Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

Description

This is a combined synopsis/solicitation for commercial items prepared in accordance with the format in FAR Part 12. This announcement constitutes the only solicitation. Quotations are being requested and a separate written solicitation will not be issued.

Solicitation number 12443926Q0066 is issued as a Request for Quotation (RFQ) for 2026 Botany Rare Plant Survey.

This acquisition is set-aside for small business concerns. The applicable North American Industry Classification Standard Code is [541620](#). The small business size standard is \$25.5 million. This acquisition is a Total Small Business Set-Aside. All responsible sources may submit a quotation which will be considered by the agency.

Statement of Requirement

The intent of the contract is to perform botanical surveys for Regional Forester Sensitive Species (RFSS) Plants - survey specified areas for the presence of rare vascular plants and non-vascular plants on the RFSS plant list for the Superior National Forest. Requirements for this botanical survey are described in the Statement of Work (Attachment 001).

Schedule of Items

CLIN	Description	Estimated Quantity	Unit of Issue	Unit Cost	Total
0001	Superior National Forest Rare Plant Survey – St. Louis and Lake Counties	1	EA		

Technical Data

Technical data and supporting documentation associated with this solicitation are available through the following sources:

1. Solicitation Attachments

The following documents are included as attachments to this solicitation and can be accessed via the “Attachments/Links” section of the posting.

- Attachment 001 – Statement of Work
- Attachment 002 – Maps
- Attachment 003 – Stand List
- Attachment 004 – Habitat Summary
- Attachment 005 – Rare Plants List
- Attachment 006 – Rare Plant Occurrence Form DNR
- Attachment 007 – Noxious Weed Occurrence Form
- Attachment 008 – SCA Wage Determination 2015-4939 Rev 28 / 2015-4959 Rev 28

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

Federal Acquisition Regulation (FAR) and United States Department of Agriculture Acquisition Regulation (AGAR) Clauses and Provisions

The clauses and provisions contained herein are applicable to any order awarded as a result of this solicitation. The terms and conditions set forth herein supersede all other terms and conditions. Acceptance of the order in accordance with (IAW) FAR 12.201-1(b)(2) constitutes acceptance of all terms and conditions contained herein.

As part of the Revolutionary FAR Overhaul (RFO), system updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Contracting officers will rely on representations from offers based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

52.252-2 Clauses Incorporated by Reference

Feb 1998

This solicitation incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also the full text of the clause may be accessed electronically at Internet address <https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52>

- 52.212-4 Terms and Conditions—Commercial Products and Commercial Services (Nov 2025)
 - ☐ Alternate I (Nov 2025) of 52.212-4

 ☐ Alternate I (Sep 2021) of 52.245-1
- 52.245-2 Government Property

AGAR Clauses

**452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance
(Dec 2025)**

(a) By entering into this contract, the Contractor certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
- (2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

- (d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.
 - (e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.
 - (f) The Contractor must include the provisions of this clause in all subcontract solicitations.
 - (g) Failure on the part of the Contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.
- (End of Clause)

AGAR 452.203-72 Unenforceable Supplier Terms

(a) Definitions.

Supplier terms mean provisions customarily drafted by vendors of supplies or services and intended to create a binding legal obligation on the end user. The term applies:

- (1) Regardless of the format or style of the document. For example, supplier terms may appear in standard terms of sale or lease, Terms of Service (TOS), End User License Agreement (EULA), or another similar legal instrument or agreement, and may be presented as part of a proposal or quotation responding to a solicitation for a contract or order or otherwise become effective after the contract date.
- (2) Regardless of the media or delivery mechanism used. For example, supplier terms may be presented as one or more paper documents or may appear on a computer or other electronic device screen during a purchase, software installation, other product delivery, registration for a service, or another transaction.

(b) Applicability. When any supply or service acquired under this contract is subject to supplier terms, the supplier terms are deemed part of the contract only to the extent they are consistent with this clause. Supplier terms that conflict with any part of this clause, the contract, or Federal law are void and will not be considered incorporated into a contract, even if they are physically present in a contract documentation or systems. In the event of any inconsistency between supplier terms and this contract, this clause and the terms of the Government contract shall govern and supersede any supplier terms in all cases.

(c) Authorization Required. Notwithstanding any other provision, no supplier terms shall be binding on the Government unless the term is expressly authorized on the USDA Supplier Terms Authorization Form signed by the Contracting Officer, and the completed Authorization Form has been incorporated into the contract.

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

(d) Unenforceable Terms. Any supplier terms that impose obligations or restrictions inconsistent with applicable Federal law are unenforceable against the Government and deemed stricken from the agreement. This includes, but is not limited to, any clause that:

- (1) Requires the Government to pay future fees, penalties, interest, legal costs, early-termination fees, cancellation fees, minimum purchase commitments, true-up payments, seat-count minimums, usage minimums, continued-use charges, or any other financial obligation not expressly authorized by the contract.
- (2) Requires the Government to indemnify the contractor or any other entity.
- (3) Restricts the Government's ability to obtain similar supplies or services from another source.
- (4) Imposes any penalty, financial or otherwise, based on the Government's decision not to exercise an option.
- (5) Subjects the United States Government to the laws of any U.S. state, territory, district, municipality, or foreign nation, except where Federal law expressly permits such application.
- (6) Requires dispute resolution in a forum or venue other than one prescribed by applicable Federal law.
- (7) Establishes a period of limitations for bringing an action that differs from that provided by applicable Federal law.
- (8) Grants the contractor rights to use, mine, access, aggregate, analyze, or otherwise exploit Government data, usage data, or metadata.
- (9) Deems the Government to have accepted initial or revised terms based on silence, continued performance, or failure to object.
- (10) Grants the supplier the right to audit Government facilities, systems, records, or use of the product or service, except as expressly authorized by the contract and applicable Federal law.
- (11) Requires the Government to accept supplier security requirements, network access requirements, monitoring, penetration testing, or other technical or security measures.
- (12) Permits the supplier to suspend, degrade, or terminate access to products or services based on alleged non-payment, alleged breach, automated security triggers.
- (13) Limits the Government's right to use, install, access, test, evaluate, or transfer the licensed product or service in any manner consistent with the contract and Federal law.
- (14) Requires the Government to store, process, maintain, or transmit data in a particular geographic location, or permits the supplier to transfer Government data outside the United States, except as expressly authorized by applicable Federal law.

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

- (15) Authorizes the supplier to use the Government's name, seal, trademark, logo, or any reference to the Government as an end user or customer for marketing, publicity, promotional activities, press releases, or similar purposes.
 - (16) Incorporates by reference, or requires the Government to accept, terms or conditions imposed by any third party, subcontractor, or upstream service provider, unless such terms are expressly incorporated into the contract by bilateral modification.
 - (17) Limits, conditions, or negates the contractor's performance obligations, service levels, or remedies through a supplier-provided service level agreement (SLA).
 - (18) Uses Government data, usage data, metadata, prompts, content, or interactions to train, fine-tune, improve, or derive any artificial intelligence, machine learning, or automated decision-making model.
 - (19) Subjects the Government to automated decision-making, automated risk scoring, automated content moderation, or any algorithmic process that may affect access, performance, or rights under the contract.
 - (20) Utilizes artificial intelligence or algorithmic tools that produce decisions, recommendations, or outputs affecting contract performance without providing transparency, explainability, auditability, and bias-mitigation consistent with applicable Federal law and policy.
 - (21) Profiles, tracks, or analyzes Government user behavior, preferences, communications, or interactions for personalization, marketing, or algorithmic optimization purposes.
- (e) Non-binding Actions. Neither the Government nor any Government authorized end user is deemed to have consented to any term, condition, or clause by virtue of its inclusion in the supplier agreement or through the use of clickwrap, browsewrap, "I agree" mechanisms, or similar means. Execution of such mechanisms does not bind the Government or its authorized end users to any unenforceable terms.
- (f) End user. The supplier agreement shall bind the ordering activity as the end user to the extent it does not conflict with the terms of this clause, but it shall not bind or impose personal liability on any Government employee or any person acting on behalf of the Government in their personal capacity.
- (g) Law and disputes. The supplier agreement is governed by Federal law.
- (h) Statutory exception. This clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.
- (i) Continued performance. The supplier or licensor shall not unilaterally revoke, terminate, or suspend any rights granted to the Government except as allowed by the contract. If the supplier or

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

licensor believes the ordering activity to be in breach of the supplier agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while proceeding diligently with performance, pending final resolution of any dispute in accordance with the Disputes Clause at FAR 52.212-4(d) or FAR 52.233-1, as applicable.

(j) Arbitration. Binding arbitration shall not be used unless specifically authorized by agency guidance.

(k) Equitable or injunctive relief. Equitable or injunctive relief, including the award of attorney fees, costs, or interest, may be awarded against the United States Government only when explicitly provided by statute (e.g., the Prompt Payment Act or the Equal Access to Justice Act).

(l) Revisions to supplier agreements. Any revisions to the supplier agreement must be incorporated into the contract using a bilateral modification. Unilateral revisions are not binding on the Government.

(m) No automatic renewals. If any license or service tied to periodic payment is provided under the supplier agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express written consent from an authorized Government representative.

(n) Indemnification. Any clause of the supplier agreement requiring the supplier or licensor to defend or indemnify the end user is amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(o) Taxes or surcharges. Any taxes or surcharges which the supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the associated Government contract or order and must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed otherwise.

(p) Non-assignment. The supplier agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted by FAR 52.212-4(b) or FAR 52.232-23, as applicable.

(q) Confidential information. If the supplier agreement includes a confidentiality clause, such clause is amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in the supplier agreement to the contrary, the Government may retain any confidential information as required by law, regulation, or its internal document retention procedures for legal, regulatory, or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of the supplier agreement.

(r) Conflict with Federal law. If any other language, provision, or clause of the supplier agreement conflicts or is inconsistent with Federal law or the terms and conditions of this contract, such

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

language, provisions, or clauses will be considered null and void and will not be binding on the United States Government.

(End of Clause)

452.204–70 Modification for Contract Closeout (Apr 2026)

(a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) may issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but is not required to provide a signature. The Contracting Officer will immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

(b) For commercial contracts not exceeding the simplified acquisition procedure threshold under FAR 12.001(c), if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification. Only the modification requires the contractor's signature, though a Release of Claims may be requested. If the required documents are not returned within 60 days, the Contracting Officer will issue a unilateral modification and proceed with closeout once performance is complete, acceptance is confirmed, and final payment is made.

(c) For all other non-commercial or non-cost-reimbursement contracts, if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification and a Release of Claims, both requiring contractor signature. If these documents are not returned within 120 days, the Contracting Officer will issue a unilateral modification and proceed with closeout upon completion of performance, acceptance, and final payment.

(End of Clause)

NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Ombudsman Program

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. Initial Point of Contact: Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. Escalation: If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process,

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.

3. Required Information: To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. Effort to Resolve: Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank Discussions.

2. Independent Review: If the protester's concern remains unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.

3. Resolution Timeline: The agency's goal is to resolve protests within 35 calendar days from the date of filing.

4. Required Information: Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.

5. Timeliness: Protests must be filed within the timeframes specified in FAR 33.104.

6. Submission: Formal protests under the OPAP program should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Election of Forum. By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

Solicitation Information

The intent of the contract is to perform botanical surveys for Regional Forester Sensitive Species (RFSS) Plants - survey specified areas for the presence of rare vascular plants and non-vascular plants on the RFSS plant list for the Superior National Forest. Requirements for this botanical survey are described below. Reply due by 12:00 PM ET, May 20, 2026.

Anticipated start date: May 25, 2026

Award Type

It is anticipated that a Firm Fixed Price Contract will be awarded as a result of this synopsis/solicitation.

The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

Evaluation and Basis for Award

Responses to the Request for Proposals would be evaluated on the basis of the following criteria. These criteria are listed in descending order of importance.

1. Botanical qualifications and vascular plant experience.

List names, education, and experience of individuals that would perform vascular plant surveys. List all individuals and the position they will be occupying. The following should be addressed for each individual:

- Extent of education in botany or related biological field
- Knowledge and skill with vascular plant taxonomy and identification
- Experience in searching for and finding species of the northern Lake States forests with specific attention to endangered, threatened, and special concern vascular species in northern Minnesota.

For the firm, list rare vascular plant finds by species and number of different times found. (We are attempting to evaluate firm's demonstrated skill at finding a diversity of rare vascular plants including difficult-to-detect or difficult-to-identify species).

2. Lichen experience

List names of individuals that would perform lichen surveys (if different from individuals in item 1, describe their education and experience) and describe their:

- Knowledge and skill with lichen identification
- Experience in searching for and finding rare lichens of the northern Lake States forests with specific attention to rare lichens of northern Minnesota.

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

For the firm, list rare lichen finds by species and number of different times found. (We are attempting to evaluate firm's demonstrated skill at finding a diversity of rare lichens).

3. Past Performance

List contracts for rare plant surveys performed for the Forest Service and/or other clients within the last 5-10 years (show most recent experience first). Include the following information:

- Client name and contact person (name and phone)
- Location of work
- Project size
- Dates (Start date, finish date)

4. Quality Control.

Describe procedures to maintain quality control, including, but not limited to, items below:

- Quality control for identification of rare vascular plants and lichens.
- Quality control for search effort: how will contractor disperse survey effort throughout representative portions of stands, and how will contractor ensure thoroughness of search effort.
- Quality control for supervision - if supervising employees, describe how they will be supervised and how work will be inspected.

Technical skills and past performance when combined, are approximately equal when compared to price.

Technical Approach:

The technical approach will evaluate the ability of the offeror to provide a sound and compliant approach that meets all requirements and shows a thorough understanding of them. It is the contractor's responsibility to ensure their quotation clearly demonstrates their capability to meet these requirements. All offerors must provide the following minimum information and documentation with their quotations to be considered responsive and have their offers evaluated:

- Ability of the offeror to meet the schedule requirements listed in the Statement of Work (SOW).
- Detailed explanation of any requirement listed in the SOW that cannot be successfully accomplished by the offeror.

Price:

The offeror shall provide pricing as requested in the Schedule of Items on page 1 of this Request for Quote. Failure to propose pricing for all individual line items may result in a quotation being excluded from further consideration. The offeror's quotation will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

Past Performance:

The Government may utilize any references provided by the Contractor, along with information available from past contracts/orders with the USDA and any information found using sources such as Federal Government sources or the Contractor Performance Assessment Reporting System

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

(CPARS) to determine if the Contractor has acceptable or neutral Past Performance. Past Performance will be evaluated using the following rating system:

- Acceptable: The contractor shows a demonstrated ability to meet contract requirements in prior or current contracts, including quality of work, timeliness, cost control, business relations, and adherence to contract terms.
- Neutral: Offeror does not have a past performance record.
- Unacceptable: The contractor has a documented history of failing to meet contract requirements, including poor quality, missed deadlines, cost overruns, lack of responsiveness, or unethical behavior.

Evaluation Method:

All quotations will be evaluated to identify the offeror presenting the most technically advantageous solution based on the stated evaluation criteria. Once the highest technically rated offeror is identified, their price will be evaluated to determine whether it is fair and reasonable. Past performance will also be assessed to ensure it is acceptable or neutral.

Award will be made to the offeror whose proposal is determined to be the highest technically rated, provided that:

- The proposed price is fair and reasonable, and
- Past performance is assessed as acceptable or neutral.

Award will not necessarily be made to the lowest-priced offeror. Tradeoffs will not be conducted.

FAR 52.212-2 Evaluation - Commercial Products and Commercial Services (Nov 2025)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

(b) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Delivery Information

F.o.b. destination, is requested as the F.O.B. point for all deliverables.

All offers will be considered F.O.B. Destination unless F.O.B. origin is specified AND estimated shipping costs are included.

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

The USDA requires delivery of all items by November 30, 2026. Early deliveries will be accepted.

Shipping Instructions:

Digital copy of the report shall be delivered to:

Jeremy Cable
USDA Forest Service
Chippewa National Forest
1235 Division Street
Deer River, MN 56636
Jeremy.Cable@usda.gov

AND

David Morley
USDA Forest Service
Superior National Forest
8901 Grand Ave Place
Duluth, MN 55808
David.Morley@usda.gov

Service Contract Labor Standards -

The Service Contract Labor Standards could apply to any contracts awarded through this solicitation. In accordance with (IAW) FAR 22.1002-3(a)(2), the place of performance for this contract is St. Louis and Lake Counties, MN. The Contracting Officer has included Wage Determinations for each place as an attachment to this solicitation.

52.252-1 Solicitation Provisions Incorporated by Reference Feb 1998

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): <https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52>

52.212-1 Instructions to Offerors - Commercial Products and Commercial Services (Nov 2025)

Period for acceptance of offers.

The Offeror agrees to hold the prices in its offer firm for **90 calendar days** from the date specified for receipt of offers.

Questions

Questions shall be submitted via email to Chandria.Fulghum@usda.gov and are due no later than May 15, 2026, at 12:00 PM Eastern Time. This will ensure enough time to respond before the solicitation period ends. Please include the solicitation name and number as the subject line of the email.

52.203-18 Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation (Jan 2017)

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

- 52.209-2 Prohibition on Contracting with Inverted Domestic Corporations - Representation (Sep 2025)
- 52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law (Sep 2025)
- 52.240-90 Security Prohibitions and Exclusions Representations and Certifications (Nov 2025)

The following provisions are applicable if checked:

- ☐ 52.203-11 Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (Sep 2024)
- ☒ 52.204-7 System for Award Management—Registration (Nov 2025)
 - ☐ Alternate I (Nov 2025) to 52.204-7
- ☒ 52.204-90 Offeror Identification (Nov 2025)
- ☐ 52.207-6 Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts) (Aug 2024)
- ☐ 52.209-12 Certification Regarding Tax Matters (Oct 2025)
- ☐ 52.219-2 Equal Low Bids (Nov 2025)
- ☐ 52.222-18 Certification Regarding Knowledge of Child Labor for Listed End Products (Feb 2021)
- ☐ 52.222-48 Exemption from Application of the Service Contract Labor Standards for Maintenance, Calibration, or Repair of Certain Equipment—Certification (Nov 2025)
- ☐ 52.222-52 Exemption from Application of the Service Contract Labor Standards for Certain Services-Certification (Nov 2025)
- ☐ 52.222-56 Certification Regarding Trafficking in Persons Compliance Plan (Oct 2020)
- ☐ 52.223-4 Recovered Material Certification (May 2008)
- ☐ 52.225-2 Buy American Certificate (Oct 2022)
- ☐ 52.225-4 Buy American-Free Trade Agreements-Israeli Trade Act Certificate (Nov 2025)
- ☐ 52.225-6 Trade Agreements-Certificate (Feb 2021)
- ☐ 52.226-3 Disaster or Emergency Area Representation (Nov 2007)
- ☐ 52.229-11 Tax on Certain Foreign Procurements—Notice and Representation (Jul 2025)

Other Applicable FAR Provisions

- 52.216-31 Time and Materials/Labor Hour Proposal Requirements - Commercial Acquisition (Nov 2021)
- 52.217-5 Evaluation of Options (Nov 2025)
- 52.225-18 Place of Manufacture (Aug 2018)
- 52.233-2 Service of Protest (Sep 2025)
- 52.237-1 Site Visits (Apr 1984)

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

AGAR Provisions

452.203-70 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Certification (Dec 2025)

(a) By submission of its offer, the offeror certifies that:

- (3) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.
- (4) Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

(b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The offeror affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the offeror will not be eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to offeror's compliance with the above requirements and/or eligibility for the contract may subject the offeror to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) Failure on the part of the offeror or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate the contract for default.

(End of Provision)

Superior National Forest 2026 Rare Plant Survey
Solicitation Number: 12443926Q0066

NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Ombudsman Program

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.
3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.
2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
3. **Resolution Timeline:** The agency's goal is to resolve protests within 35 calendar days from the date of filing.
4. **Required Information:** Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.
5. **Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.
6. **Submission:** Formal protests under the OPAP program should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Election of Forum. By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed.

2026 BOTANY RARE PLANT SURVEY STATEMENT OF WORK

Superior National Forest – St. Louis and Lake Counties

SCOPE OF CONTRACT

The intent of the contract is to perform botanical surveys for Regional Forester Sensitive Species (RFSS) Plants - survey specified areas for the presence of rare vascular plants and non-vascular plants on the RFSS plant list for the Superior National Forest. Requirements for this botanical survey are described below.

RFSS Plant Survey

BACKGROUND

The purpose of the survey is to identify locations of RFSS plants in areas proposed for natural resource management so managers can help minimize and avoid impacts to such plants. There are multiple project areas targeted for survey. Survey areas are located in St. Louis and Lake Counties, Minnesota.

DESCRIPTION AND LOCATION

The contractor shall survey for RFSS vascular and non-vascular plant species on 1,632 acres of federal land in several areas of the Superior National Forest on Kawishiwi, Laurentian, and Tofte Ranger Districts (Attachment 1-Area and Vicinity Maps and Attachment 2 – Stands List). The target areas are forested or non-forested stands that may be either uplands or wetlands (Attachment 3 – Habitats Summary). The areas to be surveyed are not physically identified on the ground, but are delineated on project maps.

PERFORMANCE PERIOD

The Contractor must (a) commence work under this contract by the earliest date listed in the contract schedule, (b) prosecute the work diligently, and (c) complete all field work by the latest date listed. Contractors are encouraged to become familiar with the location before work is required to begin. Report will be produced by November 30, 2026.

PRE-WORK CONFERENCE

Before any contract work is started, the Contracting Officer Representative (C.O.R.) will arrange for a pre-work conference to discuss contract terms, work requirements and schedule. At this time, the contractor will present a proposed progress schedule for accomplishing the work.

GOVERNMENT FURNISHED ITEMS

For the RFSS Plant Survey, the Government shall make available to the contractor the following listed material:

- a. Forest map.
- b. Maps identifying forest stands for survey.
- c. Aerial photos, if requested
- d. Rare plant occurrence information in or near project area.
- e. ArcMap layers identifying forest stands if requested

TECHNICAL REQUIREMENTS/TASKS

The contractor must furnish all equipment, labor, materials (except government furnished items), transportation, lodging, supervision, and incidentals necessary to conduct surveys. The contractor must determine habitat relationships and phenology for each of the species on the Superior National Forest Rare Plant List (Attachment 4). Using this information, the contractor must conduct a pedestrian survey for vascular and non-vascular plants on the RFSS list for the Superior National Forest, which are listed in bold on the 2026 Superior National Forest Rare Plant List. If the contractor finds any RFSS plants or any other rare plants on the 2026 Superior National Forest Rare Plant List, they shall document them as described below. If there are known RFSS plant occurrences in a target stand, the contractor shall attempt to re-locate the occurrence and document its presence/absence.

The survey must be conducted most intensively where and when the species of concern are likely to be found. The random meander survey technique (Nelson 1985) must be used, in which the contractor focuses search efforts in areas of highly suitable rare plant habitat, while making more cursory survey efforts in areas of less suitable rare plant habitat. The contractor must make a good faith effort to distribute searches throughout all potential community types or habitats where rare species may be found, and do so at the times of the year appropriate to identify the plant. It is the contractor's duty to determine survey timing and number of surveys required for a given locale. A minimum of one visit to each survey stand is required, and more than one may be necessary depending on the habitats present in the stand and which rare plants potentially occur there. Surveys will cover areas identified on the enclosed maps.

The contractor must also document (as described below) any occurrences which they observe within the contract stands of the following noxious weeds: common buckthorn (*Rhamnus cathartica*), leafy spurge (*Euphorbia esula*), purple loosestrife (*Lythrum salicaria*), and garlic mustard (*Alliaria petiolata*). References below to noxious weeds refer to these species.

Data collected and reports prepared under this contract are the property of the Forest Service. Data publication is prohibited without prior consent of the Forest Service and the Forest Service reserves the right to edit any potential publications. The Forest Service will be acknowledged in any publications using such data.

The contractor must:

1. Provide the COR with a survey plan prior to doing field surveys.
2. Report survey progress to the COR with a monthly report of days and time spent in the field.
3. Search for RFSS vascular and non-vascular plants in designated stands.
4. If a RFSS plant/plant colony is detected, the contractor shall Assign a unique identifier for that location. The Forest Service will provide the unique identifiers (S-codes) to be used on the location forms in sequential order. This identifier will be used for tracking and communicating between the contractor and COR. Once assigned, the S- code is permanently attributed to that detection at that location; it is never transferred to a different species or location regardless of the status of the original site (dismissed or verified).
5. Mark all rare plant sites in the field using fluorescent pink flagging. Flagging should be hung at the approximate center of each rare plant occurrence, and the contractor shall write their initials, the date, and the plant unique identifier (S-code) on the flagging.
6. Record the location of any rare plant or noxious weed occurrences as a point using a Global Positioning System (GPS). GPS coordinates will be stored in UTM, NAD83.
7. Record the path of the contractor's traverse through the stand using GPS (UTM, NAD83), for example with a GPS trackfile

The contractor must submit a report summarizing the results of the field surveys. The report may be in Microsoft Word or PDF format. No hard copy reports are needed. Each final report must include:

8. Summary of rare plant and noxious weed findings.
9. A listing of the different native plant communities found in each target stand, as described in

Field Guide to the Native Plant Communities of Minnesota: The Laurentian Mixed Forest (MNDNR 2003).

10. List of all plant species seen in each target stand, by MNDNR NPC type. Latin names should be used. This list shall be limited to species with which the contractor is familiar and is not intended to be exhaustive or complete.
11. Completed Rare Plant Occurrence Form (Attachment 5) for each new rare plant occurrence found. The form shall be completed for any plant species listed on the 2026 Superior National Forest Rare Plant List that is found in the stands targeted for surveys. The data required on the form can also be submitted in an alternative format if approved by the COR.
12. Completed Superior National Forest Noxious Weed Occurrence Form (Attachment 6) for each new noxious weed occurrence.
13. Locations of rare plant and noxious weed occurrences displayed on georeferenced aerial photo or USGS quad map.
14. Location of contractor's traverse path through the target stands displayed on georeferenced aerial photo or USGS quad map.
15. Digital version of point locations of rare plants and noxious weeds; the format must be an ArcGIS shapefile, OR Excel spreadsheet with all necessary data to produce a points shapefile.
16. Digital version of contractor's trackfile showing the path of the traverse through each survey stand; the format must be an ArcGIS shapefile.
17. Locations of rare plants and noxious weeds displayed on maps generated by the Contractor shall be easily related to the respective Rare Plant Occurrence Form using S-codes for labels.

For each rare plant occurrence found, submit:

18. at least three clear digital images (minimum 8 megapixels), adequately lit, **close-up photographs showing the plant(s) from different angles, to demonstrate the traits of the reported species**. All RFSS photographs provided by the contractor are considered collected data and become the property of the U.S.D.A. Forest Service. This will serve as a voucher if no voucher specimen is able to be collected.
19. A voucher specimen to the University of Minnesota herbarium (MIN). The COR may exempt the contractor from this requirement if numerous sites are located. Vouchers shall not be collected from small populations of targeted rare plants.

The Contractor shall submit the digital copy of the report to:

Jeremy Cable
USDA Forest Service
Chippewa National Forest
1235 Division Street.
Deer River, MN 56636
Jeremy.cable@usda.gov

AND

David Morley
USDA Forest Service
Superior National Forest
8901 Grand Ave Place
Duluth, MN 55808
david.morley@usda.gov

QUALIFICATIONS OF CONTRACTOR AND EMPLOYEES

The Contractor and their employees must be able to correctly identify all plant species found in the Superior National Forest by sight or other means such as use of taxonomic keys. The Contractor must be able to distinguish the plants found on the Superior National Forest from one another.

INCENTIVES

For the RFSS Plant Survey, incentive payments will be made at a rate of \$60 per new, unknown RFSS plant population located within target survey stands, or in stands immediately adjacent to such target stands. Because of the tendency of *Botrychium* species to occur in multi-species colonies, *Botrychium*

colonies containing RFSS species will be treated as ONE RFSS location. Payments will be made once the species identification is verified, and will be limited to ONE location per species (or colony) per stand, not to exceed 20% of the total Bid Item price. The incentive payment can be delayed for up to 1 year, because of the need to have some species verified by a species expert.

COMMON NAME	SCIENTIFIC NAME	OCC	MN-DNR	HABITAT	G Rank	N Rank	S Rank	RFSS
Siberian yarrow	<i>Achillea alpina</i>	3	T	Loamy soil in sunny/partly shaded wetland edges	G5		S2	no
Climbing fumitory	<i>Adlumia fungosa</i>	2	SC	Growing on bare soil of tip-ups in variety of forest types, or crumbly cliff soils	G4		S3	no
Moschatel	<i>Adoxa moschatellina</i>	2		North Shore moist northern hardwoods	G5		SNR	no
Wild chives	<i>Allium schoenoprasum</i>	4	E	North Shore veg mats along rocky shores of Lake Superior, rocky terrace or ledge near water	G5		S1	no
Holboell's rockress	<i>Arabis holboellii</i> var. <i>retrofracta</i>	2	T	In crevices of cliffs, frequently in Rove Formation	G5T5	NNR	S2	RFSS
Long-leaved arnica	<i>Arnica lonchophylla</i>	2	T	Calcareous microhab; cliffs & ledges, cool & moist	G5	NNR	S2	RFSS
Maidenhair spleenwort	<i>Asplenium trichomanes</i> ssp. <i>Trichomanes</i>	2	T	On cliffs & ledges in moist crevices of non-calcareous rock, in Rove Form.	G5	N5	S2	RFSS
Alpine milk-vetch	<i>Astragalus alpinus</i>	1	E	Sandy -gravelly fluctuating shorelines with sparse vegetation	G5	NNR	S1	RFSS
Swamp begger-tick	<i>Bidens discoidea</i>	2	SC	Wet habitats;silty shores, hummocks in floating mats, partly submerged logs	G5		S3	no
Tailed grapefern	<i>Botrychium acuminatum</i>	3	SC	Sand dune on Park Point	G1		S3	no
Upswept moonwort	<i>Botrychium ascendens</i>	3	E	Mine dump, old field, wet mesic forest adjacent to mesic hardwood forest	G3		S1	no
Prairie moonwort	<i>Botrychium campestre</i>	2	SC	Old mine dumps	G3G4		S3	no
Lance-leaf grape-fern	<i>Botrychium lanceolatum</i> v. <i>angustisegmentum</i>	2	T	Northern hardwood forest, old fields, old logging roads and trails	G5T4	N4	S2	RFSS
Slender moonwort	<i>Botrychium lineare</i>	2	E	Mine dump	G2G3		S1	no
Common moonwort	<i>Botrychium lunaria</i>	2	T	Open habitats such as old log landings, sawmill sites, old building sites	G5	NNR	S2	RFSS
Michigan moonwort	<i>Botrychium michiganense</i>	2		Openings, clearings, old log landings, old gravel pits, embankments.	G3	NNR	S2	RFSS
Mingan moonwort	<i>Botrychium minganense</i>	2	SC	Preferred habitat - northern hardwood forests	G4G5		S3	no
Goblin fern	<i>Botrychium mormo</i>	2	T	Mesic northern hardwoods, open understory, thick leaf layer	G2Q	N2	S2	RFSS
Blunt-lobed grapefern	<i>Botrychium oneidense</i>	2	T	Moist woods near seasonal ponds, or jack pine forest on SNF	G4		S2	no
Pale moonwort	<i>Botrychium pallidum</i>	2	SC	Open,disturbed habitats, log landings, roadsides, sandy gravel pits	G3		S3	no
Ternate grape-fern	<i>Botrychium rugulosum</i> (=ternatum)	2	SC	Generally open habitats, such as old log landings and edges of trails	G3		S3	no
Least grape-fern	<i>Botrychium simplex</i>	2	SC	Generally open habitats like old log landings, roadside ditch, trails, old fields	G5		S3	no
Spatulate moonwort	<i>Botrychium spathulatum</i>	2	E	Powerlines, mine tailings piles, and other disturbed areas	G3	N3	S1	no
Pond reedgrass	<i>Calamagrostis lacustris</i> (=C.stricta ssp. Inexpansa)	2	SC	Rocky, sandy, gravely lake margins & beaches; rocky outcrops	G5T5		S3	no
Purple reedgrass	<i>Calamagrostis purpurascens</i>	1	E	North facing slate or diabase cliffs	G5	NNR	S1	RFSS
Larger water-starwort	<i>Callitriche heterophylla</i>	2	T	Shallow margins of protected bays of lakes	G5	N5	S2	RFSS
Floating marsh marigold	<i>Caltha natans</i>	2	E	Shallow water of slow moving creeks, backwaters, oxbows, sloughs	G5	NNR	S1	RFSS
Calypso orchid	<i>Calypso bulbosa</i>	2		Lowland conifer forests;less extent in upland coniferous	G5		SNR	no
Modest aster	<i>Canadanthus modestus</i>	1			G5	NNR	S3	no
Cuckoo flower	<i>Cardamine pratensis</i>	2	T	Edges of shallow pools in cedar swamp, or occasionally in open peatlands	G5	N5	S2	RFSS
Coastal sedge	<i>Carex exilis</i>	2	SC	Patterned fens	G5		S3	no
Yellow sedge	<i>Carex flava</i>	2	SC	Calcareous bogs, meadows & lakeshores	G5		S3	no
Garber's sedge	<i>Carex garberi</i>	3	T	Open rich fen, moist seepy shoreline rocks of Lake Superior	G5		S2	no
Sedge	<i>Carex media</i> (=norvegica ssp. inferalpina)	2	SC	Cold woods, shores and rock crevices	G5T5		S3	no
Michaux's sedge	<i>Carex michauxiana</i>	2	SC	Peaty areas, spring, floating bog mats, lakeshores	G5		S3	no
New England sedge	<i>Carex novae-angliae</i>	2	T	Mesic woods with sugar maple; ybirsch/w.spruce forest	G5	NNR	S2	RFSS
Sedge	<i>Carex ormostachya</i>	2	SC	Sandy or rocky woods and clearings	G4G5	NNR	S3	no
Pale sedge	<i>Carex pallescens</i>	2	E	Peaty meadows, forest clearings&shrubby edge habitat, 2 known occur. in moist ditch near L. Sup	G5	NNR	S1	no
Prairie sedge	<i>Carex praticola</i>	1	SC	N. facing cliffs or talus in Rove formation	G5	NNR	S3	RFSS
Ross' sedge	<i>Carex rossii</i>	2	T	Rocky summits, dry exposed cliff faces, rocky slopes	G5	NNR	S2	RFSS
Northern singlespike sedge	<i>Carex scirpoidea</i>	3	SC	Forms carpets in crevices, mossy ledges, on open cliffs, outcrops	G5		S3	no

COMMON NAME	SCIENTIFIC NAME	OCC	MN-DNR	HABITAT	G Rank	N Rank	S Rank	RFSS
Weak arctic sedge	Carex supina var. spaniocarpa	1	E	N. facing cliffs or talus in Rove formation	G5T5	NNR	S1	RFSS
Tinged sedge	Carex tincta	1		Rocky shoreline on Basswood Lake	G4G5		SNR	no
Dry sedge	Carex xerantica	2	SC	Shallow, dry rocky soils on exposed crests of cliffs in Rove Formation	G5	NNR	S3	no
Northern paintbrush	Castilleja septentrionalis	3	E	Damp rocky soil, Lake Superior shoreline	G5		S1	no
Spiny hornwort	Ceratophyllum echinatum	2		Quiet, cold, acidic water, often in beaver ponds	G4?		SNR	no
Twig-rush	Cladium mariscoides	2	SC	Patterned fens,lakeshore	G5		S3	no
Water pygmyweed	Crassula aquatica	3	T	Ephemeral aquatic annual, mostly prairie rainwater pools. VNP: shallow water of bays	G5		S2	no
Douglas's hawthorn	Crataegus douglasii	2	SC	Rocky gravelly stream beds and and rocky, open borders of woods; N. Shore	G5		S3	no
Ram's-head ladyslipper	Cypripedium arietinum	2	T	Wide variety of forest habitats, forest, bogs, acidic, upland and lowland	G3	N3	S2	RFSS
Laurentian bladderfern	Cystopteris laurentiana	2		Cliffs and ledges, only known from North Shore	G3	N2N3	SNR	RFSS
Slender hairgrass	Deschampsia flexuosa	2	T	Dry, sandy, or rocky soil, often in association with pine forests, mostly along L. Superior shore	G5	N5	S2	RFSS
Rock whitlow grass	Draba arabisans	2	SC	Cliffs on Lake Superior	G4		S3	no
Hoary whitlow grass	Draba breweri var. cana	2	E	Cliffs on Lake Superior or in BWCAW	G5	NNR	S1	RFSS
Norwegian whitlow grass	Draba norvegica	3	E	Rocky shore of Lake Superior	G5		S1	no
English sundew	Drosera anglica	2	SC	Mineotrophic shallow pools in patterned peatlands	G5		S3	no
Linear-leaved sundew	Drosera linearis	2	SC	Minerotrophic water tracks in patterned peatlands	G4	N3	S3	no
Waterwort	Elatine triandra	2	SC	Aquatic sandy area, Canadian side of LaCroix	G5		S3	no
Olivaceous spikerush	Eleocharis olivacea	2	T	Muck or peat shorelines of small bog pools, bog ponds, or mucky lakeshore	G5	NNR	S2	RFSS
Neat spike-rush	Eleocharis nitida	2	SC	Mineral soil in wetlands, often w/open canopy & disturbance e.g. ditches	G4		S3	no
Mamillate spike-rush	Eleocharis mamillata	1		Mucky shorelines of ponds or beaver drainages	G4?		SNR	no
Few-flowered spike-rush	Eleocharis quinqueflora	2	SC	Variety of wetlands, sedge mat, lake beach, river margin	G5		S3	no
Robbins spikerush	Eleocharis robbinsii	2	T	Shallow water along shorelines, often in peat or muck over sand or gravel bottom	G4G5	NNR	S2	no
Purple crowberry	Empetrum camesii	3	E	Probably restricted to rocky shore on islands of Lake Superior	G5T5		S1	no
Black crowberry	Empetrum nigrum	3	E	Moist ledges of Lake Superior shore rocks	G5		S1	no
Bitter fleabane	Erigeron acris	2	E	Steep canyon walls of North Shore streams, and rocky forested slopes near Lake Superior	G5	NNR	S1	RFSS
Hudson Bay eyebright	Euphrasia hudsoniana var. ramosior	2	SC	Exposed rock shores of Lake Superior	G5?TNR		S3	no
Autumn fimbriatilis	Fimbristylis autumnalis	2	SC	Moist, sandy soil	G5		S3	no
Northern oak fern	Gymnocarpium robertianum	3	SC	Lowland cedar swamps	G5		S3	no
Appalachian fir clubmoss	Huperzia appalachiana	2	SC	Shelves and crevices on cliffs/talus, and shrub dominated talus piles	G5	N3	S3	RFSS
Rock clubmoss	Huperzia porophila	2	T	Ledges on cliffs and rock outcrops	G4	NNR	S2	RFSS
Butter's fir moss	Huperzia x buttersii	2			GNA	NNA	SNR	no
American marshpennywort	Hydrocotyle americana	2	SC	Hardwood swamps like black ash, springs, marshy ground	G5		S3	no
Moor rush	Juncus stygius	2	SC	Patterned peatlands, shallow pools in nonforested peatland, often w/ sedges	G5	NNR	S3	RFSS
Creeping rush	Juncus subtilis	1	E	Sandy lakeshore - only known occurrence is BWCAW	G5	N1	S1	RFSS
Creeping juniper	Juniperus horizontalis	2	SC	Moist, especially sandy soil	G5		S3	no
Dwarf ground cherry	Leucophysalis grandiflora	1		Gravelly or sandy disturbed sites	G4?		SNR	no
Auricled twayblade	Listera auriculata	2	E	Margin of lakes/streams, asso. w/ alder or spruce/fir forest, sand/gravel soil	G3G4	N2N3	S1	RFSS
Broad-lipped twayblade	Listera convallarioides	4	SC	Cedar-spruce-balsam forest - weakly acidic swamp (1 historic occurrence)	G5		S3	no
American shore-plantain	Littorella uniflora	2	SC	Shallow margins of oligotrophic lakes	G5		S3	no
Small-flowered woodrush	Luzula parviflora	2	T	Equally likely in conifer swamps, mesic upland forest, or transition zone between the two	G5	NNR	S2	RFSS

COMMON NAME	SCIENTIFIC NAME	OCC	MN-DNR	HABITAT	G Rank	N Rank	S Rank	RFSS
White adder's mouth	Malaxis monophyllos var. brachypoda (=M. brachypoda)	2	SC	Sphagnum hummocks in conifer swamps; peat in hardwood swamp	G4G5Q		S3	no
Bog adder's mouth	Malaxis paludosa	3	E	Sphagnum hummocks in black spruce swamps; other bogs maybe	G4		S1	no
Large-leaved sandwort	Moehringia macrophylla	1	T	On cliffs or rock outcrops; pine forest w/shallow soils; open shrub layer	G5	NNR	S2	RFSS
False dropseed muhly	Muhlenbergia uniflora	1	SC	Wet, sandy beaches; floating bog mats	G5		S3	no
Broadleaf watermilfoil	Myriophyllum heterophyllum	1	SC	Shallow water of ponds and lakes	G5		S3	no
Slender naiad	Najas gracillima	2	SC	Submerged in lakes, ponds with mud bottoms	G5?		S3	no
Dwarf waterlily	Nymphaea leibergii	2	T	Slow moving streams, beaver impoundments 1/2 meter deep	G5	NNR	S2	RFSS
Chilean sweet cicely	Osmorhiza berteroi	2	E	Northern hardwood, moist soil, gentle slopes	G5	NNR	S1	RFSS
Blunt-fruited sweet cicely	Osmorhiza depauperata	1	SC	Moist mixed aspen-birch-fir forest (E.Border Lks)	G5		S3	no
Sticky locoweed	Oxytropis borealis var. viscida	1	E	Slate cliff and talus slopes in east Border Lks.	G5T4	N3N4	S1	RFSS
Elegant groundsel	Packera indecora	1	E	Cool, moist, sandy, gravelly, rocky conditions; stream/lakeside to cliff tops; wide habitat range	G5	NNR	S1	RFSS
Franklin's phacelia	Phacelia franklinii	2	T	Annual; microdisturbances-cliffs, eroding slopes, talus, tip-ups, usu. near lake/stream	G5	NNR	S2	RFSS
Butterwort	Pinguicula vulgaris	2	SC	Veg mats in crevices of Lake Superior shore rocks and lakeshore	G5		S3	no
Canada rice grass	Piptatherum canadense	1	T	Sandy/gravelly soil: rp/jp plantation, borders, edges, trailsides, openings	G4G5	N2	S2	RFSS
Club-spur orchid	Platanthera clavellata	2	SC	Stunted black spruce swamp, floating bog mat, borrow pits, winter logging rds.	G5		S3	no
	Poa sylvestris	3	SC		G5	NNR	S3	no
Wolf's bluegrass	Poa wolfii	3	SC	Rocky cliff crevices & veg mats in crevices of Lake Superior shore rocks and lakeshore	G4		S3	no
Western jacob's ladder	Polemonium occidentale ssp. lacustre	2	E	Northern white cedar swamps	G5T2	N2	S1	RFSS
Alpine bistort	Polygonum viviparum	2	T	Wet cobble beaches and crevices in bedrock of Lake Superior shoreline	G5	NNR	S2	RFSS
Braun's holly fern	Polystichum braunii	2	T	Cool shady cliffs & slopes in northern hardwoods	G5	NNR	S2	RFSS
Algae-like pondweed	Potamogeton confervoides	1	E	Shallow water of bog pond with peaty bottom; acidic waters of bogs, ponds, & lakes	G5	N3N4	S1	RFSS
Oakes' pondweed	Potamogeton oakesianus	2	E	Quiet, acidic waters of bogs, ponds, and lakes	G5	N5	S1	RFSS
Rough fruited fairy bells	Prosartes trachycarpa	1	E	Semi-open jack pine forest, with aspen, birch, shallow rocky soils	G5	NNR	S1	RFSS
Small shinleaf	Pyrola minor	2	SC	Black sp. swamp, & ecotone betw. uplands and lowland alder/conifer swamp	G5		S3	no
Lapland buttercup	Ranunculus lapponicus	2	SC	hummocks in conifer swamps	G5		S3	no
Cloudberry	Rubus chamaemorus	1	T	Lowland black spruce forest with sphagnum, acidic	G5	NNR	S2	RFSS
Kinnickinnick dewberry	Rubus multiflorus	1	SC	Sandy shorelines of lakes in Border Lakes region	G5	NNR	S3	no
Swamp blackberry	Rubus semisetosus	2	T	Old clearing in FDn43b forest, shrub shore fen, old two track road, more in mesic ecotone	G5	NNR	S2	RFSS
Vermont bristleberry	Rubus vermontanus	2	SC	Open wet meadow dominated by sedges	G5	NNR	S3	no
Knotty pearlwort	Sagina nodosa ssp. borealis	3	E	Crevices in bedrock adjacent to Lake Superior, near pools/waves of L.S.	G5T5	NNR	S1	no
Satiny willow	Salix pellita	2	T	River sandbars, rocky shores of North Shore streams, shrubby floodplain	G5	NNR	S2	RFSS
Nodding saxifrage	Saxifraga cernua	1	E	Cliffs, ledges, north facing diabase cliffs	G5	NNR	S1	RFSS
Encrusted saxifrage	Saxifraga paniculata	2	SC	Cliffs, sheltered crevices & ledges of north facing cliffs	G5	N2	S3	RFSS
No common name	Schoenoplectus heterochaetus	1		Shallow marsh habitat of wetlands	G5		SNR	no
Georgia bulrush	Scirpus georgianus	1		Shallow marsh habitat of wetlands	G5	NNR	SNR	no
Northern spikemoss	Selaginella selaginoides	3	E	Moist crevices on exposed rock of Lake Superior	G5	NNR	S1	no
Soapberry	Shepherdia canadensis	2	SC	In fire dependent communities, at bases of cliffs/talus or on rocky slopes	G5		S3	no
Case's ladies tresses	Spiranthes casei var casei	2	T	Former iron mine tailings basin with young forest, powerline right-of-ways	G4T4	N2N4	S2	no

COMMON NAME	SCIENTIFIC NAME	OCC	MN-DNR	HABITAT	G Rank	N Rank	S Rank	RFSS
Sheathed pondweed	Stuckenia vaginata	3	E	Aquatic habitats	G5		S1	no
Awlwort	Subularia aquatica	2	T	Beach zone of sandy oligotrophic lakes	G5	NNR	S2	no
Canada yew	Taxus canadensis	2		Uplands & lowlands, incl. cedar/ash swamps, N. hardwoods, aspen/birch	G5		SNR	no
Waxleaf meadowrue	Thalictrum revolutum	1		Streamside habitat with black ash and alder; growing on cobbles	G5		SNR	no
Small false asphodel	Tofieldia pusilla	2	E	Rock crevices and pools along Lake superior; often with mosses	G5	NNR	S1	RFSS
Torrey's mannagrass	Torreyochloa pallida	2	SC	Shorelines and shallow water of streams, lakes, vernal pools, and beaver ponds	G5		S3	no
Clinton's bulrush	Trichophorum clintonii	2	T	Aspen and other upland forest, dry fields & thickets, associated with disturbance	G4	NNR	S2	no
Spike trisetum	Trisetum spicatum	2	SC	Crevice in Lake Superior shoreline bedrock	G5		S3	no
Eastern hemlock	Tsuga canadensis	3	E	Moist acidic soil on rocky slopes and ravines	G5		S1	no
Hidden-fruited bladderwort	Utricularia geminiscapa	2	T	Acid lakes and pools in open bogs	G4G5	N4N5	S2	RFSS
Lavender bladderwort	Utricularia resupinata	2	T	Sandy soil or shallow water of lakes & ponds	G4	NNR	S2	RFSS
Dwarf bilberry	Vaccinium caespitosum	2		Sandy and gravelly soils; circumboreal	G5		SNR	no
Alpine bilberry	Vaccinium uliginosum	2	E	Moist rock crevices on exposed rocky shore of Lake Superior	G5	NNR	S1	no
Lance-leaved violet	Viola lanceolata	2	T	Wet sandy shores, peaty meadows, wetland margins, fluctuating water levels	G5	N5	S2	RFSS
Arrowleaf violet	Viola sagittata	1		Bedrock outcrop - woodland with red oak, jp, rp - growing in crevices of bedrock	G5		SNR	no
Primrose violet	Viola x primulifolia	1		Seasonally inundated riverine shoreline under sandcherry and Spiraea alba	GNA	SNA	S2	no
Barren strawberry	Waldsteinia fragarioides	2	SC	Upland pine forest and other mesic woods habitats	G5		S3	no
Alpine woodsia	Woodsia alpina	2	T	Crevice and ledges of moist partially shaded cliffs, North Shore as well as inland	G4	N4	S2	RFSS
Smooth woodsia	Woodsia glabella	2	T	Moist, north facing cliffs assoc w/ Lake Superior	G5	NNR	S2	RFSS
Oregon woodsia	Woodsia oregana var. cathcartiana	2	SC	Damp, shaded calcareous rocks	G5T5		S3	no
Rocky Mountain woodsia	Woodsia scopulina	2	T	North facing slate/diabase cliffs, calcareous microhabitats	G5	NNR	S2	RFSS
Montane yellow-eyed grass	Xyris montana	2	SC	Fens, peaty margins of ponds	G5		S3	no
								no
BRYOPHYTES	Atrichum tenellum	2	SC		G4G5		S3	no
	Aulacomnium androgynum	3	SC		G5		S3	no

	Heterocladium dimorphum	3	SC		G5		S3	no
	Lescurea saxicola	1	T		G4G5	NNR	S2	no
	Ptychostomum cyclophyllum	3	SC		G4G5	NNR	S3	no
Goblin's gold	Schistostega pennata	1	E	Rock crevices with high humidity	G4	NNR	S1	no
	Sphagnum compactum	1	T		G5	NNR	S2	no
	Splachnum ampullaceum	1		On moose dung in forested and non-forested peatlands and alder swamps	G5	NNR	SNR	no
Red parasol moss	Splachnum rubrum	1	E	On moose dung in forested and non-forested peatlands and upland forest	G5	NNR	S1	no
	Tayloria serrata	1			G4	NNR	S1	no
	Tetraplodon angustatus	1		On carnivore dung and decaying carcasses	G5		SNR	no
	Tetraplodon mnioides	1			G5		SNR	no
	Thelia hirtella	1	SC		G5	NNR	S3	no

COMMON NAME	SCIENTIFIC NAME	OCC	MN-DNR	HABITAT	G Rank	N Rank	S Rank	RFSS
	Tomentypnum falcifolium	2		Peatlands	G3G5	NNR	S3	no
	Tortella inclinata	1	SC		G4G5	NNR	S3	no
A liverwort	Trichocolea tomentella	2	T	In cedar swamp or black ash swamp	G5	NNR	S2	RFSS
								no
FUNGI	Fuscoboletinus weaverae	3	E	Humus in sandy soil of mixed decid/conif. forest			S1	no
	Sarcosoma globosum	2	SC	Upland forest, seemingly tied to spruce; frequently in white spruce plantations	GNR	NNR	S3	no
								no
LICHENS	Amygdalaria panaeola	1	SC	Siliceous rock; rock outcrops, cliffs, talus, in humid settings like near water bodies	G3G5	NNR	S3	RFSS
	Anaptychia crinalis	2	SC	Bases of young black ash (3-4 DBH) in very wet but old black ash bogs	G5		S3	no
	Arctoparmelia centrifuga	1	SC	Bare rocks of talus slopes, exposed to sun	G5		S3	no
	Arctoparmelia subcentrifuga	2	SC	Bare rocks of talus slopes, exposed to sun	G4G5		S3	no
	Arthrorhaphis alpina	2		Cool north facing talus slopes and cliffs	G5	NNR	SNR	no
	Arthrorhaphis citrinella	2	T	Fire dependent forest non calcareous soil, acid soil	G4G5		S2	no
	Bryoria fuscescens	2	SC	Forested and non-forested peatland, ecotone between upland/lowland; fire dependent forest	G5		S3	no
	Bryoria implexa	2	SC	Growing in fire dependent community on balsam fir, and rock outcrop community	GNR	NNR	SNR	no
	Bryoria nadvornikiana	1			G5	NNR	SNR	no
	Caloplaca cirrochroa	2		Northeast facing Rove formation cliff	None	None	None	no
	Caloplaca parvula	2	E	Bases of young black ash in black ash swamps	G1G2	N1	S1	RFSS
	Caloplaca stellata	3	SC		G3G5	NNR	S3	no
	Cetraria aurescens (=Ahtiana aurescens)	2	SC	Conifer bark in old cedar swamps, also black spruce swamps	G3G5	NNR	S3	no
	Cetraria arenaria	1			G4	NNR	SNR	no
	Cladonia wainioi	2	SC	On rock outcrops and thin soil	G5		S3	RFSS
	Coccocarpia palmicola	3	T	Spruce/fir forest; bases of decid. trees & mossy rocks	G5		S2	no
	Dermatocarpon intestiniforme	2		Northeast facing Rove formation cliff with Saxifraga paniculata	GNR	NNR	SNR	no
	Dermatocarpon moulinii	2	E	Bare exposed rock outcrops and rock faces/cliffs	GNR	NNR	S1	RFSS
	Hypotrachyna afrorevoluta	1		North facing Rove cliff	GNR	NNR	SNR	no
	Hypotrachyna cf britannica	1		North facing Rove cliff	GNR	NNR	SNR	no
	Lecanora epanora	1	T	Talus, cliff	GNR		S2	RFSS
	Lecanora handelii	1		Northeast facing Rove cliff; metallophyte	GNR	NNR	SNR	no
	Lobaria scrobiculata	2	E	Fire dependent forest; wet forest community; rock faces in FDN forest	G5	NNR	S1	RFSS
	Melanohalea subolivacea	3	SC		GNR	NNR	S3	no
	Mencgazzia terebrata	1	SC	Cedar swamps, especially old growth bases of cedar trees	G4?		S3	no
	Ochrolechia androgyna	2	SC		G4G5		S3	no
	Pannaria pezizoides	1	T	Cliff along Kadunce River; CTn42a - Wet Mafic Cliff (northern), and cedar swamps	G5	NNR	S2	RFSS
	Pannaria rubiginosa	2		Northern Wet Ash Swamp (WFN55) on fallen black ash	G4G5	NNR	SNR	no
	Parmelia stipitata (=Parmotrema stipitatum)		T	On deciduous or coniferous trees in open woods, swamps	G4G5		S2	no
	Peltigera venosa	2	SC	Soil and moist cliffs, tip-up mounds	G5		S3	no
	Platismatia glauca	3	SC		G5		S3	no
	Plectocarpon lichenum	2		Lichenicolous fungi, grows on Lobaria pulmonaria; in old growth MHN45a and FDN43b1	GNR	NNR	SNR	no
	Plectocarpon triebeliae			Lichenicolous fungi, grows on Lobaria quercizans				no
	Pseudocyphellaria holarctica	2	E	Mossy rocks/trees in shaded, humid sites; FDN43; swamps; near lakes	GNR	NNR	S1	RFSS
	Psora rubiformis	1		Mesic cliffs	G3G5	NNR	SNR	no
	Punctelia stictica	2	E	Rocky areas near Lake Superior shore; cliff at Oberg Mountain	G3G5	NNR	S1	no
	Ramalina farinacea	3			G5	NNR	SNR	no

COMMON NAME	SCIENTIFIC NAME	OCC	MN-DNR	HABITAT	G Rank	N Rank	S Rank	RFSS
	Ramalina obtusata	1			G5	NNR	SNR	no
	Ramalina roesleri	3	T	Fire dependent forest	G5	NNR	S2	no
	Ramalina thrausta	1	SC	Old growth cedar swamps	G5		S3	no
	Rinodina wetmorei	1		Growing on black ash or cedar trunks in ash or cedar lowland forest	GNR	NNR	SNR	no
	Solorina saccata	1			G5	NNR	SNR	no
	Stereocaulon pileatum	2	SC	Siliceous rocks in shady sites near wetlands	G4G5		S3	no
	Sticta fuliginosa	2	SC	On hardwoods in humid, old growth cedar or ash bogs	G3G5	N3N4	S3	RFSS
	Thelia hirtella		SC		G5		S3	no
	Thelocarpon epibolum	2	SC	Minute lichen, grows on Peltigera aphthosa which grows in cedar swamps and moist cliffs	G2G3	NNR	S3	no
	Umbilicaria hirsuta	1		On cliffs and rock outcrops	G5	N3	SNR	RFSS
	Umbilicaria torrefacta	3	E	Bare, sunny, exposed rocks on rocky ridges	G5	NNR	S1	no
	Usnea longissima	1	SC	On old conifers in moist situations, often in or near a swamp stand	G4		S3	no
	Usnocetraria oakesiana	2	T	Generally in lowland conifer forest or fire dependent forest that has not experienced recent disturbance, often spruce/fir; tree bases in cool, moist, humid habitat; shady, favors older trees	G4G5	NNR	S2	RFSS

Minnesota Natural Heritage Information System
Rare Feature Reporting Form – Short Form

* Scientific Name: _____
Common Name: _____
* Survey Date: _____ Time: _____
* Observer(s): _____

FOR DATABASE PERSONNEL USE ONLY
EO_ID: _____ Occ#: _____
SF_ID(s): _____

Parent EO#: _____
Transcriber _____ Date _____
Mapped _____ Map QC _____
Entered _____ Data QC _____

LOCATION

* Map: The map may be a photocopy of a USGS 7.5 min. topographic quadrangle and a hand drawn shape, or in electronic format such as a pdf or shapefile. Draw a dashed line around the area searched, if applicable.

Directions/comments/description of location (include distances from permanent landmarks): _____

* County: _____ State: _____

* Lat./Long or UTM or PLS: -provide one of the three, either below or in a shapefile

_____ Location information is provided in the included shapefile, named _____
or

_____ Location information is provided below (attach additional sheet if more space is needed).

Latitude			Longitude			Accuracy	UTM		Accuracy	PLS		
Deg.	Min.	Sec.	Deg.	Min.	Sec.	(in meters)	Northing	Easting	(in meters)	Twp.	Rng.	Sec.

_____	_____	_____	_____	_____	_____	_____	(NAD83 preferred!)	_____	_____	_____	_____	_____

(provide degrees, minutes, and seconds)

(NAD83 preferred!)

Location Comments:

* Location(s) obtained via GPS: Y___/N___ If no, describe how you obtained location information (e.g. "plotted the estimated location in GIS and obtained UTM for that point," or "recorded PLS from USGS map."): _____

Digitizing/Mapping comments (e.g. "drew polygon around points that were GPS'ed in the field," or "used 2004 aerial photo to delineate boundary of field where rare feature was observed."): _____

* Estimated accuracy of location(s) (mark all that apply): 6-25m___ 25-50m___ 50-100m___ 100-200m___ other:___m
(you may omit this section if you provide an accuracy measurement for each location, either above or in a shapefile)

Accuracy Comments (e.g "accuracy values were obtained from GPS unit at beginning and end of survey," or "GPS accuracy not recorded, but accuracy is high because exact location can be seen on aerial photo."): _____

SURVEY INFO. If the species was searched for but not found, check here: ___ Revisit needed? Y___/N___ When? _____

* Nature of obs.: trapped___ found dead___ sight record___ song/call___ tracks___ other (describe): _____

Survey type / description: _____

BIOLOGY

<u>Number</u>	<u>Sex</u>	<u>Age/Developm't Stage</u>	<u>#Counted or Estimate of Total?</u>	<u>Plants Only (check all that apply)</u>
				<u>Leaves</u> <u>Flowers & Fruit</u>
example <u>14</u>	<u>F</u>	<u>juveniles</u>	Count <u>X</u> Est. ____	dormant ____ dormant ____
example <u>5000</u>	<u>N/A</u>	<u>seedlings</u>	Count ____ Est. ____	budding ____ budding ____
____	____	____	Count ____ Est. ____	new leaf ____ in flower ____
____	____	____	Count ____ Est. ____	full leaf ____ fruiting ____
____	____	____	Count ____ Est. ____	leaf fall ____ dispersing seed ____

Evidence of reproduction (if any): _____

HABITAT

General Description (topography, moisture, light, plant community, soils): _____

CONSERVATION / PROTECTION

Disturbances and threats: _____

Landowner: _____

*** IDENTIFICATION / DOCUMENTATION**

Specimen collected?: Y ____ /N ____ Collector: _____ Coll. #: _____ Coll. Date: _____

Collector's address, phone: _____

Repository: _____ Accession #: _____

Specimens submitted to the NHNRP/MCBS will be accessioned into the U. Minn. Herbarium in St. Paul unless the collector requests another repository.

Photo/slide taken?: Y ____ /N ____ Comments (location, storage): _____

Basis for ID (list manuals, keys, experts, etc. consulted, if applicable): _____

FOR DATABASE PERSONNEL USE ONLY

Verified by: _____ Repository: _____ Date sent: _____ Accession #: _____

COMMENTS

*indicates a required section or field

Return to: Data Manager, Natural Heritage and Nongame Research Program, Minn. DNR, 500 Lafayette Rd. Box 25, St. Paul, MN 55155

Form may also be sent via email to sharron.nelson@dnr.state.mn.us - emailed forms MUST be accompanied by a map of the observation, either in shapefile, pdf, or some other widely viewable format.

Form 23 July 2007

Non-Native Invasive Plant Inventory

OBSERVER NAME: _____

DATE: _____

DISTRICT: _____

LOCATION DESCRIPTION (e.g. Pine Lake#1)

OR UTM (NAD 83)

X _____ Y _____

CHECK SPECIES PRESENT:

LATIN NAME	COMMON NAME
Aegopodium podagraria	Goutweed
Alliaria petiolata	Garlic mustard
Arctium minus	Common burdock
Butomus umbellatus	Flowering rush
Caragana arborescens	Siberian peabush
Carduus acanthoides	Plumeless thistle
Centaurea maculosa	Spotted knapweed
Cirsium arvense	Canada thistle
Cirsium vulgare	Bull thistle
Euphorbia cyparissias	Cypress spurge
Euphorbia esula	Leafy spurge
Hypericum perforatum	St. Johnswort
Lotus corniculatus	Bird’s foot trefoil
Lupinus polyphyllus	Garden lupine
Hieracium auranticum	Orange hawkweed
Hieracium floribundum and others	King devil hawkweed & other yellow hawkweeds
Leucanthemum vulgare	Oxeye daisy
Lonicera tatarica	Tatar honeysuckle
Lythrum salicaria	Purple loosestrife
Melilotus alba & officinalis	White & yellow sweet clover
Myriophyllum spicatum	Eurasian watermilfoil
Potamogeton crispus	Curlyleaf pondweed
Rhamnus cathartica	Common buckthorn
Sonchus arvensis	Sowthistle
Tanacetum vulgare	Tansy

NOTE: if weed in **bold** shading found, complete info below

SPECIES: _____

GROSS AREA (square feet or acres): _____

WEED CANOPY COVER (%): _____

INFESTED AREA: _____

REMARKS (e.g. site description, disturbance)

TREATMENT(Y/N, how much of infest.treated?)

GROSS AREA = draw line around perimeter of weed occurrence (may contain areas without weeds) – this equals gross area
GROSS AREA X CANOPY COVER = INFESTED AREA

Non-Native Invasive Plant Inventory

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for

reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of twelve paid holidays per year: New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like;

minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure

to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

99841 - Vending Machine Repairer	30.67
99842 - Vending Machine Repairer Helper	26.37

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for

reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of twelve paid holidays per year: New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like;

minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure

to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
