I.	<u>DESCRIPTION</u>
----	--------------------

THIS IS A NOTICE OF INTENT FOR REQUEST FOR QUOTE. This is a combined synopsis/solicitation for commercial services prepared in accordance with FAR Part 12, and FAR Part 16.507-2(b)(3). This announcement constitutes the only solicitation. Offers are being requested and a separate written solicitation will not be issued. The National Park Service intends to solicit quotes for a Blanket Purchase Agreement (BPA) for services to pick up and dispose of hazardous waste at Grand Canyon National Park per the attached specifications.

The National Park Service contemplates award of up to two (2), firm fixed price Blanket Purchase Agreement (BPA) as a result of this solicitation to the vendor. Subsequent calls will be competed amongst BPA Holders in accordance with FAR 16.507-2(b)(3). BPA Calls be awarded to the Offeror based on Lowest Price that can meet the schedule. BPA calls will specify location of pick up and estimated quantity of waste to be picked up.

Solicitation number **140P1526Q0091** is issued as a request for quote (RFQ) for Hazardous Waste Pick up at Grand Canyon National Park (GRCA).

This acquisition is not set-aside for small business concerns. This solicitation incorporates provisions and clauses by reference. The full text of provisions and clauses may be accessed electronically at www.acquisition.gov.

This requirement has no small business set-aside. The associated NAICS code is **562991**. The small business size standard is \$7.5 M. Provisions and clauses are incorporated in this solicitation document.

To be considered for award your company must obtain a Unique Entity Identifier (UEI). Your company must also be registered in the System for Award Management (SAM) and be considered a small business for the size standard associated with the NAICS code found in block 10 on page one (1) of this solicitation, and this registration must be "active" in SAM at the time of quote/proposal close date/time - as well as, at the time of award and throughout the entire award/contract performance.

(End of addendum)

52.212-2 Evaluation — Commercial Products and Commercial Services (Nov 2021) (DEVIATION Mar 2026)

Award will be made in accordance with FAR Part 12 to the Offeror that provides the best value to the government based on price, technical, and prior experience. Per FAR 12.203(c)(2) evaluation will be conducted by comparative evaluation of offerors. This solicitation is not stating nor required to state the importance assigned to each evaluation factor and/or sub factor (FAR 12.203(c)(2)).

1. **Price:** A price evaluation will be performed to determine the reasonableness of the proposed price. Reasonableness will be determined considering other competitive prices received and comparison to the independent Government estimate. If multiple contract line items are included in the price schedule, prices will also be evaluated to determine whether any line items are unbalanced. Offerors are cautioned to distribute costs appropriately.
2. **Technical:** Written confirmation that company specializes in, or has sufficient documented direct experience in, providing all labor, material, tools, supervision and travel necessary to perform the service outlined, and in accordance with, the attached Statement of Work (SOW). **Complete a capability statement/project narrative – please see "TO SUBMIT AN OFFER" section for details on which to submit for this requirement.**

3. **Prior Experience:** Complete **Prior Experience references as described in "TO SUBMIT AN OFFER" section**, that can confirm your company has successfully completed similar tasks outlined in the Statement of Work.

Quotes will receive a preliminary review to determine whether the quote contains sufficient information, as required by the solicitation, to allow the government to perform a meaningful evaluation. If the results of this preliminary review indicate that the quote lacks sufficient information to allow a meaningful evaluation to be conducted, the Contract Specialist/Contracting Officer may eliminate the quote from further evaluation and consideration for an award.

The government will evaluate quotes in groups of three (3), starting with the lowest priced quotes, proceeding upward, incrementally in price, until an awardee is selected. At that point, the evaluation process stops, and award will be made to the selected Offeror.

Electronic Invoicing and Payment Requirements – Invoice Processing Platform (IPP) (Feb 2021)

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Products and Commercial Services included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice:

1. **Copy of vendor invoice document in PDF format, which shows pricing breakdown for all items being invoiced for and must include the contract number, date(s) of service (if applicable), date of invoice, and the vendor's standard invoice letterhead.**

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of St. Louis (FRBSTL) within 3 - 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation.

(End of clause)

1452.201-70 Authorities and Delegations (Sep 2011)

(a) The Contracting Officer is the only individual authorized to enter into or terminate this contract, modify any term or condition of this contract, waive any requirement of this contract, or accept nonconforming work.

(b) The Contracting Officer will **designate a Contracting Officer's Representative (COR) at time of award**. The COR will be responsible for technical monitoring of the contractor's performance and deliveries. The COR will

be appointed in writing, and a copy of the appointment will be furnished to the Contractor. Changes to this delegation will be made by written changes to the existing appointment or by issuance of a new appointment. The COR for this contract will be:

(c) The COR is not authorized to perform, formally or informally, any of the following actions:

(1) Promise, award, agree to award, or execute any contract, contract modification, or notice of intent that changes or may change this contract;

(2) Waive or agree to modification of the delivery schedule;

(3) Make any final decision on any contract matter subject to the Disputes Clause;

(4) Terminate, for any reason, the Contractor's right to proceed;

(5) Obligate in any way, the payment of money by the Government.

(d) The Contractor shall comply with the written or oral direction of the Contracting Officer or authorized representative(s) acting within the scope and authority of the appointment memorandum. The Contractor need not proceed with direction that it considers to have been issued without proper authority. The Contractor shall notify the Contracting Officer in writing, with as much detail as possible, when the COR has taken an action or has issued direction (written or oral) that the Contractor considers to exceed the COR's appointment, within 3 days of the occurrence. Unless otherwise provided in this contract, the Contractor assumes all costs, risks, liabilities, and consequences of performing any work it is directed to perform that falls within any of the categories defined in paragraph (c) prior to receipt of the Contracting Officer's response issued under paragraph (e) of this clause.

(e) The Contracting Officer shall respond in writing within 30 days to any notice made under paragraph (d) of this clause. A failure of the parties to agree upon the nature of a direction, or upon the contract action to be taken with respect thereto, shall be subject to the provisions of the Disputes clause of this contract.

(f) The Contractor shall provide copies of all correspondence to the Contracting Officer and the COR.

(g) Any action(s) taken by the Contractor, in response to any direction given by any person acting on behalf of the Government or any Government official other than the Contracting Officer or the COR acting within his or her appointment, shall be at the Contractor's risk.

(End of clause)

1452.228-70 Liability Insurance – Department of the Interior (Jul 1999)

(a) The Contractor shall procure and maintain during the term of this contract and any extension thereof liability insurance in form satisfactory to the Contracting Officer by an insurance company which is acceptable to the Contracting Officer. The named insured parties under the policy shall be the Contractor and the United States of America. The amounts of the insurance shall be not less than as follows:

\$100,000.00 each person

\$500,000.00 each occurrence

\$500,000.00 property damage

(b) Each policy shall have a certificate evidencing the insurance coverage. The insurance company shall provide an endorsement to notify the Contracting Officer 30 days prior to the effective date of cancellation or termination of the policy or certificate; or modification of the policy or certificate which may adversely affect the interest of the Government in such insurance. The certificate shall identify the contract number, the name and address of the Contracting Officer, as well as the insured, the policy number and a brief description of contract services to be performed. The contractor shall furnish the Contracting Officer with a copy of an acceptable insurance certificate prior to beginning the work.

(End of clause)

Prohibition of All Terrain Vehicles (ATVs) (Jul 1996)

The contractor is prohibited from utilizing All-Terrain Vehicles (ATVs) on National Park Service lands. ATV is defined as: A motorized off-highway vehicle (OHV) traveling on four or more low-pressure tires, having a seat to be straddled by the operator and a handlebar for steering control.

Use of Utility Terrain Vehicles (UTVs) are permitted. UTV (also called a side-by-side) is defined as: A motorized OHV having four or more low pressure tires, designed with side-by-side seats, seatbelts, steering wheel, and optional cab, brush cage, or ROPS.

Hazardous Materials, Universal & Electronic Waste Collection, Transportation, and Disposal

Version: 17 March 2026

1. WORK DESCRIPTION

1.1. DESCRIPTION OF WORK

The Contractor shall furnish all labor, materials, equipment, and certified personnel necessary to collect, package, label, manifest, transport, and dispose of hazardous waste, universal waste, and electronic waste generated by Grand Canyon National Park (GRCA) operations. Services shall include quarterly pickups at South Rim primary facilities and as-needed pickups at the North Rim, Desert View, and other designated storage areas. This is a recurring services contract with a three (3) year ordering period.

1.2. LOCATION

Grand Canyon National Park, Grand Canyon, AZ 86023. Primary pickup locations include:

- South Rim Hazardous Materials Storage Facility
- North Rim Utility Area — seasonal access, typically 15 May through 15 October
- Desert View Designated Universal Waste Storage
- Other locations as designated by the Contracting Officer's Representative (COR)

1.3. BACKGROUND

Grand Canyon National Park generates hazardous waste, universal waste, and electronic waste through routine facility maintenance, fleet operations, custodial activities, and administrative functions. Waste streams include used oils, solvents, paints, fuels, aerosols, batteries, fluorescent lamps, mercury-containing devices, and end-of-life electronic equipment. Additionally, the park collects abandoned camping fuel canisters and propane bottles from campgrounds and backcountry areas that require proper disposal.

The park requires a qualified hazardous waste contractor to ensure all waste streams are managed in full compliance with federal, state, and NPS regulations.

2. SERVICES REQUIRED

2.1. HAZARDOUS MATERIALS

The Contractor shall collect, package, label, manifest, transport, and dispose of hazardous waste generated by GRCA operations, which may include but is not limited to:

- Waste oils, used lubricants, and hydraulic fluids
- Solvents, thinners, and strippers
- Waste paints, stains, and coatings
- Fuels (gasoline, diesel, kerosene, and mixed fuels)
- Aerosol cans (full, partially full, or punctured)
- Acids, bases, and corrosives
- Pesticides, herbicides, and fertilizers

- Coolant and antifreeze
- Contaminated rags, absorbents, and spill cleanup materials
- Lab packs and miscellaneous RCRA-regulated wastes
- Propane bottles, including 1 lb disposable green propane canisters (Coleman-style) and 20 lb and 30 lb refillable propane tanks
- Camping fuel canisters, including isobutane/propane blend canisters (e.g., Jetboil, MSR, Snow Peak) and liquid fuel bottles collected from campgrounds and backcountry areas
- Automotive batteries (lead-acid, AGM, and gel-cell)
- Used antifreeze and coolant from fleet maintenance operations

The Contractor shall provide appropriate containers (drums, overpacks, pallets, and DOT-approved packaging) as required for each waste stream.

The Contractor shall conduct waste characterization, including analytical testing, when necessary to determine proper waste classification and disposal method.

2.2. UNIVERSAL WASTE

The Contractor shall consolidate, handle, transport, and recycle or dispose of universal waste streams, including but not limited to:

- Fluorescent lamps and tubes (T8, T12, U-bend, and compact fluorescent)
- High-intensity discharge (HID) and compact fluorescent lamps (CFL)
- Batteries of all chemistries, including lithium-ion, alkaline, nickel-cadmium (NiCad), and nickel-metal hydride (NiMH)
- Mercury-containing devices (thermostats, switches, and thermometers)

2.3. ELECTRONIC WASTE

The Contractor shall manage, transport, and recycle electronic waste generated by GRCA operations, including but not limited to:

- Desktop and laptop computers
- Monitors and televisions
- Printers, copiers, and fax machines
- Radios, radio batteries, communication devices, and audiovisual equipment
- Cables, power supplies, and peripheral devices

2.4. CONTRACTOR RESPONSIBILITIES FOR ALL WASTE STREAMS

- Safe and compliant packaging and labeling of all waste in accordance with DOT and EPA requirements
- Transport to appropriate licensed recycling or disposal facilities
- Preparation and execution of all required hazardous waste manifests
- Documentation of waste diversion, recycling rates, and disposal methods
- Return of signed hazardous waste manifests within thirty (30) days of shipment

- Designation of a Waste Management Coordinator responsible for implementing waste tracking, training field personnel, and preparing all required waste documentation and reports
- No burning, burying, or illegal dumping of any waste materials on federal lands or waters

3. REQUIREMENTS

3.1. PERIOD OF PERFORMANCE

This Blanket Purchase Agreement will have a three (3) year ordering period.

Individual timelines for each BPA Call will be provided at the time of award of the BPA call; generally, pickup services will be required within two weeks of an awarded BPA Call. Specific dates and times must be coordinated and approved by the COR. Regular business hours are 8:00 AM to 4:00 PM Monday through Friday, excluding federal holidays.

3.2. REGULATORY COMPLIANCE

All work shall comply with the following regulations and standards provided in Section 7.1.

3.3. CONTRACTOR QUALIFICATIONS

The Contractor shall meet the following minimum qualifications:

- Licensed hazardous waste hauler in the State of Arizona
- Active EPA Identification Number for hazardous waste transport
- Personnel shall possess current 40-hour HAZWOPER certification (29 CFR 1910.120)
- Personnel shall possess current DOT Hazardous Materials transportation certification
- Appropriate business liability, pollution liability, and commercial vehicle insurance
- Demonstrated experience handling hazardous and universal waste for federal agencies

3.4. SAFETY

The Contractor shall comply with all applicable Occupational Safety and Health Administration (OSHA) regulations. The Contractor shall provide a site-specific health and safety plan and a spill response/contingency plan prior to the first pickup. The Contractor shall maintain spill response kits on all collection and transport vehicles at all times.

The Contractor shall report all spills, releases, or incidents to the COR immediately upon discovery and shall be responsible for containment and cleanup of any release that occurs during Contractor operations at no additional cost to the Government.

3.5. GOVERNMENT FURNISHED EQUIPMENT, MATERIALS, AND SERVICES

The Government shall provide the following:

- Access to South Rim hazardous materials storage facilities
- Access to North Rim Utility Area (seasonal)
- Access to Desert View designated universal waste storage
- Consolidated waste inventory prior to each scheduled pickup

4. SUBMITTALS

4.1. PRIOR TO FIRST PICKUP AND UPON AWARD OF BPA

1. Evidence of current Arizona hazardous waste hauler license
2. Copy of active EPA Identification Number
3. Certificates of 40-hour HAZWOPER training for all personnel performing work under this contract
4. Certificates of DOT Hazardous Materials transportation training for all personnel
5. Evidence of business liability, pollution liability, and commercial vehicle insurance
6. List of disposal and recycling facilities to be used, including facility name, location, and EPA ID

4.2. FOLLOWING EACH PICKUP

1. Completed hazardous waste manifests, returned within thirty (30) days of shipment
2. Certificates of Disposal or Certificates of Recycling for all waste streams
3. Chain-of-custody documentation for each hazardous waste shipment
4. Waste Tracking Report

Submittals must be submitted and accepted by the COR prior to invoicing.

4.2.1. Waste Tracking Report

1. Quarterly Waste Tracking Report — The report shall be organized by pickup event and shall include the following for each event:
 - a. Pickup location
 - b. Date of service
 - c. Waste stream category (hazardous waste, universal waste, or electronic waste), waste type, and EPA waste code where applicable
 - d. Waste type and EPA waste code (where applicable, including F, K, P, and U listed waste designations and characteristic codes — ignitability, corrosivity, reactivity, toxicity)
 - e. Receiving facility name, physical address, and EPA ID number for each disposal or recycling destination
 - f. Manifest number and shipment date for each hazardous waste shipment

- g. Quantity collected, in pounds (lbs) or tons; volume-based estimates acceptable only where weight data is unavailable, with conversion methodology noted
- h. Cumulative annual totals (by calendar year) reported at two levels: (a) by pickup location — South Rim quarterly events aggregated separately from all as-needed events at North Rim, Desert View, and other locations; and (b) overall contract-year totals — total pickup events, total weight generated by waste stream, total weight recycled or diverted, total weight disposed, and overall waste diversion rate expressed as a percentage
- i. Waste disposition method (recycled, reclaimed, treated, incinerated, or landfilled) and receiving facility name, address, and EPA ID
- j. Manifest number and shipment date for each hazardous waste shipment
- k. Quarter-to-date running totals: total events, total weight by waste stream, total weight recycled or diverted, total weight disposed, and current diversion rate
- l. The report shall be provided in a format compatible with the DOI Solid Waste Management (SWM) Database. Digital copies in PDF format, organized by pickup event and waste stream category, are required

All waste-related documentation shall be retained for the duration of the contract plus three (3) years, including manifests, scale tickets, certificates of disposal or recycling, and chain-of-custody records

Updated training certificates for all personnel to be re-submitted upon renewal if expiration occurs during the performance period

5. ESTIMATED QUANTITIES

The following quantities are non-binding estimates provided for bidding purposes only. Actual quantities may vary.

- Universal waste lamps: two (2) to four (4) pallets annually
- Batteries (mixed chemistries): approximately 1,200 lbs annually
- Electronic waste: approximately two (2) to four (4) tons annually
- Miscellaneous hazardous waste (aerosols, paint, solvents, contaminated rags, propane bottles, camping fuel canisters, etc.): forty (40) to sixty (60) drums per year
- Automotive batteries (lead-acid, AGM, gel-cell): 20 batteries annually
- Used antifreeze/coolant: 50 gallons annually

6. LIST OF ATTACHMENTS AND DRAWINGS

-
- Attachment 5 — South Rim Hazardous Materials Storage Facility Location Map
 - Attachment 6 — North Rim Utility Area Location Map
 - Attachment 7 — Desert View Universal Waste Storage Location Map

Grand Canyon National Park
Waste Disposal (Hazardous, Universal, Electronic)
Blanket Purchase Agreement (BPA)
Terms and Conditions

The following terms and conditions will apply to any Blanket Purchase Agreement (BPA) which is awarded as a result of this Request for Quotation (RFQ):

I. Description of Agreement:

- a. A blanket purchase agreement (BPA) is a simplified method of filling anticipated repetitive needs for supplies by establishing "charge accounts" with qualified sources. A BPA allows for a call or order be made as supplies are required.
- b. The procurement involves providing a service to pick up hazardous waste from one of the various locations specified in the scope of work and ensure its proper disposal

The contractor shall provide firm-fixed pricing for this service based on the designated location and waste type. Price lists shall be updated annually

- c. The contractor will provide services called for by this agreement when requested by the Contracting Officer or an authorized caller during a three (3) year period of performance. The period of performance (PoP) will be determined upon award of the BPA.

II. Extent of Obligation:

The Government is obligated only to the extent of authorized services actually performed under the BPA. This BPA does not obligate any funds.

- a. The Contracting Officer Representative (COR) and/or Contracting Officer (CO) must confirm there is funding available on a BPA Call prior to services being performed. If the contractor does not have this confirmation and performs services, they do so at their own risk.
- b. All services shall be coordinated directly with NPS representatives detailed in each park specific Statement of Work (SOW).

III. Purchase Limitations:

- a. There is no purchase limitation other than the funding provided within each BPA Call.
- b. It is anticipated the maximum BPA Value will not exceed \$99,000 over the three-year ordering period.

IV. Service Receipts:

- a. The contractor shall provide a detailed service receipt for all services performed under the call upon completion of the service. The following minimum information must be provided:
 - i. Name of Contractor
 - ii. BPA number
 - iii. Date(s) of services
 - iv. BPA Call number
 - v. List of services furnished
 - vi. Quantity, unit price, and extension of each item, less applicable discounts, to detail total cost

V. Invoicing/Payment:

- a. A summary invoice shall be submitted at least quarterly, but no more than monthly, for all services performed during the period, identifying the service receipt(s) covered therein, stating their total dollar value, and supported by copies of the service receipt(s).
- b. Upon receipt and acceptance of services, completed invoices will be reviewed and processed by the appropriate NPS COR. Upon verification, an invoice must be submitted in IPP for approval.
- c. Contractor shall invoice per the payment clause of the contract after coordination with the COR or CO.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage

determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employee (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of ""wash and wear"" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees

performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).""
