A-2. This solicitation is for an Invitation For Bids (IFB) for resulting contract award to the responsible bidder whose bid, conforming to the invitation for bids, will be the most advantageous to the Government considering only price and and price-related factors included herein IAW FAR Part 14, Sealed Bidding.

A-3. The Landing Gear Fixed for the UH-60 Blackhawk is NOT identified as a Critical Safety Item (CSI).

A-4. There is a Depot Maintenance Work Requirement for the overhaul of this item: 1-1620-247, Revision Date: 04/30/2021, Change # : 0.

A-5. The Foreign Military Sales (FMS) Customer and geographical location(s) for deliveries, inspection and acceptance points are unknown at this time.

A-6. No Government Furnished Material (GFM) other than the reparable and reusable containers, will be provided.

A-7. Access to DLA FedMall (formerly known as E-MALL) is NOT authorized.

A-8. The Government is only obligated to purchase the minimum quantity. Subject to the availability of funds, any quantities ordered will be priced at the unit price established for the ordering period in which they are ordered. Funds shall be obligated by issuance of a delivery order and not by the contract itself.

A-9. Shipping instructions will be provided in each individual delivery order.

A-10. The yearly estimated quantities listed herein do not commit the Government to ordering that or any quantity above the minimum quantity.

A-11. To obtain Army Regulations, Technical Manuals, and Technical Bulletins, the following website is provided for your convenience: <https://armypubs.army.mil/>. To obtain Depot Maintenance Work Requirements (DMWRs) and Maintenance Engineering Orders (MEOs), provide your current DD 2345, Militarily Critical Technical Data Agreement obtained from the Defense Logistics Agency's Joint Certification Program (JCP) and all attachments to the following email address, email: usarmy.redstone.amcom.list.immc-pubepco@army.mil, along with your a printout of your current Cyber Security Maturation Model Certification (CMMC) certification in the Procurement Integrated Enterprise Environment (PIEE) Supplier Performance Risk System (SPRS) module which shows that you have the same level or higher required by this solicitation in DFARS Provision 252.204-7025.

A-12. The Government intends to award only one contract as a result of this solicitation.

A-13. The bidder's bid must be valid for 120 days from the date for receipt of bids specified in Block 8, unless a longer period is inserted in the bidder's quote.

A-14. Bidders shall complete Attachment 0006, Landing Gear Fixed, Pricing Template, and submit to the email: Jason.l.howell4.civ@army.mil or electronically to the DoD SAFE site with submission of Bid. Failure to complete Attachment 0006 in its entirety may cause the bid to

SECTION C - DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

1. The Contractor shall furnish all services, facilities, labor, parts, materials, equipment, tools, and data, necessary to accomplish the inspection and overhaul/upgrade for the LANDING GEAR FIXED for the UH-60 (hereinafter "the component") that is required to return the component to a serviceable condition sufficient to meet the standard of continued airworthiness in accordance with (IAW) Army Regulation (AR) 70-62. Upon completion of the overhaul/upgrade, the components shall be packaged IAW the resultant contract contract and shipped to the destination(s) specified in each individual delivery order.
2. Prior to commencement of overhaul/upgrade, the Contractor shall disassemble and inspect the component to the extent necessary to determine if the component is physically unrepairable or has suffered abnormal or catastrophic damage. If the latter condition exists, the Contractor shall notify the Procuring Contracting Officer (PCO) through the cognizant Administrative Contracting Officer and shall discontinue the overhaul/upgrade until given further instructions or the authorization for disposition of the component by the PCO.
3. In the event the PCO determines that certain items should be scrapped, the Contractor shall scrap such items at the fixed unit price in Section B. IAW Defense Federal Acquisition Regulation Supplement (DFARS) Clause 252.245-7005, Management and Reporting of Government Property, included in this contract, the Contractor shall complete the Plant Clearance Inventory Schedule using the Plant Clearance capability of the Government Furnished Property (GFP) Module of the Procurement Integrated Enterprise Environment (PIEE), an electronic equivalent of the Standard Form 1428, Inventory Disposal Schedule. Users shall register for access and obtain training on the PIEE home page <https://wawf.eb.mil/piee-landing>. Such scrapped components shall count toward the quantities ordered and the Government can replace any components scrapped by the Contractor.
4. The Government has an adequate Depot Maintenance Work Requirement (DMWR) for this effort, DMWR see Table 1: DMWR, Maintenance Engineering Orders (MEOs) see Table 2: MEOs, and a Technical Data Package List.
5. The LANDING GEAR FIXED is not a Critical Safety Item (CSI).
6. Upon receipt of the components, Contractor shall inspect containers for serviceability. Containers shall be considered serviceable unless one or more of the following conditions exist: (1) containers are structurally damaged to include functional damage to the suspension system, cracks or holes to the container hull, hull deformity to the extent the container cannot be closed (or sealed where required), or dents that will interfere with the envelope; (2) corrosion has progressed to the point where fit, function or the life of the container is affected. Components received without containers or containers determined to be unserviceable shall be processed IAW the Contractor's locally approved GFP procedures. Components received improperly packaged, damaged with corrosion/deterioration, or those with shipping discrepancies shall be reported IAW DI-MGMT-80503 (See section B, Contract Data Requirements List Exhibit A, [CDRL] A002).
7. Government Furnished Property (GFP): The components being provided to the Contractor are identified and tracked as GFP. The Contractor shall maintain a system of internal controls to manage (control, use, preserve, protect, repair, and maintain) GFP in its possession IAW Federal Acquisition Regulation (FAR) 52.245-1, and its property management system shall satisfy the requirements of this clause. The Contractor shall record the acquisition, receipt, shipment, consumption, disposal of GFP, and any transfer to another contract utilizing the GFP Module in PIEE, <https://piee.eb.mil>, as required by the DFARS Procedures, Guidance, and Information (PGI) 245.103-72 Government-furnished Property Attachments to Solicitations and resultant contracts. GFP training and guidance is located at the Department of Defense (DoD) Procurement Toolbox at <https://dodprocurementtoolbox.com/>.
8. Contractor shall comply with the most recent revision of the U.S. Army Technical Manual (TM) 1-1500-345-23, Painting and Marking of Army Aircraft, if painting is required in the performance of the resultant contract.
9. Contractor shall submit required data IAW the CDRL, DD Form 1423, Exhibit-A electronically to the addresses indicated on the DD Form(s) 1423.
10. Product Verification Audit (PVA): The Contractor shall conduct the PVA IAW the detailed instructions as specified in Section E of the solicitation and resultant contract. The requirement for PVA may be waived, in whole or in part, by the Government, provided that sufficient information is provided to determine whether the request is to be approved. All waiver requests require a PVA Waiver Worksheet to be completed and submitted to the Government along with all supporting documentation. The worksheet will be provided by the PCO upon request. To substantiate or clarify information provided, the Government may request additional information. Submission of the PVA waiver request to the Government does not guarantee that the waiver will be granted.

11. The Army Maintenance Management System - Aviation (TAMMS-A): The Contractor shall complete the forms and records as specified in Department of the Army Pamphlet (DA PAM) 738-751 and TM 1-1500-328-23 as detailed in the attached TAMMS-A instructions. The U.S. Army Aviation Missile Command (AMCOM) TAMMS-A Customer Support Office is reachable via email at usarmy.redstone.amcom.mbx.g3m-snrr@army.mil. The Contractor shall prepare TAMMS-A data IAW DI-SESS-81758A and the TAMMS-A instructions attached to the solicitation and resultant contract Exhibit A, (CDRL A004).

12. Product Quality Deficiency Reports (PQDRs): When requested, the Contractor shall assist the cognizant Contract Administration Office in evaluating PQDRs and exhibits for defects reported on components overhauled under the resultant contract to determine the root cause for deficiencies. These defects may be reported from field or depot organizations. Corrective action to prevent repeat discrepancies shall be an integral part of the Contractor's Quality Program. If a deficiency is discovered on a component provided as Government Furnished Material (GFM) that has not been identified as part of the overhaul process and cannot be repaired by the contractually authorized technical data, the Contractor shall contact the contracting office to determine if a Product Quality Deficiency Report (PQDR) is required. If required, the contractor shall coordinate with the cognizant DCMA office to have a PQDR submitted or the Contractor shall utilize the Product Data Reporting and Evaluation Program (PDREP) to submit a PQDR at https://www.pdrep.csd.disa.mil/pdrep_files/report_tools/pqdr.htm IAW AR 702-7-1, Reporting of Product Quality Deficiencies within the U.S. Army.

15. Transactional Inventory Procedures - The Contractor shall prepare the following reports:

a) The Contractor shall complete and retain a signed copy of DD Form 1348-1A, receipt for repairable on all shipments. The Contractor shall complete the DD Form 1348-1A and include a signature to evidence shipment and receipt. Printed names, name/date stamps, and initials shall not be acceptable. If a DD Form 1348-1A is not delivered with the shipment, a DD Form 1348-1A is located at: <https://www.dla.mil/Disposition-Services/DDS/In/1348-Help/>

The Contractor shall prepare this form and include the following corresponding receipt information:

b) The Contractor shall perform an annual inventory of all GFP, including items for overhaul and any contractor-acquired property such as containers during the period of performance of the resultant contract. This shall include any subcontractor inventories where GFP has been provided by the Government for overhaul. Contractor shall provide all results, findings, and corrective actions of any annual physical inventories to the Government IAW FAR Clause 52.245-1(f)(1)(iv), Physical Inventory. The Contractor shall prepare a physical inventory report IAW DI-MGMT-80441D Exhibit A, (CDRL A001).

c) The Contractor shall comply with the Total Asset Visibility - Contractor (TAV-C) reporting instructions IAW Attachment 0001 "Contractor Overhaul TAV-C Requirements and TAV-C Portal End User Standard Operating Procedures (SOP)".

16. Foreign Military Sales (FMS): Contractor shall always segregate US quantities and FMS quantities and must keep segregated at all times in transit and in storage and shall flow down this requirement to all subcontractors.

17. Item Unique Identification (IUID): The Contractor shall apply IUID IAW Military Standard (MIL-STD) MIL-STD-130N, AR 700-145, Item Unique Identification, and DA PAM 700-145, IUID Procedures, DFARS 211.274-2 Policy for item unique identification , which requires in paragraph (a)(3)(i) that IUID is required "regardless of value for any DoD serially managed item (reparable or nonreparable) or subassembly, component, or part embedded within a subassembly, component, or part." All registered Unique Item Identifiers (UIIs) shall be maintained as received and any UIIs created for component received without one, shall follow any published documentation, such as DMWRS or Maintenance Engineering Orders (MEO). In the absence of these documents, Contractors must strictly adhere to the procedures outlined in the MIL-STD-130N. "Maintaining a UII as received" means the construction of the UII string shall not change; however, the UII can and will receive updates to the associated data, such as Marks, PN Rollovers, within the DoD IUID National Registry. Any questions about the IUID program should be directed toward the AMCOM IUID helpdesk at 256-425-8566 or usarmy.redstone.amcom.mbx.immc-sim-iuid@army.mil

18. Shipping Containers and Shipment: Contractor shall utilize the packaging requirements contained in "Attachment 0002 , M&O Packaging Requirements." If containers are not reparable or if assets are not delivered in the approved containers, the containers shall be Contractor-furnished property. The method of shipment must include tracking of all packages for maintaining government property accountability and visibility. Contractor must comply with MIL-STD-2073-1E, DoD Standard Practice for Military Packaging and MIL-STD-129R, DoD Standard Practice for Military Marking for Shipment and Storage. The Contractor shall package electronic parts susceptible to static discharge damage IAW ANSI/ESD S20.20-2021 Protection of Electrical and Electronic Parts, Assemblies and Equipment (Excluding Electrically Initiated Explosive Devices). If TAMMS-A is required, each individual repaired item must include a copy of all forms required by The Army Maintenance Management System Aviation (TAMMS-A).

Name of Offeror or Contractor:

19. Overhaul Plan Documentation: The Contractor shall provide overhaul plan documentation to include all legacy (existing) technical information, procedures, and processes (e.g., Overhaul/Repair travelers, workbooks, commercial manuals, drawings, specifications, planning, Federal Aviation Administration approved documentation) that the Contractor utilized or shall utilize in the overhaul of the item. The documentation may be in contractor format. The Contractor shall provide documentation IAW DI-MGMT-82455 Exhibit A, (CDRL A003).

20. NOTE - Applicable Technical Documents: The applicable documents referenced in this Statement of Work (SOW) are listed on the Contract Document Summary List (DSL) attached to the solicitation and resultant contract. The DSL lists the referenced documents by document ID, title, date, and category. The document versions specified on the DSL take precedence over the generic references (those without the revision letters) cited in the SOW.

*** END OF NARRATIVE C0001 ***

This Statement of Work (SOW) covers the issuance, approval, and final disposition reporting for items identified in the contract Technical Data Package (TDP) as requiring TAMMS-A reporting.

The Contractor, IAW DI-SESS-81758A, shall prepare TAMMS-A forms and records IAW the instructions contained in Department of the Army (DA) Pamphlet (PAM) 738-751, the Army Maintenance Management System-Aviation.

This covers the issuance, approval, and final disposition reporting for items requiring TAMMS-A reporting including any contract performance required for repair, modification, upgrade, overhaul, remanufacture, or scrapping of a TAMMS-A reportable item. All

publications, blank forms, tags, and labels required to fulfil TAMMS-A contract requirements appear below.

IMPORTANT NOTE: Contractor shall not change or modify serial numbers for any reason including instructions specified in any Depot Maintenance Work Requirements (DMWR), Safety of Flight (SOF) messages, Modification Work Orders (MWO), or related documents without prior approval from the AMCOM TAMMS-A Customer Support Office (AMAM-OPL), reachable via email at "mailto:usarmy.redstone.amcom.mbx.g3m-snrr@army.mil".

All blank forms, tags, and labels required to fulfil the TAMMS-A contract requirements IAW Army Regulation (AR) 25-38 Army Printing and Distribution Program (14 July 2021) and DA Pamphlet 25-38 Army Printing and Distribution Procedures (14 June 2021), paragraph 5-11, Forms, tags, and label instructions are listed in DA Pamphlet 738-751 (Functional User's Manual for The Army Maintenance Management System Aviation (TAMMS-A) can be obtained by contacting the following email address: "mailto:usarmy.redstone.amcom.list.immc-pub-epco@army.mil ".The contractor shall initiate and complete all required TAMMS-A forms, records, tags, and labels IAW Department of the DA Pamphlet (PAM) 735-751. This includes all TAMMS-A forms and records required for each major assembly component, sub-component, or part listed in the Legitimate Code File (LCF) application located on the web portal entitled, TAMMS-A/MCDS, (Maintenance Consolidated Database System) at <https://tamms-a.redstone.army.mil>.

The Part Number in the contract may differ from the Part Number or configuration as listed on the LCF, but the Contractor must still comply with TAMMS-A reporting requirements.

Content in the Portal aligns with DA PAM 738-751 requirements for the completion of TAMMS-A forms and assists the contractor in performance of the TAMMS-A contractual requirements. The use of the TAMMS-A portal only eliminates the requirement for the contractor to send copies of these forms to AMCOM; it does not eliminate the requirement to send a copy of the required TAMMS-A form with the serviceable item. The TAMMS-A/MCDS portal is a secure site and requires user account registration found on the <https://tamms-a.redstone.army.mil> homepage.

If the web portal is unavailable or the contractor currently does not have a TAMMS-A/MCDS account, contact the AMCOM G3, CAMRD, TAMMS-A Customer Support Office for assistance and or TAMMS-A/MCDS training. Send all requests to usarmy.redstone.amcom.mbx.g3m-snrr@army.mil. Requests should include company name & POC information, contract and delivery order numbers, and a brief description of assistance requested. All inquiries are typically answered within two business days. If the contractor cannot use the TAMMS-A/MCDS web portal and receives alternate instructions from the TAMMS-A Customer Support Office, the contractor shall send a completed copy of all required TAMMS-A forms to the TAMMS-A Customer Support Office at usarmy.redstone.amcom.mbx.g3m-snrr@army.mil for review and approval at least 5 working days before shipment. After receipt of approval from the Office, the Contractor shall ship a copy of the approved TAMMS-A forms with the item.

If the contractor receives the assets for repair without the required TAMMS-A forms or finds that the TAMMS-A portal or any form includes incorrect or inaccurate content, the contractor shall contact the TAMMS-A Customer Support Office at usarmy.redstone.amcom.mbx.g3m-snrr@army.mil for replacement forms, reconciliation of any inaccurate content, or information regarding component historical data. The Contractor shall engage the TAMMS-A Customer Support Office during the component's induction phase or as early as possible to prevent shipping delays. Examples of the required forms may include but are not limited to; DA Forms 2410, 2408-16 and 2408-16-1. The Master Legitimate Code File application located on the web portal will determine which forms are required. All contracts that require TAMMS-A compliance require the completion of DA Form 2410. Refer to DA PAM 738-751 regarding preparation instructions.

When the TAMMS-A/MCDS web portal is used to complete the DA Form 2410 action, it eliminates the requirement to send a copy to AMCOM. If the web portal is not used then the Contractor shall send a copy of the 2410 record to the AMCOM G-3/5, TAMMS-A Customer Support Office at usarmy.redstone.amcom.mbx.g3m-snrr@army.mil at least 5 working days before shipment to the Government. Contractor shall include a copy of the DA 2410 in the packaged item and shipped along with it. The use of the portal does not eliminate the requirement to ship a copy with the packaged component.

DA Form 2410 (Component Removal/Repair/Install/Gain/Loss Record): the Contractor Shall complete a 2410 Repair record to show that it returned the item to a serviceable condition.

DA Form 2410 (Component Removal/Repair/Install/Gain/Loss Record): A Removal, Repair and Installation 2410 copy shall be completed on all TAMMS-A reportable sub-component installed on a parent component. Each TAMMS-A reportable sub-component shall be listed on the parent component DA Form 2408-16 (see form requirements below).

DA Form 2410 (Component Removal/Repair/Install/Gain/Loss Record): When the contract includes a contract item line number (CLIN) for an upgrade (as opposed to merely an overhaul) and the upgrade action changes a component's part number, the 2410 shall reflect an M Loss and an S Gain to show the upgrade to the component. The S Gain shall indicate the component has been returned to a serviceable condition under the new part number.

A. Beyond Economic Repair (BER)

A DA Form 2410 (Component Removal/Repair/Install/Gain/Loss Record): The Contractor shall complete a 2410 J Loss when the Contractor receives authorization from the Government that the item is Beyond Economic Repair, and the Government directs that the Contractor shall

ship the item to another Government facility, such as a depot.

A DA Form 2410 (Component Removal/Repair/Install/Gain/Loss Record): The Contractor shall complete a 2410 D Loss when the Contractor receives authorization from the Government that the item is Beyond Economic Repair, and the Government determines that the item is scrap and directs disposition IAW the Defense Federal Acquisition Regulation Supplement (DFARS) 252.245-7004 Reporting, Reutilization, and Disposal (DEVIATION 2022-00006) (Nov 2021).

A copy of the form shall remain with the component until scrapped or the Contractor shall include a copy of DA Form 2410 J Loss in the packaged item for shipment. In either scenario, the Contractor shall send a copy to the TAMMS-A Customer Support Office at "mailto:usarmy.redstone.amcom.mbx.g3m-snrr@army.mil".

B. Sub-components

DA Form 2408-16 (Series Forms): The Contractor shall utilize DA Form 2408-16 when a TAMMS-A tracked parent item includes the installation of any sub-components. After the Contractor removes, replaces, or installs a sub-component, the Contractor shall update the DA Form 2408-16 information to capture the most current actions taken with respect to the sub-component. The Contractor shall ship a copy of the completed DA Form 2408-16 with the parent component and enter into the TAMMS-A/MCDS web portal or emailed to the TAMMS-A Customer Support Office at "mailto:usarmy.redstone.amcom.mbx.g3m-snrr@army.mil".

C. Tags and labels

Department of Defense (DD) Form 1574 Serviceable Tag Materiel, and DD Form 1574-1 Serviceable Label-Materiel: The Contractor shall attach a DD Form 1574 to each item and shall affix a DD Form 1574-1 to the shipping container in a manner that prevents weather damage and fading. The DD Form 1574 is a yellow tag that communicates to Soldiers in the field, the intended end user, that the item is serviceable. In addition, this yellow tag serves as a place for the Government to communicate compliance with recent safety messages, giving the end user the ability to reference the safety messages easily and quickly in a field environment if needed.

D. Wide Area Work Flow (WAWF)

The WAWF Repairable Receiving Report (WAWF RRR) is the electronic equivalent of the DD Form 250 for repair, upgrade, maintenance, or overhaul of Government-furnished property. (See DFARS Appendix F). For the shipment of each serviceable item requiring TAMMS-A compliance, the contractor shall provide a Government Quality Assurance Representative (QAR) signed copy of the Wide Area Workflow (WAWF) Repairable Receiving Report (RRR) listing each parent serial number shipped via email to the TAMMS-A Customer Support Office at "mailto:usarmy.redstone.amcom.mbx.g3m-snrr@army.mil". The Contractor shall send the WAWF RRR to the TAMMS-A Customer Support Office within two business days after signature by the Government QAR.

E. Contract Close-out

The Contractor shall complete a final receiving report for each delivery order and for contract closeout by submission in WAWF using DODAAC W81D17 as the "Ship To" address to close the TAMMS-A CLIN.

To verify the contractor submitted all required TAMMS-A data, the TAMMS-A Customer Support Office will verify final accounting of all TAMMS-A data reported against each shipment and again at contract or DO close out. The TAMMS-A Customer Support Office will identify discrepancies, if any, within 5 working days after receipt and provide comments to the contractor for correction. The contractor shall correct identified errors and resubmit to the TAMMS-A Customer Support Office within 10 working days. Only the TAMMS-A Customer Support Office is authorized to close this CLIN.

E-6. PRODUCT VERIFICATION AUDIT (PVA) CONTRACT REQUIREMENTS

Purpose: This PVA requirement establishes/assigns responsibilities for insertion of PVA procedures into overhaul work directives, maintenance data packages, and contract documents along with procedures and instructions to be applied in performing PVAs during overhaul, maintenance, modification kit installation, rework, remanufacture, manufacturing, and new procurement contracts. The PVA candidate(s) are used to evaluate that the contractor's processes and procedures are adequate to ensure component integrity.

- (A) The Contractor shall perform and present for acceptance THREE units as specified in the resultant contract. This clause does not supersede instructions contained in depot overhaul work requirements, commercial overhaul manuals, new manufacture technical requirements or other applicable documents. It does not relieve the contractor from maintaining a quality system that will assure items conform to contractual requirements. Contractors may request to delay scheduled PVAs in frequency or waive PVA requirements of selected items in cases where accumulated objective evidence indicates that a consistent quality item is being delivered. PVA actions will be based on the overall performance history, failure impact, supply impact, length of program, and nonscheduled PVAs accomplished by the Systems Readiness Directorate (SRD). Like or similar items may be grouped for these purposes provided concurrence is obtained from SRD Quality Management Division. The contractor may be directed by the Procuring Contracting Officer (PCO) to increase or decrease the scope of a PVA pursuant to the "Changes" clause of the contract for non-commercial items. If however this procurement is for a commercial item, the contractor and the Contracting Officer (CO) will need to enter into a bilateral contract modification to increase or decrease the scope of a PVA.
- (B) The Contractor shall,

- (1) With the concurrence of SRD Quality Management Division (QMD), schedule and perform PVA as required by the terms of the contract or as otherwise required.
- (2) Notify PCO with information copy to the SRD QMD, ATTN, "usarmy.redstone.devcom-avmc.mbx.qs-contracts@army.mil" of the date the PVA candidates will be available. Notification shall be provided at least 20 working days prior to the selected date if facilities are within the Continental United States. If facilities are outside the Continental United States, notification shall be provided at least 95 working days prior to the selected date to allow sufficient time for travelers to gain theater clearance.
- (3) Provide technical personnel tooling, measuring and test equipment, work area, forms, and clerical assistance, as required, to perform the PVA. If test cell or other specialized equipment is required; notification of readiness for PVA shall include the

Name of Offeror or Contractor:

availability of these.

(C) The PVA candidate will be selected by the SRD PVA Team Chairman at random from the three (3) tendered candidates for acceptance to the Government. For reoccurring audits, if any, the audit candidate will be selected by the PVA Team Chairman from all completed items currently available.

(1) Alternate Procedure. Normally, three assets are required to be completed at time of PVA. If in the PVA Team Chairman's judgment it is in the best interest of the Government, an alternative approach may be taken due to circumstances such as shortage of overhaul assets, shortage of replacement parts, time constraints, or other considerations. At the PVA Team Chairman's discretion, only one PVA candidate may be required to be completed while the other two assets can be in various stages of overhaul as agreed upon (prior to the beginning of the PVA) between the PVA Team Chairman and the facility to be audited. For instance, one asset could be disassembled and ready for Overhaul Inspection Procedures, while the other may be prepared for a critical process such as acceptance testing. (This approach is particularly helpful if the critical process is performed by a subcontractor.) For reoccurring audits, if any, the audit candidate will be selected by the PVA Team Chairman from all completed items currently available.

(D) The item selected for PVA will be inspected for adherence to preservation, packaging, and marking requirements prior to removal from the shipping container. A visual inspection and functional test will be performed prior to disassembly.

(E) The PVA Team will review the shop travelers, production processes, procedures, tooling, w0 and equipment used to maintain, overhaul, repair, or manufacture the item being audited for adequacy and conformance to the contractual requirements. The PVA will include verification through objective evidence that all of the inspection, testing, measuring and diagnostic equipment used in the inspection/test of the PVA candidate are maintained in accordance with applicable calibration standards.

(F) Disassembly for overhauled items will be performed in an area accessible only to audit personnel. Normally, audit participation will be limited to specified production and quality assurance personnel of the contractor activity, the cognizant government Quality Assurance Representative (QAR), and the SRD PVA Team Chairman and team personnel.

(G) Visual inspection, dimensional checks (such as backlash, end clearance, running clearance, etc.) and nondestructive testing are accomplished during and after disassembly IAW applicable technical directives. Findings are recorded for comparison with historical data and conformance evaluation. A 100% inspection (or as set forth in relevant specifications) shall be conducted of all physical characteristics, to include but not limited to any dimensions, certifications for materials, processes and/or procedures, as well as any other requirements which may be set forth by other applicable specifications, or in any procurement packages, technical drawings, Depot Maintenance Work Requirements (DMWRs), Maintenance Engineering Orders (MEOs), and/or any other special/functional testing as set forth in the resultant contract.

(H) Applicable accessories and components will be functionally tested and inspected to contractual/work specifications. The PVA team will review subcontractor certifications for testing and inspections. At the request of the PVA Team Chairman, processes (such as shot peening, heat treating, etc.) performed by subcontractors may also be audited. Contractor shall be able to demonstrate that all testing/inspection procedures, and acceptance methods are documented in the appropriate area of the overhaul documents, and are approved and controlled by management.

(I) The PVA item shall be reassembled and functionally tested IAW applicable specifications and made ready for Government acceptance including preservation, packaging, marking, and update of historical records and all applicable documentation.

(J) Conduct of the PVA will be planned in a manner that adequately allows examination/audit of all procedures involved. Each step in the process shall be analyzed to determine compliance to specifications. It may not be logical or possible, due to time constraints, to track the same item throughout the PVA; therefore, at the SRD PVA Team Chairman's discretion, examination of representative assemblies may be used as evidence of compliance to specification requirements. The SRD PVA Team Chairman will determine the scope and detail of the PVA process. The SRD PVA Team Chairman may delegate follow-up actions to the DCMA QAR, when it is determined to be prudent to the PVA.

(K) During the course of the PVA, the PVA Team Chairman may request progress meetings to provide status to the contractor. After the PVA is completed, the SRD PVA Team Chairman will conduct an exit critique attended by all concerned contractor personnel and the cognizant DCMA QAR and PM Representative. The context of the audit findings and corrective actions will be discussed and any disputes will be resolved. Findings, classifications, and corrective actions will be discussed and determinations made as to cause of defect established (i.e. workmanship, tooling, technical requirements, etc.). The contractor's management personnel shall take immediate action to correct and preclude recurrence of all defects attributable to failure to ensure compliance with requirements.

(L) All defects will be recorded on a SRD PVA Audit Finding Record by the PVA Team. The PVA Team Chairman will provide copies of each finding to the contractor quality assurance element and the cognizant DCMA QAR and PM Representative. This will allow immediate actions to begin in the resolution of the defect. Corrective actions, as well as actions taken to prevent recurrence, shall also be documented on this form by the contractor. The form shall be signed, as a minimum, by the contractor quality manager or designated representative and the SRD PVA Team Chairman. Further actions outlined below pertain to specific actions required by the contractor depending on the classification of the defects:

Name of Offeror or Contractor:			

(1) Observation: In the event an observation is discovered, the contractor is not required to provide a written response, but is encouraged to do so.

(2) Minor: In the event a minor defect is discovered, the following actions shall be taken:

- (a) The contractor shall isolate the cause of the defect and initiate corrective actions.
 - (b) All minor defects shall require a written response addressing corrective actions taken and actions taken to prevent recurrence.
 - (c) In the event a minor defect is a recurrent deficiency, regardless of weapon system or date when original discrepancy was noted, it will be written into the report as a minor defect, but the corrective actions required below for a major defect will apply.
- (3) Major: In the event a major defect is discovered, the following actions shall be taken:
- (a) The contractor shall halt any work in progress at the responsible station until corrective action is acceptable to the PVA Chairman.
 - (b) The contractor shall provide the DCMA QAR information reflecting the total quantity shipped, if any, and to what destination pertaining to any item that could contain the identified defect.
 - (c) The contractor shall determine impact of the defect on products previously delivered under the resultant contract, if any, and initiate corrective action to address those units at no additional cost to the US Government.
 - (d) The contractor shall isolate the cause of the defect and initiate corrective actions. All findings shall require an in-depth written response outlining corrective actions to prevent recurrence.
 - (e) The contractor shall review/revise work documents for the specified operation responsible for the defect to ascertain that they are complete, adequate, and sufficiently defined to assure that, if followed and completed by both production, maintenance and inspection personnel, they will provide objective evidence of a quality operation.
 - (f) The contractor shall assure the cognizant DCMA QAR and the SRD PVA Team Chairman that positive, effective, corrective action has been initiated that will prevent recurrence of the cited defect. This assurance can be verbal at first, however, a written report from the contractor quality element containing all corrective actions completed and actions taken to prevent recurrence shall be provided to the DCMA QAR and the SRD PVA Team Chairman within 24 hours after the verbal response.

(4) Critical: In the event a critical defect is discovered, the following actions shall be taken:

- (a) All actions outlined in paragraph 3 above shall be completed.
- (b) Upon request, the contractor shall provide the SRD technical information necessary for the issuance of a Safety of Flight Message or Aviation Safety Action Message to the field (if necessary).
- (c) Government acceptance/release of product will cease immediately until corrective actions are acceptable to the contracting officer.

NOTE: Systemic quality assurance process discrepancies that affect the outcome of product(s)outside the scope of the PVA will require the cognizant DCMA QAR to issue a Corrective Action Request.

(M) Finding Definitions:

Minor Finding: A defect or a departure from established processes or standards that may result in failure or reduced usability of the product, or a process noncompliance that holds the potential of causing a defect in the future.

Major Finding: A defect, other than critical, that will likely result in failure, or reduce the usability of the product for its intended purpose.

Critical Finding: A defect that would result in hazardous or unsafe conditions for individuals using, maintaining, or depending upon the product or a defect likely to prohibit the performance of a major end item or major part thereof. This classification requires immediate cessation of Government acceptance/release of product until corrective actions are acceptable to the contracting officer.

Observation: A condition or circumstance that is noted during the PVA that does not currently meet the aforementioned defect criteria. This category may also be used as suggestions for continuous improvement.

(N) Upon completion of the disassembly and/or testing portion of the selected PVA candidate, without finding any critical or major defects, the other two completed candidates will be released as PVA candidates. In the event that a critical or major defect is found in the audit candidate, the contractor shall satisfy to the PVA Team Chairman that such a defect does not exist in the other two PVA candidates prior to acceptance, and an effective corrective action has been initiated to preclude re-occurrence of the defect.

(O) If there are failures during the PVA, the Contractor shall repeat any or all tests, per Government request. If deemed in the best interests of the Government, contract termination may be initiated. Upon request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the PVA item. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following disapproval. These actions must be coordinated with the cognizant DCMA QAR. The Government shall take action within 10 working days. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(P) The PVA unit is to be representative of the deliverable quantity. The Contractor shall overhaul both the PVA item and the contractual quantity at the same facility. In the event that there is a change to the process planning (i.e. changes in process sources, parts sources, or location where work is to be performed) after official PVA approval from Contracting Officer, the contractor is required to provide notification of such changes to the CO, so that a determination can be made whether a new PVA is warranted. Notification is required 10 business days prior to shipment of the next delivery.

(Q) The PVA candidates shall be shipped IAW contract delivery schedules or released to supply activity upon receipt of the official PVA approval via the Contracting Officer. The Contractor SHALL NOT retain the PVA item approved under the resultant contract to serve as the manufacturing standard of acceptance.

(R) If the Contractor fails to deliver any PVA on time, or the Contracting Officer disapproves any PVA, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of the resultant contract.

(S) Before PVA approval, the acquisition of materials or components for, or the commencement of overhaul of, the balance of the contract quantity is at the sole risk of the Contractor. Before PVA approval, the costs thereof shall not be allocable to the resultant contract for (1) Progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.

(T) If the component is a Critical Safety Item (CSI), see those specific contract clauses for other requirements that may also be audited during the PVA. PVA approval is contingent on contractor submission and SRD Airworthiness approval of changes to manufacturing planning, to correct defects identified during PVA.

(U) Unless otherwise specified in the resultant contract, any end item destroyed or exceeds reparable limits during the PVA process is not to be considered as part of the contract quantity.

E-7. CALIBRATION

The calibration of Test, Measurement and Diagnostic Equipment shall be in accordance with American National Standards Institute/National Conference of Standards Laboratories (ANSI/NCSL) Z540-3-2006 (General Requirements for Calibration Laboratories and Measuring and Test Equipment) or ISO 10012:2003 (Quality Assurance Requirements for Measuring Equipment). Terminology shall be as defined by International Organization for Standardization (ISO) 8402, Quality Management and Quality Assurance - Vocabulary.

(a) Definitions. As used in this clause--

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html> .

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459 .

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html> .

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier.

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or Exhibit Line Item Number	Item Description
__TBD__	TBD__
__TBD__	TBD__
__TBD__	TBD__

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or Exhibit Line Item Number	Item Description
___ TBD_____	TBD_____
___ TBD_____	TBD_____
___ TBD_____	TBD_____

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparable and DoD serially managed nonreparable as specified in Attachment Number N/A.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number N/A.

(v) Any item not included in paragraphs (c)(1)(i), (ii), (iii), or (iv) of this clause for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology--International symbology specification--Data matrix; ECC200 data matrix specification.

(4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that--

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology-Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) Unique item identifier.

(i) The Contractor shall--

(A) Determine whether to--

- (1) Serialize within the enterprise identifier;
- (2) Serialize within the part, lot, or batch number; or
- (3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: Original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code--

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in the resultant contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

- (1) Unique item identifier.
- (2) Unique item identifier type.
- (3) Issuing agency code (if concatenated unique item identifier is used).
- (4) Enterprise identifier (if concatenated unique item identifier is used).
- (5) Original part number (if there is serialization within the original part number).
- (6) Lot or batch number (if there is serialization within the lot or batch number).
- (7) Current part number (optional and only if not the same as the original part number).
- (8) Current part number effective date (optional and only if current part number is used).
- (9) Serial number (if concatenated unique item identifier is used).
- (10) Government's unit acquisition cost.
- (11) Unit of measure.
- (12) Type designation of the item as specified in the contract schedule, if any.
- (13) Whether the item is an item of Special Tooling or Special Test Equipment.
- (14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in the resultant contract, the following information:

- (1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.
- (2) Unique item identifier of the embedded subassembly, component, or part.
- (3) Unique item identifier type.**
- (4) Issuing agency code (if concatenated unique item identifier is used).**

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

- (1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by the resultant contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/> .
- (2) Embedded items shall be reported by one of the following methods--
 - (i) Use of the embedded items capability in WAWF;
 - (ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/> ; or
 - (iii) Via WAWF as a deliverable attachment for exhibit line item number CDRL A001, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.
- (g) Subcontracts. If the Contractor acquires by subcontract any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

F-10. Department of Defense Activity Access Code

- (a) The resultant contract will require government property to be provided to the contractor. Shipments of government property to contractors cannot be accomplished without an assigned contractor Department of Defense Activity Address Code (DODAAC).
- (b) The DODAAC will be a unique code assigned specifically to each contract/delivery order to be effective for the term of the contract/delivery order and will expire upon completion of the contract/delivery order.
- (c) To facilitate the assignment of the DODAAC, the contractor must provide the following information:
 - (1) Mailing address (including 9 digit zip code):
 - (2) Freight address:

Name of Offeror or Contractor:

(3) Contractor and Government Entity (CAGE) Code
 where the government property is to be delivered:

(4) Standard Point Location Code (SPLC):

(d) The contractor awarded the resultant contract will be notified of the DODAAC when assigned, (approximately 30 days after award). No government property will be provided prior to the assignment of the DODAAC.

*** END OF NARRATIVE F0001 ***

F-11. DELIVERY SCHEDULE

(a) The Contractor agrees to accept the MINIMUM quantity of reparable's immediately upon issuance of a contract/delivery order(s).

Input of the reparable's by the Government and output of the completed items as specified in Section B, shall be accomplished in accordance with the following schedule:

(1) Input by Government:

ITEM NO.	QTY	No. of Days After Award of Contract/Order
0002AA/ (PVA) Assets 0002AB	3	60
0002AA/ 0002AB	177	180

(2) Government's anticipated Output Schedule:

ITEM NO.	QTY	No. of Days After Award of Contract/Order
0002AA/ (PVA) Assets 0002AB	3	150
0002AA/ 0002AB	15/month	210

F-12. ACCELERATED DELIVERY

The Government desires maximum acceleration of deliveries provided such acceleration is at no additional cost to the Government. However, prior to acceleration of delivery, approval must be obtained from the Procuring Contracting Officer. Acceleration in the delivery of end items will not be acceptable to the Government unless all other scheduled deliveries relating to contract items such as provisioning, technical documentation, drawings, publications, overpack kits, etc., are accelerated by an equal period of time.

F-13. DELIVERY OF ADDITIONAL QUANTITIES

Additional quantities of Item 0002 up to the maximum quantity specified in Section B, if and when ordered in accordance with delivery order procedures, shall be delivered at a maximum monthly rate of 15 each per month commencing 210 days after receipt of reparable's.

Additional quantities of Item 0003 up to the maximum quantity specified in Section B, if and when ordered in accordance with delivery order procedures, shall be delivered at a maximum monthly rate of 15 each per month commencing 210 days after receipt of reparable's.

SECTION G - CONTRACT ADMINISTRATION DATA

Regulatory Cite	Title	Date
G-1 252.232-7006	WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)	JAN/2023

(a) Definitions. As used in this clause

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003 , Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003 , Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov> ; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for the resultant contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

COMBO

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

See CLIN Structure

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF

SECTION H - SPECIAL CONTRACT REQUIREMENTS

TITLE: ENG CHG PROPOSAL, VALUE ENG CHG PROPOSAL, REQUEST FOR VARIANCE, ENG RELEASE RECORDS, NOTICE OF REVISION, AND SPECIFICATION CHG NOTICE PREPARATION AND SUBMISSION INSTRUCTIONS

1. Contractor initiated Engineering Change Proposals (ECPs), Value Engineering Change Proposals (VECPs), and Request for Variance (RFVs), collectively referred to as "proposals", shall be prepared, submitted and distributed in accordance with paragraphs 2, 3 and 4 below except as specified in paragraph 5 below.

2. Format.

a. Class I ECPs require the "Long Form Procedure" for documenting the change and describing the effects of the change on the suitability and supportability of the Configuration Item (CI). Class I ECPs should be limited to those that are necessary or offer significant benefit to the Government. Class I ECPs are those that affect the performance, reliability, maintainability, survivability, weight, balance, moment of inertia, interface characteristics, electromagnetic characteristics, or other technical requirements in the specifications and drawings. Class I ECPs also include those changes that affect Government Furnished Equipment, safety, compatibility, retrofit, operation and maintenance manuals, interchangeability, substitutability, replaceability, source control specifications and drawings, costs, guarantees or warranties, deliveries, or schedules. Class II ECPs are those that do not affect form, fit and function, cost, or schedule of the system CI and do not meet the other criteria described above for Class I ECPs.

b. Long Form Procedure: Class I changes to the CI require that DD Form 1692, pages 1 through 7 (as applicable), be prepared. Use of this procedure assures that all effects of the change on the CI are properly addressed and documented to the necessary detail to allow proper evaluation of the proposed change.

c. Short Form Procedure: ECPs and VECPs , which meet the requirements of Class II ECPs, shall be prepared using DD Form 1692 (page 1 only). Supplemental pages may be used with the form as necessary. The responsible Defense Contract Management Agency (DCMA) Contract Management Office (CMO) will validate data entries in Block 5 "Class of ECP", Block 6 "Priority", and Block 8 "Justification Codes."

d. The Contractor shall not manufacture items for acceptance by the Government that incorporate a known departure from requirements, unless the Government has approved an RFV. RFVs shall be prepared using DD Form 1694.

e. Each ECP and RFV shall be accompanied by a written and signed evaluation prepared by the responsible Defense Contract Management Agency (DCMA) technical representative. The DCMA written evaluation shall be considered part of the ECP/RFV proposal.

f. Classification of RFVs.

(1) Major RFVs. RFVs written against CIs shall be designated as major when the RFV consists of acceptance of an item having a nonconformance with contract or configuration documentation involving health; performance; interchangeability; reliability; survivability; maintainability; effective use or operation; weight; appearance (when a factor); or when there is a departure from a requirement classified as major in the contractual documentation.

(2) Critical RFVs. RFVs written against CIs shall be designated as critical when the RFV consists of acceptance of an item having a nonconformance with contract or configuration documentation involving safety or when there is a departure from a requirement classified as critical in the contractual documentation.

(3) Minor RFVs. RFVs written against CIs shall be designated as minor when the RFV consists of acceptance of an item having a nonconformance with contract or configuration documentation which does not involve any of the factors listed above in paragraphs f(1) or f(2), or when there is a departure from a requirement classified as minor in the contractual documentation.

g. Proposals shall include sufficient technical data to describe all changes from existing contract requirements.

h. Proposals shall include sufficient justification for making the change, including a statement of contract impact, if the change is not authorized.

i. Proposals for ECPs shall set forth a "not to exceed" price and delivery adjustment acceptable to the Contractor if the Government subsequently approves the proposal. If approved, the equitable increase shall not exceed this amount.

j. Times allowed for technical decisions for ECP and RFV proposals will be worked out via mutual agreement between the Contractor and the Government.

k. Proposals for VECPs shall set forth a "not less than" price and delivery adjustment acceptable to the Contractor if the Government subsequently approves the proposal. If approved, the savings shall not be less than this amount.

l. The Contractor shall utilize DD Form 2617, "Engineering Release Record" (ERR) to release new or revised configuration

documentation to the Government for approval.

m. The Contractor shall utilize DD Form 1695, "Notice of Revision" (NOR) to describe the exact change(s) to configuration documentation specified as a data requirement in the contract. The Contractor shall describe the change using sub-sections entitled "WAS" to describe the current contractual technical requirement and "IS" to describe the proposed new requirement.

3. Submittal. The preferred method of submittal is digitally as a single file in Adobe Acrobat Portable Document Format (PDF). Unless otherwise specified, alternate methods of submittal shall be proposed to and authorized by the PCO prior to submittal. If the hardcopy method is requested and approved, the Contractor shall submit two (2) copies of each proposal to the responsible Administrative Contracting Officer (ACO). One (1) copy of each proposal shall be returned to the Contractor within (5) working days after receipt by the ACO, stating whether or not the proposal is in compliance with this provision. Any unresolved differences between the ACO and the Contractor concerning ECPs, VECPS, or RFVs will be submitted to the PCO for resolution.

4. Distribution.

a. Electronic Distribution. The preferred method of distribution for unclassified is through the email or DOD safe site (<https://safe.apps.mil>) addressed to the PCO. Classified material shall be distributed via SIPRNET or by classified email as determined by the PCO. Microsoft Word is required for use with the transmittal letter (E-mail). Required forms will be attached to the E-mail. All forms may be obtained from the Office of the Secretary of Defense Executive Services Directorate DoD Directives Division website (<https://www.esd.whs.mil/DD/>) via the DoD Forms menu. The forms are provided in fillable Adobe Acrobat Portable Document Format (PDF). In order to access and use the forms, the user must have the "Adobe Acrobat" software installed on their computer. Drawings may be scanned and sent as an attachment. In some cases, because of size, drawings may have to be sent as hard copies or sent under special electronic instructions provided by the PCO.

5. Alternate Format, Submittal or Distribution Process. Proposals may be prepared in a different format, submitted using a different submittal process or distributed in a different manner than specified in paragraphs 2, 3 and 4 above, so long as the alternate approach is in accordance with a Government approved configuration management plan governed by the resultant contract or the PCO authorizes the alternate format, submittal, or distribution process.

6. Government Acceptance. Acceptance of a proposal by the Government shall be affected by the issuance of a change order or execution of a supplemental agreement incorporating the proposal into the contract unless the PCO authorizes another method of acceptance. The Government will notify the Contractor in writing if a proposal is determined to be unacceptable.

*** END OF NARRATIVE H0001 ***

H-2 ORDERING PERIODS

All ordering periods are in increments of 12 months from the date of award. Items, prices, and amounts for the first ordering period are effective from date of contract award until 12 months after the effective date of contract.

Ordering periods are as follows:

Ordering Period 1 will be from date of contract award through 365 days after contract award (DACA).

Ordering Period 2 will be from 366 DACA through 730 DACA.

Ordering Period 3 will be from 731 DACA through 1,095 DACA.

Ordering Period 4 will be from 1,096 DACA through 1,460 DACA.

Ordering Period 5 will be from 1,461 DACA through 1,825 DACA.

H-3 FOREIGN MILITARY SALES

The FMS Customer and geographical location(s) for deliveries, inspection and acceptance points are unknown at this time. When Applicable, the contractor is reminded to complete the Foreign Military Sales (FMS) Customer DA FORM 2410 (Component Removal and Repair Overhaul Record), submitted with the item for repair, in accordance with DA Pamphlet 738-751 and TB-1500-341-01. Upon completion of repair, if authorized, the contractor is reminded to fill out U.S. asset(s), along with the FMS customer version of the DA Form 2410. Army DA Form 2410 and return it to the FMS customer with the repaired.

H-4. SPECIAL TOOLING AND TEST EQUIPMENT

The contractor must meet all Government special tooling and test equipment requirements. This will be accomplished with either:

CONTINUATION SHEET	Reference No. of Document Being Continued W58RGZ-26-B-0004 PIIN/SIIN	Page 38 of 65 REPRINT
Name of Offeror or Contractor:		

1. Physical possession of the required tools,
2. Confirmed requisitions for the required tools,
3. Confirmed arrangements for subcontracting the processes requiring the special tools, or
4. Specific plans describing their technical approach to develop equivalent tools.

Special processes, test procedures, and /or instructions that must be identified are the following:

This component has an IUID requirement

- (1) See DMWR 1-1620-247 WP 0010 for In-Process Inspection and WP 0025-0048 for Overhaul Inspection Procedure (OIP)
- (2) Nondestructive testing (NDT) procedures for magnetic particle and Fluorescent Penetrant Inspection shall be in accordance with ASTM E1444 and ASTM E1417 as per DMWR 1-1620-247 WP 0010. All technique sheets shall be reviewed and approved by a certified Level III NDT Inspector. All personnel performing inspection tasks shall be certified in accordance with NAS 410.
- (3) The overhaul facility is responsible for acquisitions, maintenance, calibration, and disposition of all TMDE. Items of TMDE to be used by AMC (Army) elements will be acquired in accordance with AR750-43. All TMDE used in compliance with this DMWR shall be maintained and controlled in accordance with MIL-I-45607, ISO 10012 or NCSL-Z540.3. Calibration documents for all TMDE shall be traceable to the National Institute of Standards and Technology (NIST).
- (4) See DMWR 1-1620-247 WP 0021 for Final performance test. The overhaul facility shall have special tools and test/inspection equipment as specified in DMWR 1-1620-247 WP 0058. All substitute and equivalent tooling shall require Government approval.

H-5. Army Contract Writing System (ACWS) Transition Information for Bidders

- . The Army Contracting Enterprise (ACE) is in the process of deploying new solicitation and contract writing software to Army contracting offices worldwide. Known as the Army Contract Writing System (ACWS), this modern software suite will soon replace most existing Army contract writing systems, including the system used to create and release this Solicitation.
- a. During this transition period, Bidders are hereby advised:

The Contracting Office may use any combination of contract writing systems to create and release documents related to this solicitation (e.g. solicitation amendments and awards, if any). Due to this:

This solicitation may contain different offer submission instructions than other solicitations released by the same Contracting Office (e.g. requiring offer submission via the PEE Solicitation Module vs. e-mail). Bidders should review all offer submission instructions contained in the solicitation documents and direct any questions or concerns to the Contract Specialist or Contracting Officer.
- ii. If the Contracting Office switches contract writing systems prior to award, documents you receive from the Contracting Officer or view on SAM.gov or other forums may appear noticeably different than the initial solicitation or previous solicitations or awards from the same Contracting Office. This is normal and expected.
- iii. A change between contract writing systems may cause important information concerning solicitation response (amendments) or accepted terms (awards) to take on different formatting or appear in different parts of later documents issued. Offerors shall review all documents carefully to locate this important information and direct any questions or concerns to the Contract Specialist or Contracting Officer.
- 2. The Government does not intend to use the transition between contract writing systems to effect any changes to solicitation or award terms and conditions without accompanying document narratives explicitly stating such changes are deliberate and desired. While the Contract Specialist and Contracting Officer will take care to minimize or eliminate any inadvertent changes when adapting to the new contract writing software, you, as the Bidder, may still be the first to spot such errors. Therefore, Bidders shall:

Notify the Contracting Officer immediately if any observed changes, removals, or additions affect your award eligibility, violate or alter existing quote/proposal terms, or could affect Contract performance post-award.
- ii. Take special care to ensure all fill-in Clauses are populated and remain populated across documents received from the Contracting Office throughout the Solicitation and Award process.
- iii. Contact the Contracting Officer listed on the first page of the solicitation or solicitation amendment for guidance if you notice or suspect any inadvertent change has occurred between document issuances.
- 3. The Contracting Officer will correct problems affecting award documents (if any) via bilateral modification, at no cost to the Contractor. Any such modification will reconcile the award with the latest version of this solicitation reflecting

deliberate action by the Contracting Officer (e.g. the first issuance if no amendments, or the latest amendment with accompanying narratives), inclusive of any documented pre-award negotiations or accepted supplemental offer terms.

4. In the unlikely event a network disruption, contract writing system error, or financial system error threatens timely award of the requirement set forth in this solicitation, the Contracting Officer:

May elect to use alternative mechanisms to obligate funds and allow work or deliveries to legally begin to the benefit of, and with legal protection for, both parties.

ii. Will incorporate the latest version of this Solicitation into such mechanisms to serve as a framework for contract execution until any such system problems are resolved.

iii. Will ensure any action taken does not conflict with the stated offer evaluation and award methodology of this requirement.

iv. Will issue a complete, properly-formatted award accurately reflecting this requirement and all applicable terms and conditions once systems return to normal.

(e) Governmentwide exclusion and removal orders.

(1) Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by any applicable FASCSA orders identified by the checkbox(es) in this paragraph (e)(1). [Contracting Officer must select either "yes" or "no" for each of the following types of FASCSA orders:]

Yes ___ No ___ DHS FASCSA Order

Yes ___ No ___ DoD FASCSA Order

Yes ___ No ___ DNI FASCSA Order

I-110	52.216-18	ORDERING	AUG/2020
-------	-----------	----------	----------

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from the date of award through 1,825 days after the date of contract award.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when--

- (1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;
- (2) If sent by fax, the Government transmits the order to the Contractor's fax number; or
- (3) If sent electronically, the Government either--

(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor;

(ii) Distributes the delivery order or task order via email to the Contractor's email address.

(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.

(End of clause)

I-111 52.216-19 ORDER LIMITATIONS OCT/1995

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than 1, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor --

(1) Any order for a single item in excess of 1,080;

(2) Any order for a combination of items in excess of 1,080; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within -5- days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of Clause)

I-112 52.216-22 INDEFINITE QUANTITY OCT/1995

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after delivery of all orders issued on or before the last day of the final ordering period.

- (1) A bona fide employee of the Contractor; or
- (2) A bona fide established commercial or selling agency maintained by the Contractor for the purpose of securing business.
- (b) For foreign military sales, unless the contingent fees have been identified and payment approved in writing by the foreign customer before contract award, the following contingent fees are unallowable under this contract:
- (1) For sales to the Government(s) of Australia, Taiwan, Egypt, Greece, Isreal, Japan, Republic of Korea, Kuwait, Pakistan, Philippines, Saudi Arabia, Turkey, or Venezuela Air Force, contingent fees in any amount.
- (2) For sales to Governments not listed in paragraph (b)(1) of this clause, contingent fees exceeding \$50,000 per foreign military sale case.
- (End of clause)

I-114 52.203-13 CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT NOV/2021
(a) Definitions. As used in this clause--

"Agent" means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

"Full cooperation"--

(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require--

- (i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or
- (ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from--

- (i) Conducting an internal investigation; or
- (ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

"Principal" means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

"Subcontract" means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

"United States," means the 50 States, the District of Columbia, and outlying areas.

(b) Code of business ethics and conduct.

- (1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall--
- (i) Have a written code of business ethics and conduct; and
- (ii) Make a copy of the code available to each employee engaged in performance of the contract.
- (2) The Contractor shall--

----------------------------------	--	--

Name of Offeror or Contractor:

- (i) Exercise due diligence to prevent and detect criminal conduct; and
- (ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.
- (3)(i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed--
 - (A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or
 - (B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).
- (ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractors disclosure as confidential where the information has been marked confidential or proprietary by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the Executive Branch if the information relates to matters within the organizations jurisdiction.
- (iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract.
- (c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for the acquisition of a commercial product or commercial service as defined at FAR 2.101. The Contractor shall establish the following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:
 - (1) An ongoing business ethics awareness and compliance program.
 - (i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractors standards and procedures and other aspects of the Contractors business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individuals respective roles and responsibilities.
 - (ii) The training conducted under this program shall be provided to the Contractors principals and employees, and as appropriate, the Contractors agents and subcontractors.
 - (2) An internal control system.
 - (i) The Contractors internal control system shall--
 - (A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and
 - (B) Ensure corrective measures are promptly instituted and carried out.
 - (ii) At a minimum, the Contractors internal control system shall provide for the following:
 - (A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.
 - (B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the Contractors code of business ethics and conduct.
 - (C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the Contractors code of business ethics and conduct and the special requirements of Government contracting, including--
 - (1) Monitoring and auditing to detect criminal conduct;
 - (2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

Name of Offeror or Contractor:

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) Subcontracts.

(1) The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts that exceed the threshold specified in FAR 3.1004(a) on the date of subcontract award and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(End of clause)

I-115 52.204-19 INCORPORATION BY REFERENCE OF REPRESENTATIONS AND CERTIFICATIONS DEC/2014
The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(End of clause)

I-116 52.215-19 NOTIFICATION OF OWNERSHIP CHANGES (FEB 2026) FEB/2026

(a) The Contractor shall make the following notifications in writing:

(1) When the Contractor becomes aware that a change in its ownership has occurred, or is certain to occur, that could result in changes in the valuation of its capitalized assets in the accounting records, the Contractor shall notify the Administrative Contracting Officer (ACO) within 30 days.

(2) The Contractor shall also notify the ACO within 30 days whenever changes to asset valuations or any other cost changes have occurred or are certain to occur as a result of a change in ownership.

(b) The Contractor shall-

(1) Maintain current, accurate, and complete inventory records of assets and their costs;

(2) Provide the ACO or designated representative ready access to the records upon request;

(3) Ensure that all individual and grouped assets, their capitalized values, accumulated depreciation or amortization, and remaining useful lives are identified accurately before and after each of the Contractor's ownership changes; and

(4) Retain and continue to maintain depreciation and amortization schedules based on the asset records maintained before each Contractor ownership change.

(c) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.110(s).

(End of Clause)

I-117 52.219-28 POSTAWARD SMALL BUSINESS PROGRAM REPRESENTATION (FEB 2026) FEB/2026

(a) Definitions. As used in this clause

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(End of clause)

I-118 52.222-19 CHILD LABOR--COOPERATION WITH AUTHORITIES AND REMEDIES (FEB 2026) FEB/2026

(a) Applicability. This clause does not apply to the extent that the Contractor is supplying end products mined, produced, or manufactured in--

(1) Israel, and the anticipated value of the acquisition is \$50,000 or more;

(2) Mexico, and the anticipated value of the acquisition is \$102,280 or more; or

(3) Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Japan, Korea, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or the United Kingdom and the anticipated value of the acquisition is \$174,000 or more.

(b) Cooperation with Authorities. To enforce the laws prohibiting the manufacture or importation of products mined, produced, or manufactured by forced or indentured child labor, authorized officials may need to conduct investigations to determine whether forced or indentured child labor was used to mine, produce, or manufacture any product furnished under this contract. If the solicitation includes the provision 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products, the Contractor agrees to cooperate fully with authorized officials of the contracting agency, the Department of the Treasury, or the Department of Justice by providing reasonable access to records, documents, persons, or premises upon reasonable request by the authorized officials.

(c) Violations. The Government may impose remedies set forth in paragraph (d) for the following violations:

- (1) The Contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor for listed end products.
- (2) The Contractor has failed to cooperate, if required, in accordance with paragraph (b) of this clause, with an investigation of the use of forced or indentured child labor by an Inspector General, Attorney General, or the Secretary of the Treasury.
- (3) The Contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.
- (4) The Contractor has furnished under the contract end products or components that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor. (The Government will not pursue remedies at paragraph (d)(2) or paragraph (d)(3) of this clause unless sufficient evidence indicates that the Contractor knew of the violation.)
- (d) Remedies.(1) The Contracting Officer may terminate the contract.
- (2) The suspending and debarring official may suspend the Contractor in accordance with procedures in FAR subpart 9.4.
- (3) The suspending and debarring official may debar the Contractor for a period not to exceed 3 years in accordance with the procedures in FAR subpart 9.4.

(End of clause)

I-119 52.222-35 EQUAL OPPORTUNITY FOR VETERANS (FEB 2026) FEB/2026
(a) Definitions. As used in this clause--

- "Active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," "qualified disabled veteran," and "recently separated veteran" have the meanings given at Federal Acquisition Regulation (FAR) 22.1301.
- (b) Equal opportunity requirements. The Contractor must abide by the requirements of 38 U.S.C. 4212(a)(1) and (2). These requirements prohibit discrimination against qualified protected veterans, and requires affirmative action by the Contractor to employ and advance in employment qualified protected veterans.
- (c) Subcontracts. The Contractor must insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1302-1(a)(2) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

(End of clause)

I-120 52.222-36 EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (FEB 2026) FEB/2026
(a)Equal opportunity clause. The Contractor must abide by the requirements of the equal opportunity clause at41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

- (b)Subcontracts. The Contractor must include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1401-2(a)(1) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each subcontractor or vendor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

K-10 52.209-2 PROHIBITION ON CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS-- FEB/2026
REPRESENTATION

(a) Definitions. As used in this clause

Inverted domestic corporation means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Subsidiary means an entity in which more than 50 percent of the entity is owned

- (1) Directly by a parent corporation; or
- (2) Through another subsidiary of a parent corporation.

(b) Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation, unless the exception at 9.108-3(b) applies or the requirement is waived in accordance with the procedures at 9.108-5.

(c) Representation. The Offeror represents that--

- (1) It [] is, [] is not an inverted domestic corporation; and
- (2) It [] is, [] is not a subsidiary of an inverted domestic corporation.

(End of provision)

K-11 52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS FEB/2026
(a)(1) The Offeror certifies, to the best of its knowledge and belief, that --

(i) The Offeror and/or any of its Principals --

(A) Are ___ are not ___ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ___ have not ___, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are ___ are not ___ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have ___, have not ___, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the

liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples.

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has ____ has not ____, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment, and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offerors responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of Provision)

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

- (b) The offeror has does not have current active Federal contracts and grants with total value greater than \$10,000,000.
- (c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

- (i) In a criminal proceeding, a conviction.
- (ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in

- (A) The payment of a monetary fine or penalty of \$5,000 or more; or
- (B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

K-13 52.209-11 REPRESENTATION BY CORPORATIONS REGARDING DELINQUENT TAX LIABILITY OR FEB/2026
A FELONY CONVICTION UNDER ANY FEDERAL LAW

(a) As required by sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts, the Government will not enter into a contract with any corporation that--

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that--

(1) It is [] is not [] a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial

K-14 52.209-13 VIOLATION OF ARMS CONTROL TREATIES OR AGREEMENTS--CERTIFICATION FEB/2026

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined at FAR 2.101.

(b) Certification. [Offeror shall check either (1) or (2).]

_____ (1) The Offeror certifies that--

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/> ; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/> ; or

_____ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If there may have been such activity, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

Name of Offeror or Contractor:

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless--

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has--

(i) Waived application under U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C.2593e(b).

(e) Remedies. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

(End of provision)

K-15 252.204-7017 PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES--REPRESENTATION MAY/2021

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services--Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) Definitions. Covered defense telecommunications equipment or services, covered mission, critical technology, and substantial or essential component, as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) Prohibition. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) Representation. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services--Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it [] will [] will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) Disclosures. If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

K-16	252.225-7973	PROHIBITION ON THE PROCUREMENT OF FOREIGN-MADE UNMANNED AIRCRAFT SYSTEMS--REPRESENTATION (DEVIATION 2024-00014)	AUG/2024
------	--------------	---	----------

(a) Definition. As used in this provision, covered foreign country has the meaning given in the 252.225-7972, Prohibition on the Procurement of Foreign-Made Unmanned Aircraft Systems (DEVIATION 2024-00014), clause of this solicitation.

(b) Prohibition. Section 848 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2020 (Pub. L. 116-92) and section 817 of the NDAA for FY 2023 (Pub. L. 117-263) prohibit DoD from

(1) Using or procuring an unmanned aircraft system (UAS), or any related services or equipment, that

(i) Is manufactured in a covered foreign country, or by an entity domiciled in a covered foreign country;

(ii) Uses flight controllers, radios, data transmission devices, cameras, or gimbals manufactured in a covered foreign country, or by an entity domiciled in a covered foreign country;

(iii) Uses a ground control system or operating software developed in a covered foreign country, or by an entity domiciled in a covered foreign country; or

(iv) Uses network connectivity or data storage located in, or administered by an entity domiciled in, a covered foreign country;

(2) Using or procuring a system for the detection or identification of a UAS, or any related services or equipment, that is manufactured in a covered foreign country or by an entity domiciled in a covered foreign country; or

(3) On or after October 1, 2024, entering into or renewing a contract with an entity that operates, as determined by the Secretary of Defense, equipment from

(i) Da-Jiang Innovations (or any subsidiary or affiliate of Da-Jiang Innovations);

(ii) Any entity that produces or provides unmanned aircraft systems and is included on the Consolidated Screening List maintained by the International Trade Administration of the Department of Commerce (<https://www.trade.gov/consolidated-%20screening-list>); or

(iii) Any entity that produces or provides unmanned aircraft systems and

(A) Is domiciled in a covered foreign country; or

(B) Is subject to unmitigated foreign ownership, control, or influence by a covered foreign country, as determined by the Secretary of Defense in accordance with the National Industrial Security Program.

(c) Representations.

(1) By submission of its offer, the Offeror represents that

(i) It will not provide or use a UAS, as described in paragraph (b)(1) of this provision, in the performance of any contract, subcontract, or other contractual instrument resulting from this solicitation; and

(ii) It will not provide or use a system for the detection or identification of a UAS, as described in paragraph (b)(2) of this provision, in the performance of any contract, subcontract, or other contractual instrument resulting from this solicitation.

(2) It is not an entity described in paragraph (b)(3) of this provision.

K-17	252.239-7098	PROHIBITION ON CONTRACTING TO MAINTAIN OR ESTABLISH A COMPUTER NETWORK UNLESS SUCH NETWORK IS DESIGNED TO BLOCK ACCESS TO CERTAIN WEBSITES--REPRESENTATION (DEVIATION 2021-00003)	APR/2021
------	--------------	---	----------

(a) In accordance with section 8116 of Division C of the Consolidated Appropriations Act, 2021 (Pub. L. 116-260), or any other Act that extends to fiscal year 2021 funds the same prohibitions, none of the funds appropriated (or otherwise made available) by this or any other Act for DoD may be used to enter into a contract to maintain or establish a computer network unless such network is designed to block access to pornography websites. This prohibition does not limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities, or for any activity necessary for the national defense, including intelligence activities.

(b) Representation. By submission of its offer, the Offeror represents that it is not providing as part of its offer a proposal to maintain or establish a computer network unless such network is designed to block access to pornography websites.

L-20 SUBMISSION OF BIDS

- A. Content of Bids: Bidders wishing to participate in the solicitation shall insure that bids submitted shall contain the following:
- a. A completed copy of the Standard Form 33 (through Block 18) received from the Government, signed by an authorized official of the bidder.
 - b. If amendments are issued, then a signed acknowledgement of the amendment(s) by an authorized official of the bidder by either:
 - i. Signing a copy of the amendment (Block 15 of the Standard Form 30), or
 - ii. Completing Block 14 of the Standard Form 33.
 - c. A completed copy (filled in) of Section B of the solicitation.
 - i. Please insert your firm fixed unit prices for the 1st, 2nd, 3rd, 4th, and 5th ordering periods in the spaces provided under each CLIN/SubCLIN.
 - d. A copy of Section K (Representations and Certifications) of the solicitation, completed as appropriate.
 - e. A completed copy of Section J, Attachment 0006, Sealed Bidding Pricing Template.
 - f. Contact information (including email and phone).

Failure to comply with the requirements of this section will render the bid nonresponsive and the bidder ineligible for consideration for award.

B. Submission of Bids: Prospective Bidders shall submit bids in response to this solicitation electronically as described below. Bids received later than the date and time stated in Block 9 of the Standard Form 33 issued for this solicitation will be characterized as late and not considered for award in accordance with FAR 52.214-7. Bids shall be submitted electronically via email to Jason Howell, Contract Specialist, at Jason.l.howell4.civ@army.mil and Carbon Copy (CC) Edward Peterson, Contracting Officer, email: edward.a.peterson4.civ@army.mil. The email shall include the full name of the point of contact submitting the bid, email address, the full name of the Offeror's company and the solicitation number associated with the bid. Do not encrypt files. Bid submissions containing encrypted files will be deemed nonresponsive and therefore ineligible for consideration for award. The bidder's bid must be valid for 120 days from the date for receipt of bids specified in Block 8, unless a longer period is inserted by the vendor in their quote.

C. Bid Opening: The opening of bids will take place the following day after the closing date stated in Block 9 of the Standard Form 33 at 10:00 AM Central Standard Time (CST) via Microsoft Teams web. Attendees do not need a Microsoft Teams account to participate. Bidders wishing to attend must request a link by sending an email to the Contract Specialist and CC the Contracting Officer after submitting a bid and will receive an email containing the link to attend bid opening via Microsoft Teams. Bidders will need to connect via a web browser. The mobile app will not work. NOTE: There are reported issues with Safari, so it is recommended that bidders wishing to attend use Chrome or another browser when using a Mac computer.

The apparent low bidder will be revealed at the conclusion of the bid openings.

The successful and unsuccessful bidders will be revealed after all bids have been opened.

L-21 HQAMC-LEVEL PROTEST PROGRAM

If you have complaints about this procurement, it is preferable that you first attempt to resolve those concerns with the responsible contracting officer. However, you can also protest to Headquarters, AMC. The HQ, AMC-Level Protest Program is intended to encourage interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with the General Accounting Office (GAO) or other external forum. Contract award or performance is suspended during the protest to the same extent, and within the same time periods, as if filed at the GAO. The AMC protest decision goal is to resolve protests within thirty-five (35) days as prescribed in FAR 33.103(g). To be timely, protests must be filed within the periods specified in FAR 33.103. If you want to file a protest under the AMC-Level Protest Program, the protest must request resolution under that program and be sent to the address below:

HQ U.S. Army Materiel Command
Office of Command Counsel-Deputy Command Counsel

(a) Definitions. As used in this clause--

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general

PIIN/SIIN W58RGZ-26-B-0004

MOD/AMD

category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html> .

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459 .

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a

PIIN/SIIN W58RGZ-26-B-0004

MOD/AMD

concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier.

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line,

Subline, or

Exhibit Line Item Number

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number N/A.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number N/A.

(v) Any item not included in paragraphs (c)(1)(i), (ii), (iii), or (iv) of this clause for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology--International symbology specification--Data matrix; ECC200 data matrix specification.

(4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that--

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology-Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) Unique item identifier.

(i) The Contractor shall--

(A) Determine whether to--

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: Original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code--

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in the resultant contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

SECTION G - CONTRACT ADMINISTRATION DATA

AUTO/CHANGE GA60003 252.232-7006 01-JAN-2023 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) Definitions. As used in this clause

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003 , Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003 , Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov> ; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for the resultant contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

COMBO

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

See CLIN Structure

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF

PIIN/SIIN W58RGZ-26-B-0004

Yes ___ No ___ DNI FASCSA Order

CHANGED IF60232 52.216-18 01-AUG-2020 ORDERING

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from the date of award through 1,825 days after the date of contract award.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when--

(1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;

(2) If sent by fax, the Government transmits the order to the Contractor's fax number; or

(3) If sent electronically, the Government either--

(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor; or

(ii) Distributes the delivery order or task order via email to the Contractor's email address.

(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.

(End of clause)

CHANGED IF60020 52.216-19 01-OCT-1995 ORDER LIMITATIONS

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than 1, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor --

(1) Any order for a single item in excess of 1,080;

PIIN/SIIN W58RGZ-26-B-0004

MOD/AMD

(2) Any order for a combination of items in excess of 1,000; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within -5- days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of Clause)

CHANGED IF60123 52.216-22 01-OCT-1995 INDEFINITE QUANTITY

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after delivery of all orders issued on or before the last day of the final ordering period.

(End of Clause)

CHANGED IA60020 252.225-7027 01-APR-2003 RESTRICTION ON CONTINGENT FEES FOR FOREIGN MILITARY SALES

(a) Except as provided in paragraph (b) of this clause, contingent fees, as defined in the Covenant Against Contingent Fees clause of this contract, are generally an allowable cost, provided the fees are paid to

(1) A bona fide employee of the Contractor; or

(2) A bona fide established commercial or selling agency maintained by the Contractor for the purpose of securing business.

(b) For foreign military sales, unless the contingent fees have been identified and payment approved in writing by the foreign customer before contract award, the following contingent fees are unallowable under this contract:

(1) For sales to the Government(s) of Australia, Taiwan, Egypt, Greece, Israel, Japan, Republic of Korea, Kuwait, Pakistan, Philippines, Saudi Arabia, Turkey, or Venezuela Air Force, contingent fees in any amount.

(2) For sales to Governments not listed in paragraph (b)(1) of this clause, contingent fees exceeding \$50,000 per foreign military sale case.
