6. INVOICING INSTRUCTIONS

Electronic Invoicing and Payment Requirements - Invoice Processing Platform (IPP) (February 2021)

Payment requests shall be submitted electronically through the U.S. Department of the Treasury's Internet Payment Platform System (IPP). The IPP website address is: <https://www.ipp.gov>

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Items included in commercial item contracts.

At a minimum a proper invoice shall include:

- Name and address of the Contractor;
- Invoice date and number;
- BIE Contract number;
- Description, quantity, unit of measure, unit price and extended price of the items delivered.
- Shipping number and date of shipment, including the bill of lading number and weight of

Solicitation No. 140A2326Q0119	Project Title Server replacement for Security Camera	Page 3 of 29
--	--	---------------------

- shipment if shipped on Government bill of lading.
- Terms of any discount for prompt payment offered;
- Name and address of official to whom payment is to be sent;
- Name, title, e-mail and phone number of person to notify in event of defective invoice; and
- Taxpayer Identification Number.

Additional Invoice Requirements:

- a. The Contractor shall attach an itemized invoice to each IPP payment request.
- b. Do NOT attach progress reports to the IPP payment request. Written Progress Reports which validate the specific work performed shall be submitted directly to the designated school representative.
- c. Invoices shall NOT contain Personal Identifiable Information (PII). PII includes specific information such as but is not limited to student names, dates of birth, etc.
- d. Improper invoice may result in an invoice rejection. The Contractor shall promptly correct invoices upon notice.

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB) within 3 - 5 business days of the contract award date. If the company SAM registration Point of Contact information is not current or correct, the designated company representative may not receive the email notice. Contractor assistance with enrollment or technical support can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

CONTRACTING OFFICER REPRESENTATIVE

Monitoring of Contractor's performance shall be demonstrated through administrative and physical reviews.

The Contracting Officer Representative (COR) will be responsible for verifying contract compliance and shall designate appropriate personnel to monitor services. The role of program and technical personnel in monitoring the contract is to assist and advise the Contracting Officer, and act as the COR when so designated by the Contracting Officer.

COR duties include the following activities:

- Serve as the primary liaison between the contractor and the Contracting Officer.
- Ensure consistency among multiple CORs under a single contract when providing guidance to the contractor and evaluating the contractor's performance.
- Maintain a complete working file for the assigned contractual instrument.
- Monitor and evaluate the contractor's performance and make timely reports of your findings to the Contracting Officer.
- Complete interim and final evaluations of the contractor's performance through CPARS.
- Provide the Contracting Officer with copies of all written correspondence (including electronic communications) with the contractor.
- Inform the Contracting Officer of substantive oral communications (e.g., telephone conversations) with the contractor and provide notes and/or summaries of them as requested.
- Inspect and evaluate products (including reports and drafts) and services delivered by the

Solicitation No. 140A2326Q0119	Project Title Server replacement for Security Camera	Page 4 of 29
--	--	---------------------

contractor, and make recommendations to the Contracting Officer regarding their acceptability.

- Review and approve/reject contractor's invoices.
- Monitor the contractor's use of key personnel and notify the Contracting Officer of any changes in key personnel proposed by the contractor.
- Review the qualifications of proposed subcontractors and the appropriateness of subcontracting work and make recommendations to the Contracting Officer regarding consent to the placement of subcontracts.
- Provide the contractor with, monitor the use of, and report on Government-furnished property.
- Provide technical guidance to the contractor.
- Promptly notify the Contracting Officer immediately of any:
 - Actual or potential contractor performance problems.
 - Action or inaction by BIE personnel that may affect the contractor's ability to perform; and
 - Inappropriate action on the part of BIE personnel with regard to the contract (e.g., any action that creates a conflict of interest on the part of the contractor or causes the contractor to perform inherently governmental functions).

The COR should concurrently notify the program office of any such action.

- As requested by the Contracting Officer, provide him/her with technical assistance on contract-related matters (e.g., disputes, settlements, litigation, patent and copyright issues, final payment during closeout, etc.).
- Provide timely reports on contractor performance to the Contracting Officer and other interested parties; and
- Ensure proper distribution of final products and other information resulting from the contract.
- Initiate and complete interim and final past performance evaluations in CPARS.

The COR is not authorized to take any action that requires a Contracting Officer's warrant, including:

- Changing any of the contract terms and conditions.
- Directing the contractor to perform work or make deliveries not specifically required under the contract.
- Waiving or relaxing, in any way, the Government's rights with regard to the Contractor's compliance with the specifications, price, delivery or any other terms or conditions of the contract; and
- Making any commitments or approving any actions that would create any financial obligation on the part of the Government.

Applicable changes will require a modification to this contract prior to a change occurring.

DIAR 1452.201-70 - Authorities and Delegations (Sep 2011)

1. The Contracting Officer is the only individual authorized to enter into or terminate this contract, modify any term or condition of this contract, waive any requirement of this contract, or accept nonconforming work.
2. The CO will designate a POC at time of award. The POC will be responsible for technical monitoring of the Vendor's performance and deliveries. The POC will be appointed in writing, and a copy of the appointment will be furnished to the Contractor. Changes to this delegation will be made by written changes to the existing appointment or by issuance of a new appointment. The POC for this contract will be:
(Name and contact information will be provided at time of award)
3. The POC is not authorized to perform, formally or informally, any of the following actions:
 - i. Promise, award, agree to award, or execute any contract, contract modification, or notice of intent that changes or may change this contract.
 - ii. Waive or agree to modification of the delivery schedule.
 - iii. Make any final decision on any contract matter subject to the Disputes Clause; iv. Terminate, for any reason, the Contractor's right to proceed. v. Obligate in any way, the payment of money by the Government.
4. The Contractor shall comply with the written or oral direction of the Contracting Officer or authorized representative(s) acting within the scope and authority of the appointment memorandum. 3. CUSTOM CLAUSES

BACKGROUND INVESTIGATION (Revised 04/01/2020)

In accordance with 25 U.S.C. § 3201 et seq. (Pub. L. 101-630), the *Indian Child Protection and Family Violence Prevention Act*; 34 U.S.C. § 20351, et seq. (Pub. L. 101-647), the *Crime Control Act of 1990*, as amended; and 441 Departmental Manual, *Personnel Security and Suitability Requirements*, all positions with duties and responsibilities involving regular contact with or control over Indian children are subject to a background investigation and determination of suitability for employment. Accordingly, all such positions require a favorable background screening by the Bureau of Indian Education (BIE), Personnel Security and Suitability Program and a favorable background investigation by the Defense Counterintelligence Service Agency (DCSA).

The documentation required to initiate a background investigation shall be completed for any Contractor employee that will be onsite during the contract's performance or have access to Personally Identifiable Information (PII). The complete submittal of the background investigation paperwork to the BIA/BIE will be accomplished within 14 days after contract award for service contracts or, for construction contracts, before a Notice to Proceed (NTP) is issued by the Contracting Officer. Pending the successful completion of a background investigation by the BIA/BIE and/or DCSA, the Contractor who has been granted a favorable screening (applicant and suitability) determination must, at all times, remain within sight and under the supervision of a Government employee (or other person designated by the Contracting Officer Representative (COR), who has successfully completed the background investigation.

If an unfavorable screening (applicant and suitability) determination is made, an employee shall not be allowed onsite. If the Contractor's employees are found onsite, without the proper authorization, the employee will face legal liability and the Contractor may have their contract terminated for default. Additionally, the individual and/or the company who proposed to employ this individual may be determined to be non-responsible if an unfavorable screening (applicant and suitability) determination is made and may be deemed ineligible for contract award. If an unfavorable final background investigation determination is made, the contract may be terminated and the employee in question shall not be authorized to provide service to the BIA/BIE if the services involve contact with or regular control over Indian children.

It is solely the COR's responsibility to initiate background checks for all Contractors and their employees in the BIE BEARCUBS system, which includes but is not limited to appropriate investigative forms and/or inquiries about their previous investigation; and, obtain a screening (applicant and suitability) determination, and subsequent final background investigation.

The Contracting Officer will consult with the COR when questions arise as to whether or not the scope of work of a contract requires background investigations for contractor personnel. If the Contracting Officer or COR believes

Solicitation No. 140A2326Q0119	Project Title Server replacement for Security Camera	Page 8 of 29
--	--	---------------------

the scope of work performed by contract personnel should not require a background investigation, the Personnel Security Officer will be contacted for concurrence and has the final authority to determine if background investigation(s) are required.

(End of Clause)

CONTRACT CLOSEOUT

The contract closeout process shall begin as soon as possible after the contract is physically completed. This means that the contractor has delivered the required supplies/services and the Government has inspected and accepted them. At the outset of this process, the Contractor and Government shall review the contract funds status of any excess funds the Government might de-obligate.

Partial Closeout: Upon expiration of a contract line-item number (CLIN) the Contractor and Government shall perform partial closeout to de-obligate excess funds, as applicable. The Government will execute a bilateral modification and present it to the Contractor for signature. The Contractor shall review and process the modification in a timely manner. In the event of a discrepancy, the Contractor shall promptly notify and work with the Government to quickly resolve the discrepancy to allow for closeout.

Final Closeout: Upon expiration of the contract, base year and each exercised option, the Contractor and Government shall commence with final contract closeout. The Government will execute a bilateral modification to de-obligate excess funds and present to the Contractor for signature. The Contractor shall review and process the modification in a timely manner. In the event of a discrepancy, the Contractor shall promptly notify and work with the Government to quickly resolve the discrepancy to allow for closeout.

CPARS: This contract is subject to Contractor performance assessment reporting. The Contractor shall ensure that full cooperation is being provided to allow for timely completion if past performance evaluations.

Payment and Claims: To allow for closeout, the Contractor shall submit all invoices and claims in a timely manner during contract performance as well as submit a final invoice upon completion of the base year and each exercised option year. The Contractor shall actively monitor invoices or claims submitted to the Government to ensure all payments due were received.

PAYMENT FOR UNAUTHORIZED WORK

No payments will be made for any unauthorized supplies and/or services, or for any unauthorized changes to the work specified herein. This includes any services performed by the Contractor of their own volition or at the request of an individual other than a duly appointed Contracting Officer. Only a duly appointed Contracting Officer is authorized to change the specifications, terms, and conditions under this effort.

RELEASE OF NEWS INFORMATION

No news release (including photographs and films, public announcements, denial or confirmation of same) on any part of the subject matter of this effort or any phase of any program hereunder shall be made without the prior written approval of the Contracting Officer.

NOTICE REGARDING LATE DELIVERY/DELAY PERFORMANCE

The contractor will immediately notify the Contracting Officer in writing in the event the contractor encounters difficulty in performance by giving pertinent details, including the date by which it expects to complete performance or make delivery. However, the notification will be informal only in character and will not be construed as a waiver by the Government of any contractual delivery schedule or date, or any rights or remedies provided by law or under this effort.

ATTACHMENT 1 – STATEMENT OF WORK

A Scope of Work (SOW) for replacing a security camera server (Network Video Recorder - NVR) must cover the full transition from the old hardware to the new system, ensuring data integrity and minimal downtime.

1. Project Overview & Objectives

- **Goal:** Replace the outdated security camera server with a modern NVR/VMS platform to improve reliability, resolution, and storage capacity.
- **Performance Metrics:** Ensure continuous 24/7 recording and minimum 30-day retention of video archives.

2. Pre-Installation & Assessment

- **Inventory Audit:** Document current server configurations, including IP addresses, camera port assignments, and camera-specific passwords.
- **Network Check:** Verify that existing cabling (Cat6/Coaxial) and network switches can support the new server's bandwidth requirements.
- **Data Backup:** Extract and back up critical footage from the old server before decommissioning.

3. Installation & Configuration

- **Hardware Setup:** Rackmount the new server, install high-capacity surveillance-grade hard drives, and connect power and network cables.
- **System Configuration:**
 - Initialize the OS and set strong administrative passwords.
 - Synchronize system time with an NTP server for accurate legal evidence.
 - Configure RAID settings for storage redundancy.
- **Camera Migration:** Reconnect all existing cameras, assigning static IP addresses and configuring motion detection zones.

4. Testing & Integration

- **Verification:** Confirm all cameras are online and recording at the specified resolution (e.g., 1080p or 4K).
- **Remote Access:** Set up and test secure mobile app and web browser access for authorized users.
- **Alerting:** Configure notifications for system events like signal loss, hard drive failure, or motion alerts.

5. Training & Documentation

- **User Training:** Provide a hands-on session for staff on how to search, playback, and export video clips.

Final Deliverables: Hand over a project closeout document containing serial numbers, network diagrams, and administrative credentials

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid

Solicitation No. 140A2326Q0119	Project Title Server replacement for Security Camera	Page 20 of 29

sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 10 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (See 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) **COMPUTER EMPLOYEES:** This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) **AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime

Solicitation No. 140A2326Q0119	Project Title Server replacement for Security Camera	Page 22 of 29
--	--	----------------------

(i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear"

Solicitation No. 140A2326Q0119	Project Title Server replacement for Security Camera	Page 23 of 29

materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized

Solicitation No. 140A2326Q0119	Project Title Server replacement for Security Camera	Page 24 of 29
--	--	----------------------

representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

1. DEPARTMENT OF THE INTERIOR ACQUISITION REGULATION (DIAR) PROVISIONS

1452.215-71 Use and Disclosure of Proposal Information - Department of the Interior (APR 1984)

(a) Definitions. For the purposes of this provision and the Freedom of Information Act (5 U.S.C. 552), the following terms shall have the meaning set forth below:

- (1) "Trade Secret" means an unpatented, secret, commercially valuable plan, appliance, formula, or process, which is used for making, preparing, compounding, treating or processing articles or materials which are trade commodities.
- (2) "Confidential commercial or financial information" means any business information (other than trade secrets) which is exempt from the mandatory disclosure requirement of the Freedom of Information Act, 5 U.S.C. 552. Exemptions from mandatory disclosure which may be applicable to business information contained in proposals include exemption (4), which covers "commercial and financial information obtained from a person and privileged or confidential," and exemption (9), which covers "geological and geophysical information, including maps, concerning wells."

Solicitation No. 140A2326Q0119	Project Title Server replacement for Security Camera	Page 27 of 29
--	--	----------------------

(b) If the offeror, or its subcontractor(s), believes that the proposal contains trade secrets or confidential commercial or financial information exempt from disclosure under the Freedom of Information Act, (5 U.S.C. 552), the cover page of each copy of the proposal shall be marked with the following legend:

“The information specifically identified on pages _____ of this proposal constitutes trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act. The offeror requests that this information not be disclosed to the public, except as may be required by law. The offeror also requests that this information not be used in whole or part by the government for any purpose other than to evaluate the proposal, except that if a contract is awarded to the offeror as a result of or in connection with the submission of the proposal, the Government shall have the right to use the information to the extent provided in the contract.”

(c) The offeror shall also specifically identify trade secret information and confidential commercial and financial information on the pages of the proposal on which it appears and shall mark each such page with the following legend:

“This page contains trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act and which is subject to the legend contained on the cover page of this proposal.”

(d) Information in a proposal identified by an offeror as trade secret information or confidential commercial and financial information shall be used by the Government only for the purpose of evaluating the proposal, except that (i) if a contract is awarded to the offeror as a result of or in connection with submission of the proposal, the Government shall have the right to use the information as provided in the contract, and (ii) if the same information is obtained from another source without restriction it may be used without restriction.

(e) If a request under the Freedom of Information Act seeks access to information in a proposal identified as trade secret information or confidential commercial and financial information, full consideration will be given to the offeror's view that the information constitutes trade secrets or confidential commercial or financial information. The offeror will also be promptly notified of the request and given an opportunity to provide additional evidence and argument in support of its position, unless administratively unfeasible to do so. If it is determined that information claimed by the offeror to be trade secret information or confidential commercial or financial information is not exempt from disclosure under the Freedom of Information Act, the offeror will be notified of this determination prior to disclosure of the information.

(f) The Government assumes no liability for the disclosure or use of information contained in a proposal if not marked in accordance with paragraphs (b) and (c) of this provision. If a request under the Freedom of Information Act is made for information in a proposal not marked in accordance with paragraphs (b) and (c) of this provision, the offeror concerned shall be promptly notified of the request and given an opportunity to provide its position to the Government. However, failure of an offeror to mark information contained in a proposal as trade secret information or confidential commercial or financial information will be treated by the Government as evidence that the information is not exempt from disclosure under the Freedom of Information Act, absent a showing that the failure to mark was due to unusual or extenuating circumstances, such as a showing that the offeror had intended to mark, but that markings were omitted from the offeror's proposal due to clerical error.

(End of provision)

1452.280-1 Notice of Indian Small Business Economic Enterprise Set-aside (JUL 2013)

Under the Buy Indian Act, 25 U.S.C. 47, offers are solicited only from Indian economic enterprises (Subpart 1480.8) that are also small business concerns. Any acquisition resulting from this solicitation will be from such a concern. Offers received from enterprises that are not both Indian economic enterprises and small business concerns will not be considered and will be rejected.
