The contractor's performance will be evaluated in accordance with FAR 42.15. Contract monitoring reports will be prepared by the Contracting Officer's Representative (COR) and maintained in the contract file.

In accordance with FAR 42.1502 and 42.1503, agencies shall prepare an evaluation of contractor performance and submit it to the Past Performance Information Retrieval System (PPIRS). The contractor shall provide and maintain a current e-mail address throughout the life of the contract. The contractor will receive an e-mail from the Focal Point thru the following website address webpmsmh@navy.mil when the contract is registered in CPARS. The e-mail will contain a "user ID" and temporary password to register in the CPARS system. The contractor must be registered to access and review its evaluation and/or provide a response. If assistance is required when registering, please contact the Contracting Staff/Focal Point.

(End of Clause)

Within 45 days of award, the contractor must provide confirmation to the contracting officer verifying that it has distributed the whistleblower information as required.

(End of Clause)

DOJ-03 Personnel Security Requirements For Contractor Employees (Nov 2021)

Work performed under this contract will involve any one or more of the following: access to DOJ Information, which may include Controlled Unclassified Information (CUI), i.e., unclassified, sensitive DOJ information, and/or access to DOJ Information Technology (IT) systems, and/or unescorted access to DOJ space or facilities. Contractor employees will occupy Public Trust Positions, unless clause alternates are applied.

1. General Requirements

(a) (1) All references to “contract(or) personnel” and “contract(or) employee” in this clause means all individuals, without limitation, to include individuals employed by the contractor, team member, subcontractor, consultant, and/or independent contractor, who will have access to information of the Department of Justice (DOJ) or information that is within the custody and control of the DOJ, access to DOJ IT systems, and/or unescorted access to DOJ facilities/space in connection with the performance of this contract. “Employment” as used herein does not create nor imply an employer/employee relationship between the DOJ and contractor employees.

(b) (1) The type of security investigation required for each contractor employee will be governed by the type and risk level of information made available to the contractor employee. The contractor will not be permitted to commence performance under this contract until a sufficient number of its personnel, as determined by the Security Programs Manager (SPM), in consultation with the Contracting Officer’s Representative if one is appointed, have received the requisite security approval.

(c) Except where specifically noted otherwise, the federal government will be responsible for the cost and conduct of the investigation.

(d) The contractor shall ensure that no contractor employee commences performance prior to receipt of a written authorization from the contracting officer, COR, or the SPM that performance by the respective contractor employee is authorized.

(e) The data and other information to which the contractor may have access as a result of this contract is the property of, and/or within the custody and control of, the Department, and its disclosure to third parties is governed by various statutes and regulations, the violation of which may subject the discloser to criminal penalties.

2. Citizenship and Residency Requirements

(a) *Residency Requirement.* (1) Contractor employees in Public Trust positions, both U.S. citizens and non-U.S. citizens, must meet the Department’s residency requirement if they will require access to DOJ information, IT systems, or unescorted access to facilities. For three years (not necessarily consecutive years) out of the last five years immediately prior to employment under the Department contract the contractor employee must have: (i) resided in the U.S.; (ii) worked for the U.S. in a foreign country as either an employee or contractor in a federal civilian or military capacity; or, (iii) been a dependent of a federal civilian or military employee or contractor working for the U.S. in a foreign country. At the Department’s sole discretion, the residency requirement may be waived by the Department Security Officer (DSO) for contractor employees on a case-by-case basis where justified by extenuating circumstances. The residency requirement

does not apply to contractor employees residing in foreign countries that are hired to work in American embassies/consulates/missions located outside of the United States and who require access to DOJ information, IT systems, or unescorted access *provided that* an adequate background investigation can be conducted, with favorable adjudication, as determined by the DSO.

(b) *Citizenship.* (1) Aside from the specific exceptions set forth in Section 1.2(b)(2), for Public Trust positions, the DOJ requires that contractor employees be U.S. citizens and nationals, or lawful permanent residents seeking U.S. citizenship. Any prospective non-U.S. citizen contractor employee who requires access to DOJ information systems, DOJ information, and/or unescorted facilities access must also have been granted a waiver as described below in paragraphs 1.2(d) and/or (e). The contractor is responsible for verifying that the non-U.S. citizens working under this contract are lawful permanent residents seeking U.S. citizenship.

(2) *Exception for Certain Non-U.S. Citizen Contractor Employees:* (i) Non-U.S. citizen expert witnesses, litigative consultants, and interpreters in rare foreign languages are not required to be lawful permanent residents seeking U.S. citizenship. However, they must be granted a waiver for access to unclassified DOJ information, whether CUI or not, DOJ IT systems, and/or unescorted facility access, as described below in paragraph 1.2(d) and (e), regardless of the duration of their duties. (ii) Non-U.S. Citizen contractor employees residing in foreign countries who are hired to work for the Department of Justice in American embassies/consulates/missions outside of the United States are not required to be lawful permanent residents seeking U.S. citizenship.

(c) *Dual Citizenship.* (1) U.S. citizens who hold dual citizenship with a foreign country are considered U.S. citizens within the meaning of this clause, and may be considered for, but are not entitled to, contract employment as U.S. citizens consistent with this clause. The means by which the contractor employee obtained or exercises his or her dual citizenship status will be a consideration in the Public Trust Investigation (PTI) adjudication, and/or waiver approval processes discussed in this clause.

(d) *Access to DOJ Information Technology Systems.* Non-U.S. citizens are not authorized to access DOJ information technology (IT) systems or assist in the development, operation, management, or maintenance of DOJ IT systems, including providing IT system support, unless a waiver has been granted by the Head of the DOJ component or designee, with the prior concurrence of both the DSO and the DOJ Chief Information Officer, allowing computer access by the non-U.S. citizen. Such a waiver will be granted only in exceptional and unique circumstances on a case-by-case basis. It should be noted that the Justice Consolidated Office Network (JCON) is a sensitive DOJ IT system and any contractor employee who will need access to JCON must be a U.S. citizen or have received a waiver. In order for a waiver to be considered for approval: (1) There must be a compelling reason for using this individual as opposed to a U.S. citizen; (2) The type of personnel security vetting that has been conducted on the individual, and vetting results, that would mitigate risk; and (3) The waiver must be in the best interest of the federal government.

(e) *Access to Unclassified DOJ Information and Unescorted Access to DOJ Facilities or Space.* (1) Except as provided under 1.2(b)(2), non-U.S. citizens are not authorized to access DOJ information and/or unescorted access to DOJ facilities or space, unless a waiver has been granted by the DSO, allowing access by the non-U.S. citizen. Such a waiver will be granted on a case-by-case basis where justified at the discretion of the DSO.

3. Background Investigation Requirements

(a) (1) Unless otherwise stated below, all contractor personnel are subject to a Public Trust Investigation (PTI). The SPM will determine the type of investigation for each contractor employee based on the risk category (i.e., the nature of the position and degree of harm that could be caused by the individual in that position) and whether the position is long-term or short-term. The PTI risk categories are listed below.

- (i) High Risk Positions. The minimum background investigation required is a Tier 4 (T4) investigation, and the five-year reinvestigation required is a Tier 4R (T4R) investigation. The 2017 version of the Standard Form (SF) 85P, Questionnaire for Public Trust Positions, is required.
- (ii) Moderate Risk Positions. The minimum background investigation required is a Tier 2 (T2) investigation. The five-year reinvestigation required is a Tier 2R (T2R) investigation. The 2017 version of the SF-85P is required.
- (iii) Low Risk/Non-Sensitive Positions. The minimum background investigation required for Low Risk/Non-Sensitive positions is a Tier 1 (T1) investigation and the required five-year reinvestigation is also a Tier 1 (T1) investigation. The SF 85, Questionnaire for Non-Sensitive Positions, is required.

- (b) *Exception for Expert Witnesses.* Expert Witnesses, litigative consultants, and interpreters in rare foreign languages may not be subject to full background investigation requirements if alternative security requirements are approved by the DSO.
- (c) *Short-Term U.S. Citizen Contractor Employees.* Other than the exception in Section 1.3(b), short-term contractor employees (6 months or less) who are U.S. citizens are not subject to a full background investigation, however, must receive an approved pre-employment background investigation waiver. The required forms to complete and submit are listed in Section 1.4(b) and (c)(2).
- (d) *Long-Term U.S. Citizen Contractor Employees.* Other than the exception in Section 1.3(b), all long-term U.S. citizen employees (longer than 6 months) are subject to a full background investigation in the risk category appropriate to the position they will hold.
- (e) *Non-U.S. Citizen Contractor Employees.* Other than the exception in 1.3(b), all non-U.S. citizen contractor employees regardless of performance duration (short or long term) are subject to a full background investigation in the risk category appropriate to the position they will hold.
- (f) *Reciprocity.* (1) A Public Trust Investigation will be accepted under reciprocity if it meets the following guidelines: (i) the investigation is current (investigations are considered current if completed within the last five years) and favorably adjudicated, or the reinvestigation has been deferred; (ii) the investigation meets or exceeds the level of investigation required for the DOJ contractual instrument; (iii) there has been no continuous (not cumulative) break in federal contract/service employment of two years or more; (iv) there is no derogatory information since the favorable fitness determination or adjudication that calls into question the individual's fitness based on character or conduct; and (v) the investigative record does not show conduct that is incompatible with the core duties of the new contract position. A "core duty" is a continuing responsibility that is of particular importance to the relevant covered position or the achievement of an agency's mission. Core duties will vary from position to position.

4. Background Investigation Process

- (a) *e-QIP (or its successor).* Public Trust background investigations/reinvestigations of contractor employees will be performed by the DCSA. The investigative process requires contractor employees to complete the Electronic Questionnaires for Investigations Processing (e-QIP) and provide additional information as specified in paragraph 1.4(b) below. Immediately after contract award, the contractor shall designate an employee as its "e-QIP Initiator" and provide the name of this person to the SPM. The e-QIP Initiator must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being given access to e-QIP. After the e-QIP Initiator's security approval is granted, the Contractor will be configured in e-QIP as a sub-agency to DOJ. The contractor will then be responsible for initiating investigations for all contract personnel, whose previous investigation does not meet reciprocity, in e-QIP for completion of the security questionnaire form and forwarding the electronic form with the remainder of the security package to the SPM. Subject to the prior written approval of the SPM, the contractor may designate an e-QIP Initiator for each subcontractor. Subcontractor e-QIP Initiators must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being provided access to e-QIP.
- (b) *Additional Documentation.* (1) In addition to completing the e-QIP questionnaire (see 1.4(a), above), the contractor shall ensure that each contractor employee occupying Public Trust Positions, including short-term employees, completes and submits the following information through the contractor's Corporate Security Officer:
- (i) Digital Fingerprinting/FD-258 Applicant Fingerprint Card. Two sets are required per applicant. The contractor may schedule appointments with the SPM to be digitally fingerprinted; otherwise, fingerprinting by the FBI or other law enforcement entity, as approved by the SPM, is required to ensure the identity of the person being fingerprinted and for printing quality. All pertinent information must be completed by the individual taking the fingerprints (FBI or other). Use of the physical FD-258 Applicant Fingerprint Card should only be used in extenuating circumstances.
 - (ii) DOJ-555 Fair Credit Reporting Act Disclosure. Authorizes DOJ to obtain one or more consumer/credit reports on the individual. This form will be required if the Component SPM determines a credit check is necessary for its Low Risk Level 1 contractor positions.
 - (iii) OF-306, Declaration for Federal Employment.
 - (iv) Foreign National Relatives or Associates Statement. This is only required if foreign national relatives or associates were not disclosed on the security questionnaire form.
 - (v) Self-Reporting Requirements for All Contractor Personnel. This is an acknowledgement and acceptance statement that every contractor must sign.

(vi) Additional information as may be required based on the review of the security questionnaire form.

The contractor shall review all forms/documents to ensure each is complete, accurate and meets all DOJ requirements, including applicable residency and citizenship requirements. The contractor shall resolve any issues or discrepancies with the contractor employee, including resubmission of corrected forms or documentation. Completed forms/documents shall be submitted to the SPM (or designee, which may include the COR) within five (5) calendar days after being finalized.

(c) Adjudication and Pre-Employment Background Investigation Waivers

(1) Except as set forth in this section, background investigations must be conducted and favorably adjudicated for each contractor employee prior to commencing their work on this contract. Where programmatic needs do not permit the federal government to wait for completion of the entire background investigation, a pre-employment background investigation waiver for public trust contractors can be granted by the SPM, in consultation with the cognizant COR. Pre-employment waivers cannot be used to circumvent delays in clearing classified contractors through the DCSA, if access to classified information is required.

(2) As directed by the SPM, the contractor shall initiate pre-employment waivers for Public Trust Positions when necessary. This may entail performing credit history checks and submission of these checks as part of the security package, including satisfactory resolution of any issues prior to submission to the federal government. A waiver will be disapproved if it develops derogatory information that cannot be resolved in the contractor employee's favor. When a waiver has been disapproved, the CO, in consultation with the SPM and COR, will determine (i) whether the contractor employee will no longer be considered for work on a DOJ contract or (ii) whether to wait for the completion and favorable adjudication of the background investigation before the contractor employee commences work on a Department contract. The pre-employment background investigation waiver requirements include:

1. Verification of citizenship (copy of a birth certificate, naturalization certificate, or U.S. passport);
2. Verification of compliance with the *DOJ Residency Requirement* of this Clause;
3. Favorable review of the security questionnaire form;
4. Favorable FBI fingerprint results;
5. Favorable credit report;
6. Favorable review of the OF-306 form, Declaration for Federal Employment;
7. Verification of the initiation of the appropriate background investigation (for long-term personnel); and
8. Receipt of the signed DOJ Self-Reporting Requirements for All Contractor Personnel (see Section 6, below).

(3) The investigating agency (DCSA) will provide the SPM with the results of each proposed contractor employee's Public Trust investigation. Upon receipt of the investigation and any other pertinent documents from the investigating agency, the SPM will determine whether each proposed contractor employee should be granted employment security approval.

(4) The COR will notify the contractor of the results of Public Trust background investigations as they are completed and adjudicated, including any individual who is found ineligible for employment security approval. For any individual found ineligible for employment on a Department contract, the contractor shall propose a replacement and initiate the background investigation process consistent with this clause.

5. Identity Proofing and Badging

(a) Access to DOJ Information, federally-controlled IT systems, and/or unescorted access to federally-controlled facilities or space (regardless of whether the contractor employee will be issued a DOJ PIV card or building access badge) shall be made available after each respective contractor employee has (1) met the identity proofing requirements outlined below, and (2) completed all other security requirements stated elsewhere in this contract.

(b) (1) Public Trust contractor employees must appear in person at least once before a DOJ official or an official of a trusted contract company (i.e., has a facility security clearance) who is responsible for checking two forms of identification in original form prior to commencement of work by the contractor employee and PIV card or building access badge issuance (as applicable). Approval will be documented by the DOJ official or an official of a trusted contract company. (Acceptable documents are listed in Form I 9, Employment Eligibility Verification, and at least one document must be a valid state or federal government issued picture ID).

(c) [Reserved]

(d) All contractor employees requiring unescorted access to a DOJ controlled facility or space shall comply with the PIV card or building access badge requirements outlined below:

(i) When any contractor employee enters a DOJ building for the first time, he/she shall allow one hour for security processing and the creation and issuance of a building access badge. PIV cards require additional processing time and will not likely be issued on the same day.

(ii) Building access badges shall be subject to periodic review by the contractor employee's supervisor and checked against his/her personal identification. The contractor employees shall present themselves for the issuance of renewed badges when required by the government as scheduled by the COR or his/her designee. The contractor shall notify the COR when contractor employee badges are lost, and must immediately apply for reissuance of a replacement badge. The contractor shall pay for reissued building access badges at no cost to the government. It is the contractor employee's responsibility to return badges to the COR or his/her designee when a contractor employee is dismissed, terminated or assigned to duties not within the scope of this contract.

6. Employee Reporting Requirements

(a) All contractor employees must sign the DOJ *Self-Reporting Requirements for All Contractor Personnel* statement acknowledging and accepting the DOJ requirement that they immediately self-report certain information using the Department's iReport system. The COR or SPM will provide the Self-Reporting statement as well as a list of reportable information, which varies by position sensitivity designation, to the contractor employee before commencing work under the contract. If the contractor employee does not have access to the DOJ iReport System, the COR or SPM will provide a fillable form for the contractor employee to complete and submit.

(b) The COR and SPM will review the written report and documentation and make a determination regarding continued employment on a DOJ contract.

(c) DOJ reporting requirements are in addition to the DCSA reporting requirements and the contractor's internal reporting requirements.

7. Replacement Personnel

(a) The contractor shall make every effort to avoid costs to the government for security investigations for replacement of contractor employees, and in so doing shall ensure that otherwise satisfactorily performing and physically able contractor employees remain in contract performance for the duration of the contract. The contractor shall take all necessary steps to ensure that contractor personnel who are selected for assignment to this contract are professionally qualified and personally reliable, of reputable background and sound character, and able to meet all other requirements stipulated in the contract.

(b) The fact that the government performs security investigations shall not in any manner relieve the contractor of its responsibility to ensure that all contract personnel are reliable and of reputable background and sound character. Should a security investigation conducted by the government and/or a contractor's self-report or failure to self-report render ineligible a contractor employee, the contracting officer will determine whether the contractor has violated this clause. The contracting officer may direct the contractor, at its own expense, to remove and replace any contractor personnel who fails to comply with or violates applicable requirements of this contract. Such action may be taken at the government's direction without prejudice to its rights under any other provision of this contract, including termination for default, and the contractor may be held liable, at a minimum, for all reasonable and necessary costs incurred by the government to (i) provide coverage (performance) through assignment of individuals employed by the government or third parties in those cases where absence of contractor personnel would cause either a security threat or DOJ program disruption and (ii) conduct security investigations in excess of those which would otherwise be required.

(c) Nothing in this clause shall require the contractor to bear costs involved in the conduct of security investigations for replacement of a contractor employee who separates from the contractor of his/her own accord, is incapacitated, or is deceased.

(d) The contractor shall comply with the terms and conditions set forth under this clause and assumes all liability for failure to comply. The rights and remedies conferred upon the government by this clause are in addition to all and other rights and remedies pursuant to the contract and as established by law.

DOJ-08 Continuing Contract Performance During a Pandemic Influenza or other National Emergency (OCT 2007)

During a Pandemic or other emergency we understand that our contractor workforce will experience the same high levels of absenteeism as our federal employees. Although the Excusable Delays and Termination for Default clauses used in government contracts list epidemics and quarantine restrictions among the reasons to excuse delays in contract performance, we expect our contractors to make a reasonable effort to keep performance at an acceptable level during emergency periods.

The Office of Personnel Management (OPM) has provided guidance to federal managers and employees on the kinds of actions to be taken to ensure the continuity of operations during emergency periods. This guidance is also applicable to our contract workforce. Contractors are expected to have reasonable policies in place for continuing work performance, particularly those performing mission critical services, during a pandemic influenza or other emergency situation. The types of actions a federal contractor should reasonably take to help ensure performance are:

- Encourage employees to get inoculations or follow other preventive measures as advised by the public health service.
- Contractors should cross-train workers as backup for all positions performing critical services. This is particularly important for work such as guard services where telework is not an option.
- Implement telework to the greatest extent possible in the workgroup so systems are in place to support successful remote work in an emergency.
- Communicate expectations to all employees regarding their roles and responsibilities in relation to remote work in the event of a pandemic health crisis or other emergency.
- Establish communication processes to notify employees of activation of this plan.
- Integrate pandemic health crisis response expectations into telework agreements.
- With the employee, assess requirements for working at home (supplies and equipment needed for an extended telework period). Security concerns should be considered in making equipment choices; agencies or contractors may wish to avoid use of employees' personal computers and provide them with PCs or laptops as appropriate.
- Determine how all employees who may telework will communicate with one another and with management to accomplish work.
- Practice telework regularly to ensure effectiveness.
- Make it clear that in emergency situations, employees must perform all duties assigned by management, even if they are outside usual or customary duties.
- Identify how time and attendance will be maintained.

It is the contractor's responsibility to advise the government contracting officer if they anticipate not being able to perform and to work with the Department to fill gaps as necessary. This means direct communication with the contracting officer or in his/her absence, another responsible person in the contracting office via telephone or email messages acknowledging the contractor's notification. The incumbent contractor is responsible for assisting the Department in estimating the adverse impacts of nonperformance and to work diligently with the Department to develop a strategy for maintaining the continuity of operations.

The Department does reserve the right in such emergency situations to use federal employees, employees of other agencies, contract support from other existing contractors, or to enter into new contracts for critical support services. Any new contracting efforts would be acquired following the guidance in the Office of federal Procurement Policy issuance

"Emergency Acquisitions", May, 2007 and Subpart 18.2. Emergency Acquisition Flexibilities, of the Federal Acquisition Regulations.

Evaluation Award Methodology:

This acquisition will be procured in accordance with FAR Part 12 – Acquisition of Commercial Products and Commercial Services. The Government intends to make a single award to a quoter, pursuant to an affirmative determination of responsibility, whose quotation, conforming to requirements of the solicitation, determined to be the best value to the Government considering *price and past performance* history.

Price: Price shall be evaluated utilizing the total aggregate pricing offered by the quoter (aggregate total of base year plus all option years).

Past Performance: The Contractor Performance Assessment Reporting System (CPARS) at www.cpars.gov and/or any other relevant information available to the Contracting Officer may be used for past performance evaluation.

SAM Registration: All potential quoters are advised that this solicitation includes the provision at FAR 52.204-7 System for Award Management (SAM) which requires an offeror be registered in the SAM database as "All Awards" when submitting an offer or quote and continue to be registered throughout the duration of the BPA." Quoters shall include their Unique Entity Identifier (UEI) in their quotation. Failure to complete the registration procedures outlined in this clause may result in elimination from consideration for award.

For the purposes of this solicitation, all quoter's SAM registration profile shall include NAICS code 562111.

APEX Accelerator Assistance: If you have questions regarding the System for Award Management (SAM), Government procurements in general, or need assistance in the preparation of your quote, the APEX Accelerators program may be able to help. The APEX Accelerators was authorized by Congress in 1985 to expand the number of businesses capable of participating in government contracts. To locate an APEX Accelerator near you, go to <https://www.apexaccelerators.us/#/contact>

Freedom of Information Act: The Freedom of Information Act (FOIA) and its amendments have resulted in an increasing number of requests to Federal Agencies for copies of quotes from other than Government sources. The quoter should identify information in its quote it believes should be withheld from these sources, on the basis it consists of "trade secrets and commercial or financial information obtained from a person and privileged or confidential" (exemption (b)(4) of the (FOIA). This identification will assist in the decision by a responsible federal official to disclose or withhold the requested information.

If a quoter considers elements of its quote to be exempt under FOIA, ensure the following notice is annotated on the title page of the quote: "Elements of this document, as identified on individual pages, are considered by the submitter to be privileged or confidential trade secrets or commercial or financial information not subject to mandatory disclosure under the Freedom of information Act. Material considered privileged or confidential on this basis is contained on pages ____."

The quote must annotate each individual item it considers privileged or confidential under the FOIA exemption with the following notice: "The data or information is considered confidential or privileged, and not subject to mandatory disclosure under the FOIA."

All information in an offeror's quote not designated may be subject to automatic public disclosure if it is requested under the FOIA. It must be emphasized that under the FOIA no information is automatically exempt from public disclosure. However, no disclosures will be made without careful evaluation, giving due regard to the need for safeguarding material considered privileged or confidential by the quoter. It is Department of Justice policy to withhold whenever possible material that is genuinely privileged or confidential.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 10 years, and 4 after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage

determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of ""wash and wear"" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS****

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees

performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).""
