E.4 ADDENDUM to FAR 52.212-1 INSTRUCTIONS TO OFFERORS— COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

Pursuant to FAR 12.302(c), the provision at FAR 52.212-1 is tailored by the following Addendum. Where any paragraph of this Addendum conflicts with the baseline text of FAR 52.212-1, this Addendum controls. Provisions incorporated by reference (by citation number, title, and date) have the same force and effect as if given in full text; upon request, the Contracting Officer will make the full text available.

L.1 General

This solicitation is issued pursuant to the Federal Acquisition Regulation (FAR), the VA Acquisition Regulation (VAAR), and applicable class deviations issued under the Revolutionary FAR Overhaul (RFO). Offerors are responsible for reading, understanding, and complying with all terms, conditions, instructions, and requirements of this solicitation. Provisions and clauses bearing the annotation "(DEVIATION)" are issued under an authorized class deviation and supersede, to the extent of any conflict, the corresponding baseline FAR or VAAR text.

This acquisition is solicited on a Brand Name or Equal basis under FAR 11.104 and includes the provision at FAR 52.211-6. The brand name referenced is Bio-Rad Laboratories, Inc. product lines identified in the Statement of Work (Attachment 1) and the Salient Characteristics (Attachment 2). Offerors may propose the referenced Bio-Rad brand-name products or propose "equal" products that meet every salient characteristic in Attachment 2. The Brand Name or Equal Justification required by FAR 5.102(a)(6) and FAR 11.105(b) is posted to SAM.gov with this solicitation as a separate document and is available for public inspection; it is not incorporated as an attachment to the solicitation or the resulting contract.

L.2 Contract Type and Structure

The Government intends to award a single-award Indefinite-Delivery, Indefinite-Quantity (IDIQ) contract under FAR Subpart 16.504, with Firm-Fixed-Price delivery orders issued in accordance with the clause at FAR 52.216-18 (Ordering). The contract will include a base ordering period and four (4) option ordering periods, each of 12 months, not to exceed five (5) year's total ordering time consistent with FAR 17.204(e). The maximum contract ceiling is \$1,300,000.00 inclusive of the base and all option periods). A guaranteed minimum obligation is stated in Section B and will be satisfied via an initial delivery order issued concurrently with award.

L.3.4 Proposal acceptance period (override of FAR 52.212-1(c)). By submitting an offer, the offeror agrees to hold its offer open for a minimum of ninety (90) calendar days from the proposal's due date. This period supersedes the 30-day default in FAR 52.212-1(c).

L.4 Proposal Format

The proposal shall be organized into three (3) separately identified volumes. Cross-referencing between volumes is discouraged; each volume shall stand on its own. Page limits below

- Tab C — Manufacturer Technical Literature: current (within 24 months of proposal due date) package inserts / IFUs for each proposed product, each clearly labeled with the SOW line-item number to which it corresponds.
- Tab D — Software Technical Documentation: for the proposed QC data-management software (Unity Real Time or equal): product datasheet, technical specifications, deployment architecture description (local / non-web-based), connectivity/interface documentation for the Beckman Coulter AU 5800, Dxl 800, and Tosoh HbA1c analyzers, description of the interlaboratory peer-group program (participant count, reporting frequency, report types), and evidence of VA Technical Reference Model (TRM) listing or a statement of TRM compliance. Offeror shall also submit the VA Section 508 ICT Accessibility Checklist (Attachment 7) for the proposed software.
- Tab E — Manufacturer Authorization: letter(s) from the manufacturer(s) of each proposed product confirming the offeror is an authorized distributor in good standing, dated within 90 calendar days of proposal due date. Offerors that do not submit this tab will receive a rating of No Credit under Factor 3 but remain eligible for award under Factor 4.

Do not include price information in Volume I. Volume I will be evaluated for Technical Acceptability before price is reviewed (see Section E.5, Order of Evaluation).

L.4.2 Volume II — Past Performance. Offerors shall submit up to three (3) references for contracts of similar scope (IVD QC reagent/consumable supply), similar size (annual value $\geq$ \$200,000), and similar complexity (IDIQ or term-supply to a federal or commercial clinical laboratory) performed within the past three (3) years. For each reference, provide: customer name, point of contact (title, phone, email); contract/order number, award date, period of performance; total contract value; description of supplies/services provided and relevance to this requirement; and any CPARS rating received (offerors need not submit CPARS reports; the Government will retrieve these directly). Offerors with no recent, relevant past performance shall so state and will be rated Neutral (treated as Acceptable) in accordance with FAR 15.305(a)(2)(iv). Offerors may, at their option, circulate Attachment 5 (Past Performance Questionnaire) to their references for direct submission to the Contracting Officer.

L.4.3 Volume III — Price. Offerors shall complete the Pricing Schedule (Attachment 3, Excel workbook) in full, providing: (i) unit price per each CLIN, per ordering period (Base + Options 1–4); (ii) extended price per CLIN (unit price $\times$ estimated quantity); (iii) total price per ordering period; and (iv) Total Evaluated Price calculated as described in Section E.5, Factor 4. Pricing shall be fully burdened, inclusive of delivery to both sites, technical support, software subscriptions and licenses, lot sequestration, and all other costs required to perform. No separate charges (for example, fuel surcharges, minimum-order fees, or restocking fees for Government-initiated cancellations permitted under the contract) shall be proposed outside the unit prices. Prices shall be held firm for a minimum of ninety (90) calendar days from the proposal due date (see L.3.4).

L.5 Single Award; No Task-Order Fair Opportunity

Because this is a single-award IDIQ, the fair-opportunity procedures of FAR 16.505(b) do not apply. All delivery orders issued under the resulting contract will be placed with the awardee.

L.6 Protests

Protests shall be filed in accordance with FAR 33.103 (agency-level) or with the Government Accountability Office (GAO) in accordance with 4 C.F.R. Part 21. See also Sections E.6 (FAR 52.233-2), E.11 (VAAR 852.233-70), and E.12 (VAAR 852.233-71).

E.5 52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer, conforming to the solicitation, will be most advantageous to the

Government, price and other factors considered. The following factors shall be used to evaluate offers, in the order of application set forth in paragraph (e) of this provision:

#	Factor	Rating Scheme
1	Technical Acceptability	Acceptable / Unacceptable (Pass-Fail)
2	Past Performance	Acceptable / Neutral / Unacceptable
3	SDVOSB/VOSB Participation (VAAR 852.215-70)	Full Credit / Partial Credit / Some Consideration / No Credit
4	Price	Total Evaluated Price; fair and reasonable determination under FAR 15.404-1

Basis for Award. Award will be made on a Lowest Price Technically Acceptable (LPTA) basis in accordance with FAR 15.101-2 (as implemented through the RFO-deviation text in force) to the responsible offeror whose offer (a) conforms to the solicitation's material terms and conditions; (b) is determined Technically Acceptable under Factor 1; (c) is determined Acceptable (or Neutral) under Factor 2; (d) receives the highest available rating under Factor 3 among technically acceptable offerors (if claimed); and (e) offers the lowest Total Evaluated Price under Factor 4 consistent with the order of application in paragraph (e) below. The Government intends to award without discussions; however, the Contracting Officer reserves the right to conduct discussions or request proposal revisions if determined to be in the Government's interest.

(b) Factor 1 — Technical Acceptability

The offeror's proposal will be evaluated against the Salient Characteristics in Attachment 2 and the submission requirements in Section E.4, paragraph L.4.1. To receive a rating of Acceptable, the offeror must demonstrate that each of the following sub-factors is met:

- Sub-factor 1(a) — Product Salient Characteristics. Every proposed product (brand-name Bio-Rad or "equal") meets every applicable salient characteristic in Attachment 2 (Sections II and IV). Offerors proposing brand-name Bio-Rad may establish compliance by identifying the Bio-Rad catalog number for each line item. Offerors proposing "equal" shall establish compliance through the completed Compliance Matrix (Attachment 4) with citations to manufacturer package inserts / IFU.
- Sub-factor 1(b) — Software Salient Characteristics. The proposed QC data-management software (Unity Real Time or equal) meets every software salient characteristic in Attachment 2, Section III, including demonstrated connectivity to the installed Beckman Coulter AU 5800, Dxl 800, and Tosoh HbA1c analyzers; participation in an interlaboratory peer-group program of the specified minimum scale; and VA TRM compliance.

- Sub-factor 1(c) — Delivery and Service Capability. The offeror demonstrates the ability to meet all delivery and service salient characteristics in Attachment 2, Section V, including next-business-day delivery to both sites, 24-hour emergency replacement, lot sequestration, and technical alert/recall notifications.
- Sub-factor 1(d) — Authorized Distributor Status. The offeror provides manufacturer authorization letter(s) dated within 90 calendar days of proposal due date confirming the offeror is an authorized distributor for every proposed product.

An offer rated Unacceptable in any sub-factor will be removed from further consideration and will not be evaluated under Factors 2, 3, or 4. Deficiencies identified under Factor 1 will not be waived, traded against price, or resolved through communications that rise to the level of discussions, absent a determination by the Contracting Officer to open discussions with all offerors in a competitive range.

(c) Factor 2 — Past Performance

The Government will evaluate each offeror's past performance for recency (within 3 years of proposal due date), relevance (similar scope, size, and complexity), and quality (performance ratings).

- Acceptable — Past performance record reflects satisfactory or better performance on contracts of similar scope, size, and complexity.
- Neutral — Offeror has no recent, relevant past performance. Treated as Acceptable for purposes of award pursuant to FAR 15.305(a)(2)(iv).
- Unacceptable — Recent, relevant past performance demonstrates an inability or unwillingness to perform (for example, terminations for default, CPARS ratings of Unsatisfactory or Marginal with a negative narrative trend, documented failures to deliver).

Sources of past performance information may include offeror-provided references; CPARS / PPIRS-SR records; prior VA contract files; and publicly available information. Offerors rated Unacceptable will be removed from further consideration.

(d) Factor 3 — Service-Disabled Veteran-Owned / Veteran-Owned Small Business Participation (VAAR 852.215-70)

Pursuant to VAAR 852.215-70 and VAAR 852.215-71, the Government will evaluate each offeror's SDVOSB or VOSB status and proposed use of SDVOSBs and VOSBs as subcontractors. This factor is applied after Factors 1 and 2 and before Factor 4 (Price). Offerors will receive one of the following ratings:

- Full Credit — Offeror is a certified Service-Disabled Veteran-Owned Small Business listed in the SBA VetCert database at <https://veterans.certify.sba.gov/>.
- Partial Credit — Offeror is a certified Veteran-Owned Small Business listed in the SBA VetCert database.
- Some Consideration — Non-Veteran offeror that commits in its proposal to use one or more certified SDVOSBs or VOSBs (listed in SBA VetCert) as subcontractors. To receive this rating, the offeror shall provide, in Volume I, Tab H: (i) names of proposed

SDVOSB/VOSB subcontractors; (ii) a brief description of each proposed subcontract scope; and (iii) the approximate dollar value of each proposed subcontract.

- No Credit — Offeror does not meet any of the above.

Enforcement of commitments. Any SDVOSB/VOSB subcontracting commitment proposed for credit under this factor is binding post-award pursuant to VAAR 852.215-71. The awardee shall use the proposed SDVOSB/VOSB subcontractors, or, with the written consent of the Contracting Officer, substitute one or more SDVOSBs/VOSBs for subcontract work of the same or similar value. Willful or intentional misrepresentation of SDVOSB/VOSB status subjects the offeror and all principals to debarment of not less than five (5) years pursuant to 38 U.S.C. 8127(g).

(e) Factor 4 — Price

Total Evaluated Price (TEP). TEP will be calculated as the sum of: (i) the Base Ordering Period total price; (ii) the total prices for Option Ordering Periods 1 through 4; and (iii) if the clause at FAR 52.217-8 (Option to Extend Services) is included in the resulting contract, a six-month extension valuation equal to one-half ($\frac{1}{2}$) of the last option period's total price, added solely for evaluation purposes. The six-month evaluation amount is added for evaluation only and does not obligate the Government to exercise the FAR 52.217-8 extension. Option evaluation is consistent with FAR 52.212-2(b).

Price Reasonableness. The Government will evaluate the proposed prices of the apparent lowest-priced, technically acceptable offeror for fair and reasonableness in accordance with FAR 15.404-1(b), using one or more of the following price-analysis techniques: comparison of competing proposed prices (if two or more offers received); comparison with historical prices paid under prior VA contract 36C25721D0093 (Government Scientific Source, Inc., PoP 06/15/2021–06/14/2026; \$1,100,140), escalated as appropriate; comparison with published Bio-Rad commercial/catalog prices; comparison with GSA Federal Supply Schedule prices for identical items (for example, MAS 65 VII, SIN 555-2, Contract 47QSMS25D00A9); and/or comparison with the Independent Government Cost Estimate (IGCE).

Price Realism. Because this is a fixed-price commercial supply acquisition, a price-realism analysis will not be conducted except where necessary to assess performance risk consistent with FAR 15.404-1(d)(3).

Unbalanced Pricing. The Government will evaluate offers for unbalanced pricing in accordance with FAR 15.404-1(g). An offer may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(f) Order of Evaluation

Offers will be evaluated in the following sequence:

- (1) Factor 1 — Technical Acceptability. Each offer is evaluated against the four sub-factors in paragraph (b). Offers rated Unacceptable are eliminated.
- (2) Factor 2 — Past Performance. Each remaining offer is rated Acceptable, Neutral, or Unacceptable. Offers rated Unacceptable are eliminated.

(3) Factor 3 — SDVOSB/VOSB Participation. Each remaining offer is assigned a rating of Full Credit, Partial Credit, Some Consideration, or No Credit.

(4) Factor 4 — Price. Among offers at the highest Factor 3 rating achieved in the competition, award will be made to the offeror with the lowest Total Evaluated Price at a fair and reasonable price. If no offeror claims Veteran status or proposes an SDVOSB/VOSB subcontracting commitment, Factor 3 is neutralized and award will be made to the lowest-priced Technically Acceptable offeror with Acceptable or Neutral past performance at a fair and reasonable price.

(g) Responsibility

Before award, the apparent successful offeror must be determined responsible in accordance with FAR 9.104-1 (or its RFO-deviation successor). Factors evaluated include adequate financial resources; ability to comply with the required delivery schedule; satisfactory performance record; satisfactory record of integrity and business ethics; necessary organization, experience, accounting and operational controls, and technical skills; and necessary production, distribution, and technical equipment and facilities.

(h) Award Without Discussions

Offerors are advised that the Government intends to award without discussions. Offerors' initial offers should contain the offeror's best terms. Clarifications under FAR 15.306(a) may be requested but are not discussions and will not permit revision of proposals.

(i) Option Evaluation Notice (FAR 52.212-2(b))

In accordance with FAR 52.212-2(b), the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(j) Acceptance Period

A written notice of award or acceptance of an offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer (see L.3.4) will result in a binding contract without further action by either party.

(End of Provision)

E.6 52.225-6 TRADE AGREEMENTS CERTIFICATE (FEB 2021)

(a) The offeror certifies that each end product, except those listed in paragraph (b) of this provision, is a U.S.-made or designated country end product, as defined in the clause of this solicitation entitled "Trade Agreements."

(b) The offeror shall list as other end products those supplies that are not U.S.-made or designated country end products.

Other End Products

Line item No.	Country of origin

[List as necessary]

(c) The Government will evaluate offers in accordance with the policies and procedures of Part 25 of the Federal Acquisition Regulation. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for those products are insufficient to fulfill the requirements of this solicitation.

(End of Provision)

E.13 VAAR 852.239-75 INFORMATION AND COMMUNICATION TECHNOLOGY ACCESSIBILITY NOTICE (FEB 2023)

(a) Any offeror responding to this solicitation must comply with established VA Information and Communication Technology (ICT) (formerly Electronic and Information (EIT)) accessibility standards. Information about Section 508 is available at <http://www.section508.va.gov/>.

(b) The Section 508 accessibility standards applicable to this solicitation are stated in the clause at 852.239–75, Information and Communication Technology Accessibility. In order to facilitate the Government's determination whether proposed ICT supplies meet applicable Section 508 accessibility standards, offerors must submit appropriate VA Section 508 Checklists, in accordance with the checklist completion instructions. The purpose of the checklists is to assist VA acquisition and program officials in determining whether proposed ICT supplies, or information, documentation and services conform to applicable Section 508 accessibility standards. The checklists allow offerors or developers to self-evaluate their supplies and document—in detail—whether they conform to a specific Section 508 accessibility standard, and any underway remediation efforts addressing conformance issues.

(c) Respondents to this solicitation must identify any exception to Section 508 requirements. If an offeror claims its supplies or services meet applicable Section 508 accessibility standards, and it is later determined by the Government, i.e., after award of a contract or order, that supplies or services delivered do not conform to the described accessibility standards, remediation of the supplies or services to the level of conformance specified in the contract will be the responsibility of the Contractor at its expense.
