

Formal Training

CONTRACTOR will provide training of hazardous waste generators and designated personnel throughout DPG. Training attendees include specified DPG personnel, tenant personnel and contractor personnel as required by DPG's Permit. Formal training has historically included the following courses:

Training	Frequency	Notes
40 Hour HAZWOPER	2-4X annually	Classroom for 25-30 individuals
8 Hour HAZWOPER Refresher	4-6X annually	Classroom for 100-110 individuals
8 Hour HAZWOPER Supervisor	1-2X annually	Classroom for 10-15 individuals
DOT	1-2X annually	Classroom for 15-20 individuals
RCRA CHWSF and Contingency Plan	1-2X annually	Classroom and online for 15-20 individuals
RCRA Igloo G and Contingency Plan	1-2X annually	Classroom and online for 45-50 individuals
RCRA DTF and Contingency Plan	1-2X annually	Classroom and online for 15-20 individuals
RCRA QA Program Plan	1-2X annually	Classroom and online for 75-80 individuals
RCRA SAP Generator	5X annually	On-site for 80-100 individuals
RCRA CCF Generator	4X annually	Classroom for 80-100 individuals

Informal Training

CONTRACTOR will conduct informal training, as necessary, at the worksite(s) or other location, for updating and guidance to hazardous waste generators to educate in correct procedures, improve current procedures, and educate them in order to meet compliance requirements. It is anticipated that this shall require contractor man-hours only and on an infrequent basis.
