

REQUEST FOR QUOTATION

FAR 12 (GSA Class Deviation RFO-2025-12)

Acquisition Value: Above MPT to SAT

PN: AMANA DHP153J35BA PTAC Unit

CONTRACTORS - PLEASE COMPLETE ALL SECTIONS IN YELLOW:

1. Offeror Information:

Legal Business Name		Contact Name and Title	
Address		Email	
Phone		UEI	
Business Type	☐ Manufacturer ☐ Dealer	Business Size	☐ Large ☐ Small

2. Requirement Details

NSN/Part Number	AMANA DHP153J35BA PTAC Unit		QTY	116	Requested DARO	30 days
Small Business Set-Aside	☐ Yes ☒ No	Requirement Type	☐ Generic ☐ Brand Name ☒ Brand Name or Equal			
NAICS	92136					
Ultimate Consignee Address	San Diego, CA 92136					
☒ CONUS ☐ OCONUS	(*SEE NOTE BELOW)					

NOTE: Delivery addresses will either be disclosed at time PO is issued, or the Offeror may be required to contact the GSA Transportation Department at dodtransportationrequest@gsa.gov.

3. Offeror's Quotation and Terms

Manufacturer					
Part Number					
Type of Item Quoted	☐ Brand Name ☐ 'or Equal' * ☐ N/A	Country of Origin			
Price - EA (Discount Requested)		Price - Total			
Price Valid Through Date		Minimum Order Threshold (MOT)			
Delivery Lead Time (in days)		F.O.B.	☐ Origin ☐ Destination ☐ Other		
Quoted Lead Time Exceeds Request - Reason					

* Documentation with complete, detailed item specifications is required when quoting an "or equal" item.

4. Offeror Checklist:

☐	Registered with OMS Vendor Portal or EDI to receive orders electronically.
☐	Representations and Certifications are current in SAM.gov.
☐	Signed MIL-STD-129R form is attached to this RFQ submission OR is on file with the InstaQuote Program.
☐	Technical and other relevant specification documents are attached to this RFQ submission.

SELF CERTIFICATION:

By signing below, the Offeror certifies that all submitted information is accurate and that all offered items fully comply with the specifications of the RFQ. The Offeror agrees that any item delivered that does not meet these requirements shall be replaced with a fully compliant item or refunded in full, at the Government’s discretion, and that the Offeror is responsible for any related costs incurred by the Government.

Signature: _____ Date: _____

5. APPLICABLE TERMS AND CONDITIONS:

This is a combined synopsis/solicitation for commercial products, prepared in accordance with FAR 12 (GSA Class Deviation RFO-2025-12). This announcement constitutes the only solicitation. Offers are being requested and a separate written solicitation will not be issued.

- Any order resulting from this RFQ will be issued under the authority of FAR 12 (GSA Class Deviation RFO-2025-12).
- Offerors must have an active registration in [SAM.gov](https://sam.gov) at the time of order placement.
- Quoted prices must reflect the Offeror’s best terms, inclusive of all applicable discounts.
- The Government reserves the right to reject any offer that is non-responsive or fails to comply with the requirements of this RFQ.

6. BASIS OF AWARD:

To be considered for award, offerors must:

- Submit a complete, accurate, and fully compliant offer with all required documentation and completed fields.
- Submit an offer via email with all required documentation by the closing date and time stated in the solicitation.

Note: Offers received after the time specified in the solicitation will be deemed “late”. Acceptance of incomplete or late submissions is solely at the discretion of the Contracting Officer.

APPLICABLE PROVISIONS INCORPORATED BY REFERENCE

- ☒ 52.203-11: Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (SEP 2024)
- ☒ 52.203-18: Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation (JAN 2017)
- ☒ 52.204-7: System for Award Management—Registration (NOV 2025 DEVIATION)
- ☐ 52.204-7 with Alt I: System for Award Management—Registration, with Alternate I
- ☐ 52.204-90: Offeror Identification (NOV 2025 DEVIATION)

☐ TIN: _____;

☐ TIN is not required because:

☐ Offeror is an agency or instrumentality of a foreign government; or

☐ Other.

Name: _____

(End of clauses)

Salient Characteristics – AMANA DHP153J35BA PTAC Unit

The Packaged Terminal Air Conditioner (PTAC) shall be an **Amana DHP153J35BA** or equal, meeting all specifications required to maintain compatibility with existing units installed. The unit must match the existing footprint, electrical requirements, performance characteristics, and operational features.

1. General Requirements

- PTAC unit with **electric heat**
- Must fit a **standard 42" x 16" sleeve**
- Must be compatible with existing building infrastructure and electrical service
- Must match existing Amana unit model **DHP153J35BA** in form, fit, and function

2. Cooling & Heating Performance

- **Cooling Capacity:** 14,700 BTU (208V) / 14,500 BTU (230V)
- **Heating Capacity (Electric):** 10,900 BTU (208V) / 8,900 BTU (230V)
- **Energy Efficiency Rating (EER):** 10.6
- **Refrigerant:** R-32

3. Electrical Requirements

- **Voltage:** 208/230V
- **Amperage:** 20A
- **Plug Type:** NEMA 6-20
- **Cord Included:** Yes
- **Maximum Cooling Watts:** 1390
- **Maximum Heating Watts:** 3500

4. Physical Characteristics

- **Dimensions:**
 - Length: 42 in
 - Width: 20.5 in
 - Height: 16 in
- **Net Weight:** 113.54 lbs
- **Front cover included**
- **Sleeve and exterior grille not included**

5. Controls & Features

- Internal thermostat controls
- Automatic restart
- Freeze protection
- Two fan motors
- Two fan speeds
- Not Wi-Fi compatible
- No remote control
- Not Energy Star certified
- Not ADA compliant

6. Warranty

- **Parts:** 5 years
- **Compressor/Sealed System:** 5 years
- **Labor (whole machine):** 1 year

7. Additional Requirements

- Unit must be **new**, not refurbished
- Must be **Amana manufacturer SKU DHP153J35BA** or equivalent meeting all above characteristics

[Brand Equal]

Offering on:

Manufacturer's Name: _____

Brand _____

Model or Part No. _____

FAR Provisions 52.211-6, Brand Name or Equal Applies.

In order for the government to make an "or equal" determination of the offered product(s), the

Bidder/Vendor must furnish information that specifically addresses each characteristic within the item purchase description. The unit of issue, unit of measure, test methods and results, if required, must also be included. Failure to furnish this information/literature will result in the bid being rejected as non-responsive and will not be considered for award. (see FAR clause 52.211-6).

KEY FIELDS:

HEADER INFORMATION

The following header paragraph(s) shall apply to the item purchase description(s) where applicable. If there is a conflict between the item purchase description and the header paragraph(s), the header paragraph(s) shall take precedence over the item purchase description.

Notwithstanding the requirements specified herein, cadmium plating is not acceptable. In the event no alternative coating, finish, or plating is specified, a rust preventative finish as used in standard commercial practice shall apply.

When chromium plating or finish is specified and the manufacturer has a commercial coating of the same color and texture of chromium that the manufacturer uses in lieu of chromium; then the alternative coating can be used, provided the coating meets Aerospace Standard SAE AS4984.

Each set or kit shall contain a dated parts list or packing list citing the GSA contract number (if applicable), GSA purchase order number, date of purchase order, kit national stock number (NSN), each component NSN (if applicable), kit noun name, each component noun name, and quantity of each component.

Unless otherwise specified in the item purchase description, each kit or set and each component of the kit or set shall have, in addition to any other required marking, identification marking indicating the manufacturer's name or identifying symbol, and the state or country of manufacture. The marking shall be engraved, etched, or stamped in such a manner that it will be permanent to the extent that it will remain clear and legible throughout the life of the item.

Workmanship: Details of workmanship shall be in accordance with the best commercial standards and practices. Paints, coatings, platings, and finishes shall be smooth, adherent, continuous, and not stained or discolored. Fasteners shall be firmly secured and show no evidence of deformation, cross threading, or hazardous burrs. Adhesives and lubricants adequate for their intended purpose shall be properly and neatly applied. Adhesives shall be adequately cured. Wires and cables shall be neatly dressed and shall not be frayed or in contact with sharp edges. Wire and cable insulation shall show

no evidence of burns, abrading, or pinch marks. There shall be no interference, binding, or galling of parts. External and bearing surfaces shall be free of tool and gouge marks, nicks, or other surface imperfections. The item shall be clean and free of corrosion and debris (e.g. chips shavings, slivers) or other foreign material. The item shall be free from manufacturing workmanship defects (e.g., loose, missing, binding or misaligned parts, sharp or rough external edges, corners or surfaces) and material defects (e.g., pits, rips, fins, burrs, tears, nodules, cracks, blisters) which may adversely impact the item's serviceability, durability, safety, or appearance.

ITEM MARKING

Each item Shall Be Marked in a Permanent and Legible Manner with:

- 1) Manufacturer's Part Number
- 2) Manufacturer's Name or Identifying Symbol, and
- 3) Country of Origin

Each Package including the unit, single, intermediate, and exterior container must be labeled with the requisition number or Transportation Control Number (TCN). Requisition Number and TCN are found on the Purchase Order.

PACKAGING

Preservation/Packing: Each tool kit shall be packed in a close fitting fiberboard box that will offer protection during shipping, handling, storage and redistribution. The packed tool kit shall be marked in accordance with standard commercial practice. Shipping Container: Each kit shall be packed as stated above and the quantity of kits packaged per shipping container shall be uniform. The shipping container shall be packed in a close fitting fiberboard box in compliance with the Uniform Freight Classification and the National Motor Freight Classification requirements of Rules, Item 222, Sec. 3., Minimum 200 or ECT 32.

MARKING

In general, unless otherwise specified by the contracting officer, marking of shipments shall be in accordance with the GSAM provision/ Clause 552.211-73, marking. In more detail: Marking of supplies for deliveries to domestic civilian activities shall comply with the latest edition of Federal Standard 123. That is, unit, intermediate, and transport packages shall be marked directly on the side surface of the package or on a label affixed to the package, with the identification marking as specified in the standard. Transport packages shall also have, in addition to the identification marking, a shipping label that includes the purchase order, contract, or the requisition numbers; as applicable, including the consignor and consignee names (i.e. ship from/ to), gross weight, cube and piece number.

Marking of supplies for deliveries to civilian activities, export locations, including commercial freight forwarders and third party logistics providers, and excluding freight entering the Defense Transportation System, shall be the same as deliveries to domestic locations except that the shipping label shall show on the same label, or another label affixed next to the shipping label, the ultimate consignee (i.e. Mark for AAC).

Marking of supplies for deliveries to domestic military activities shall comply with the latest edition of Military Standard 129. That is, unit, intermediate, and exterior or shipping containers shall be marked directly on the side surfaces of the package or on a label affixed to the package, with the identification marking as specified in the standard. Exterior or shipping containers shall also have in addition to the identification marking, a Military Shipping Label (MSL) per the standard.

Marking of supplies for deliveries to military activities, export locations, including forwarding and container consolidation points (CCPs) shall be the same as deliveries to domestic locations except that the MSL must also show the ultimate consignee (Mark for DoDAAC) and the Transportation Control Number (TCN).

"Latest version" is defined as the version in effect on the date of bid submittal. Federal Standards and Military Standards can be accessed on-line via the Defense Logistics Agency's "Assist" Quicksearch web site: <http://quicksearch.dla.mil/>

PACKAGING/ PACKING

Unless packaging in accordance with MIL-STD-2073-1 Standard Practice for Military Packaging is specified in the solicitation, contract or order, packaging/ packing of supplies, exclusive of hazardous material, for domestic and export shipments to civilian and military activities shall comply with GSAM Provision/ Clause 552.211-75 Preservation, Packaging and Packing which references the National Motor

Classification Standard (NMFC) and/ or the latest requirements of ASTM D-3951, Standard Practice for Commercial Packaging . Until the commercial packaging/ packing requirement in GSAM Clause 552.211-75 is revised, compliance to either the GSAM clause or the ASTM D-3951, Standard Practice for Commercial Packaging will be acceptable; however, compliance to the ASTM requirements is mandatory for GSS contracts, and is preferred for all other contracts. In case of conflict between the GSAM clause and the revision of ASTM D-3951, the ASTM requirement shall govern.

Packaging of hazardous material (HM) supplies for shipments shall comply with the GSAM provision/ Clause 552.223-73, Preservation, Packaging, Packing, Marking and Labeling of Hazardous Materials

(HAZMAT) for Shipments . That is, packing of HM for domestic shipments shall comply with the latest versions of DOT HMR in 49 CFR, parts 171-180, and OSHA HCS in 29 CFR, part 1910.1200.

Packing of HM for export shipments (includes forwarding and container consolidation points, commercial freight forwarders and third party logistics providers) shall comply with the latest versions of DOT HMR in 49 CFR, parts 171-180, and OSHA HCS in 29 CFR, part 1910.1200, and the applicable IMDG, IATA, ICAO, AFMAN-24 standard for the mode of transportation.

WOOD PACKAGING MATERIAL

Packaging and packing of supplies using Wood Packaging Material (WPM) on a pallet or skid for export shipments (includes forwarding and container and consolidation points, commercial freight forwarders and third party logistics providers) shall comply with the requirements in provision/ Clause GSAM 552.211.89, Manufactured Wood Packaging Material for Export or the applicable requirements in ASTM D-3951 relative to the WPM. That is, all wood shall be treated and stamped appropriately for export, including the actual pallet or skid, if made of wood.

PALLETIZATION AND PREPARATION FOR DELIVERY

The item(s) shall be packaged and packed to afford adequate protection against physical damage during shipment from the supplier to the first receiving activity. The pack shall comply with the rules and regulations applicable to the mode of transportation. If pallet or skid is used for shipping, it shall be made in accordance with normal industry standards. In the event a wood pallet or skid is used for shipping, the requirements of GSAM 552.211.89, Non-Manufactured Wood Packaging Material for Export, shall apply.

ITEMS REQUIRING SAFETY DATA SHEETS (SDSs)

Items requiring Safety Data Sheets (SDSs) shall be provided by the contractor as specified in IPD and the FAR Provision/Clause 48 CFR 52.223-3 Hazardous Material Identification and Material Safety Data, and the latest version of Federal Standard 313. One copy of the SDS shall be included inside or affixed to the outside of each transport package. If affixed outside the SDS must be placed in a weather resistant envelope.

Data in all 16 sections of the OSHA HazCom/ GHS standards will be required. HM shall be labeled with an OSHA/ GHS compliant label to include the following data: (1) Product identifier, (2) Signal Word, (3) Hazard Statements, (4) Pictograms, (5) Precautionary Statements, and (6) Chemical Manufacturer, Importer, or Other Responsible Party information.
