Combined Synopsis/Solicitation for commercial goods and services IAW FAR part 12. Defense Supply Center Richmond (DSCR) Basketball Court Repairs This is a solicitation for construction prepared in accordance with the format in FAR Part 36, as supplemented with additional information included in this notice. The solicitation number SP4703-26-Q-0042 is issued as a request for quote (RFQ). The resulting contract will be a firm-fixed price award with a period of performance of 90 days after the Notice to Proceed. 1. OBJECTIVES The primary objective of this project is to add permanent, regulation-sized pickleball court lines to the existing maple basketball court. The project aims to deliver a high-quality, durable, and professional finish that is compatible with the existing athletic flooring and allows for safe and enjoyable pickleball play. 2. BACKGROUND The customer has an existing indoor basketball court. The flooring is constructed from maple wood, a standard for high-quality athletic surfaces. The customer wishes to add pickleball court lines to this existing surface to allow for multi-sport use. 3. SPECIFIC REQUIREMENTS The contractor shall: • Containing dust is paramount to a successful project. All equipment used must contain dust. In addition, a separate HEPA type filtering system is required, to aid in controlling dust. Provide a submittal on what the contractor plans to use to contain dust for approval. • The entire flooring will be professionally prepared up to the cove base and up to the retracted bleachers to ensure proper adhesion for the new paint and finish coats. The process must be performed in a manner that leaves all existing lines and logos intact and undamaged. If damage occurs the contractor shall make repairs at no additional cost. The floor is approximately 11,100SF. • Two regulation pickleball court lines will be accurately measured, marked, and painted onto the prepared surface using high-quality, durable athletic court paint. Provide a color pallet for final color choice by customer. • After the lines are painted and prior to applying the finish coats and inspection is required. Provide 2 business days' notice. • A premium-grade, non-slip finish, oil based, specifically designed for high-traffic maple athletic floors will be applied to the entire court up to the cove base. • All work shall be performed in accordance with the latest guidelines from the Maple Flooring Manufacturers Association (MFMA), the recommendations of the paint and finish manufacturers, and the official court specifications from the governing body of the sport. • This project is classified as hot work due to spark-producing sanding operations. A hot work permit must be obtained before work begins, and all corresponding safety procedures (e.g., dust control, fire watch) must be strictly followed. • Provide a portable toilet. • A map of the on-site visit meeting location will be provided at the end of this document. This acquisition is set-aside for 100% small businesses. The North American Industry Classification System (NAICS) Code is 236220. The small business size standard is \$45M. Once it hits 1000 we will walk inside to the basketball court together. In order to attend the site visit interested parties MUST follow the instructions below no less than 5 business days prior to the site visit. This is to allow time for vetting by base security. Plan on arriving at DSCR an hour prior to the site visit time, as the processing time through the visitor center fluctuates. The Contractor shall make a good faith effort to determine that forced labor from XUAR will not be used in the performance of this contract (section 855, Pub. L. 117-263). (c) Subcontracts. The Contractor shall insert this clause, including this paragraph (c), without alteration other than to identify the appropriate parties, in subcontracts including subcontracts for commercial products, commercial services, and commercially available off-the-shelf items. 252.246-7008 SOURCES OF ELECTRONIC PARTS (JAN 2023) DFARS

252.247-7023 TRANSPORTATION OF SUPPLIES BY SEA --- BASIC (OCT 2024) DFARS

Basic. As prescribed in [247.574](#)(b) and (b)(1), use the following clause:

(a) Definitions. As used in this clause --

“Foreign-flag vessel” means any vessel that is not a U.S.-flag vessel.

“Ocean transportation” means any water-borne transportation aboard a ship, vessel, boat, barge, ferry, or the like outside the internal waters of the United States as defined in 33 CFR 2.24.

“Subcontractor” means a supplier, materialman, distributor, or vendor at any level below the prime contractor whose contractual obligation to perform results from, or is conditioned upon, award of the prime contract and who is performing any part of the work or other requirement of the prime contract.

“Supplies” means supplies that are clearly identifiable for eventual use by or owned by DoD at the time of transportation by sea, or are otherwise transported by DoD, regardless of ownership or use by DoD. An item is clearly identifiable for eventual use by DoD if, for example, the contract documentation contains a reference to a DoD contract number or a military destination.

“U.S.-flag vessel” means either a vessel belonging to the United States or a vessel of the United States as that term is defined in 46 U.S.C. 116.:

(b)(1) The Contractor shall use U.S.-flag vessels when transporting any supplies by sea under this contract.

(2) A subcontractor transporting supplies by sea under this contract shall use U.S.-flag vessels if --

(i) This contract is a construction contract; or

(ii) The supplies being transported are --

(A) Other than commercial products; or

(B) Commercial products that --

(1) The Contractor is reselling or distributing to the Government without adding value (generally, the Contractor does not add value to items that it subcontracts for f.o.b. destination shipment);

(2) Are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations; or

(3) Are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643.

(c) The Contractor and its subcontractors may request, via the Contracting Officer, a waiver of the requirement to use a U.S.-flag vessel, or identification of any available U.S.-flag vessels, if the Contractor or a subcontractor sufficiently explains that --

(1) U.S.-flag vessels are not available at a fair and reasonable rate for commercial vessels of the United States; or

(2) U.S.-flag vessels are otherwise not available.

(d) The Contractor must submit any request for use of foreign-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, however, if a DoD waiver is not approved prior to shipper's sailing date, this will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum --

(1) Type, weight, and cube of cargo;

(2) Required shipping date;

(3) Special handling and discharge requirements;

(4) Loading and discharge points;

(5) Name of shipper and consignee;

(6) Prime contract number; and

(7) A documented description of current, diligent efforts made to secure U.S.-flag vessels, including points of contact (with names and telephone numbers) with at least two U.S.-flag carriers contacted. Copies of quotes will suffice for this purpose. Copies of telephone notes, emails, and other relevant communications will otherwise be considered for this purpose.

(e) The Contractor shall, within 30 days after each shipment covered by this clause, provide the Contracting Officer and the Maritime Administration, Office of Cargo Preference, U.S. Department of Transportation, 400 Seventh Street SW, Washington, DC 20590, one copy of the rated on board vessel operating carrier's ocean bill of lading, which shall contain the following information:

(1) Prime contract number;

(2) Name of vessel;

(3) Vessel flag of registry;

(4) Date of loading;

(5) Port of loading;

(6) Port of final discharge;

(7) Description of commodity;

(8) Gross weight in pounds and cubic feet if available;

(9) Total ocean freight in U.S. dollars; and

(10) Name of the carrier.

(f) If this contract exceeds the simplified acquisition threshold, the Contractor shall provide with its final invoice under this contract a representation that to the best of its knowledge and belief --

(1) No ocean transportation was used in the performance of this contract;

(2) Ocean transportation was used and only U.S.-flag vessels were used for all ocean shipments under the contract;

(3) Ocean transportation was used, and the Contractor had received a prior-approved waiver for U.S.-flag vessels for all foreign-flag ocean transportation; or

(4) Ocean transportation was used and some or all of the shipments were made on foreign-flag vessels without the written consent of DoD. The Contractor shall describe these shipments in the following format:

*	ITEM DESCRIPTION	CONTRACT LINE ITEMS	QUANTITY
TOTAL			

(g) If this contract exceeds the simplified acquisition threshold and the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of foreign-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

(h) If the Contractor indicated in response to the solicitation provision, Representation of Extent of Transportation by Sea, that it did not anticipate transporting by sea any supplies; however, after the award of this contract, the Contractor learns that supplies will be transported by sea, the Contractor --

(1) Shall notify the Contracting Officer of that fact; and

(2) Hereby agrees to comply with all the terms and conditions of this clause.

(i) Subcontracts. In the award of subcontracts, for the types of supplies described in paragraph (b)(2) of this clause, including subcontracts for commercial products, the Contractor shall flow down the requirements of this clause as follows:

(1) The Contractor shall insert the substance of this clause, including this paragraph (i), in subcontracts that exceed the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation.

(2) The Contractor shall insert the substance of paragraphs (a) through (e) of this clause, and this paragraph (i), in subcontracts that are at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation.

252.204-7020 NIST SP 800-171 DOD ASSESSMENT REQUIREMENTS (NOV 2023) DFARS

As prescribed in 204.7304(e), use the following clause:

(a) *Definitions.*

Basic Assessment means a contractor's self-assessment of the contractor's implementation of NIST SP 800 -171 that --

(1) Is based on the Contractor's review of their system security plan(s) associated with covered contractor information system(s);

(2) Is conducted in accordance with the NIST SP 800 -171 DoD Assessment Methodology; and

(3) Results in a confidence level of "Low" in the resulting score, because it is a self-generated score.

Covered contractor information system has the meaning given in the clause 252.204 -7012, Safeguarding Covered Defense Information and Cyber Incident Reporting, of this contract.

High Assessment means an assessment that is conducted by Government personnel using NIST SP 800 -171A, Assessing Security Requirements for Controlled Unclassified Information that --

(1) Consists of --

(i) A review of a contractor's Basic Assessment;

(ii) A thorough document review;

(iii) Verification, examination, and demonstration of a Contractor's system security plan to validate that NIST SP 800 -171 security requirements have been implemented as described in the contractor's system security plan; and

(iv) Discussions with the contractor to obtain additional information or clarification, as needed; and

(1) Consists of --

(i) A review of a contractor's Basic Assessment;

(ii) A thorough document review; and

(iii) Discussions with the contractor to obtain additional information or clarification, as needed; and

(d) *Procedures*. Summary level scores for all assessments will be posted in the Supplier Performance Risk System (SPRS) (<https://www.sprs.csd.disa.mil/>) to provide DoD Components visibility into the summary level scores of strategic assessments.

(1) *Basic Assessments*. A contractor may submit, via encrypted email, summary level scores of Basic Assessments conducted in accordance with the NIST SP 800 -171 DoD Assessment Methodology to webptsmh@navy.mil for posting to SPRS.

(i) The email shall include the following information:

(A) Version of NIST SP 800 -171 against which the assessment was conducted.

It does not include information provided by the Government to the public, such as on public websites, or simple transactional information, such as information necessary to process payments.

Plan of action and milestones means a document that identifies tasks to be accomplished. It details resources required to accomplish the elements of the plan, any milestones in meeting the tasks, and scheduled completion dates for the milestones, as defined in National Institute of Standards and Technology Special Publication 800-115 ([32 CFR 170.21](#)).

(3) Complete on an annual basis, and maintain as current, an affirmation, by the affirming official (see [32 CFR 170.4](#)), of continuous compliance with the requirements associated with the CMMC level required in paragraph (d)(1) of this clause in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) for each CMMC UID applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract;

(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see [32 CFR 170.4](#)), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(2) Enter into SPRS the results of a current self-assessment for each CMMC UID, not covered by a C3PAO assessment or DIBCAC assessment, applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract; and

(3) Complete in SPRS on an annual basis and maintain as current an affirmation of continuous compliance by the affirming official (see [32 CFR 170.4](#)) for each self-assessment, C3PAO assessment, or DIBCAC assessment required under the contract in SPRS.
