

Addendum to 52.212-2

Addendum Evaluation Criteria:

(a) Price: The Government will evaluate the price of all technically acceptable quotes. The price evaluation will determine if the proposed prices are fair and reasonable for commercial services. The total evaluated price will be the sum of all priced line items. Award will be made to the technically acceptable quote with the lowest evaluated price.

1. All line items are priced IAW the solicitation.
2. Prices are determined to be reasonable and balanced.

(b) Technical Capability: The Government will evaluate each quoter's technical submission to determine if the proposed commercial services meet the minimum requirements outlined in the solicitation. The quote must demonstrate a clear understanding of the requirements and provide sufficient detail for the Government to determine technical compliance. The Government will assign a rating of either "Acceptable" or "Unacceptable."

1. Acceptable:

i. The quote demonstrates the ability to successfully meet the meal plan. To achieve an acceptable rating, the quoter must provide a response confirming compliance with every dietary, menu, and service requirement listed in the scope.

ii. Confirmation that a "Local Access Pass" for Fort Drum is current or can be obtained prior to the start date.

iii. Facility & Health Code Compliance: The quoter provides a copy of a valid state or local health department license or permit demonstrating the use of a certified commercial/industrial kitchen for all food preparation.

iv. Food Safety Certifications: The quoter provides proof of valid, current food safety certification (e.g., ServSafe Food Protection Manager Certification or equivalent) for the primary food service manager or head chef.

v. Safe Transport & Temperature Control: A narrative detailing the equipment (e.g., insulated carriers) and procedures used to maintain proper, safe food-holding temperatures (hot and cold) during transport to and delivery at Fort Drum.

2. Unacceptable:

i. The quote fails to meet one or more of the meal plan requirements, or the quoter fails to provide sufficient detail to validate compliance.

ii. Base access procedures for the Fort Drum "Local Access Pass" are not proposed or defined by the quoter.

iii. The quoter fails to provide a valid commercial/industrial kitchen license/permit or attempts to utilize an uncertified residential kitchen.

iv. The quoter fails to provide the required food safety management certifications.

v. The quoter fails to define a clear and safe method for maintaining food temperatures during transport and delivery.

(c) Past Performance: The Government will evaluate each quoter's past performance to determine if they have a history of successful completion of similar requirements. The Government will assign a rating of either "Acceptable" or "Unacceptable."

1. Acceptable:

i. The quote provides exactly three (3) reference meal contracts performed in the past three (3) years.

Addendum to 52.212-2

ii. The quoter successfully includes a valid Point of Contact (POC) with contact information and the award amount for each of the three contracts provided.

2. Unacceptable:

i. The quote fails to provide three (3) meal contracts performed within the past three (3) years.

ii. The quoter fails to provide the required Point of Contact (POC) or award amount for one or more of the submitted references.

iii. Performance or Type of contract does not meet a satisfactory rating.
