**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

Description

This is a combined synopsis/solicitation for commercial items prepared in accordance with the format in FAR Part 12. This announcement constitutes the only solicitation; offers are being requested, and a separate written solicitation will not be issued.

Solicitation number 1232SA26Q0439 is issued as a Request for Quotation (RFQ) for Building 7 Suite 3 Floor Repair

This acquisition is set-aside for small business concerns. This solicitation incorporates provisions and clauses by reference. The full text of provisions and clauses may be accessed electronically at www.acquisition.gov.

The applicable North American Industry Classification Standard Code is 238330 Flooring Contractors. The small business size standard is \$19M. This acquisition is a Total Small Business Set-Aside. All responsible sources may submit a quotation which will be considered by the agency.

Definitization of Equitable Adjustments for Change Orders - Information concerning the REE policies and procedures regarding the definitization of equitable adjustments for change orders under construction contracts and the time required for definitization of those actions per 15 U.S.C. 644 is available at <https://www.ars.usda.gov/afm/apd/acquisitions/>

Technical Data - Technical data and supporting documentation associated with this solicitation are available through the following sources:

1. Solicitation Attachments

The following documents are included as attachments to this solicitation and can be accessed via the “Attachments/Links” section of the posting.

- Attachment 1 through Attachment 18 are attached to this solicitation.

Federal Acquisition Regulation (FAR) and United States Department of Aquiculture Acquisition Regulation (AGAR) Clauses and Provisions

The clauses and provisions contained herein are applicable to any order awarded as a result of this solicitation. The terms and conditions set forth herein supersede all other terms and conditions. Acceptance of the order in accordance with (IAW) FAR 12.201-1(b)(2) constitutes acceptance of all terms and conditions contained herein.

As part of the Revolutionary FAR Overhaul (RFO), system updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Contracting officers will rely on representations from offers based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

AGAR Clauses

452.204-70 Modification for Contract Closeout (Nov 2025)

- (a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) shall issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but will not be required to provide a signature. The Contracting Officer shall immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.
- (b) Upon contract closeout for contracts utilizing SAP: if unliquidated funds of more than \$1000 remain on the contract, the Contracting Officer shall issue a bilateral modification for deobligation. The contractor will receive a copy of the modification and will be required to provide a signature. (The Contracting Officer may also request a "Contractor Release of Claims" be completed by the contractor, although not required for contracts and orders using SAP.) If the bilateral modification and Release of Claims are not returned to the Contracting Officer within 60 days, the Contracting Officer shall release the modification as unilateral and proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.
- (c) Upon contract closeout for contracts utilizing anything other than cost reimbursement, if unliquidated funds of more than \$1000 remain on the contract, the Contracting Officer shall issue a bilateral modification for deobligation. The contractor will receive a copy of the modification and a "Contractor Release of Claims" and will be required to provide a signature on both forms. If the bilateral modification and Release of Claims are not returned to the Contracting Officer within 120 days, the Contracting Officer shall release the modification as unilateral and proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment. (End of Clause)

452.204-71 Personal Identity Verification of Contractor Employees (Nov 2025)

- (a) The contractor shall comply with the personal identity verification (PIV) policies and procedures established by the United States Department of Agriculture (USDA) Directives 4620-002 series.
- (b) Should the USDA Directives 4620-002 require the exclusion of a contractor's employee, the contracting officer will notify the contractor in writing. The contractor must appoint a representative to manage compliance with the PIV policies established by the USDA Directives 4620-002 and to maintain a list of employees eligible for a USDA LincPass required for performance of the work.
- (c) The responsibility of maintaining a sufficient workforce remains with the contractor. Contractor employees may be barred by the Government from performance of work should they be found ineligible or to have lost eligibility for a USDA LincPass. Failure to maintain a sufficient workforce of employees eligible for a USDA LincPass may be grounds for termination of the contract.
- (d) The contractor shall insert this clause in all subcontracts when the subcontractor is required to have routine unaccompanied physical access to a Federally controlled facility and/or routine unaccompanied access to a Federally controlled information system.
- (e) The PIV Sponsor for this contract is a designated program point of contact, which in most cases is the COR, unless otherwise specified in this contract. The PIV Sponsor will be available to receive contractor identity information from [hours and days to be added by CO] to [hours and days to be added by CO] at [office address for registration to be added by CO]. The Government will notify the contractor if there is a change in the PIV Sponsor, the office address, or the office hours for registration; however, it is the contractor's responsibility to meet all aspects of paragraphs (c), (d), and (e). (End of Clause)

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance (Dec 2025)

(a) By entering into this contract, the Contractor certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
- (2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The Contractor must include the provisions of this clause in all subcontract solicitations.

(g) Failure on the part of the Contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.
(End of Clause)

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

452.232-71 Progress Payments for Commercial Construction Contracts (Dec 2025)

(a) *Contractor entitlement to progress payments.* The Contractor may request progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished that meets the standards of quality established under the contract, as approved by the Contracting Officer.

(b) *Computation of amounts.* Progress payments will be authorized when the payment requested is properly due in accordance with this contract; the work will be performed in accordance with the contract; and there has been no impairment or diminution of the Government's security under this contract. The Contracting Officer may authorize consideration of:

- (3) Materials delivered on site and preparatory work;
- (4) Materials delivered to the Contractor at locations other than the site, if:
 - i. Specifically authorized by the contract; and
 - ii. The Contractor provides satisfactory evidence of title and intended use in the contract.

(c) *Contractor request for progress payments.* The Contractor's request for progress payments shall include the following:

- (1) An itemization of the amounts requested, related to the various elements of work required by the contract;
- (2) A listing of the amount included for work performed by each subcontractor;
- (3) A listing of the total amount of each subcontract;
- (4) A listing of the amounts previously paid to each subcontractor; and
- (5) Additional supporting data in a form and detail required by the Contracting Officer.

(d) *Contractor Certification.* Each request for progress payment shall be accompanied by the following certification:

I hereby certify, to the best of my knowledge and belief, that—

- (1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;
- (2) All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;
- (3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and
- (4) This certification is not to be construed as final acceptance of a subcontractor's performance.

(name)
(title)
(date)

Building 7 Suite 3 Floor Repair
1232SA26Q0439

(e) *Access for verification of payment entitlement.* To verify the Contractor's entitlement to progress payments under this contract, the Contractor shall provide the Government, upon request and during normal business hours, access to the following:

(1) Records and Documentation:

- (i) Certified progress payment requests and supporting documentation;
- (ii) Subcontractor and supplier invoices, payment records, and lien waivers;
- (iii) Updated schedule of values and progress schedules;
- (iv) Quality assurance and inspection reports;
- (v) Payroll records, if applicable under labor provisions.

(2) Facilities and Worksite Access:

- (i) Physical access to the construction site for inspection of work progress;
- (ii) Access to off-site storage locations for materials billed but not yet incorporated into the work; or
- (iii) Access to any fabrication facilities where contract-related work is being performed.

(3) Access to electronic invoicing or project management systems used to track progress and payments, if such systems are used in contract performance.

(f) *Dates for payment.* A progress payment under this clause is a contract progress payment under the Prompt Payment clause of this contract, and except as provided in paragraph (g) of this clause, approved requests shall be paid within 30 days of submittal of a proper request for payment.

(g) *Liquidation of progress payments.* Progress payments shall be liquidated by deducting from the payment of each item the total unliquidated amount of progress payments made for that separately priced unit of that line item. The liquidation amounts for each line item shall be clearly delineated in each request for progress payment submitted by the Contractor.

(h) *Security for progress payments.* In the event the Contractor fails to provide adequate security as required in this contract, no progress payment shall be made under this contract. Upon receipt of adequate security, progress payments shall be made, including all previous payments to which the Contractor is entitled, in accordance with the terms of the contract. If at any time the Contracting Officer determines that the security provided by the Contractor is insufficient, the Contractor shall promptly provide such additional security as the Contracting Officer determines necessary. In the event the Contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided, and suspend further payments to the Contractor; the Contractor shall repay to the Government the amount of unliquidated progress payments as the Contracting Officer at his sole discretion deems repayable.

(i) *Special terms regarding termination for cause.* If this contract is terminated for cause, the Contractor shall, on demand, repay to the Government the amount of unliquidated progress payments. The Government shall be liable for no payment except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

(j) *Reservation of rights.*

- (1) No payment, vesting of title under this clause, or other action taken by the Government under this clause shall-
 - (i) Excuse the Contractor from performance of obligations under this contract; or
 - (ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.
- (2) The Government's rights and remedies under this clause-
 - (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and
 - (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(k) *Refund of unearned amounts.* If the Contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall-

- (1) Notify the Contracting Officer of such performance deficiency; and
- (2) Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the unearned amount until-
 - (i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or
 - (ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(l) *Retainage.* If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

(m) *Title, liability, and reservation of rights.* All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as-

- (1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or
- (2) Waiving the right of the Government to require the fulfillment of all the terms of the contract.
- (3) The Government's rights and remedies under this clause-

Building 7 Suite 3 Floor Repair
1232SA26Q0439

- (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and
- (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(n) *Reimbursement for bond premiums.* In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (l) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(o) *Final payment.* The Government shall pay the amount due the Contractor under this contract after-

- (1) Completion and acceptance of all work;
- (2) Presentation of a properly executed voucher; and
- (3) Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 ([31 U.S.C. 3727](#) and [41 U.S.C. 6305](#)).

(p) *Limitation because of undefinitized work.* Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.
(End of clause)

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

Special Contract Requirements

1. Directives, Instructions and References: Only the Contracting Officer shall issue directives/instructions defining the roles and responsibilities and appointment of a Contracting Officer Representative (COR); Location Monitor (LM); Project Manager (PM); Occupational Health & Safety Manager and/or any other functional appointment as deemed necessary for the scope of work.
2. Work Management: The Contractor shall manage the total work effort associated with the services required to meet the performance objectives and standards. Such management includes but is not limited to planning, scheduling, cost accounting, report preparation, establishing and maintaining records, and quality control. The Contractor shall provide a staff with the necessary management expertise to assure performance objectives and standards are met.
3. Materials and Equipment: Materials and equipment may not be stored at the jobsite lay down area after work hours unless approved in advance by the Contracting Officer. There will not be office space available at any location. All job site lay down areas are dependent upon the size and location of the work. Job site availability will be identified in the Scope of Work.
4. Service Interruptions/ Utility Outages: If any utilities or other services must be discontinued (even temporarily) due to scheduled contract work, the Contractor shall notify the Contracting Officer Representative ten calendar days in advance to allow notification of affected tenants and customers. If the discontinued service is due to an emergency breakdown the Contractor shall notify the Contracting Officer Representative as soon as practicable.

At a minimum, include the location of the outage, utilities being affected, duration of outage and any necessary sketches. Once approved, and prior to beginning work on the utility system requiring shut down, attend a pre- outage coordination meeting with the Contracting Officer to review the scope of work and the lock-out/tag-out procedures for worker protection. No work will be performed on energized electrical circuits unless proof is provided that no other means exist.

5. OSHA: Contractor must maintain a workplace and ensure that workplace conditions conform to applicable OSHA standards.
6. Prime Contract Site Superintendence: The Contractor shall provide an on-site superintendent on this contract. The site superintendent shall be employed and work directly for the prime contractor. On-site representation from the prime contractor during construction activities is mandatory, regardless of the type/magnitude of the work being performed by subcontractors. The prime contractor site superintendent may have other duties and may hold “dual hat” responsibilities, but superintendent duties are the first priority of the superintendent.
7. Employee Requirements: The Contractor shall provide experienced, qualified, and capable personnel to perform the work in this contract. Personnel shall be fully knowledgeable of all

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

safety and environmental requirements associated with the work they perform. Competent personnel shall be provided as required by the contract. Contractor staff may be required to obtain a USDA Linc Pass badge. Contractors shall adhere to the most current USDA access or badging requirements. Documents need to obtain the Linc Pass shall be provided by the Government after award, if required.

8. Employee Conduct/ Removal of Employees: Contractor employees and Subcontractor employees shall conduct themselves in a proper, efficient, courteous and businesslike manner. The Contractor shall remove from the site any individual whose continued employment is deemed by the Contracting Officer to be contrary to the public interest or inconsistent with the best interests of Agricultural Research Service. The Contracting Officers decision is final and not negotiable. Additionally, reference FAR 52.236-5 Material and Workmanship "The Contracting Officer may require, in writing, that the Contractor remove from the work any employee the Contracting Officer deems incompetent, careless, or otherwise objectionable."
9. Final Inspection:
 - a. A final inspection shall be made only when all the materials have been furnished, all the work has been performed, and all the construction provided for by the contract has been completed in accordance with the terms, conditions, specifications, and drawings set forth in this contract. If, upon examination by the Contracting Officer, his/her designated representative, and Government inspection personnel, the project is determined not sufficiently completed to have warranted a final inspection, the Contractor may be held financially liable for any additional cost of re-inspection when material and workmanship are not ready at the time specified by the Government for project inspection.
 - b. Contractor shall give the Contracting Officer ten (10) calendar days advance notice, in writing, of the date the work will be fully completed and ready for final inspection.
 - c. The Contracting Officer will notify the Contractor of any discrepancies and/or omissions noted at the final inspection by providing a "punchlist" as to the discrepancies/omissions, replacement of materials and performance or re-performance of any unsatisfactory work necessary for final acceptance. This notification shall not in any way be deemed an extension of the contract completion date. If all construction required by the contract is found completed and all contractual documents (i.e. payrolls, shop/as-builts/red-line drawings, release from claims, etc.) have been submitted, the Contracting Officer shall notify the Contractor of such in writing by processing the final payment for the project.
 - d. Acceptance shall be final and conclusive, except for latent defects, fraud, or such gross mistakes as may amount to fraud, or regarding the Government's right under any warranty or guarantee.
10. Final Acceptance: Upon written notification that all deficiencies identified during the final inspection have been corrected, the Contracting Officer will schedule a final acceptance inspection of the work. If all construction required by the contract is determined to be complete and all requisite contract deliverables (e.g., certified payroll records, as- built drawings, warranty documents, etc.) have been submitted and approved by the Government,

Building 7 Suite 3 Floor Repair
1232SA26Q0439

the Contracting Officer shall notify the Contractor in writing of such acceptance. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or the Government's rights under any warranty or guarantee.

11. As-Built Drawings: On completion of the contract (if required), one set of paper specifications, and one hard copy and one set of digital PDF or AutoCAD format of each of the contract drawings accompanying those specifications shall be neatly and clearly marked in red to show all variations between the construction actually provided and that indicated or specified and delivered to the CO. Where a choice of materials and/or methods is permitted, the as-built drawings shall define the construction actually provided. Representation of such variation shall conform to standard drafting practice and include such supplementary notes, legends and details as may be necessary. The contractor shall stamp the term RECORD DOCUMENTS, date and sign all plastic reproducible, drawings and volumes of marked specifications. Legibility and clear portrayal of the as-built construction and marked prints shall be subject to approval by the Contracting Officer with the recommended approval of the Engineer.
12. Invoice Preparation and Submission: Based upon acceptance of required contract deliverables, the contractor shall submit an original invoice and one copy to the Contracting Officer and the COR:

The contractor shall include the following information on each invoice in order to be considered a proper invoice:

Name and address of contractor.

Invoice number and Invoice date.

Contract number.

Description of work and period of performance.

Name, title, phone number, and complete mailing address of official to whom payment is to be sent.

Name, title, phone number, and complete mailing address of person to notify in the event of a defective invoice.

Taxpayer Identification Number (TIN) and SAM UEI Number.

Invoices must be submitted with ARS-371 and ARS-372, along with certified payroll records, Contractor certification, and updated CPM Schedule.

Once the paper invoice has been approved by the Contracting Officer, the Contractor shall submit the invoice electronically through the U.S. Department of Treasury Invoice Processing Platform (IPP) at www.ipp.gov. This is a mandatory requirement.

13. State Taxes and State Tax Exemptions: The Contractor is responsible to include any state taxes into the contract pricing as necessary. The Contractor shall be responsible for knowing the state tax exemption process for the state in which they are proposing. The USDA will not navigate the process or seek out guidance/clarification for the state tax exemption process. The USDA will limit their involvement in the state tax exemption process to simple signature approval of documents and/or submission of Contractor completed documents to an email address, etc. Contractor shall include the state taxes into their proposed offer pricing as

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

necessary. The USDA will not entertain any request for equitable adjustment based upon state tax requirements.

14. Payments for Stored Materials Under Construction Contracts: Payment to a contractor for stored materials is approved on a case-by-case basis, but certain conditions must first be met. Stored material considered acceptable for payment would include equipment and/or material of large dollar value and that will be incorporated into the specific project, such as boilers, transformers, windows, concrete block, brick, steel, etc. Smaller items, such as screws, nails, wiring, conduit, fittings, fasteners, and other items that are readily available from suppliers or other materials that are delivered on an ongoing basis, are not eligible for payment as stored material off-site.

a. Stored Materials on the Job Site: In order to be eligible for payment for materials stored on the job site, the contractor must provide the following to the CO:

1. Identify the specific materials, including a full description, manufacturer, model numbers, quantity, etc.;
2. Demonstrate clear title to the material (e.g., submission of paid invoice(s)); and,
3. Provide a written acknowledgement that they, the construction contractor, are fully responsible and liable for the security of the materials.

The CO does not have to modify the contract to authorize payment for stored materials on the job site; however, the materials and their value must be itemized on the ARS Form 372, Contractor's Request for Payment Transmittal. The Contracting Officer's Representative (COR) or other personnel designated by the CO (e.g., Resident Inspector) must verify the presence and quantity of the materials on site to the CO.

b. Stored Materials Off-Site: Payment for material delivered to the Contractor at off-site location(s) is authorized in accordance with FAR Clause 52.232-5 (b)(2) (however this is under the sole discretion of the Contracting Officer who will either approve or disapprove payments for stored materials off-site, the Contractor is not entitled to payments for stored material off-site); provided, the Contractor fully complies with the following conditions:

1. Contractor furnishes evidence to the Contracting Officer that it has acquired title to such material (e.g., paid invoice(s), bill(s) of sale, etc.);
2. Contractor fully identifies the material (description, manufacturer, model number, quantities, etc.) in storage and certifies that said material will be used to perform this contract;
3. Contractor furnishes the exact location of the storage facility and material within it;
4. Contractor furnishes evidence that the storage facility is bonded and insured;
5. Contractor furnishes a written certified acknowledgment from the storage facility that they recognize the USDA Agricultural Research Service, as the owner of the materials;
6. Contractor provides written acknowledgment that it is fully responsible and liable for the security of the materials; and,
7. Contractor furnishes photographs of the material and the storage facility. The contractor must include on each invoice the address of the storage facility and an itemized

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

breakdown of the stored materials. Only the cost for the materials will be paid. The cost for installation must be excluded from the invoiced amount since it will occur at a later time. The costs associated with storing the materials in a storage facility (e.g., rent, lease, etc.) shall not be charged to or paid for by the Government.

Payment for stored materials off-site shall be made only when in the best interest of the Government (USDA). The Contracting Officer has the sole authority to make this decision in which payment(s) will or will not be made for stored materials off-site. At no time will the Contractor have any "right" to demand payment for stored materials off-site.

15. **Daily Construction Reports:** The Contractor shall maintain a daily record of quality control measures performed for each shift of Contractor or Subcontractor operations on an appropriate format. These records shall provide factual evidence that continuous quality control inspections have been performed, including but not limited to the following: job progress, problems encountered; problems resolved; type and number of inspections; results of inspections or tests including all computations; nature of defects; causes for rejection; safety violations; proposed remedial action; and corrective action taken. These records shall cover both conforming and defective items and shall include a statement that all supplies and materials incorporated in the work are in full compliance with the terms of the contract. The Contractor shall maintain a current record of all inspections and shall furnish to the Contracting Officer on a daily basis (or as often as agreed upon with the Contracting Officer), legible copies of all inspection records for his permanent retention. The daily records of inspections shall cover all work placement subsequent to the previous report, and shall be verified by the Contractor's designated representative.
16. **Use of Premises:** Before any camp, quarry, borrow pit, storage, detour, or bypass site, other than shown on the drawings, is opened or operated on USDA land or lands administered by the USDA, the Contractor shall obtain written permission from the Contracting Officer. A camp is interpreted to include the campsite or trailer parking area of any employee working on the project for the Contractor. Unless accepted elsewhere in the contract, the Contractor shall (i) provide and maintain sanitation facilities for the workforce at the site and (ii) dispose of solid waste in accordance with applicable Federal, State and local regulations.
17. **Control of Erosion, Sedimentation and Pollution:** Operations shall be scheduled and conducted to minimize erosion of soils and to prevent silting and muddying of streams, rivers, irrigation systems, and impoundments (lakes, reservoirs, etc.) Pollutants such as fuels, lubricants, bitumens, raw sewage, and other harmful materials shall not be discharged on the ground; into or nearby rivers, streams, and impoundments; or into natural or man-made channels. Wash water or waste from concrete or aggregate operations shall not be allowed to enter live streams prior to treatment by filtration, settling, or other means sufficient to reduce the sediment content to not more than that of the stream into which it is discharged. Mechanized equipment shall not be operated in flowing streams without written approval by the Contracting Officer.
18. **Key Personnel:** The Contractor shall assign to this contract the following key personnel: Site Superintendent and Project Manager

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

19. Submittals and Shop Drawings: The Contractor shall submit for approval (if required), copies (minimally) of shop drawings of all manufactured products required in the construction for which such drawings are required. When approved, the Government will forward one set to the Contracting Officer's Representative (COR), one set to the Construction Manager (CM), and one set to the Contractor. If the Contractor requires more than one approved set, additional copies of this document must be forwarded in the number needed.

Shop drawings and submittals shall be marked with the Purchase Order Number, Project Description, Name of the Contractor, and accompanied by a letter of transmittal. If the shop drawings show variations from the contract requirements because of standard shop practice or other reasons, the Contractor shall make specific mention of such variations in his/her letter of transmittal or directly on the drawing/submittal.

Approval of shop drawings will be general and will not relieve the Contractor of the responsibility of furnishing material and work required by the contract.

Shop drawings shall be submitted for approval in ample time to permit checking of the drawings, allow the Contractor to make any corrections and resubmit drawings prior to the time construction is started on work covered by any drawings.

Non-approval of equipment due to failure to meet specifications or non-approval of the Contractor's drawings due to submission of incomplete or incorrect information shall not be considered as a basis for extension of time for completion of the contract.

The quantity of shop drawings required may be subject to change due to construction management surveillance needs and/or the complexity of the project. Quantities of shop drawings and submittals will be finalized at the preconstruction conference.

20. Construction Progress and Payment Schedule: Within 14 (fourteen) calendar days after the date of receipt of contract, the Contractor shall prepare and submit to the Contracting Officer for approval and signature, a copy of ARS Form 371, "Construction Progress and Payment Schedule." This form, in conjunction with ARS Form 372, "Contractor's Request for Payment Transmittal" (or an acceptable facsimile), will be the basis for partial payments to the Contractor. The values employed in making the schedule will be used only for determining partial payments and will not be considered as fixing a basis for additions to or deductions from the contract. Upon the Contracting Officer's approval and signature, a copy of the Form 371 (with original signatures) will be given to the Contractor. No work may be performed onsite unless and until the ARS Form 371 has been approved by the Contracting Officer.
21. List of Materials: The Contractor shall submit for approval a complete list, in duplicate, of brands, type, and make of various equipment and materials proposed to be used. If the Contractor fails to submit such a list, or names of equipment which does not comply with the specifications, or if the manufacturers named are unsatisfactory, the Government reserves the right to reject same and to select satisfactory substitute materials. This selection shall be final

Building 7 Suite 3 Floor Repair
1232SA26Q0439

and finding upon the Contractor, and the work shall be installed on this basis without change in contract price.

In order to properly identify and to prove compliance with the requirements of the specifications, the Contractor shall give the following data for each product included in the list of materials.

Section heading of the specifications under which material is specified.

Manufacturer's name and address.

Grade, type, trade or catalog number.

Size, capacity, and other pertinent data.

All materials, fixtures, and equipment furnished and installed under this contract shall be new and of the best quality; shall be standard cataloged products or reputable manufacturers products or of special manufacture, satisfying completely the contract requirements.

Similar items, unless otherwise specified herein or approved by the Contracting Officer, shall be the product of the same manufacturer, and those fulfilling the same requirements as to size and construction shall be identical.

Substitutions and/or Approved Equal: Where particular make, brand or type of material or equipment is mentioned in these specifications, it is to denote quality standard of article desired, but does not restrict contractor to brand specified; however, any substitution must be met with approval of the Contracting Officer. Other products comparable in type, quality, utility, and price are acceptable if approved by the Contracting Officer. Burden of proof of equality shall rest with the Contractor. The Contracting Officer shall be sole judge of paralleled quality.

22. Cooperation With Other Contractors: During the period of construction for the work covered by this contract, other contractors performing work for the Government may be operating concurrently at the site. To minimize interference and delay to the construction progress of all concerned, all contractors shall cooperate with each other and coordinate their construction operations to the fullest extent. As far as practicable, all contractors performing work for the Government at the site shall have equal rights to the use of all referenced facilities. In a dispute regarding the use of such facilities, the matter shall be referred to the Contracting Officer.
23. Non-Excepted Activity During a Government Shutdown Due to Absence of an Appropriation or Continuing Resolution (CR): Work under this contract has been determined NOT TO BE an Excepted Activity in the absence of an appropriation or CR. Activities under this contract do not support the preservation and protection of life and property and do not support law enforcement, health and safety functions. In the event of shutdown, you will be notified by the cognizant contracting officer (CO) of the Government status and directed to suspend performance/stop work under this contract. For details on the procedures, see Federal Acquisition Regulation (FAR) Clause 52.242-14, Suspension of Work or FAR Clause 52.242-15, Stop Work Order, as included in this contract.

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

24. Architect and Engineering (A&E) Construction Management Services: Prior to award, by virtue of submitting an offer on this solicitation, the offeror agrees and acknowledges that submitted offer documents (technical approach, etc.) may be reviewed by the USDA's Third party (independent designer of record) contracted Architect and Engineering (A&E) firm.

After award, by virtue of receiving this contract, the awardee (Contractor) may be subject to Construction Management oversight by the USDA's construction management team. This team consists of USDA Third party (independent designer of record) contracted Architect and Engineering (A&E) personnel who may manage the entire construction management process on behalf of the USDA. The awardee (Contractor) will be subject to the construction management process imposed by the construction management team. The construction management team is an extension of the USDA, and as such, the Contractor shall comply with the software usage, website requirements, processes, etc. established by the construction management team to provide oversight of this contract. This may include (but not limited to) USDA A&E imposed construction inspection services, building commissioning, payroll review, record drawings and specifications, preconstruction conferences, construction contractor submittals review, construction contract changes and clarifications, construction progress payment review, submittal software process, commissioning checklists and processes, physical onsite inspection and acceptance on behalf of the CO, final acceptance on behalf of the CO, etc. The contractor will comply with the delegated authority provided to the A&E construction management team. At no time will the A&E construction management team modify or direct contract changes, this authority remains solely with the Contracting Officer.

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

Solicitation Information -

Award Type

It is anticipated that a firm-fixed-price will be awarded as a result of this synopsis/solicitation. The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

Submission Documents:

Submissions shall be emailed to kelly.wright@usda.gov with the subject line "RFQ 1232SA26Q0439". It is the Contractor's responsibility to ensure the Government is in receipt of the offer by the deadline. Contractors shall not wait till the last minute and assume the email will be received by the Government before the time of closing.

Offerors shall provide all requested information referenced in this section. Failure to provide all requested information will result in the proposal being found non-responsive, thus ineligible for award.

1. Transmittal Summary Letter. A summary cover letter to the submission should provide at a minimum the following (i) Identification of the Point of Contact, current phone number, and email address. (ii) SAM UEI Number, Tax Identification Number (iii) A list of the submission package contents. The Unique Entity ID (UEI) Sam code provided will be used to access Contractor Performance Assessment Reporting System (CPARS) data. If a separate SAM UEI has been created for a joint venture it must be also submitted, along with SAM UEI for each joint venture member.
2. Fully completed and Signed SF 1442. Original fully completed and signed SF 1442 Offer page, and acknowledgement of all amendments with via entering data in block 19 of the SF1442 or completing blocks 15a,b, and c of the Amendment(s) and attaching to the SF 1442 offer page. Complete blocks 14, 15, 17, 20a, 20b and 20c. Failure to acknowledge all amendments will result in the offer to be found Non-Responsive and not eligible for award.
5. Technical Approach. The offeror shall describe the proposed approach in a written narrative (with pictures or photos as necessary), in sufficient detail, for the Government to understand and evaluate the nature of the technical approach. Technical Approach shall include a description of all materials and services to be provided as part of the package, including materials, labor, travel/deliveries, rental equipment, and any other items necessary for project completion.
6. Documented Experience. Offerors shall provide at least two (2) but no more than three (3) references that demonstrate recent and relevant experience doing similar floor coating repair activities in similar size, scope, function, and complexity as the Prime contractor in the past four (4) years from federal, state, or university customers. Reference information shall include contract number, a brief but robust description of the project with applicable photos, location of work, dollar value, contract period dates, and current point of contact information (phone and email) for an individual with knowledge of the project.

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

7. SF 24 Bid Bond. Completed/signed SF 24 Bid Bond. A bid guarantee is required in an amount not less than 20 percent of the proposed price but shall not exceed \$3,000,000 (for offers of \$35,000 or more). Failure to furnish the required bid guarantee in the proper form and amount, by the time set for opening of proposals, shall require rejection of the proposal in all cases except those listed in Federal Acquisition Regulation (FAR) 28.101-4. Bid Bonds shall be provided using Standard Form 24 (see FAR 28.106-1) and be from a corporate surety listed in Department of Treasury Circular 570. Individual sureties have to be acceptable to the Contracting Officer (see FAR 28.203) and be accompanied by Standard Form 28 Affidavit of Individual Surety. Other forms of offer security are acceptable as denoted in solicitation provision FAR Part 28.203-2. (Original Bid Bond copy not required, reference FAR Class Deviation to Eliminate Hard Copy Originals.... dated May 19, 2023) Offerors that provide “bid bonds” that are not an official visible sealed/signed SF24 will be found non-responsive.
8. Fully Completed Attachment 3 Schedule of Pricing (MS Excel Interactive Document) – Offeror shall provide the completed Attachment 3. *NOTE* Do not price in “cents” on any CLIN, round up or down to the nearest dollar. Do not PDF this document, keep as MS Excel format.
9. Joint Venture Documentation (if applicable). All offers submitted by joint ventures must include a copy of an executed joint venture agreement (with original signatures) which fully discloses the legal identity of each member of the joint venture, the relationship between the members, the form of ownership of each member, and any limitations on liability or authority for each member. An authorized representative of each member of the joint venture must sign the SF1442 accompanying an offer regardless of any agency relationship established between the members. The joint venture shall be registered in the System for Award Management (SAM) by the closing date of the solicitation. Offerors shall ensure they have the most up to date regulations from the Small Business Administration (SBA). Any questions regarding joint ventures must be directed to the Small Business Administration (SBA) and not the Contracting Officer. All joint ventures are advised to avoid potential conflicts of interest. Contractor Teaming Agreements(CTA) FAR 9.601(2), only the Prime contractor prior experience will be evaluated, subcontractor “partner” prior experience will not be accepted or evaluated. Teaming Agreements will not be evaluated

1232SA26Q0439**

Evaluation and Basis for Award

The provision at FAR 52.212-2, Evaluation—Commercial Products and Commercial Services is not applicable to this solicitation. In lieu of this provision, quotes will be evaluated in accordance with FAR 12.203 based on the criteria listed below. Award will be made to the offeror representing the best value to the Government:

The Government shall make an award utilizing Lowest Priced Technically Acceptable (LPTA) evaluation methodology. The Government shall award a contract to the responsible offeror who offers the lowest priced proposal that is found to be technically acceptable, as set forth in the solicitation with price and other factors considered. In order to be considered acceptable, an offeror and its offer must conform to the material terms of the solicitation (e.g. contract clauses, specifications, etc). The Government shall not award any contract that does not propose a fair and reasonable price.

The Government intends to select a single contractor; however, it reserves the right to award no contract at all, depending on the availability of funds and other extenuating circumstances. The contract award shall be made on an “all” or “none” basis. Offerors submitting deviations or alternatives to the solicitation requirements shall be considered non-compliant and not considered for award.

Offeror Compliance: Offers will be reviewed for timeliness. If the offer is received after the closing date and does not meet the criteria for “late submissions”, the offer will not be evaluated. The offer will be reviewed for compliance to the solicitation (i.e. submitted all documents required). If the offer is not compliant to the solicitation it will not be evaluated and the offeror will be notified that they are found to be not-responsible.

Under this process the offers are laid out in price from lowest to highest, and then the technical evaluation is performed on lowest priced offer. If the offer is technically acceptable award is made, if the offer is not technically acceptable then the next lowest is evaluated. This process is worked until the LPTA offeror is identified. Offers that are higher in price than the LPTA offeror will not be evaluated.

A “Technically Acceptable” evaluation will be conducted.

Technically Acceptable offer is defined as:

- a. Meeting all requirements as defined in the solicitation, to include offer submission documents referenced in the submission section. Failure to submit ANY of the required document listed will render your offer non-responsive and thus not eligible for award. Failure to acknowledge any and all amendments will render your offer non-responsive and thus not eligible for award.

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

- b. The Contractor shall provide a plan that address all the aspects identified in Submission Document #5 “Technical Approach” to determine if it demonstrates a clear, complete, and feasible approach for this specific solicitation.

Offers that do not provide a Technical Approach that is sufficient to convey to the Government complete understanding of this specific scope of work, specifications, drawings, or laws, will be found unacceptable.

- c. Provide documented experience. Failure to provide two (2) but no more than three (3) recent (defined as federal, state, or university contracts completed in the past four years) and relevant (defined similar floor coating repair activities in size, scope, function, and complexity work as the Prime contractor), to include contract number, a brief but robust project description with any applicable photos, location of work, dollar value, contract period dates, and current point of contact information (phone and email) for an individual with knowledge of the project failure to provide this information will result in the offeror being found unacceptable. If references provided do not provide a rating of “satisfactory” or better, or provide negative feedback relating to any aspect the vendor may be found unacceptable. Offerors that provide more than three (3) documented experiences, only the first three (3) will be reviewed, the additional submissions will not be reviewed or evaluated.

In the event of a joint venture, offerors may submit Documented Experience performed by the joint venture entity, and/or documented experience of the mentor and the protégé firm individually. If the joint venture is new and does not have any meaningful prior experience as a team, the joint venture experience will be treated neutrally, neither positive nor negative. The protégé firm must, however, bring something to the table other than its size or socioeconomic status. Joint Ventures must not rely solely on the mentor’s prior experience as the sole prior experience submission. Joint Ventures not submitting Documented Experience performed by the joint venture itself, shall at a minimum provide at least one (1) individual submission of the protégé firm. Contractor Teaming Agreements (CTA) FAR 9.601(2), only the Prime contractor prior experience will be evaluated, subcontractor “partner” prior experience will not be accepted or evaluated. Teaming Agreements will not be evaluated.

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

- d. Acceptable rating in “Past Performance”.

Past Performance will be rated on an “acceptable” or “unacceptable” basis. The apparent successful, prospective contractor must have acceptable past performance. System for Award Management (SAM.gov) exclusions list, Contractor Performance Assessment Reporting System (CPARS), and Documented Experience References shall be considered as part of the past performance evaluation process.

Any past performance that is found to be “Negative”, shall result in the entire Past Performance rating as “Unacceptable”. “Negative” is defined as any CPARS rating category (Quality, Management, Schedule, Cost Control, Small Business or Regulatory) that has combined marginal and unsatisfactory ratings of 10% or greater for the total number of ratings for that category (the “10% or greater” threshold remains the same regardless how few CPARS rating an offeror may have in their CPARS record) , or any single unsatisfactory rating in any category in the past 5 years, or any Terminations for Default/Cause, or any less than satisfactory Documented Experience response from provided references will be rated as ‘Unacceptable’.

SAMPLE Calculation:

1. Offeror has 10 CPARS evaluation records, in which those 10 evaluation records all provided a rating in “Quality”. For example if an offeror received 9 satisfactory ratings or higher, and 1 marginal or lower their evaluation would be calculated as follows $1 \div 10 = 10\%$. This would be rated as “Negative” and thus “Unacceptable past performance as the amount is “10% or greater”.
2. Offeror has 11 CPARS evaluation records, in which those 11 evaluation records all provided a rating in “Quality”. For example if an offeror received 10 satisfactory ratings or higher, and 1 marginal or lower their evaluation would be calculated as follows $1 \div 11 = 9.09\%$. This would be rated as “Acceptable” past performance as the amount is not “10% or greater”.

Note: In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the offeror may not be evaluated favorably or unfavorably on past performance. Therefore, the offeror shall be determined to have unknown past performance. In the context of acceptability/unacceptability, “unknown” shall be considered

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

“acceptable.” Offers that do not meet this threshold for past performance will be rated “Unacceptable” in Past Performance.

The Government reserves the right to use past performance information obtained from sources other than those identified by the offeror, including but not limited to past performance information located in the Contractor Performance Assessment Reporting System (CPARS). Past performance is a measure of the degree to which an offeror satisfied its customers in the past, complied with contract schedule, and adherence to the contract specifications. Past performance is also a measure of the risk of performance associated with the offeror. The Government will assess the offeror’s record of past performance on similar contracts as an indicator of success under this requirement.

An individual evaluation rating of “Unacceptable” for any of the factors shall result in an overall “Unacceptable” rating for Technical Acceptability.

Options (if applicable). The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

NOTICE TO OFFERORS:

The Government reserves the right to cancel this solicitation, either before or after the closing date. In the event the Government cancels this solicitation, the Government has no obligation to reimburse an offeror for any costs incurred.

52.252-1 Solicitation Provisions Incorporated by Reference Feb 1998

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): <https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52>

52.212-1 Instructions to Offerors - Commercial Products and Commercial Services (Nov 2025)

FAR 52.212-1 is amended as follows:

Period for acceptance of offers.

The Offeror agrees to hold the prices in its offer firm for **60 calendar days** from the date specified for receipt of offers.

**Building 7 Suite 3 Floor Repair

- ☐ 52.225-6 Trade Agreements-Certificate (Feb 2021)
- ☐ 52.226-3 Disaster or Emergency Area Representation (Nov 2007)
- ☐ 52.229-11 Tax on Certain Foreign Procurements—Notice and Representation (Jul 2025)

Other Applicable FAR Provisions

- 52.217-5 Evaluation of Options (Nov 2025)
52.225-10 Notice of Buy American Requirement - Construction Materials (May 2014)
52.225-12 Notice of Buy American Requirement - Construction Materials under Trade Agreements (May 2014)
52.233-2 Service of Protest (Sep 2025)

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

When checked, the Contractor shall comply with the following FAR Clauses for Commercial Construction.

- ☒ 52.222-5 Construction Wage Requirements, Secondary Site of the Work (Nov 2025)
- ☒ 52.225-10 Notice of Buy American Requirement- Construction Materials (May 2014)
Alternate I (May 2014) of 52.225-10
- ☒ 52.225-12 Notice of Buy American Requirement-Construction Materials under Trade
Agreements (May 2014)
Alternate I (May 2014) of 52.225-12
Alternate II (Nov 2023) of 52.225-12
- ☒ 52.228-1 Bid Guarantee (Sep 1996)

AGAR Provisions

452.203-70 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Certification (Dec 2025)

(a) By submission of its offer, the offeror certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.
- (2) Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

(b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The offeror affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the offeror will not be eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

(e) Submission of a knowing false statement relating to offeror's compliance with the above requirements and/or eligibility for the contract may subject the offeror to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) Failure on the part of the offeror or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate the contract for default.

(End of Provision)

**NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Ombudsman Program**

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.
3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.
2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
3. **Resolution Timeline:** The agency's goal is to resolve protests within 35 calendar days from the date of filing.

**Building 7 Suite 3 Floor Repair
1232SA26Q0439**

4. **Required Information:** Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.
5. **Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.
6. **Submission:** Formal protests under the OPAP program should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Election of Forum. By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed.
