Instructions to Offerors-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include-

(1) The solicitation number;

(2) The name, address, telephone number of the Offeror;

(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) Period for acceptance of offers. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) Debriefings. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

252.204-7017	Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.	2021-05		

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) Definitions. "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition

of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) Prohibition. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) Representation. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

A complete quote must be received to be considered for award. Quotes that fail to address all requirements or follow all instructions will be considered non-responsive and ineligible for contract award. Respond to each item listed below, if the response is "None" or "Not applicable," explicitly state and explain. **A complete quote includes a response and submission to each of the following:**

- 1. General Information:** Quoter Business Name, Address, Cage, and UEI number (ensure Representation and Certifications are up to date in SAM.gov), Business Size and Type of Small Business based on applicable NAICS Code as provided above, Federal Tax ID, Primary Point of Contact (to include telephone and e-mail address), payment terms (i.e. net 30) and provide a GSA contract number if some or all items proposed are on the GSA schedule.
- 2. Technical Capability Submission:** The Quoter shall submit, as part of its quote, a technical capability narrative, not to exceed 10 pages with 12-point font, demonstrating the Quoter's thorough understanding of the scope of work and capability to provide the products outlined in Addendum to FAR 52.212-2 Evaluation and Attachment 01 - Performance Work Statement. To facilitate evaluation, the technical narrative shall provide the Government with reasonable assurance that the Quoter has the relevant technical capability required to meet the stated requirements and shall be prepared in a format consistent with the evaluation criteria for award set forth in this solicitation. The Technical Capability Submission should be a stand-alone document containing all information necessary for the Government to perform a complete technical evaluation. Quoters may submit pictures, brochures, product/service literature, product samples or any other pertinent technical information of the quoted product (or services) to facilitate evaluation and demonstrate the Offeror's ability to meet the technical requirements, but may not exceed the page limitation above.
- 3. Work Experience Submission:** The Quoter shall submit, as part of its quote, Attachment 02 - Work Experience Reference Sheet with work experience performed within the last three (3) years for work that is similar in nature, scope, and complexity to that which will be performed under the prospective award contemplated by this solicitation. This submission must illustrate similar work that the Quoter has been awarded or hired for. Quoters are advised that the Government is not bound by a Quoter's opinion of the relevance of its work experience. At a minimum, at least two reference sheets shall be completed and provided with the Quoter's quote.
- 4. Price Sheet:** The Quoter shall submit complete pricing for each CLIN listed in Attachment 03 - Pricing Sheet to include the unit price and the extended price for each line item and a total price in US Dollars (\$). All options must be priced; partial quotes will not be accepted.

The government will consider past performance information, if available, from the web-enabled Supplier Performance Risk System (SPRS) regarding the Quoter's past performance history to supplement the technical evaluation. The Government may query other internal databases (e.g. CPARS) at its discretion.
- 6. Subcontractors:** Subcontractors may be used to perform work under this contract. If a quoter intends to use subcontractors, the quoter must identify in the quote the names of the subcontractors and the portions of the work the subcontractors will perform. A Quoter's failure to provide this information, within the time set, may cause the government to consider their quote non-responsive and reject it.
- 7. Formatting Requirements:** All quotes and attachments shall be in Adobe Acrobat (.pdf), Microsoft Word, or Microsoft Excel format.
- 8. Solicitation Requirements, Terms and Conditions:** Quoters are required to meet all solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements, in addition to those identified as evaluation criteria in Addendum to FAR 52.212-2. (a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

See addendum.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Addendum to Evaluation - Commercial Product and Commercial Services

Addendum to FAR 52.212-2, Evaluation - Commercial Products and Commercial Services (NOV 2021)

Pursuant to FAR 12.205(a)(2) (DFARS CD 2026-O0028), the provision at FAR 52.212-2 is augmented as follows:

1. **BASIS FOR AWARD:** The Government will award a Firm-Fixed-Price (FFP) Requirements contract resulting from this solicitation to the responsive, responsible Quoter (as determined within the meaning of FAR Part 9.104 (DFARS CD 2026-O0042)), whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

a. **Factor 1 - Technical Capability:** The Government will evaluate the quote to see if the quote and any supporting documentation meet the technical requirements of this solicitation and Attachment 01 - Performance Work Statement.

Minimum Requirements:

i. Have at least one pumper truck and the pumping capability to pump up to 3,000 gallons of waste in one day.

ii. Have at least two vehicles to transport latrines in the rural Alaskan Terrain with the following:

- Max 12,000 lbs. Gross Vehicle Weight.

- 4 Wheel Drive.

iii. Availability of Latrines:

- Have at least 250 portable latrines, with the specifications as outlined in the PWS, readily available to support surge orders for larger requirements.

- Have at least 20 handicapped accessible latrines with specifications outlined in the PWS.

b. **Factor 2 - Work Experience** (expertise, regulatory compliance): The Government will evaluate the summary of work experience for recency (within the past 3 years), similar nature, scope, and complexity to that which will be performed under the prospective award contemplated by this solicitation, assessing the likelihood that the offeror's recent and relevant work experience will minimize risk to the Government of unsuccessful performance. (ATTACHMENT 02 - Work Experience Reference Sheet)

c. **Factor 3 - Price:** The Government will evaluate the total overall price for completeness and to determine if it is fair and reasonable IAW FAR 12.204(a) (DFARS CD 2026-O0028).

Government expects competitive quotes to be submitted for this procurement and will use these competitive quotes to determine price reasonableness. The evaluated price for award purposes will be the combined total of the base year and all option periods. The Government intends to evaluate quotes and award without discussions; therefore, quotes should be for offerors' best pricing. If competitive quotes are not received, the Government reserves the right to utilize other methods identified in the FAR to determine price reasonableness.

i. Completeness. Each offeror is required to provide complete pricing for each contract line item identified in Attachment 03 - Pricing Sheet.

ii. As part of the price evaluation, the Government will evaluate the Option to Extend Services under FAR clause 52.217-8 by adding one-half of the quoter's final option price to the quoter's total price. The final award evaluation will include the base year, all option years, and the six (6) month FAR clause 52.217-8 option.

For an Offeror to be considered for award, the quote must receive an "Acceptable" rating in both non-price Factors. A quote receiving a rating of "Unacceptable" in any non-price Factor will not be eligible for award.

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with

a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It [] is [] is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.
