Fourth of July Celebration
Theme: America's Neighborhood Party
June 17, 2026, at Pallati i Kongreseve**

OUTSIDE ENTRANCE PATH

From security, walk the “street” pathway, with green “grass” on either side, representing the front yards of each American home.

ALONG THE PATH

With green yards on either side of the path, every six meters there will be a corresponding mailbox (sample), flower planters, and topiaries as you make your way to the end of the block, where a friendly lemonade stand awaits you. Optional house facade cut outs will be angled along the path, and/or American trucks will be parked “out front.”

Grand entrance home at the end of the block. Lit up in high-saturated blue. Banner signage across the front. Embassy-owned 12m American flags flank each side. Enclosed white arched facade entrance room on top landing adds a home look and keeps the main room cooler. USA and gold 250 accents on the first landing.

**Actual Pallati white arched façade with white uplighting,
may be reduced to just the 1st floor façade for savings.**

YOU'VE REACHED THE FRONT PORCH

On the first landing, white rocking chairs with Americana pillows, planters full of flowers, and a welcoming vibe brings you in.

Option 1: Once inside, red runner to the stage backed with LED screen. All columns lit up in red and blue with stars projected on the wall over the stage.

Option 2: The entire 1st floor is in a color wash of red while the color wash of the top floor is blue.

Bright stars remain projected on wall above.

Price allowing, the wings of 1st floor perimeter can be draped in red fabric, keeping daylight and heat out, allowing the indoor lights to saturate the walls.

Actual Pallati space with 1st floor perimeter draped in red fabric with red bunting.
Second-floor ceiling awash in blue with stars drowning out the beige and white surroundings. Add a moving
star pattern gobo for a visual effect.
