

LIMITED SOURCES JUSTIFICATION

ORDER >SAT

PART 8.405-6

Acquisition Plan Action ID: [REDACTED]

JOFOC Tracker Number: [REDACTED] - [REDACTED]

(1) Contracting Activity: Department of Veterans Affairs, Network Contracting Office 19, located at 6162 South Willow Drive, Suite 300, Greenwood Village, CO 80111, in support of VISN 19 Sheridan VA Health Care System (SVAHCS) at 1898 Fort Rd, Sheridan, WY 82801. Purchase request (2237) number: [REDACTED]

(2) Description of Action: This acquisition is conducted under the authority of the Multiple-Award Schedule Program ([41 U.S.C. 152\(3\)](#) and [40 U.S.C. 501](#)). This action will be awarded as a new short-term contract for Registered Nursing Services for the SVAHCS for a three-month base and one three-month option period..

Order against: 36C25926N0283 FSS Contract Number: 36F79721D0203

Name of Proposed Contractor: Millbrook Support Services, Inc.
Street Address: 36 Maple Place
City, State, Zip: Manhasset, NY 11030
Phone: (516) 285-2483

(3) Description of Supplies or Services:

The estimated value of the proposed action is [REDACTED]

The SVAHCS has identified a need for Registered Nurse (RN) staffing to prevent a lapse in services at SVAHCS from April 1, 2026 through June 30, 2026. RNs support Community Living Center (CLC), Acute Medical (MED), Acute Psychiatric Unit (APU), and intermittent Mental Health Residential Rehabilitation Treatment Program (MHR RTP) coverage. SVAHCS needs services for tours ranging from eight (8) to 12 hours and include days, nights, weekends, and holidays.

Contract type: Firm-Fixed Price (FFP) Task Order.

RFO 52.217-8, Option to Extend Services, will be included in the award and can be used to extend the contract for up to an additional six months, if exercised. RFO 52.217-8 will be evaluated prior to award.

(4) Identify the Authority and Supporting Rationale (see below and if applicable, a demonstration of the proposed contractor's unique qualifications to provide the required supply or service.

☒ [Revolutionary Federal Acquisition Regulations Overhaul \(RFO\) 8.401 and SAM/R 538.7104-3\(b\)\(i\)](#): An unusual urgency exists and following the ordering procedures would result in unacceptable delays. SVAHCS will fall below safe nurse-to-patient ratios across CLC, MED, and APU on April 1, 2026, without a continuation of services. The incumbent contractor has the properly trained, licensed, and credentialed staff on site with clear background investigations. Credentialing and onboarding for a new contractor requires 60 – 120 days, which cannot be completed prior to expiration of the current contract. Immediate continuity is required to protect patients' safety and continuity of care. Millbrook, the incumbent SDVOSB, currently has [REDACTED] with additional staff ready to onboard during the short period of performance. Non-incumbents would not be able to provide service by the program need date of April 1, 2026, due to mandatory VA credentialing, background checks, occupational health, and orientation requirements (60 – 120 days). Millbrook's staff remain immediately available and ensures uninterrupted coverage.

(5) Describe Why You Believe the Order Represents the Best Value consistent with RFO 8.404(d) to aid the contracting officer in making this best value determination:

- Price reasonableness: The IGCE for this requirement is [REDACTED] for a three-month base period and on three-month option period inclusive of labor, travel, lodging, overhead, holidays, and rural deployment factors.
- Millbrook's all-inclusive rate of [REDACTED] per hour (HR) is supported by market research showing RN schedule rates typically ranging from [REDACTED] to [REDACTED] and Sheridan's historical fully-burdened RN rate of approximately [REDACTED] r. Additionally, SDVOSB benchmarking [REDACTED] normalized all-inclusive estimate of ≈ [REDACTED] (for comparable coverage) aligns with the IGCE basis of 4,174 hours × [REDACTED] demonstrating that Millbrook's rate is consistent with rural VA pricing norms and below the facility's historical rate.
- Technical capability value factors: Immediate continuity through an incumbent with current onsite RN staffing avoids the 60–120-day credentialing delay for non-incumbents. The estimated cost of [REDACTED] reflects realistic early-month consumption because there will be an RN on site at the start of performance, while the remaining RNs will be onboarding during the period of performance, resulting in lower staffing hours in the initial months.
- Conclusion: Considering price, immediate availability, incumbent qualifications, credentials with SVAHCS, and reduced performance risk, this limited-sources requirement represents the best value to the Government.

(6) Describe the Market Research Conducted among schedule holders and the results or a statement of the reason market research was not conducted.

- **SBA SBS under NAICS 561320:** 125 small businesses identified, 27 VOSBs, 24 SDVOSBs with nurse staffing capability. However, the incumbent SDVOSB is the only business that can provide services prior to the expiration of the current contract.
- **GSA/FSS price list review:** 11 SDVOSB vendors with RN labor categories; nine (9) contractors demonstrated nationwide/multi-state coverage (capable of supporting rural/remote VA sites).
- **All-Inclusive RN rates on schedules:** Many FSS RN rates are labor-only unless the vendor's catalog specifically lists them as all-inclusive. When a vendor publishes an all-inclusive rate, it already includes travel, lodging, and per diem. For vendors with labor-only rates, the documented rural travel/lodging uplift [REDACTED] was applied to create a comparable fully-burdened rate. Using this method, all RN pricing used in this justification reflects a consistent, all-inclusive comparison.
- **Sheridan historical inclusive rate:** The Sheridan historical inclusive rate of approximately [REDACTED] is sourced directly from the Market Research Report (Section 6, Pricing Analysis), which documents past fully-burdened RN costs at Sheridan VAMC, including labor, travel, lodging, and rural deployment factors. The [REDACTED] travel/lodging uplift used to normalize schedule labor-only pricing is taken from the Wander Staffing rural-specific cost input provided in the Market Research (Section 6). This value reflects the vendor's standard travel/lodging burden required for non-local RN deployment to rural or frontier locations. These two data points, Sheridan's historical fully-burdened rate and [REDACTED]—are both documented in the supporting Market Research file and together support the comparison between labor-only FSS schedule rates and fully-burdened all-inclusive rates for rural RN staffing.
- **Vendor inputs used for benchmarking (not solicitation):** Vendor inputs used for benchmarking were taken directly from current Federal Supply Schedule (FSS) 621 I price lists (labor-only rates). No vendor quotes were requested for this action. The following schedule sources and effective dates support the benchmarking data used [REDACTED] *for labor, travel, lodging, and rural factors*):

Contractor	Size	FSS Contract	Effective	Base Rate/HR
Quality Innovation, Inc.	SDVOSB	V797D-50586	05/15/2021 05/14/2026	[REDACTED]
Caduceus Healthcare, Inc.	SDVOSB	36F79723D0168	08/01/2023 07/31/2028	[REDACTED]

Attachment 2: Request for Limited Sources Justification Format >SAT

WJM Professional Services	SDVOSB	36F79720D0077	05/15/2020
	EDWOSB		05/14/2025
Forte Mooney Partners	SDVOSB JV	36F79725D0250	10/01/2025
			09/30/2030
Wander Staffing, LLC	SDVOSB/8a	36F79725D0182	08/01/2025
			07/31/2030

All schedule RN rates are labor-only unless the catalog explicitly states otherwise.

- **VA ADDS UP Analytics:** National pricing/usage/socioeconomic trends show numerous SDVOSBs under 561320, but few with documented RN performance in rural/frontier VA during the period reviewed, consistent with SVAHCS's historical sourcing challenges.
- **Veterans First priority (VAAR 819.70):** This short-term aligns with SDVOSB priority. The incumbent is an SDVOSB. The long-term requirement will be a competitive action will implement Rule of Two amongst verified SDVOSBs.

Catalog and all-Inclusive rates: Market research identified all-inclusive schedule rates generally between [REDACTED] Millbrook quoted [REDACTED], which is below SVAHCS historical all-inclusive rate ([REDACTED]) and consistent with rural VA norms. Funding required: [REDACTED], reflecting that one (1) RN is onsite at start; the remaining three (3) RNs will onboard during the short term contract, reducing early month hour consumption.

(7) Any Other Facts Supporting the Justification:

- All ordering authority under BPA 36C25922A0043 (against FSS 36F79721D0203) including RFO 52.217-8 will be fully exhausted as of March 31, 2026. A short-term contract is required to avoid a lapse in services.
- Rural facility constraints and chronic RN shortages at SVAHCS necessitate inclusive, fully-burdened rates and immediate continuity.

(8) A Statement of the Actions, if any, the agency may take to remove or overcome any barriers that led to the restricted consideration before any subsequent acquisition for the supplies or services is made:

- The requiring activity will submit the complete competitive procurement package (PWS, IGCE, supporting documentation) no later than April 15, 2026.
- The contracting office will issue a competitive SDVOSB solicitation under NAICS 561320, conduct appropriate market research, evaluate proposals, and award in time to permit credentialing and onboarding before the short-term contract expires.

(9) Requirements Certification: I certify that the requirement outlined in this justification is a Bona Fide Need of the Department of Veterans Affairs and that the supporting data under my cognizance, which are included in the justification, are accurate and complete to the best of my knowledge. I understand that processing of this limited sources justification restricts consideration of Federal Supply Schedule contractors to fewer than the number required by RFO Subpart 8.4. *(This signature is the requestor's supervisor, fund control point official, chief of service or someone with responsibility and accountability.)*

(10) Approvals in accordance with the [VHAPM Part 806.3 OFOC SOP](#):

a. Contracting Officer's Certification (required): I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.
