Addendum to Evaluation - Commercial Product and Commercial Services

Basis for Award

The Government intends to award a single FirmFixedPrice (FFP) contract to the responsible Quoter whose quote conforms to all requirements of the solicitation and is determined to be Technically Acceptable, presents an Acceptable Supplier Performance Risk, and offers the Lowest Price among those quotes determined to be technically acceptable. The Government intends to make award without discussions; however, it reserves the right to conduct discussions if doing so is determined to be in the Government's best interest. Any quote that receives an Unacceptable rating under any nonprice factor will not be considered for award.

Evaluation Factors

Quotes will be evaluated using three factors: Technical, Supplier Performance Risk, and Price. Only those quotes that receive an Acceptable rating under both the Technical factor and the Supplier Performance Risk factor will be evaluated under the Price factor.

Factor 1 - Technical

The Government will evaluate the Quoter's technical submission to determine whether it clearly demonstrates the ability to meet all requirements of the Performance Work Statement (PWS). The technical submission must be complete, self contained, written in English, and free of any price information.

To be rated Acceptable, the technical submission must fully describe the Quoter's approach to delivering the four-day professional development training required by PWS 5.1, including the New Parent Support Program (NPSP) track, the Domestic Abuse Victim Advocate (DAVA) track, and the daily all attendee session. The submission must explain how the training will be organized, staffed, managed, and executed, and it must identify the qualifications of all instructors and facilitators. It must also describe how the Quoter will ensure training quality, attendee engagement, and effective delivery of all required content.

The technical submission must also describe how the Quoter will provide Continuing Education Unit (CEU) eligible sessions in accordance with PWS 5.2.1. The submission must explain how the Quoter will meet the requirement to provide at least thirty two total CEUs, including a minimum of three CEUs in ethics and three CEUs in cultural competency. The Quoter must identify the CEU issuing authority, the credentials of instructors, and the procedures for documenting CEU completion.

The technical submission must further describe how the Quoter will provide at least eight breakout sessions over the four training days, as required by PWS 5.2.2. The submission must explain how the Quoter will deliver separate NPSP and DAVA tracks and how it will incorporate a balanced mix of lectures, peer interaction, and engagement activities. It must also describe how breakout topics will be selected and how facilitators will manage group interaction to achieve the intended learning outcomes.

The technical submission must describe how the Quoter will provide all personnel, equipment, supplies, facilities, tools, materials, supervision, and any other resources necessary to fulfill the contract, as required by PWS 4.1. It must also describe how the Quoter will provide all office supplies, training materials, and any automated data processing equipment (ADPE) it requires to perform the services under the contract, as required by PWS 4.2. The submission must acknowledge that the Government is not purchasing or furnishing any ADPE or materials and must confirm that any ADPE connecting to a Government network must be reviewed and approved by the Government prior to use. The Quoter must also describe how it will ensure that all materials and equipment it provides are functional, secure, and compliant with applicable policies.

Finally, the technical submission must acknowledge that the Quoter's overall price must include airfares for all instructors and facilitators, while ensuring that no price information is included in the technical submission itself.

A quote will be rated **Acceptable** if it meets all technical requirements of the PWS. A quote will be rated **Unacceptable** if it fails to meet one or more technical requirements. **Quotes rated Unacceptable under Factor 1 will not be further evaluated.**

Factor 2 - Supplier Performance Risk (SPRS)

The Government will evaluate Supplier Performance Risk using the Quoter's performance history associated with the CAGE code provided in the quote. A quote will be rated Acceptable if the Quoter's SPRS score is Green, Purple, Blue, or Black. A quote will be rated Unacceptable if the Quoter's SPRS score is Yellow, Red, or Grey. If no SPRS data is available, the Quoter will be treated as Acceptable. Quotes rated Unacceptable under Factor 2 will not be further evaluated.

Factor 3 - Price

The Government will evaluate price for reasonableness, completeness, and balance. The Quoter must submit pricing for all Contract Line Item Numbers (CLINs) using the SF 1449 Price Schedule included in the RFQ. The Total Evaluated Price (TEP) will include all CLINs and one half of the final option year for purposes of evaluating potential extension of services. Among those quotes rated Acceptable under Factors 1 and 2, award will be made to the Quoter offering the Lowest Price.

Past Performance (Responsibility Consideration Only)

The Government will not evaluate Past Performance as a scored evaluation factor. However, Past Performance information may be considered as part of the responsibility determination. The Government may review information from any available sources, including CPARS, FAPIIS, SPRS, or other relevant databases, to determine whether the Quoter has a satisfactory record of integrity, business ethics, and performance. Past Performance will not receive an Acceptable or Unacceptable rating as an evaluation factor, but adverse information may affect the Government's responsibility determination.

Notice of Award

A written notice of award or acceptance of a quote, furnished to the successful Quoter within the time specified for acceptance, will result in a binding contract without further action by either party. Before the expiration of the acceptance period, the Government may accept a quote, whether or not negotiations have occurred, unless the Quoter has provided written notice of withdrawal prior to award.
