(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

- (1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
- (3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.* (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

Evaluation Factors for Award

ADDENDUM TO FAR 52.212-2, Evaluation - Commercial Products and Commercial Services

- (a) The Government will review the quotes received to determine responsiveness to the RFQ requirements. A responsive quote is one that meets all of the terms, conditions, and specifications in the RFQ. The Offeror must provide all documents listed and comply with all RFQ instructions in order for their quote to be considered "responsive".
- (b) The Government will award a contract resulting from this solicitation to the responsible quoter whose quote conforms to the solicitation and will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers: price and technical acceptability.
- (c) The lowest price technically acceptable (LPTA) evaluation procedures will be utilized IAW FAR 13. Award will be made to the responsible offeror on the basis of the lowest evaluated price of offers meeting or exceeding the acceptability standards for non-cost factors. Award may be made without discussions with offerors (except communications conducted for the purpose of minor clarification). Therefore, each initial offer should contain the offeror's best terms from a technical and price standpoint. However, the Government reserves the right to conduct discussions if it is later determined by the contracting officer to be necessary. Award will be made on an all or none basis.

FACTOR 1: Technical Capability.

The following adjectival ratings will be used in evaluating the offeror's technical capability:

Acceptable - An Acceptable rating will be assessed on any offeror whose quote clearly meets each aspect of the Statement of Work and provides all other requirements listed in the solicitation.

Unacceptable - An Unacceptable rating will be assessed on any offeror that presents a quote that demonstrates any of the following:

- a) Failure to meet each aspect of the Statement of Work and other requirement of the solicitation.
- b) Failure to provide sufficient detail for the Government to determine whether its offer meets the Statement of Work and the requirements of the solicitation.
- c) Failure to provide required proof of qualifications to include: the certification of all repair persons and repair facilities by the OEM as being trained / qualified to perform required repairs and contractors access to parts inventory of OEM replacement parts.

FACTOR 2: Price

Pricing must be determined to be fair and reasonable prior to award.

(a) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
