheld or body-worn use of equipment during covert surveillance during field operations,
- Body-worn use during covert surveillance during field operations,
- Accomplish high-quality evidence collection and detailed photo documentation,
- Process high-resolution surveillance and investigative videos, photos, operate multiple virtual machines for forensic analysis and secure environments, and support high-performance computing tasks integral to case reporting and operational continuity,
- Conduct mobile and field surveillance where stability and clarity of video footage are critical, and
- Conduct aerial surveillance, property documentation, accident scene mapping, and search operations.

This is a Request For Information (RFI) being posted for the purpose of determining whether the marketplace contains qualifying vendors, gauging vendor interest in competing for the requirement, and obtaining capability statements from vendors who are able to source, acquire, and facilitate delivery of ALL items identified in the listing provided.

The Veterans Administration (VA) strives to source and do business with vendors which are certified as Service-Disabled Veteran Owned Small Businesses (SDVOSB) by the Small Business Administration or a VSOB. In order to be eligible for award of a government contract, a vendor must be registered in and have an active accessible profile in the government's System for Award Management (SAM.gov). Interested vendors shall clearly state their size classification (e.g., SDVOSB, VOSB, etc.) for the anticipated NAICS code and ensure that information coincides with their current SAM.gov profile.

The North American Industry Classification System code identified for this requirement is 339999 - All Other Miscellaneous Manufacturing (due item diversity) and product service code (PSC) 6710 – Cameras, Motion Picture (due to type items propensity).

Quotes from vendors are not requested and if submitted will not be reviewed or evaluated.

Responses will help the government what breadth of solicitation will most likely lead to achieving competition and must be submitted by 2:00 PM, Tuesday, 12 May 2026. They may be posted to SAM.gov or sent directly to the contract specialist at email: harrison.carter@va.gov.

DISCLAIMER

This RFI is issued solely for information and planning purposes only and does not constitute a solicitation. All information received in response to this RFI that is marked as proprietary will be handled accordingly. In accordance with FAR 15.201(e), responses to this notice are not offers and cannot be accepted by the Government to form a binding contract. Responders are solely responsible for all expenses associated with responding to this RFI.

Item description information below is for potential quoters use for research purposes. No pricing information is desired or required at this time.

Qualifying parties (i.e., registered in SAM.gov with appropriate entity certifications, etc.) parties shall include in their narrative responses a statement regarding:

- 1) ability to obtain and deliver each of the 12 items listed below,
- 2) provide anticipated (preferably verified) source for each item,
- 3) estimated delivery date for each item, and
- 4) clearly identify the longest estimated delivery lead-time item (to assist in determining days after contract award for 100 percent item delivery).

Additional capability and experience information may be provided but is not required.

The requirement, if posted for solicitation, will require the following items to be sourced and delivered:

Item/Description/Part Number 0001 - ANDRE Near-field Detection Receiver M/N: REI-ANDRE-8-00103 Potential Source / Manufacturer <i>Contretron Inc. (distributed by: Research Electronics International, LLC (REI))</i>
Item/Description/Part Number 0002 - Dissembler PVC PRO Camera + Decoy PVC Pipe M/Ns: PVC-PRO-CAM, DECOY-PVC-CAM Potential Source / Manufacturer <i>Dissembler</i>
Item/Description/Part Number 0003 - Dissembler PRO Pole Camera + Empty Decoy Box M/N: POLE-PRO-CAM Potential Source / Manufacturer <i>Dissembler</i>
Item/Description/Part Number 0004 - Dissembler Rock Camera M/N: ROCK-CAM Potential Source / Manufacturer <i>Dissembler</i>
Item/Description/Part Number CLIN 0005 - Sony FDR-AX53 Handycam M/N FDRAX53/B <i>(Item discontinued, not available new)</i>

Item/Description/Part Number 0006 - Lawmate PV-RC400UW Keychain Fob Camera M/N: PV-RC400UW Potential Source / Manufacturer <i>Dissembler</i>
Item/Description/Part Number 0007 - Lawmate Hidden Camera Glasses M/N: 5711 Potential Source / Manufacturer <i>Lawmate Technology</i>
Item/Description/Part Number 0008 - Sony Alpha a7 IV Full-frame Mirrorless Camera M/N: ILCE-7M4/B, with 20-70mm and 70-200mm Lenses Kit Potential Source / Manufacturer <i>Sony</i>
Item/Description/Part Number 0009 - MacBook Pro 16" 16 GB RAM 1TB SSD M/N: M4PRO-16-2024 Potential Source / Manufacturer <i>Apple</i>
Item/Description/Part Number 0010 - Hohem iSteady MT2 Kit with MIC-01 & Briefcase Handle M/N: MT2-MIC01 BRIEF Potential Source / Manufacturer <i>Hohem</i>
Item/Description/Part Number 0011 - DJI Air 3 Fly More Combo with DJI RC 2 M/N: EB3WBC Potential Source / Manufacturer <i>DJI</i>
Item/Description/Part Number Added: 0012 - WiFi Coffee Cup Lid DVR PV-CC10W Potential Source / Manufacturer <i>Lawmate Technology</i>
Item/Description/Part Number Added: 0013 - VIOFO A229 Pro 4K HDC Dash Cam A329S Potential Source / Manufacturer <i>TBD</i>
Item/Description/Part Number Added: 0014 - VIOFO 512GB Industrial Grade microSD Card VIOFO 512GB Card Potential Source / Manufacturer <i>TBD</i>
