

Questions

1. Is there a specific color wanted? **Sandstorm Tan #375 or similar**
2. Are there photos of known problems? **See Attached Photos**
3. What type of siding does the building have? Is it wood or hardie board? **The siding is wood - possibly cypress**

Labor & Compliance

1. **Wage Rates:**
Can you confirm that Davis-Bacon wage rates apply to this project, and if so, please confirm the applicable wage determination included with the solicitation? **Yes, Davis Bacon Wage Rate applies, it is attached to supporting documents.**

Existing Conditions

2. **Siding Material:**
Can you confirm the existing siding material (wood, fiber cement/Hardie, metal)? If wood, please specify type if known. **Wood**
3. **Existing Coating:**
Is the current coating a water-based latex paint, solid stain, or another system? **Existing coating is unknown, looks to be water-based**
4. **Repair:**
Are there any known areas of rot or repair beyond typical surface prep that should be anticipated?" **There are some minor repairs needed corners/trim, etc.**
5. **Building Condition / Photos:**
Can additional close-up photos of the building and siding be provided to better assess current conditions? Specifically, we would like to confirm the extent of any coating failure (e.g., peeling, chalking, or adhesion issues) across the structure if any. **See attached photos**

Scope Clarification

6. **Painting Scope:**
Please confirm that the scope includes siding, fascia boards, and trim around doors/windows, and excludes overhead garage doors, man doors, window frames, and other non-primary-color components. **Scope of work includes painting siding, fascia boards, trim around doors/windows. Scope of work does not include painting of doors (man and overhead), window frames, and other non-primary color**

Site Utilities

7.

Water Access:

Is there water/hose access available at the building for pressure washing? **There is a water hydrant next to the building make arrangements with the POC to have the breaker flipped to turn on pump.**

8. **Electrical Access:**

Are standard 110V electrical outlets available on or near the building for contractor use?
Electrical outlets are available

Materials & Submittals

9. **Approved Paint Manufacturers:**

Are there any required or preferred paint manufacturers (e.g., Sherwin-Williams, PPG, Benjamin Moore), or will equivalent high-quality products be considered subject to COR approval?
Valspar, Behr or equivalent quality products will be considered.

Bonding & Financial Requirements

8. **Bonding Requirements:**

Is a bid bond, performance bond, or payment bond required for this project? If so, please confirm amounts and requirements. **No, see box 12a on page 1 of the SF 1442.**

1. How would you describe the condition of the exterior siding? Is there a significant amount of dry rot or board replacement expected?

Very few, maybe only one board needing replacement. Siding seems mostly in good condition.

2. Are overhead doors, man doors, and garage doors intended to be painted, or excluded from the scope?

Excluded

Solicitation: 140FC226Q0025
Middle Island Shop Building Painting
May 8, 2026

3. After power-washing and scraping are you looking for priming of all exterior surfaces, or only areas that are repaired/replaced?

Expect that all of the building will need to be primed, the initial coating seems to have soaked in and thus needing a coating of primer.

4.
Can you confirm the size and scope of the lean-to interior that is to be painted?

17.5' wide by 8' tall by 100' long

5. What surfaces are included (walls only, or also ceilings/structural members)?

Assuming that you are asking about the lean-to. I would like everything painted even though the ceiling was painted a different color, I want it to be painted and structural parts also.

6. What is the square footage of the interior painting required for this project?

Calculated the interior of the lean-to as 2900 sq.ft. Including the ceiling
