Frequently Asked Questions (FAQs)

1. How do I make sure that I am automatically enrolled in the correct Common Federal Training (CFT) in JKO?

Answer: To be auto enrolled to the correct CFT module, your profile must have the correct **audience(s)** listed. Individuals can have more than one audience listed in their profile based on their roles within the organization. Refer to FAQ #5 and the *DHA LMS User Management SOP* for more information:

https://jksogst.jten.mil/access/content/group/36da0c3a-dd9a-4e7b-bd9c-7fb26292f726/My_Training/Policies/User%20Management/DHA_LMS_User_Management_SOP.pdf

2. What are the DHA Audiences and their definitions?

Answer: **Every** person working within MTFs must have at least one of the following primary audiences in their profile.

- **DHA Contract Support:** Includes all Contractors who directly support and are administratively aligned under the Defense Health Agency (DHA).
- **DHA Government Service Civilians:** Includes Federal Civilians assigned to the DHA.
- ***DHA Military and Dual Status Personnel - Air Force Service Members:** Includes Air Force active-duty and reservist military members that are assigned to DHA.
- ***DHA Military and Dual Status Personnel - Army Service Members:** Includes Army active-duty and reservist military members that are assigned to DHA.
- ***DHA Military and Dual Status Personnel - Navy Service Members:** Includes Navy active-duty military and reservist members that are assigned to DHA.
- ***NOTE:** *If Air Force, Army, or Navy members have the old audience "DHA Military and Dual Status Personnel" in their profile, training assignments may not be correct. See FAQ #11 for additional information on the use of the "DHA Military and Dual Status Personnel" audience.*

The following secondary audiences are linked to other DHA required training and should be added to a student's profile based on their role to ensure auto-enrollment in the appropriate training:

- **DHA SES or Senior Leaders:** Includes Senior Executive Service employees and senior leaders (E-9/O-7 and above).
- **DHA Supervisors:** Includes HR-documented employees who have a documented authority to manage and oversee the performance and well-being of personnel in their unit or work area.
- **DHA Managers:** Includes those with the authority to direct the work of an organizational unit, oversee the success of specific line or staff functions and goals, monitor, and adjust objectives, workplans, schedules, and commitment of resources.
- **DHA Mandatory Training - All Healthcare Providers:** Includes all healthcare providers who are assigned to "HCT Group A" and "HCT Group B" in the Relias Learning Management System.
- **Suicide Risk Care Pathway Training - Providers Outside Behavioral Health Specialty Care:** Includes all healthcare providers outside of behavioral health specialty care, licensed independent providers and those working under their license. This includes anyone having clinical contact with patients.
- **Suicide Risk Care Pathway Training for Behavioral Health Specialty Care:** Includes all BH providers, licensed independent BH providers and those working under their license. This includes anyone having clinical interaction with patients.

Common Federal Training (CFT) List

- **DHA - All Healthcare Providers who conduct or support Mental Health Evaluations:** Includes Behavioral Health (BH), Primary Care, BH Technicians, and all other Healthcare Providers who conduct or support Mental Health Evaluations.
- **DHA - Licensed Independent Providers Who Prescribe Opioids:** Includes all credentialed and/or privileged providers who prescribe opioid medications.
- **DHA – Privileged Providers and Licensed Independent Practitioners:** Includes all credentialed and/or privileged providers (physicians, physician assistants, advanced practice nurses)
- **DHHQ Staff:** Includes DHHQ personnel in Falls Church and San Antonio, including personnel working in DHA Network Offices.

3. What is the definition of a healthcare provider?

Answer: According to DHA-PI 6025.13, *Clinical Quality Management in the Military Health System, Volume 4: Credentialing and Privileging*, a healthcare provider is “any member of the uniformed services, civilian employee of the DoD, or contract employee authorized by the DoD to perform healthcare services.”

4. How do I make sure that my training completion is reflected in DHA LMS (JKO) reports?

Answer: To ensure that your name is shown in completion reports, you must update your profile with the correct Primary and/or Secondary **Organization(s)**. Primary Organization will be their MHS-DHA work location assignment. Individuals can have more than one (1) secondary organization.

- **Service Members and Service Civilians:** Primary Organization will be the MHS-DHA work location assignment; the secondary organization will be the Service Medical Dept under the MHS org.
- **Duty at Multiple Organizations** (i.e., providers who practice at multiple MTFs): Align the primary organization where the user is assigned for duty and list all other facilities as secondary organizations.
- **JKO Training Coordinators (TC):** All TCs will have their organizations set to the following once they complete their training and have their status updated. This allows them to “see” learners from throughout the DHA and assist them with assignments.

* Refer to the *DHA LMS User Management SOP* at https://jksgst.jten.mil/access/content/group/36da0c3a-dd9a-4e7b-bd9c-7fb26292f726/My_Training/Policies/User%20Management/DHA_LMS_User_Management_SOP.pdf

5. I’m a Civilian working in an MTF who still fills a Service Civilian billet (Army, Navy, or Air Force). Which training do I do?

Answer: Civilians that fall under the Authority, Direction, and Control of the Armed Services (Air Force, Army, and Navy) but are detailed to DHA facilities must follow the same training requirements as outlined for that Services’ active-duty military members on this document.

Training completion automatically transfers from JKO to FLTMPs (for the Navy) and DTMS (for the Army) Learning Management Systems (LMS). We are working to do the same for MyLearning (for the Air Force). For Air Force members, your training coordinator will need to manually mark training as complete in MyLearning.

Common Federal Training (CFT) List

6. I'm a Service Member. Do I complete both my Service-required training and DHA training?

Answer: Yes. Service Members that work within DHA facilities must follow Service training requirements as well as any DHA and locally required training specific to their DHA assignment. This training list has been tailored to reflect which training must be done using both DHA and Service-required methods or training platforms. Training completion automatically transfers from JKO to FLTMS (for the Navy) and DTMS (for the Army) Learning Management Systems (LMS). We are working to do the same for MyLearning (for the Air Force). In those instances, your training coordinator will need to manually document training as complete in MyLearning.

7. I am a Service Member. Where can I find my Service's list of required general mandatory training (GMT)?

Answer: Service General Mandatory Training lists can be found at:

- Air Force - <https://lms-jets.cce.af.mil/moodle/> (Air Force MyLearning site: select *Total Force Awareness Training*)
- Army - <https://atn.army.mil/unit-training-management-utm/ar-350-1,-appendix-f-mandatory-training> (CAC log-in; scroll to the bottom of the page. Under *Unit Training Management*, select *AR 350-1, Appendix Mandatory Training*.)
- Navy - <https://www.mnp.navy.mil/group/general-skills-training/gmt> (Login to My Navy Portal: go to *Professional Resources* at the top of the page, then select *General Military Training (GMT)* from the drop-down menu)

8. I am a Foreign/Local National or Volunteer. Which training should I do?

Answer: Foreign Nationals or Volunteers supporting MTF functions should follow contract training requirements unless training is otherwise specified in local Status of Forces Agreements (SOFA) with their host nation or volunteer organization agreements. Those personnel filling clinical roles should also enroll in the secondary audience appropriate to their role.

9. I'm a Contractor. What training should I do?

Answer: Please refer to the training list in this document as well as your contracting documents for any training required for your position.

10. I am a contractor, civilian, federal employee, or military member not assigned, hired, or contracted by DHA but supporting DHA in some manner. Am I required to do DHA Common Federal Training?

Answer: No, you will follow the training requirements of your respective organization. However, if you are using the DHA network computer as part of your duties, you will be required to complete DHA Cyber Awareness and HIPAA training for access at a minimum.

11. I'm a member of the U.S. Public Health Service, Coast Guard, or other type of personnel. What training should I do?

Answer: You should enroll in the "DHA Military and Dual Status Personnel" audience to be assigned a comprehensive list of training.

Common Federal Training (CFT) List

12. I'm a Veteran's Health Administration (VHA) personnel who has been detailed to a MTF for more than 30 days. What training should I do?

Answer: You should complete any training required by the VHA. Any other training that fits your profession (i.e., licensed Independent Provider, healthcare provider, behavioral health provider) should be completed as outlined in this training list.

13. Can Training Coordinators create their own training audiences so that due dates for required training can be changed?

Answer: Yes; however, please know this is NOT recommended because there are already established DHA audiences to which the appropriate courses are aligned. TC's can reach out to the DHA LMS Team at dha.ncr.acad-review.mbx.dha-e-t-lms@health.mil for additional guidance.

14. Can we add additional training at the MTF level?

Answer: Yes, MTFs may add any additional training deemed necessary for the safe and effective functioning of their personnel by creating an MTF-specific audience with the pertinent training attached. However, individuals must complete all assigned training listed on this document; no training may be removed from this list without the express consent of DHA.

15. How can leadership track training compliance at the MTF or Network level? Who should I contact for training compliance reports?

Answer: There are two elevated roles in DHA LMS that can assist with monitoring training compliance within an organization: DHA LMS Reports Manager (RM) and DHA LMS Training Coordinator (TC). These individuals can assist in running reports to check training compliance. Please visit the this site to learn more about these roles and the required training at: https://jksgst.jten.mil/access/content/group/36da0c3a-dd9a-4e7b-bd9c-7fb26292f726/My_Training/Policies/Privileging%20Process/.

16. Is CFT the same as HCT?

Answer: No.

- Common Federal Training (CFT), formerly Annual Mandatory Training or AMT, are administrative and/or other training requirements as determined by Congress, the Department of Defense, the Office of Personnel Management, DHA, or another governmental entity. These trainings are mostly completed on the DHA learning management system (LMS) Joint Knowledge Online (JKO) by individuals based on their assigned audience (see FAQ #5).
- Healthcare Compliance Training (HCT), formerly Annual Regulatory Triennial or ART training, are regulatory and accreditation training requirements as determined by The Joint Commission and/or the Occupational Safety and Health Administration (OSHA). These training modules are completed either annually or triennially (every 3 years) in the Relias LMS and are assigned to every individual in an MTF based on their Job Specialty Code.

17. What are the governing documents for all the listed training?

Answer: Specific references that guide each training are provided in the "Regulatory Guidance" column of this training list.

Common Federal Training (CFT) List

18. What is the definition of a Senior Leader?

Answer: E-9 at the Command leadership level, O-7 and above, or Senior Executive Service (SES).

19. How do I access the Human Resources for Supervisors or Human Resources for Managers Training on the CHRTAS website? **These courses are not part of an audience; students must self-enroll**

Answer: The JKO courses will send the student to a link for <https://www.atrrs.army.mil/CHRTAS> on the Army Training Requirements and Resources System (ATRRS) page. After using your CAC to sign in, select “Apply for Training”. Under “Defense Health Agency, select “Apply”. Search & register for the virtual course(s) corresponding to your current location using either the course filter or by typing the name of the course into the Search box. The four (4) available courses on the ATRRS site are:

CHRTAS Course Number	CHRTAS Course Name	DHA LMS Course Number
1HLHRS	- Human Resources for Supervisors - (initial training)	DHA-US1406-01
1HLHRSR	- Human Resources for Supervisors - Refresher Course	DHA-US1406-02
1HLHRM	- Human Resources for Managers - (initial training)	DHA-US1413-01
1HLHRMR	- Human Resources for - Managers Refresher Course	DHA-US1413-02

Options for training depend on if you are a Supervisor or Manager. Most individuals will be a Supervisor.

SUPERVISOR – A position or employee that accomplishes work through the direction of other people (subordinate Federal civil service employees, whether full-time, part-time, intermittent, or temporary; assigned military employees; non-Federal workers; unpaid volunteers; student trainees, or others).

Source: [OPM's General Schedule Supervisory Guide](#), pg. 6.

MANAGER - The authority vested in some positions which direct the work of an organizational unit, are held accountable for the success of specific line or staff functions, monitor, and evaluate the progress of the organization toward meeting goals, and adjust objectives, workplans, schedules, and commitment of resources.

Source: [OPM's General Schedule Supervisory Guide](#), pg. 7.

HR for Supervisors course: Provides supervisors of civilian personnel with a review of the policies and procedures, their roles when managing employees, and various HR Functions: Classification, Staffing, Labor Relations, and Management-Employee Relations.

HR for Managers Course: Outlines guidance, training, and support managers need to succeed in their position. Participants will be introduced to: Competencies necessary to mentor employees, improve performance and productivity, conduct performance appraisals, handle unacceptable performance, and manage self, others, and organizational systems.

NOTE: Enrolling and launching DHA-US1406-01, DHA-US1406-02, DHA-US1413-01, or DHA-US1413-02 from the DHA LMS will open a detailed CHRTAS enrollment instruction sheet. Once downloaded, students can self-withdrawal from the course in the LMS. Completions will be tracked by DHA J1 – HR via CHRTAS.

Common Federal Training (CFT) List

20. How many hours of training do I need take per year from this list?

Answer: The estimated training times are listed below

Audience	Annual Training	One-Time Training	Every 2 years Training	Every 3 years Training
DHA Civilian	13 hours	3 hours	N/A	1.5 hours
DHA Contract Support	12 hours	2 hours	N/A	1 hour
Air Force Members	10 hours	2 hours	N/A	1 hour
Army Members	12 hours	2 hours	N/A	1 hour
Navy Members	11 hours	2 hours	N/A	1 hour
Supervisors	2 hours	2-day course + 2.5 hours	1 hour	1 day course
Managers	2 hours	2-day course + 1.5 hours	1 hour	1 day course
All Healthcare Providers	1.5 hours	0.5 hours	N/A	N/A
Behavioral Health (BH) Healthcare Providers	N/A	N/A	N/A	2.0 hours
Non-BH Healthcare providers	N/A	N/A	N/A	2.5 hours
SES or Senior Leaders	1.15 hours	N/A	1 hour	N/A
Licensed Independent Providers Who Prescribe Opioids	N/A	N/A	N/A	2.0 hours
Privileged Providers and Licensed Independent Practitioners	N/A	1 hour	N/A	3 hours
DHHQ Staff	2 hours	2.75 hours	N/A	N/A

21. If I already received Instructor-led Ethics Training during my facility orientation, do I need to complete the JKO computer-based training?

Answer: No. If you received **DHA New Employee Ethics Training (DHA-US1232-ILT)** or **DHA Ethics for Financial Disclosure Filers (DHA-US1231 (ILT))** led by a qualified Ethics instructor as part of your facility orientation or because of your status (i.e., SES personnel), do not complete the DHA-US1232 course. Your instructor will mark you complete in both courses when applicable.

22. Several Combating Trafficking in Persons courses are in JKO. Which one do I take?

Answer: CTIP-GA-US011, Combating Trafficking in Persons (CTIP) General Awareness (1hr) is the main requirement for the DHA. However, the following courses are also available for applicable personnel:

- CTIP-HC-US016, CTIP Healthcare and Human Trafficking (1hr)
- CTIP-AP-US012, CTIP for Acquisition and Contracting Professionals (1hr)
- CTIP-IP-US013, CTIP for Investigative Professionals (1hr)
- CTIP-US018-A, CTIP General Awareness Refresher Course (1hr)

NOTE: Taking any one of these courses meets the requirement for the CTIP requirement. JKO Training Coordinators may provide credit in JKO for the main CTIP General Awareness course for completion of one of these courses.

Common Federal Training (CFT) List

23. Who do I contact in my MTF if I need assistance with JKO training?

Answer: For any immediate questions regarding DHA LMS training, please contact your MTF or work center's DHA LMS Training Coordinator (TC), most likely located in your Education & Training (E&T) office.

If you have technical issues with JKO, contact the *DHA Global Service Center (GSC)* at 1-800-600-9332 or dhagsc@health.mil. **DO NOT** contact the JKO Help Desk or the DHA LMS team for technical issues. If needed, the DHA GSC will contact other individuals for assistance with your trouble ticket.

24. Who can I contact if I have questions about this training list?

Answer: The proper chain of command for E&T questions such as this list is:

- #1. Your MTF/Unit Training Coordinator
- #2. Your MTF E&T Department
- #3. Your Network E&T Lead
- #4. DHA J-7 (E&T): dha.ncr.acad-review.mbx.dha-e-t-lms@health.mil.

25. What information do I need to know about completing the Action Officer Course – Initial and Refresher Training?

Answer: The Action Officer course is a new DHA requirement for DHHQ Civil Servant and Military personnel located at Falls Church, San Antonio, and the DHA Networks. Personnel must complete both the phase 1 and 2 curricula initially, and the refresher module annually thereafter.

- **DHA Action Officer Comprehensive Training Phase 1 Curriculum:** containing the following computer-based modules:
 - DHA-US1319-WBT-01
 - DHA-US1319-WBT-02
 - DHA-US1319-WBT-03
 - DHA-US1319-WBT-04
 - DHA-US1319-WBT-05
 - DHA-US1319-WBT-06
 - DHA-US1319-WBT-07
 - DHA-US1319-WBT-08
- **DHA Action Officer Comprehensive Training Phase 2 Curriculum:** Phase 1 training must be completed prior to Phase 2 enrollment. Contains the following modules:
 - DHA-US1319-ILT-Pre-Test - computer-based module
 - DHA-US1319-ILT - virtual instructor-led training
 - DHA-US1319-ILT-Test - computer-based module
- **DHA Action Officer Annual Refresher Training** (DHA-US1319-WBT-R) computer-based module - completed annually thereafter with a test-out option. Do not complete until one year after initial training is completed (Phase 1 and Phase 2) and annually thereafter.

NOTE: Completing these courses **does not** provide the user access to the Enterprise Task Management Software Solution (ETMS2) system; separate training is required.

Common Federal Training (CFT) List
