Evaluation Information

RFO 52.212-2, Evaluation- Commercial Items, applies to this acquisition and the following evaluation is applicable:

The Government will award a contract resulting from this solicitation to the responsible offerer whose offer conforming to the solicitation will be most advantageous to the Government, considering price, technical capability to meet the requirement, and past performance history. Price will be evaluated inclusive of each ordering period. The Government reserves the right to award to other than the lowest priced-offerer.

- Price
- Technical Capability
- Past Performance

Factor 1- Total Evaluated Price (TEP): The Government will evaluate quoted prices by adding the total price for all options to the total price for the base year, to arrive at a total evaluated price (TEP). In determining whether a price is fair and reasonable, the government may use historical data, independent Government estimates in its price analysis, or any other technique permissible by RFO 12.

The TEP will be calculated as follows:

- a) The sum of the extended prices (unit quantity multiplied by unit price) for CLIN's 0001-0004 for the base performance period and option periods one (1) through four (4); **and**
- b) To account for the maximum six-month extension possible under the clause at RFO 52.217-8, Option to Extend Services, the Government will take the total evaluation of price in which it is exercised. The 52.217-8, option shall be evaluated together with the evaluation of the rates and price of each option period. In the event the six-month extension is being utilized in any option period X001 the price will be

based on whichever option period it's in. Evaluation of options shall not obligate the Government to exercise the options.

Factor 2- Technical Capability

Each evaluation criteria will be evaluated on a pass/fail bases as depicted below.

Evaluation Criteria	Pass	Fail
Technical Capability	Contractor provided descriptive literature demonstrating they conform to the requirements of the provided specification.	Contractor failed to provide descriptive literature demonstrating they conform to the requirements of the provided specification.

Factor 3- Past Performance: Past performance will be evaluated using the rating scheme below. Past performance will be evaluated by considering data available in the Contractor Performance Assessment Reporting System (CPARS) and Federal Awardee Performance and Integrity Information System (FAPIIS), and Supplier Performance Risk System (SPRS). Only quotes receiving a rating of "Acceptable" will be further evaluated for the award.

Evaluation Criteria	Pass	Fail
Past Performance	Contractor has a history or no history of negative past performance in the CPARS and/ or SPRS systems.	Contractor has relevant negative past performance in the CPARS and/ or SPRS systems.

* In the case of a supplier without a record of relevant past performance history in CPARS, FAPIIS, and SPRS for the FSC or PSC of the supplies/services being purchased, the vendor will not be evaluated favorably or unfavorably for its past performance history.

Note: A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
