Buyer Name: ANGELA H. MCFILLIN
 Buyer Office Symbol/Telephone Number: CCAP-MDD/(410)278-5410
 Type of Contract 1: Firm Fixed Price
 Kind of Contract: Supply Contracts and Priced Orders

*** End of Narrative A0000 ***

The purpose of Amendment #0001 is to address vendors' inquiries regarding hardware specifications, quantities and type of set aside.

Question 1: One of our manufactures is based in Israel, is there any possibility to offer one of their models? Or should it be made in USA?

Answer 1: USA made Image Intensifier tubes only that meet US Mil spec.

Question 2: Regarding A, B, C and D testing is this requirement only applicable to the tubes, not the system?

Answer 2: Correct.

Question 3: Group D means that 2 tubes will have an accelerated cycle that equates to 10,000 hours of operations.

- a. Assuming those tubes will be placed in the system?
- b. Or, do we scrap them and the customer pays for them (built into the price)?

Answer 3: Built into the price.

Question 4: Typically, light interference filters are accessories, on top of the AN/PVS-14 NVDs. Do you want to include these as part of the Bill of Materials (BOM) meaning 922x AN/PVS14 plus 922 x LIF?

Answer 4: Only the standard BOM should be included with the AN/PVS-14s.

Question 5: What should the BOM look like? We see no requests for the typical accessories such as eyecups, carrying pouches, etc. Are you only looking for 'naked' PVS-14s plus the LIF?

Answer 5: Only standard AN/PVS-14s BOMs.

Question 6: For the contract opportunity under notice ID W91CRB26R5006, approximately how many units are you looking to obtain?

Answer 6: This requirement is for nine hundred twenty-two (922) PVS-14 Monocular Night Vision Devices as detailed solicitation under Section 3.1 "Hardware Requirements".

Question 7: We would like to confirm if there are any restrictions or requirements concerning the country of origin for the image intensifier tubes used in the AN/PVS-14 devices.

- a. Are we permitted to supply tubes manufactured outside the United States, provided they fully conform to U.S. Military Specifications (MILSPEC)?
- b. Are there any specific countries from which tubes may not be sourced or supplied under this contract?
- c. If there are any additional restrictions or requirements regarding the origin or manufacturer of the tubes, could you please provide further details?

Answer 7: Only Image intensifier tubes made in the USA will be acceptable. Image intensifier tubes will conform to U.S. Military Specifications (MILSPEC).

Question 8: Could you please confirm if there is any flexibility for Large Business participation, or if the government would consider a partial waiver should Small Business capacity be limited for this specific region?

CONTINUATION SHEET	Reference No. of Document Being Continued W91CRB-26-R-5006 PIIN/SIIN MOD/AMD 0001	Page 3 of 3
Name of Offeror or Contractor:
