DESCRIPTION

INTRODUCTION

The Department of Veterans Affairs (VA), Veterans Health Administration (VHA), Program Contracting Activity Central (PCAC) anticipates soliciting bids and subsequently awarding multiple firm-fixed-price service contracts for the Elevator Modernization national initiative projects at the VA Health Care facilities identified in the solicitation.

PROJECT DESCRIPTION

The VA is seeking Prime Contractors to furnish all services, including but not limited to, labor, materials, equipment, tools, transportation, supervision, and services necessary to perform complete turnkey elevator modernization work at 101 Department of Veterans Affairs (VA) medical centers and facilities nationwide. Modernization work shall include, but not be limited to, hydraulic elevators, traction elevators, and related systems, to deliver fully functional, code-compliant, and non-proprietary elevator systems. Tasks will vary based on the extent of the modernization efforts required at each individual VAMC. All work is to be performed in accordance with the Scope of Work and Specifications and any attachments.

ADMINISTRATIVE

The solicitation will be issued as an Invitation for Bids (IFB) conducted in accordance with FAR part 14.211 Two-Step Sealed Bidding, and will be evaluated in accordance with the procedures listed in the solicitation. The solicitation will contain approximately 101 Contract Line Items (CLINs). Each CLIN is for the elevator modernization services at a specific VA. The solicitation will be issued as a partial Service-Disabled Veteran-Owned Small Business (SDVOSB) set-aside. The first 13 CLINs (0001-0013) are set-aside for SDVOSB concerns. Offers received for CLINs 0001-0013 from other than SDVOSB concerns will not be considered. The remaining CLINs (0014-0101) are unrestricted, and are not set-aside, so that offers received from small and other than small concerns will be considered. The applicable North American Industry Classification System (NAICS) code is 238290 with a size standard of \$22.0 million. The solicitation will be issued in late April to early May 2026. The period of performance is different for each CLIN. Performance will begin at the Notice of Award (NOA). See Attachment All CLINs_Location and Period of Performance for more CLIN specific locations and periods of performance.

All responsible sources may submit a quotation, bid, or proposal, as appropriate, which will be considered by the agency. The Solicitation will have instructions on how to submit Step One Technical Proposals and Step Two Bid Submission and will be publicly posted to SAM.gov. Invitations for Bids will not be synopsisized, nor publicly posted in accordance with FAR 14.211-3(b)(1)(i). Detailed information on bid date and time will be emailed directly to those contractors who submit acceptable technical proposals in Step One. Only the names of firms that submitted acceptable proposals in Step One will be listed on SAM.gov for the benefit of prospective subcontractors.

The solicitation will be issued in late April to early May 2026. This notice is not a request for competitive offers. All questions must be submitted in writing to the issuing office via email to leslie.prather@va.gov and scott.elias@va.gov. Telephone calls will not be accepted.
