

# FIRST ARTICLE WAIVER REQUEST WORKSHEET

Request for Information and Supporting Documentation

DEVCOM CBC FORM 081

Revision A

6 April 2022

This information/supporting documentation is part of your quote/offer.  
Contact the buyer if you have any questions about the acquisition offer/quote requirements.  
Submitter completes Sections 1 through 6.

## 1. CURRENT ACQUISITION INFORMATION:

|                         |  |               |                |
|-------------------------|--|---------------|----------------|
| BUYER'S NAME            |  |               |                |
| SOLICITATION/CONTRACT # |  |               |                |
| NSN                     |  | NOMEN         |                |
| PART #                  |  | TOP DRAWING # | REVISION LEVEL |

## 2. TYPE OF REQUEST:

|                                                                                                                                                                                                       |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> <b>Partial Waiver:</b> Includes waiver of only a specific test(s) of the First Article Test requirement as required by the Technical Data Package (TDP) and/or solicitation. |
| <input type="checkbox"/> <b>Full Waiver:</b> Includes waiver of all First Article Testing as required by the TDP and/or solicitation.                                                                 |
| TDP Reference(s) of test(s) to be waived: (Please be specific and reference specification paragraph and/or drawing note as appropriate).                                                              |
|                                                                                                                                                                                                       |

## 3. JUSTIFICATION TO SUPPORT WAIVER REQUEST: (Check and complete all that apply)

|                                                                                                                                                                                                      |                                     |                           |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|---------------------------|
| <b>A)</b> <input type="checkbox"/> Successful completion of a First Article Test on a recent contract for the same item(s).<br><i>Complete the following &amp; attach supporting documentation*.</i> |                                     |                           |
| CONTRACT #                                                                                                                                                                                           | DATE OF FIRST ARTICLE TEST APPROVAL | ISSUING GOVERNMENT AGENCY |
|                                                                                                                                                                                                      |                                     |                           |
| Was the above contract manufactured at the same facilities using the same equipment, processes, procedures, and subcontractors in which the current item will be produced?                           |                                     |                           |
| If NO, please describe the differences in detail below and include any considerations these changes will require for the First Article Test waiver request                                           |                                     |                           |
|                                                                                                                                                                                                      |                                     |                           |

|                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                      |                                                     |                                     |
