Ethnic acrylic shades must be available for use and ethnic shade guides must be provided to the VA lab to help in selecting the proper acrylic shade for the patient. For cases with pin opening greater than 1 mm they must be adjusted at the lab. VA lab has the right to reject denture and partial denture cases whose teeth have been excessively adjusted and no longer resemble teeth.

5. All partial denture cast frameworks shall be returned on the master cast. The master cast shall not be abraded in any way. All rests must be completely seated within 75-100 microns and fit the full extent of the prepared rest seat. All frameworks must be smoothly polished and free from porosity. A nickel free alloy must be used in fabrication of metal partial denture frameworks.

6. All laboratory prescriptions done by VA dentists must be exactly followed. If a deviation from the requested design is required, the contract lab must request authorization from VA dentist.

No metal or opaque can be showing through areas where porcelain is supposed to be applied. All frameworks supporting the porcelain shall support the veneering porcelain such that there must be no more than 2 mm of unsupported veneering porcelain. VA lab must be able to add contact and occlusion if necessary to the applied porcelain. Contract lab will provide firing cycle numbers and sample material necessary to make chair-side corrections of the porcelain. If porcelain cracks/fractures within 1 year of insertion, contract laboratory will remake prosthesis at no cost to VA.
5. All cases should hold shim-stock when articulated. Occlusal contacts shall be on proper cusp, fossa and marginal ridges where possible. There shall be contact only in centric occlusion and not in lateral movements except where requested.

- (3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;
- (4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;
- (5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(b) *Period for acceptance of offers.* The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers.*

- (1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.
- (2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
- (3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

E.2 52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government. By submission of its quote, the offeror accedes to all solicitation requirements, including terms and conditions, representations and certifications, and technical requirements, in addition to those identified as evaluation factors. Offerors must clearly identify any exception to the solicitation terms and conditions and provide complete accompanying rationale. The following factor shall be used and evaluated in two phases to evaluate offers: **Technical Samples, Past Performance, Price, Certifications, and Locality** with all factors being of equal importance.

The following factors will be used to evaluate the quotes:

Phase One:

Technical Samples Submission: All offerors will submit technical samples to the identified point of contact, at the pre-determined location, date and time and outlined in the *Technical Samples* document. In accordance with the solicitation, offerors will pick up sample dental molds and fabricate dental casts as outlined in the aforementioned document.

After all samples have been evaluated, offerors remaining in the competitive range will proceed to Phase Two.

Technical Samples Ratings	
Rating	Description
Acceptable	The submission clearly meets all minimum requirements as required by the solicitation.
Unacceptable	The submission does not clearly meet all minimum requirements as required by the solicitation.

****NOTE: All offerors will be allotted 10 days to complete this phase of the solicitation.***

Phase Two:

Additional Evaluation Factors: Past Performance, Price, Certifications and Locality

Factor A: Past Performance

Past performance evaluation results in an assessment of the offeror's probability of meeting the solicitation requirements. It considers each offeror demonstrated recent and relevant record of performance in providing services that met the contract requirements:

There are two aspects to the past performance evaluation

- (a) Relevancy of contractual work performed and;
- (b) How well the contractual work was performed

Relevant is defined as contracts recently performed that include similar services that are similar in complexity, dollar value and contract type. The more recent the offeror's performance in providing similar services – as defined above, the more consideration that will be given by the government in evaluating the 'relevance' of the offeror's past performance history.

****The past performance shall include up to 5 years of continued operational service, that is documented and can be independently verified.***

The second aspect of the past performance evaluation is to determine how well the contractor performed on the contracts.

The Government may contact references, other than those identified by the offeror, and use the information received to evaluate the offeror's past performance. The information evaluated may include data on efforts performed by other divisions, critical subcontractors, or teaming partners, if such resources will be brought to bear or significantly influence the performance of the proposed effort. Special emphasis will be placed on performance related to areas covered in the Statemen of Work (SOW) for this solicitation.

The government will also use information obtained from government databases such as CPARS, FAPIIS, and any other databases as necessary.

The offeror will be sure to provide as much information as possible for confirmation and determination of past performance recency and relevancy, at the time off submission.

In the case of an offeror without a record of relevant performance history or for whom information on past performance is not available, the offeror may not be evaluated favorably or unfavorably on performance history.

****Offeror shall provide sufficient information related to past performance for independent verification, at the time of quote submission.***

Past Performance Ratings	
Rating	Description
Acceptable	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required services.
Neutral	The offeror did not submit relevant past performance, past performance cannot be independently verified, or the information on past performance is unavailable or so sparse that no meaningful rating can be assigned.
Unacceptable	Based on the offeror's performance record, the Government does not have a reasonable expectation that the offeror will be able to successfully perform the required effort.

Factor B: Price

This factor shall be used to assess the reasonableness of the Offeror's proposed total price.

a) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(b) *Evaluation Approach:* The Government will evaluate quotations using the comparative evaluation process outlined in FAR 13.106-2 (b)(3), where quotations will be compared to one another to determine which provides the best benefit to the Government. Quotations may exceed minimum requirements of the solicitation. ***The Government reserves the right to select a quotation that provides benefit to the Government that exceeds the minimum requirements of the solicitation.***

Factor C: Certifications

This factor shall be used to assess the offeror's ability to perform the requested services in the Birmingham, Alabama service area as requested in the SOW. The contractor shall have all licenses, permits, and certifications as required by local and state authorities for the state of Alabama. ***Current copies of these must be provided at the time of quote submission.***

The minimal certifications that shall be submitted include:

- a) CLIA Accreditation (42 CFR §493 Compliance)
- b) FDA QSR / ISO 13485 / DAMAS for Device Manufacturing
- c) National Association of Dental Laboratories (NADL) Certification for the State of Alabama

Factor D: Locality

This factor shall be used to ensure timely, effective, and efficient services as outlined in the SOW. ***The offeror shall be located within a 2-hour drive time from the Birmingham VA Medical Center (VAMC).***

Documentation of the offerors distance from the offeror location to the VAMC shall be included at the time of quote submission (Example: MapQuest printout highlighting distance between the aforementioned locations).

A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

***NOTE: All offerors will have an allotted 30 days total to complete Phases I and II of the solicitation requirements, to include all requested submissions.**

(End of Provision)

E.3 52.201-1 ACQUISITION 360: VOLUNTARY SURVEY (SEP 2023)

(a) All actual and potential offerors are encouraged to provide feedback on the preaward and debriefing processes, as applicable. Feedback may be provided to agencies up to 45 days after award. The feedback is anonymous, unless the participant self-identifies in the survey. Actual and potential offerors can participate in the survey by selecting the following link: [https:// www.acquisition.gov/360](https://www.acquisition.gov/360).

(b) The Contracting Officer will not review the information provided until after contract award and will not consider it in the award decision. The survey is voluntary and does not convey any protections, rights, or grounds for protest. It creates a way for actual and potential offerors to provide the Government constructive feedback about the preaward and debriefing processes, as applicable, used for a specific acquisition.

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(i) Taxes are considered delinquent if both of the following criteria apply:

In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
