| Page Number | Document Section | Sub-Section | Paragraph | Question | Government Response |
|---|---|---|---|---|---|
| | | | | **Regarding Section B, Item 0002 (Quantity Discrepancy) (Page 4):** Section B, Item 0002 lists a quantity of **"10 EA"** in the Quantity column, but the Description field states **"One (1) Unit Washington, DC Mail Room."** Can the Government clarify if they intend to purchase one unit or ten units for this location? | It should be 1 each |
| | | | | **Regarding Section C.3 (Dimensional Variances) (Page 6):** The solicitation states that minor dimensional variances may be considered if they do not require structural modifications. Does the Government have a defined tolerance percentage (e.g., +/- 5%), or will acceptability be determined solely on a case-by-case basis during the technical evaluation? | The Government has not established a fixed tolerance percentage for dimensional variances. Acceptability will be determined on a case-by-case basis during the technical evaluation. Offerors must demonstrate that any proposed variance can be accommodated within the intended installation space without requiring structural modifications or impacting operational use or safety. The Government will evaluate dimensional compatibility in accordance with the criteria set forth in Section M |
| | | | | **Regarding Section 9: Section I - Contract Clauses (Removal of Existing Equipment) (Page 12):** Can you please provide clarification on clause 52.225? Is the requirement for this equipment either TAA or BAA? | This procurement is subject to the Trade Agreements Act (TAA). All offered products must comply with TAA requirements. Please add country of Origin for each line item |
