SECTION M - EVALUATION

Evaluation Criteria

1. *.Minimum technical requirements. To be technically acceptable and thus, eligible for award, a proposal must conform to ALL solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements provided within all sections of this solicitation and/or within its attached addenda. Proposals receiving a technical rating of Unacceptable will be ineligible for award.

2. Price. In addition to meeting the solicitations technical and quantity increment or range requirements above and cost and pricing requirements below, the Government will evaluate a proposals pricing for reasonableness. Basis of Award

- (a) *(.)Lowest Priced Technically Acceptable (LPTA). In acquisitions in which more than one proposal is received, proposals will be evaluated using the Lowest Priced Technically Acceptable (LPTA) evaluation procedure to make a best value award decision. In these situations, the Government will award to the offeror which submits a technically acceptable proposal, with the lowest overall price. Because the Government intends to make an award based on the initial proposals, offerors are encouraged to make their best offers, initially; however, if the deemed necessary, the Government reserves the right to enter discussions.

- (b) Technical Acceptability. To be technically acceptable, a proposal must conform to ALL solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements provided within the solicitation or within its attached addenda.
