SECTION 01
DESIGN ANALYSIS

Furniture Fixtures & Equipment (FF&E)

Furniture requirements will be coordinated with the users. Furniture plans are provided to validate space planning and room sizes based on function and occupancy. The Furnishings, Fixtures, & Equipment (FFE) criteria is for the furnishings to be standardized, easily reconfigurable, and seamlessly integrated with the building.

The furnishings must be durable, easy to reconfigure, have a limited kit of parts to manage, and easily respond to change.

Room by Room Furniture and Needs List:**Vestibule:**

- Provide three (3-4) guest chairs.

Lobby:

- Provide as many guest chairs as possible, eight plus.
- Provide a combo marker/tack board.
- Provide the infrastructure for a monitor.

Audio:

- Provide a desk with upper and lower storage.
- Provide a task chair.
- Provide a large markerboard.

Exam Rooms:

- Provide a guest chair.
- Provide a small task chair.
- Provide a small table.
- Provide a combo marker/tack board.

Admin Corridor:

- Provide a combo marker/tack board.
- Provide the location for the floor copier (GFGI)

Open Office Admin Space:

- Provide twelve (12) workstations with upper and lower storage. Systems panel furniture will have powered spine panels with tackable panels on the interior. Panel heights will be sitting height at 50" high to allow for maximum light filtration and collaboration between users. The fabric panel spine will be higher to support the upper storage. The panels facing the corridor will be 50" high with a 12" high glass top. Power and data receptacles will be supplied at the worksurface for easy plug-in. The work surface finish will be high pressure laminate.

SECTION 01
