INSTRUCTIONS TO OFFERORS

PREPARING YOUR QUOTE:

Your Quote shall consist of ONLY the following list of required items:

- 1) Submit a signed copy of the first page of the solicitation
 - a. Complete block 17a with your name and CAGE Code.
 - b. Complete and sign blocks 30a, 30b, and 30c (digital signatures are accepted).
 - c. DO NOT SUBMIT A COPY OF THE SOLICITATION IN ITS ENTIRETY.
- 2) Submit a signed copy of all amendments issued, if any. It is your responsibility to monitor SAM.gov for amendments. DO NOT SUBMIT A COPY OF THE AMENDMENT IN ITS ENTIRETY. Only pages that require a vendor response and/or signature shall be submitted.
- 3) Complete the pricing schedule provided with the solicitation. All items in the pricing schedule must be completed, including optional items. All items must include a dollar value.
- 4) Complete the subcontractor data worksheet provided with the solicitation. Your quote must identify the business size and percentage of work to be completed by the prime contractor; and the business name, address, the percentage of work to be completed by the subcontractor. Offerors shall identify the business size of any subcontractors based on the NAICS code identified. Offerors must clearly identify whether a subcontractor(s) will be performing work, the percentage of work to be performed by each subcontractor, and the socio-economic category into which each identified subcontractor falls. (FAR 52.219-14 LIMITATIONS ON SUBCONTRACTING FOR SMALL BUSINESS (DEVIATION 2021-O0008) (FEB 2023).
- 5) Complete the Representations and Certifications (Reps and Certs) in Section K, unless already completed and current in the System for Award Management at <https://sam.gov/>. Notice: Failure to respond to FAR Provision 52.204-26 and, if applicable FAR Provision 52.204-24, will deem your offer nonresponsive and unawardable.
- 6) Contractor must provide at time of quote a current, valid copy of their (or their Subcontractor's) Commercial Herbicide Applicator's license in accordance with the requirements in the PWS. Submission of the License number only will not be accepted.
- 7) Please NOTE this solicitation requires offerors to enter a National Institute of Standards and Technology (NIST) score in the Supplier Performance Risk System (SPRS). The NIST score is a responsibility item. Those without a NIST score in SPRS will be deemed NON-RESPONSIBLE and will not be eligible for award.

The SPRS NIST Special Publication 800-171 website provides a comprehensive set of reference materials to assist you in this effort and includes guides, frequently asked questions, and tutorials. This website is found at: <https://www.sprs.csd.disa.mil/nistsp.htm>

Potential offerors are encouraged to allow ample time to complete this responsibility item.

NEED HELP:

If you need assistance with SAM.gov, PIEE, NIST or preparing your quote, please contact your local Procurement Technical Assistance Center (PTAC). You may find your PTAC here: <https://www.aptac-us.org/contracting-assistance/>.

Offerors must have an active registration in SAM.gov to be eligible for award.

In accordance with AFARS 5132.702(a)(ii)(B): Funds are not presently available for this acquisition. No contract will be awarded until appropriated funds are made available.

Quotes shall be valid for an additional 45 days past the date quotes are due.

52.219-14 Limitations on Subcontracting (DEVIATION 2021-O0008) (Oct 2022) Deviation 2021-O0008 (Feb 2023)

LIMITATIONS ON SUBCONTRACTING (FEB 2023) (DEVIATION 2021-O0008)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) Definition. Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent contractor, that--

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) Applicability. This clause applies only to--

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with subparts 19.8, 19.13, 19.14, and 19.15;

(4) Orders expected to exceed the simplified acquisition threshold and that are--

(i) Set aside for small business concerns under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or

(ii) Issued directly to small business concerns under multiple-award contracts as described in 19.504(c)(1)(ii);

(5) Orders, regardless of dollar value, that are--

(i) Set aside in accordance with subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F);

or

(ii) Issued directly to concerns that qualify for the programs described in subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 19.504(c)(1)(ii); and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) Independent contractors. An independent contractor shall be considered a subcontractor.

(e) Limitations on subcontracting. By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for--

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding certain other direct costs and certain work performed outside the United States (see paragraph (e)(1)(i)), to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract. The following services may be excluded from the 50 percent limitation:

(i) Other direct costs, to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service. Examples include airline travel, work performed by a transportation or disposal entity under a contract assigned the environmental remediation NAICS code 562910), cloud computing services, or mass media purchases.

(ii) Work performed outside the United States on awards made pursuant to the Foreign Assistance Act of 1961, or work performed outside the United States required to be performed by a local contractor.

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause--

[Contracting Officer check as appropriate.]

[] By the end of the base term of the contract and then by the end of each subsequent option period; or

[] By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protégé in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) Definitions. As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO) /International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

" Enterprise " means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

" Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

" Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier.

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number Item Description

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number Item Description

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed repairables and DoD serially managed nonrepairables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418,

Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) Unique item identifier.

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

(5) Original part number (if there is serialization within the original part number).

(6) Lot or batch number (if there is serialization within the lot or batch number).

(7) Current part number (optional and only if not the same as the original part number).

(8) Current part number effective date (optional and only if current part number is used).

(9) Serial number (if concatenated unique item identifier is used).

(10) Government's unit acquisition cost.

(11) Unit of measure.

(12) Type designation of the item as specified in the contract schedule, if any.

(13) Whether the item is an item of Special Tooling or Special Test Equipment.

(14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

- (1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.
- (2) Unique item identifier of the embedded subassembly, component, or part.
- (3) Unique item identifier type.**
- (4) Issuing agency code (if concatenated unique item identifier is used).**
- (5) Enterprise identifier (if concatenated unique item identifier is used).**
- (6) Original part number (if there is serialization within the original part number).**
- (7) Lot or batch number (if there is serialization within the lot or batch number).**
- (8) Current part number (optional and only if not the same as the original part number).**
- (9) Current part number effective date (optional and only if current part number is used).**
- (10) Serial number (if concatenated unique item identifier is used).**
- (11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

- (i) Use of the embedded items capability in WAWF;
- (ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or
- (iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) ____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) Subcontracts. If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

252.232-7006 Wide Area WorkFlow Payment Instructions.

(Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) Definitions. As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	_____
Issue By DoDAAC	_____
Admin DoDAAC	_____
Inspect By DoDAAC	_____
Ship To Code	_____

(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")

(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) Payment request. The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance

with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) Receiving report. The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) WAWF point of contact.

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

(d) Comptroller General Examination of Record. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, as defined in FAR 2.101, on the date of award of this contract, and does not contain the clause at 52.215-2, Audit and Records-Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)

(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1), in a subcontract for commercial products or commercial services. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause-

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Nov 2021) (41 U.S.C. 3509).

(ii) 52.203-17, Contractor Employee Whistleblower Rights (Nov 2023) (41 U.S.C. 4712).

Evaluation - Commercial Products and Commercial Services

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services.

(Nov 2021)

Evaluation-Commercial Products and Commercial Services (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

(i) Price Evaluation: The Government shall review acceptable offers by lowest price. Contractors are to provide pricing for each line item on the Pricing Schedule provided via SECTION B of the Solicitation. Price reasonableness and affordability will also be evaluated.

(ii) Past Performance: The Government will review all CPARS evaluations regardless of project and may contact points of contact or evaluate any information provided to the Contract Specialist or Contracting Officer to include USACE District Past Performance files. Offerors must demonstrate the following minimum acceptability standards:

- a. All past or current performance must have overall ratings of Satisfactory or otherwise Acceptable or above.
- b. Any derogatory information may be grounds for an Unacceptable rating.
- c. Offerors with no past performance information will receive an "Acceptable" rating for this factor.

(iii) Subcontracting Compliance: The Government will review provided subcontractor data, if applicable, to ensure set-aside requirements are met as well as compliance with Clause 52.219-14, LIMITATIONS ON SUBCONTRACTING (DEVIATION 2021-O0008) (FEB 2023). Failure to respond to the Subcontracting Information at SECTION B may be grounds for an Unacceptable rating.

(iv) Licensing: Contractor must provide a current, valid copy of their (or their Subcontractor's) Herbicide Applicator's license issued by the State of Oklahoma. Failure to provide a copy of a valid Herbicide Applicator's License may be grounds for an Unacceptable rating.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

FAR Clauses Incorporated by Full Text

52.212-3 **Offeror Representations and Certifications-Commercial Products and Commercial Services. (Alternate I)** (May 2024) Alternate I (Feb 2024)

Alternate I (Feb 2024). As prescribed in 12.301 (b)(2), add the following paragraph (c)(12) to the basic provision:

(12) (Complete if the offeror has represented itself as disadvantaged in paragraph (c)(5) of this provision.)

☐ Black American.

☐ Hispanic American.

☐ Native American (American Indians, Eskimos, Aleuts, or Native Hawaiians).

☐ Asian-Pacific American (persons with origins from Burma, Thailand, Malaysia, Indonesia, Singapore, Brunei, Japan, China, Taiwan, Laos, Cambodia (Kampuchea), Vietnam, Korea, The Philippines, Republic of Palau, Republic of the Marshall Islands, Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, Guam, Samoa, Macao, Hong Kong, Fiji, Tonga, Kiribati, Tuvalu, or Nauru).

☐ Subcontinent Asian (Asian-Indian) American (persons with origins from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, the Maldives Islands, or Nepal).

☐ Individual/concern, other than one of the preceding.

52.212-3 **Offeror Representations and Certifications-Commercial Products and Commercial Services. (DEVIATION 2025-O0003 and 2025-O0004)** (May 2024) Deviation 2025-O0004 (Mar 2025)

Offeror Representations and Certifications-Commercial Products and Commercial Services (MAR 2025) (DEVIATION 2025-O0003 and 2025-O0004)

(a) Definitions. As used in this provision-

Covered telecommunications equipment or services has the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

Economically disadvantaged women-owned small business (EDWOSB) concern means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300. It automatically qualifies as a women-owned small business eligible under the WOSB Program.

Forced or indentured child labor means all work or service-

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees.

Inverted domestic corporation, means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395 (b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Manufactured end product means any end product in product and service codes (PSCs) 1000-9999, except-

(1) PSC 5510, Lumber and Related Basic Wood Materials;

(2) Product or Service Group (PSG) 87, Agricultural Supplies;

- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

Place of manufacture means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

Predecessor means an entity that is replaced by a successor and includes any predecessors of the predecessor.

Reasonable inquiry has the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

Restricted business operations means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate-

- (1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;
- (2) Are conducted pursuant to specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;
- (3) Consist of providing goods or services to marginalized populations of Sudan;
- (4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;
- (5) Consist of providing goods or services that are used only to promote health or education; or
- (6) Have been voluntarily suspended."Sensitive technology"-

Sensitive technology-

- (1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically-
 - (i) To restrict the free flow of unbiased information in Iran; or
 - (ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and
- (2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

[List as necessary]

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

(1) [] Are, [] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [] Have, [] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [] Are, [] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the

IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) Listed end products.

Listed End Product	Listed Countries of Origin
--------------------	----------------------------

_____	_____
_____	_____

(2) Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

(i) ☐

(ii) ☐

(j) Place of manufacture. (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

(1) ☐ In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) ☐ Outside the United States.

(k) Certificates regarding exemptions from the application of the Service Contract Labor Standards (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

(1) ☐ 22.1003-4(c)(1). The offeror ☐ does ☐ does not certify that-

(i) The items of equipment to be serviced under this contract are used regularly for other than Governmental purposes and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontract) in substantial quantities to the general public in the course of normal business operations;

(ii) The services will be furnished at prices which are, or are based on, established catalog or market prices (see FAR 22.1003-4(c)(2)(ii)) for the maintenance, calibration, or repair of such equipment; and

(iii) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract will be the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

(2) ☐ 22.1003-4(d)(1). The offeror ☐ does ☐ does not certify that-

(i) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(ii) The contract services will be furnished at prices that are, or are based on, established catalog or market prices (see FAR 22.1003-4(d)(2)(iii));

(iii) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies-

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) Taxpayer Identification Number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM to be eligible for award.)

(1) All offerors must submit the information required in paragraphs (l)(3) through (l)(5) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the Internal Revenue Service (IRS).

(2) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

(3) Taxpayer Identification Number (TIN).

☐]TIN: ____.

☐]TIN has been applied for.

☐]TIN is not required because:

☐]Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;

☐]Offeror is an agency or instrumentality of a foreign government;

☐ Other ____.

(5) Common parent.

☐ Offeror is not owned or controlled by a common parent;

☐ Name and TIN of common parent:

Name ____.

TIN ____.

(m) Restricted business operations in Sudan. By submission of its offer, the offeror certifies that the offeror does not conduct any restricted business operations in Sudan.

(n) Prohibition on Contracting with Inverted Domestic Corporations.

(1) Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation, unless the exception at 9.108-2(b) applies or the requirement is waived in accordance with the procedures at 9.108-4.

(2) Representation. The Offeror represents that-

(i) It ☐ is, ☐ is not an inverted domestic corporation; and

(ii) It ☐ is, ☐ is not a subsidiary of an inverted domestic corporation.

(o) Prohibition on contracting with entities engaging in certain activities or transactions relating to Iran.

(1) The offeror shall e-mail questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(2) Representation and Certifications. Unless a waiver is granted or an exception applies as provided in paragraph (o)(3) of this provision, by submission of its offer, the offeror-

(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(ii) Certifies that the offeror, or any person owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Iran Sanctions Act; and

(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds the threshold at FAR 25.703-2(a)(2) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at <https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>).

(3) The representation and certification requirements of paragraph (o)(2) of this provision do not apply if-

(Do not use a "doing business as" name)

(q) Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law.

(1) As required by sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts, The Government will not enter into a contract with any corporation that-

(i) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(ii) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(2) The Offeror represents that-

(i) It is ☐ is not ☐ a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(ii) It is ☐ is not ☐ a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(r) Predecessor of Offeror. (Applies in all solicitations that include the provision at 52.204-16, Commercial and Government Entity Code Reporting.)

(1) The Offeror represents that it ☐ is or ☐ is not a successor to a predecessor that held a Federal contract or grant within the last three years.

(2) If the Offeror has indicated "is" in paragraph (r)(1) of this provision, enter the following information for all predecessors that held a Federal contract or grant within the last three years (if more than one predecessor, list in reverse chronological order):

Predecessor CAGE code: ____ (or mark "Unknown").

Predecessor legal name: ____.

(Do not use a "doing business as" name).

(s) [Reserved]

(t) [Reserved]

(u)

(1) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions), Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with an entity that requires employees or subcontractors of such entity seeking to report waste, fraud, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(2) The prohibition in paragraph (u)(1) of this provision does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(3) Representation. By submission of its offer, the Offeror represents that it will not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal

department or agency authorized to receive such information (e.g., agency Office of the Inspector General).

(v) Covered Telecommunications Equipment or Services-Representation. Section 889(a)(1)(A) and section 889 (a)(1)(B) of Public Law 115-232.

(1) The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(2) The Offeror represents that-

(i) It ☐ does, ☐ does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(ii) After conducting a reasonable inquiry for purposes of this representation, that it ☐ does, ☐ does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services.

52.223-23 Sustainable Products and Services. (DEVIATION 2025-O0004) (May 2024) Deviation 2025-O0004 (Mar 2025)

SUSTAINABLE PRODUCTS AND SERVICES (MAR 2025) (DEVIATION 2025-O0004)

(a) Definitions. As used in this clause-

Biobased product means a product determined by the U.S. Department of Agriculture (USDA) to be a commercial product or industrial product (other than food or feed) that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials, or that is an intermediate ingredient or feedstock. The term includes, with respect to forestry materials, forest products that meet biobased content requirements, notwithstanding the market share the product holds, the age of the product, or whether the market for the product is new or emerging. (7 U.S.C. 8101) (7 CFR 3201.2).

Recovered material means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process. (42 U.S.C. 6903).

Sustainable products and services means:

(1) Products containing recovered material designated by the U.S. Environmental Protection Agency (EPA) under the Comprehensive Procurement Guidelines (42 U.S.C. 6962) (40 CFR part 247) (<https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products>).

(2) Energy- and water-efficient products that are ENERGY STAR® certified or Federal Energy Management Program (FEMP)-designated products (42 U.S.C. 8259b) (10 CFR part 436, subpart C) (<https://www.energy.gov/eere/femp/search-energy-efficient-products> and <https://www.energystar.gov/products?s=mega>).

(3) Biobased products meeting the content requirement of the USDA under the BioPreferred® program (7 U.S.C. 8102) (7 CFR part 3201) (<https://www.biopreferred.gov>).

(4) Acceptable chemicals, products, and manufacturing processes listed under EPA's Significant New Alternatives Policy (SNAP) program, which ensures a safe and smooth transition away from substances that contribute to the depletion of stratospheric ozone (42 U.S.C. 76711) (40 CFR part 82, subpart G) (<https://www.epa.gov/snap>).

(b) Requirements.

(1) The sustainable products and services, including the purchasing program and type of product or service, that are applicable to this contract, and any products or services that are not subject to this clause, will be set forth in the statement of work or elsewhere in the contract.

(2) The Contractor shall ensure that the sustainable products and services required by this contract are-

(i) Delivered to the Government;

(ii) Furnished for use by the Government;

(iii) Incorporated into the construction of a public building or public work; and

(iv) Furnished for use in performing services under this contract, where the cost of the products is a direct cost to this contract (versus costs which are normally applied to the Contractor's general and administrative expenses or indirect costs). This includes services performed by contractors performing management and operation of Government-owned facilities to the same extent that, at the time of award, an agency would be required to comply if an agency operated or supported the facility.

(3) [Reserved]

(c) Resource. The Green Procurement Compilation (GPC) available at <https://sftool.gov/greenprocurement> provides a comprehensive list of sustainable products and services and sustainable acquisition guidance. The Contractor should review the GPC when determining which statutory purchasing programs apply to a specific product or service.

1. Description of Services. All services required under this contract include the following types of services: Mowing, Janitorial, Park Cleaning, Refuse Collection, Vault and Septic Pumping, and Herbicide/Pesticide Application for the following Government Facilities:
 - 1.1. Mowing of public use areas, dam embankment, saddle dike, project office complexes, and other unimproved areas on project lands.
 - 1.2. Janitorial services at the Keystone Project Office complex.
 - 1.3. Cleaning of park facilities such as toilets, picnic/camping sites, and groundskeeping.
 - 1.4. Refuse collection and disposal.
 - 1.5. Vault pumping of vaults and septic tanks.
 - 1.6. Application of herbicides and pesticides.
2. DEFINITIONS.
 - 2.1. Bimonthly work is required to be performed every other month.
 - 2.2. Biweekly work is required to be performed every other week.
 - 2.3. Contracting Officer (KO). The person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings.
 - 2.4. Contracting Officer Representative (COR). A Government employee, designated in writing, responsible for administering the contract for the Contracting Officer.
 - 2.5. Contractor quality control (CQC) is the contractor's system of controlling the quality of services provided under the provisions of the contract.
 - 2.6. Critical weight is a means of subjectively designating the importance of, or weighting, Performance Requirements (PRs). Three critical weights shall be used with A being used to designate the more important PRs, B designated as moderately important and C the least important. Critical weights are based on the importance of each service to the integrity of the facilities being serviced, to the visiting public, to Government employees directly affected by the service, and the environment.
 - 2.7. Deficient service is any service provided by the contractor that does not meet the Performance Standards specified in the Performance Requirements (PRs) given in Exhibit 3.

- 2.8. Government as used herein means the United States of America.
- 2.9. Performance Requirement (PR) is the Government's minimum requirement for each service provided under the contract. These requirements are stated as Performance Standards and Acceptable Performance Levels.
 - 2.9.1. Performance standard (PStd) specifies the minimum standard (quality) for each service provided under the contract.
 - 2.9.2. Acceptable performance level (APL) is the maximum number of deficient services at which the Government will consider a service satisfactory.
- 2.10. Project means all Government property and easements at Keystone Lake.
- 2.11. Public use area (PUA) includes recreation areas as well as overlooks, nature and hiking trails, access points, etc.
- 2.12. Quality is conformance with the contract specification.
- 2.13. Quality Assurance (QA) Policies and procedures adopted by the government to ensure that services acquired under government contracts conform to the contract's quality and quality requirements.
- 2.14. Regulations refers to any local, state, or Federal law or regulation applicable to operation or maintenance of the project.
- 2.15. Semi-monthly work is required to be performed two times per month.
- 2.16. Semi-weekly work is required to be performed two times per week.
- 2.17. A workday is any day, Monday through Friday, exclusive of Federal holidays. This definition should not be interpreted to mean that work is not required by this specification on other days.
- 2.18. Emergency work is work the contractor is required to perform immediately, normally within a few hours after a verbal request or direction is received from the Contracting Officer.

3. REFERENCES.

- 3.1. Corps of Engineers Safety & Health Requirements Manual, (EM 385-1-1, current edition to include any amendments) is hereby incorporated into this specification. The Contracting Officer will furnish EM 385-1-1 to the contractor after contract award.

4. INITIATION, EXECUTION, AND ACCEPTANCE OF WORK.

4.1. Execution of all work shall be in accordance with this Performance Work Statement and awarded Contract. The COR will notify the contractor of deficient services.

4.1.1. Initial notification of deficiencies may be written or oral; however, all oral notification shall be confirmed by the COR in writing within two (2) workdays. Written notification shall be provided by completing Parts I, II, and III of a Quality Assurance (QA) Report (SWT Form 982, Exhibit 1).

4.1.2. If the COR directs re-performance of work to correct deficiencies, the contractor shall initiate action to accomplish corrective work within two days.

4.1.3. Notify the COR when corrective work is completed. Notification shall be made by completing Part IV of the QA Report, provided it has been furnished to the contractor. When work has been corrected, the COR shall take necessary action to complete Part V of the QA Report and provide a copy to the contractor.

5. PERSONNEL. The contractor shall provide personnel necessary to accomplish all work required by this specification within specified time limits.

5.1. Experience and skills.

5.1.1. The contractor shall provide personnel that are experienced and demonstrate proficiency in the skills required to perform the various types of work specified.

5.1.2. Quality control personnel shall be knowledgeable of the work they inspect, inspection procedures, and all portions of this Performance Work Statement that apply to the work they inspect.

5.2. Supervision.

5.2.1. The contractor shall provide an on-site Project Manager who shall have full authority to direct any work required. This on-site Project Manager, and alternates who shall have full authority to execute work during brief absences of the on-site Project Manager, shall be designated in writing. The on-site Project Manager or alternate shall always be on site for work that is being performed. Identify, in writing, the name of the appointed on-site Project Manager and provide this information to the Contracting Officer and COR within 10 calendar days of contract award.

5.2.2. The contractor shall provide the COR a telephone number at (or through) which the contractor's supervisor can be reached between 7:00 a.m. and 4:30 p.m. on all days work is being performed.

- 5.2.3. The on-site Project Manager shall contact, whether by phone or in person, the COR each workday between 8:30 and 9:00 a.m. to coordinate and to discuss any work deficiencies, problems or contract performance related issues. If this contact is by telephone, the COR may require the on-site Project Manager to meet and discuss the issue(s) in person. COR will advise the on-site Project Manager of the designated meeting location and time.
-
6. EQUIPMENT. The contractor shall furnish equipment necessary to accomplish all work required by this specification within the specified time limits. Equipment breakdown does not relieve the contractor of the responsibility to complete work in accordance with the Performance Work Statement requirements on Schedule.
 - 6.1. Equipment Inspections. Upon request, the contractor shall present equipment to the COR for inspection. Equipment brought to the project shall not be used until it has passed inspection by the COR. The COR shall establish the time and location for these inspections.
 - 6.2. Equipment requirements. All equipment used to perform work under this specification must be in good operating and mechanical condition and comply with EM 385-1-1.
 - 6.2.1. Tractors shall be equipped and operated in accordance with the following:
 - 6.2.1.1. Power take offs on tractors shall operate at a minimum of 540 rpm during mowing operations.
 - 6.2.1.2. Seat belts shall be always worn by personnel operating tractors.
 - 6.2.1.3. A substantial guard or shield shall be installed on the tractor to protect the operator from flying objects during mowing. The guard or shield shall be covered with not less than ¼-inch woven wire mesh or expanded metal with openings no greater than one inch.
 - 6.2.1.4. Rollover protection shall be provided. If the structure is not designed and installed by the manufacturer of the tractor, the contractor shall furnish a certificate from a registered professional engineer that the rollover protection is structurally safe for its intended purpose.
 - 6.2.2. Mowers shall be rotary-type or flail-type and shall meet the following requirements:
 - 6.2.2.1. Mowers shall be equipped with safety chains or other protective devices to prevent flying objects from injuring people or damaging property.
 - 6.2.2.2. Only zero-turn mowers shall be used when mowing improved and lawn areas.

- 6.2.2.3. Use of brush hogs shall be limited to mowing dam embankment, dike areas, and semi-improved areas.
- 6.2.2.4. All safety devices provided by the manufacturers of push and riding mowers shall function as designed.
- 6.2.3. Edgers shall be equipped with a rotary blade in an upright position. A protective guard for the blade shall be provided.
- 6.2.4. Trucks used for hauling refuse, litter, and debris shall have a covering device to prevent the material from being blown out of the refuse bins. Bins shall be always covered when material is subject to blowing from them.
- 6.2.5. The working pressure of power washers shall not exceed 50 PSI. The working pressure of high-pressure power washers, if used to clean facilities specified in Appendix C, shall be a minimum of 2,000 PSI.
- 6.2.6. All vehicles used by the contractor to perform work under this Performance work statement shall be marked by signs located on each side of the vehicles. Signs may be painted on the doors or magnetic signs may be attached to the doors. Magnetic signs shall not be removed at any time vehicles are at the project. Lettering shall be at least 2 inches high. Each sign shall contain the following:

MAINTENANCE SERVICES
PROVIDED BY
(Contractor's Name)

- 6.3. Equipment operation.
 - 6.3.1. Mowing equipment shall be operated in a manner that will allow for discharge of grass clippings away from roads, ponds, facilities, etc., and prevent damage to turf and property or injury to others.
 - 6.3.2. Power operated trimming equipment that utilizes monofilament line shall not be used around any shrubs or trees with a diameter less than 3 inches at breast height.
- 6.4. Vehicle operation and parking. While performing work under this contract, vehicles shall be operated and parked only on roads, parking areas, or pullouts unless the COR approves use of other areas.

7. MATERIALS AND SUPPLIES.

- 7.1. Contractor furnished. Except for the items listed in subparagraph 7.2., the contractor shall furnish all materials and supplies necessary to accomplish all work.

7.1.1. All materials and supplies shall be new. Adequate quantities shall be maintained to perform the required services without interruptions. All materials and supplies are subject to review by the COR to determine compliance.

7.1.2. Specifications for selected contractor furnished materials and supplies are provided in Exhibit 2.

7.1.3. In addition to materials and supplies listed in Exhibit 2, the contractor shall furnish the following:

Cleaning compounds:	Disinfectants
Carpet Shampoo	Glass Cleaner
Floor Wax	Mops, brooms, etc.
Stripping Agents	Misc. Tools
Mulch	Hand Soap
Towels	Tissue Paper
Refuse Container Liners	Deodorant Cakes
Medical Cabinet Supplies	
Odor control chemicals (for vault toilets)	
Spot Remover (for carpets and upholstered chairs)	
Air fresheners (for Project Office restrooms)	
Vacuum Cleaners	

7.2. Government_furnished. The Government will furnish potable water and refuse containers (cans). The contractor shall be responsible for transporting Government furnished materials and supplies to work sites.

8. PERFORMANCE REQUIREMENTS (PRs). PRs for work performed under this specification are given in Exhibit 3. The contractor's performance will be evaluated using these PRs as follows:

8.1. Services provided by the contractor will be inspected for compliance with Performance Standards (PStds). Those not meeting PStds shall be considered deficient.

8.2. Acceptable Performance Levels (APLs) establish the acceptable limits for deficient services. The existence of some deficient services does not necessarily deem the contractor's performance unsatisfactory. However, this does not mean the contractor may knowingly offer deficient services. It only implies the Government recognizes defective performance occasionally happens even when QC is working satisfactorily.

8.3. Deficient services are determined during initial QA inspections since the purpose of QA is to determine how well CQC is functioning. The results of inspections are not changed as a result of satisfactory re-performance. Deficient services determined in this manner will be used to compute defect rates. These defect

rates will be compared to APLs to determine whether the contractor's performance is acceptable.

- 8.4. Whenever QA inspections indicate the contractor's performance is marginal or unsatisfactory; the contractor shall furnish the COR a written plan for correcting his/her CQC program within two (2) workdays. In addition, the contractor shall also furnish written status reports on the implementation of this plan weekly until the COR determines that performance is satisfactory. The COR will inform the contractor of the criteria to be used in determining marginal and unsatisfactory performance at the Pre-work Conference.

9. CONTRACTOR QUALITY CONTROL (CQC). The contractor shall establish and execute a CQC Plan to assure that all work required by this contract is completed on schedule and in accordance with the PRs given in Exhibit 3.

- 9.1. The results of quality control inspections conducted by the contractor shall be entered on the Quality Control Inspection Log (SWT Form 990, Exhibit 4). A copy of completed inspection logs shall be furnished the COR weekly.
- 9.2. The requirements in subparagraph 9.1 may be waived by the COR if he determines proper CQC can be achieved without the required submissions. This determination will normally be made based on actual performance by the contractor and shall be made in writing by the COR.

10. DEDUCTIONS FOR NON-PERFORMANCE AND/OR DEFICIENT WORK. If the contractor fails to perform the service or the performance of the service does not meet the Performance Requirements in Exhibit 3, deductions or credits to the Government for documented defects will be made in accordance with the following procedures:

- 10.1. The failure to perform and/or deficiency will be communicated to the contractor in writing by the Contracting Officer or COR, and the contractor will be given an opportunity to re-perform and correct the defects. No deduction will be made from the agreed price for the service, but the contractor will not be entitled to additional compensation for any re-performance.

- 10.2. In the case of a service found to be deficient or not performed by the contractor despite the opportunity to re-perform:

- 10.2.1. Service self-performed by the Government: Government will deduct the price for performing that service based upon the agreed price for the service for the respective period of performance. For example, if the quoted price is based on a monthly unit, the Government is entitled to a credit and will deduct from the contractor the payment due for that month.

10.2.2. Service by another contractor: Government will be entitled to a credit from contractor or deduct from payment to the contractor the amount the Government paid to have the service performed by the other contractor.

10.2.3. If the work is not performed at all: Government will deduct from payment in the same manner as described in 10.2.1 above.

11. SAFETY.

11.1. Safety plan. The contractor shall furnish the COR a comprehensive safety plan to implement the general policies and procedures for safe operation and maintenance of the project in accordance with EM 385-1-1. The contractor's written safety policy shall be given to all employees and posted at a prominent location in the contractor's office throughout the contract period. The safety plan shall include, but not be limited to the following:

11.1.1. Procedures for training employees in responsibilities for safety of others, including the general public.

11.1.2. Requirements for wearing or utilizing personal safety equipment and apparel.

11.1.3. Procedures for handling, reporting, and correcting unsafe conditions, practices, and safety violations.

11.1.4. Procedures for treating and transporting injured persons to medical facilities.

11.1.5. Fire prevention plans.

11.1.6. Job hazard analyses shall include an evaluation of hazards that might be encountered for an operation, and proposed methods and techniques for accomplishing each job in a safe manner. Contractor personnel shall be thoroughly indoctrinated with job hazard analyses, especially at the start of a major job. Initially, the safety plan shall include, but not be limited to, job hazard analyses for the jobs listed below. However, the contractor shall prepare additional analyses as the need arises and/or the COR directs. Job hazard analysis directed by the COR shall be submitted for approval within one (1) week. An example of a job hazard analysis is given in Exhibit 5.

11.1.6.1. Loading and unloading of equipment (analysis for each type of equipment to be used to perform services required by this performance work statement.

11.1.6.2. Equipment operation and maintenance (for each type of equipment).

11.1.6.3. Vehicle operation and maintenance.

11.2. Safety meetings. The contractor shall conduct monthly meetings with their employees and or subcontractors to discuss safety items pertaining to ongoing work. In addition, a safety meeting shall be conducted prior to initiation of mowing operations. Employees of subcontractors shall attend safety meetings. The contractor shall provide at least one-day notice of safety meetings to the COR so that Corps of Engineers personnel can attend. A quarterly report of the meetings shall be furnished in writing to the COR by the 15th day following the end of each quarter. The report shall include the following information on each meeting: Date, and location of meeting, names of persons attending, safety items discussed and persons who conducted the meeting.

11.3. Safety violations. If a contractor's employee persists in not following the safety requirements of this specification or the contractor's safety plan, the employee shall be permanently discharged upon the request of the KO. The COR may require that the contractor remove from the work any employee the Contracting Officer (or Contracting Officer Representative) deems incompetent, careless, or otherwise objectionable. Notification for the requested removal of an unsafe employee will be provided the contractor in writing.

11.4. Personal clothing and safety apparel. Contractor personnel shall wear clothing suitable for the weather and working conditions. The minimum shall be short-sleeve shirt and long trousers (no sleeveless shirts, tank tops, or shorts). Clothing shall be in good repair, i.e., no torn shirts or trousers. Personnel performing mowing/trimming work shall wear eye and ear protection, hardhats, and safety-toe shoes. Personnel when required by Section 5, EM 385-1-1, shall wear additional protective apparel.

11.5. Accident reports.

11.5.1. The contractor shall immediately notify the COR of all known accidents that occur at the project and result in death or serious injury.

11.5.2. The contractor shall investigate all accidents involving contractor employees that result in death, traumatic injury, occupational disease, or damage to property, materials, supplies and equipment incidental to work performed under this specification. The results of investigations shall be reported to the COR immediately and in writing on ENG Form 3394, Accident Investigation Report, within one (1) workday following the accident.

- 11.6. Exposure reports. Contractor shall maintain an accurate record of exposure data (man hours worked) and submit the figure in writing monthly by the 2nd day of the following month.

12. CONTRACTOR'S FACILITIES. The following space is available at Government facilities for storage of the contractor's materials, supplies, and equipment.

- 12.1. A minimal amount of space is available at the Keystone Project Office for storage of janitorial supplies and equipment.
- 12.2. An area will be made available for storage of mowing equipment on an interim basis while mowing is being performed. Storage will be at contractor's risk.

13. WORK SCHEDULES. The contractor is responsible for managing all work performed under this performance work schedule, including written work schedules as prescribed below. The COR's authority in reviewing these schedules is limited to assuring compliance with this specification. If the COR determines the schedules do not comply with this specification, the contractor shall revise his schedules and resubmit them.

- 13.1. Park Cleaning. The contractor shall submit a work schedule for each crew performing park cleaning (Appendix C), using the format given in Exhibit 6.
 - 13.1.1. The schedule shall be prepared for work to be accomplished during the period which work will be started. Work schedules shall be furnished two (2) weeks prior to the beginning of each period.
 - 13.1.2. Schedules for additional refuse collections and second cleanings directed by the COR shall be considered a part of this work schedule.
 - 13.1.3. The contractor shall utilize these schedules for accomplishing work and shall furnish the COR a revised schedule prior to changing his mode of operation. The times given on these schedules will be used to evaluate the contractor's performance under PR X1, Completion of all work.

14. REPORTING DEFECTIVE FACILITIES. While performing work, contractor personnel shall observe the condition of Government facilities. Damaged, defective, and/or inoperative facilities shall be reported to the COR each workday.

15. SECURITY.

- 15.1. When Government personnel are not present, security gates to compounds shall remain locked except for entry/exit of the contractor's vehicles. All entrances to project office buildings shall remain locked except for ingress and egress of contractor's employees.

15.2. At the commencement of this contract, the Government will assign keys to the contractor that will be needed to access certain gates, building and structures. The contractor will physically sign for all Government owned keys in their possession and will be held accountable for loss of any assigned key. Discharged employees shall be required to return all keys. Keys shall not be duplicated. Any occurrence of lost keys shall be reported to the COR immediately. If keys are lost the contractor shall reimburse the Government for the cost of new keys and tumblers. The contractor shall also install the tumblers at no expense to the Government. Upon conclusion of the contract, all keys shall be returned to the Government.

16. PREWORK CONFERENCE. The Contracting Officer shall conduct a Pre-work Conference with the contractor to discuss the provisions of this specification and the contractor's submittals listed in paragraph 17 below. As a minimum, the officer of the company that signed the contract, the on-site project manager, and the person that will directly supervise the administrative work associated with the contract shall represent the contractor. The Contracting Officer shall establish the location, date, and time of the Pre-work Conference after consultation with the contractor.

17. CONTRACTOR SUBMITTALS. Unless otherwise noted, the contractor shall submit the documents listed below to the Contracting Officer two (2) weeks prior to the Pre-work Conference. All submittals, other than copies of licenses and contracts, shall be typed and the original and one copy shall be furnished the Contracting Officer. If the Contracting Officer determines any of the proposed plans or schedules do not comply with this specification, the contractor shall resubmit these documents within one (1) week.

17.1. Names of on-site Project Manager and his alternate (submit prior to initiation of work and prior to changing designated employees) (subparagraph 5.2).

17.2. CQC Plan (paragraph 9).

17.3. Safety Plan (subparagraph 11.1).

17.4. Report of Safety meetings (submit within 15 days after the end of each quarter) (subparagraph 11.2.).

17.5. Exposure reports (submit by 2nd workday of each month) (subparagraph 11.6).

17.6. Work Schedules for Park Cleaning (submit prior to initiation of work and prior to changing schedules) (subparagraphs 13.1).

17.7. Oklahoma permits and/or certification for application of herbicides and pesticides (Appendix A, C, and D).

17.8. Location of refuse disposal site(s) and a copy of the contract with the operator of the site(s) (Appendix C).

17.9. Required Insurance and Insurance Certificate.

17.9.1. Pursuant to FAR 28.301(b) for the protection of the Government, and FAR 28.306(b) and 52.228-5, *Work on a Government Installation*, the Contractor shall procure and maintain during the entire period of his performance under this contract the following minimum insurance:

- a. *Worker's Compensation and Employer's Liability*: Workers' compensation and employers' liability insurance in compliance with applicable state statutes, with a minimum liability coverage of \$100,000.
- b. *General Liability*: Comprehensive general liability insurance for bodily injury in the minimum limits of \$500,000 per occurrence. Property damage liability insurance shall be required in an amount of at least \$100,000.
- c. *Automobile liability*: Liability insurance shall be written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

17.9.2. The contractor shall submit to the Contracting Officer a copy of their insurance certificate two (2) weeks prior to the Pre-work Conference.

18. BILLING.

18.1. The contractor shall submit the original and two copies of invoices at the end of each month for all work that has been completed.

18.2. Invoices shall be prepared as shown in Exhibit 7.

18.3. All reports, i.e., CQC, safety meetings, exposure reports, etc., shall be submitted before an invoice will be accepted.

18.4. The invoices and supporting documents shall be delivered or mailed to the Lake Manager, at Keystone, 23115 W Wekiwa Rd Sand Springs OK 74063.

19. CHANGES IN NUMBER OF FACILITIES SERVICED. Adjustment in contract price will be negotiated at the request of either party only if either or both of the following conditions occur.

- 19.1. Services required under any Appendix are deleted for a period of one (1) month or longer in an entire park.
- 19.2. A singular change in the amount of project facilities to be serviced is made and the change results in an annual increase or decrease in the cost of work that exceeds \$1,000. The cost of increases or decreases shall be based on estimates of the contractor's costs for performing the work.

Mowing	Equipment hauling and loading/unloading	Operators must be experienced, qualified, and trained to operate the equipment. A signal person on the ground will be used during loading/unloading. Equipment will be equipped with rollover protective structures. Operators will wear their seat belts at all times during operation of equipment. Trailer safety chains will be properly placed on towing vehicle when transporting equipment. Assure equipment trailer is level and truck and trailer brakes are set. Check for overhead clearances (power lines, tree limbs, etc.). Check for objects or obstacles behind equipment before backing. Trailer bed and ramps shall be clean of oil, gravel, dirt, or materials that could become slippery or cause the equipment being unloaded to lose traction. Equipment will be lined up with trailer so it can be loaded with a minimum amount of adjustment when on the ramp or trailer.
	Getting on/off equipment	Prevent injuries from slipping by maintaining 3-point contact with grab handles and steps. Never jump from equipment. Keep steps and decks free of mud, oil, and grease.
	Inspection of equipment	No vehicle will be placed into service until an inspection is performed and any deficiencies are corrected. Vehicles will be inspected prior to start of work each workday.
	Fueling of equipment	Equipment shall not be allowed to run during refueling. An operable fire extinguisher shall be available during refueling.
	Equipment Maintenance	Required maintenance will be performed at a location, which will provide protection from traffic for maintenance personnel. Preventive maintenance procedures recommended by the manufacturer will be followed.
	Operation of equipment	Proper clothing shall be worn at all times (long trousers, minimum of short sleeve shirt, hard hats, safety toe shoes, safety goggles, ear protection, etc.). Seat belts shall be secured at all times. No passengers will be allowed on equipment while in operation. Brakes shall be applied when equipment is stopped. Safety guards will remain installed and properly used. Equipment will not be left unattended while engine is operating. Personnel will not approach any equipment until power take off (PTO) shaft has come to a complete stop. Exit or entrance to vehicles is prohibited while equipment is in motion. Mowers and tractors will be operated to keep a safe distance from electrical outlet boxes, conduit, water faucets, sign or gateposts, and other obstacles. Equipment will be operated in a safe manner and under control at all times.

7. PHASE OF WORK	8. SAFETY HAZARD	9. PRECAUTIONARY ACTION TAKEN
	Trimming/Edging Equipment	Operators will wear personal protective equipment at all times while using power trimming/edging equipment. Operators will follow manufacturer's instructions while performing maintenance such as blade sharpening, carburetor adjustments, and spark plug maintenance.
	Terrain	Prior to mowing, all slopes will be thoroughly inspected for washes, potholes or other surface irregularities that could cause a mower to overturn. Operators will be particularly watchful of soft areas or areas that may be undercut.
	Traffic	Hazard warning lights on all mechanized equipment will be in operation while mowing, transporting, or when equipment is parked along the roadside. Slow moving vehicle (SMV) emblems will be installed on every tractor used alongside or transported on any roadway. Extreme caution will be observed to prevent accidents when driving equipment onto access roads from connecting roads or mowing areas.
	Rocks and debris	Rocks that can be thrown by mowers, and debris such as bottles, cans, tree limbs and other foreign matter shall be picked up before mowing operations begin.
	Weather	If lightning is present, all mowing operations will cease. Personnel will move to a clear area away from trees and equipment and will remain there until the danger passes or if the Foreman directs them to another location.
	Traffic	Practice defensive driving techniques. Properly position mirrors for turning and backing. All vehicles will stop at railroad crossings and determine if a train is approaching before proceeding. Care shall be used in entering access or primary roads. All appropriate State Motor Vehicle Operating laws will always be observed.
	Lifting	Always use proper lifting techniques. Use adequate manpower or mechanical assistance.
	Weather	If lightning is present, personnel will move to a clear area away from trees and equipment and will remain there until the danger passes or if the Foreman directs them to another location.

APPENDIX A MOWING

1. FACILITIES TO BE SERVICED. Dam embankments, public use areas, lake office complexes, dikes, levees, and other project lands. An inventory of mowing areas is given in Table A.

MOW MAP REQUIREMENTS. All required mow areas encompassed in this contract have associated maps which are relative to the area that is required for service. These attached maps shall be used as a reference only NOT as an indicator for area of service or as mow line indicators. It is the contractor's responsibility to communicate with the COR for areas of service and understand that these maps are not limiting factors.

2. FREQUENCIES AND TIMES OF SERVICE.

- 2.1. Mowing of PUAs shall be performed between 7:00 a.m. and 8:00 p.m. All mowing is performance based.
- 2.2. Mowing of PUAs shall not be performed on Saturdays, Sundays, Federal holidays, or one workday prior to Federal holidays. Mowing at other locations is permitted on these days.
- 2.3. Mowing shall be performed from 1 March through 30 September, except for the Lake Office Area, which shall be mowed from 1 March through 31 October. The Cleveland Levee ponds, if conditions allow, shall be performed between 1 March through 28 February.

3. DESCRIPTION OF WORK. The contractor shall perform the following work:

- 3.1. Mowing shall be performed in the following areas:
 - 3.1.1. Improved Areas are highly developed areas, normally located in PUAs. These areas shall be *maintained* between a minimum height of 3 inches and a maximum height of 6 inches. The limits of most of these areas are shown on the attached maps. In addition, mow the areas described below and around facilities shown on the drawings. Since the amount of development will affect the required work, the inventory of facilities given in Table C-1a should be reviewed.
 - 3.1.1.1. Areas adjacent to all roads and parking areas shall be mowed to the top of the back slope of ditches. If ditches do not exist, mowing shall be accomplished for 50 feet from each edge of the road, parking area or to the tree line, whichever is closer. The limits of mowing at intersections shall be determined by the COR to provide a safe viewing distance for vehicles approaching the intersections. Areas adjacent to all roads and parking areas are further defined in the attached mowing maps.

- 3.1.1.1.2. Areas located to adjacent roadways approaching a PUA, commonly found on highway intersections not shown on the provided maps that have information signs for the PUA need to be kept a minimum of 3" and maximum of 6" and a 20' perimeter around the sign.
- 3.1.1.2. Areas around toilets located outside the limits of improved areas shown on the attached maps shall be mowed for 10 feet from the back, and 10 feet from sides of toilets. Areas between the nearby road or parking area and the toilet shall be mowed. In addition, the area between pairs of toilets shall be mowed.
- 3.1.2. Lake Office Areas shall be *maintained* between a minimum height of 2 inches and a maximum height of 4 inches. The limits of these areas are shown on the attached maps.
- 3.1.3. Dam_Embankment, Saddle Dike and Semi-Improved Areas shall be *maintained* between a minimum height of 6 inches and a maximum height of 12 inches. The limits of these areas are shown on the attached maps. In an instance that a significant amount of rain falls occurs. The COR must be notified if the Cleveland levee ponding areas or any other embankment area is too wet to mow so proper procedures may be executed.
- 3.2. Trimming.
 - 3.2.1. Every time areas are mowed, trimming shall be accomplished around all vertical objects protruding from the ground, including under guardrails, within the limits of these areas. This includes trimming along railroad ties delineating pullouts and campsites and retaining walls.
 - 3.2.2. Every time areas are mowed; trimming shall be accomplished around vertical objects protruding from the ground within the limits of these areas.
 - 3.2.3. Every time the embankment and dike are mowed, trimming shall be accomplished around all vertical objects protruding from the ground, including piezometers, staff gauges, relief wells, manholes, guard posts, and buildings located on the embankment; along the edge of the embankment riprap; and around guardrail and signposts on both sides of the embankment road. The guardrail along fishing area shall be trimmed to the edge of the riprap area. Trim riprap drainage areas on downstream side of the embankment.
 - 3.2.4. Every time semi-improved areas are mowed; trimming shall be accomplished around vertical objects protruding from the ground within the limits of these areas.

3.2.5. The contractor may apply approved herbicides in lieu of trimming. The COR must approve use of chemicals (and proposed application locations). The contractor shall submit a list of proposed products with manufacturers Safety Data Sheets (SDS) for review. All herbicides shall be applied by a certified applicator. The contractor shall submit an application report each time herbicides are applied. The COR shall furnish forms.

3.3. Edging shall be accomplished along all concrete walkways and curbs that are flush with the ground each time improved areas are mowed and every time lawn areas are mowed.

3.4. Flowerbeds. Each time improved and lawn mowing is accomplished weeds, grass, debris, and litter shall be removed from flowerbeds. Beds shall also be maintained with mulch, rock, recycled rubber or whatever aesthetic appeal the COR determines necessary. Flowerbeds shall be thoroughly watered unless waived by the COR. There are 10 flowerbeds for a total size of 722.85 square feet. See attached maps for further details, all maps outline flowerbed dimensions. The number and size of flower and shrub beds is as follows:

<u>Location</u>	<u>Number</u>	<u>Size (sq ft)</u>
Project Office	7	343.58
WIS	2	309.27
App Bay	1	70.00
TOTALS	10	722.85

3.5. Cleanup.

3.5.1. Prior to mowing, the contractor shall remove rocks, debris, and trash (including fallen tree limbs) that are likely to damage equipment or be thrown by the mower. During mowing, the contractor shall operate equipment in such a manner to direct clippings and debris away from roadways, parking areas, parking lots, walkways, pullouts, tables and picnic shelter slabs.

3.5.2. After mowing is accomplished, the contractor shall remove vegetation and debris from parking lots, paved walkways and pullouts, and table and picnic shelter slabs.

4. RESTRICTIONS ON WORKING. The contractor shall not start work unless the grass and ground are dry enough for smooth cutting and equipment will not cause rutting of the ground. The contractor shall use good judgment in determining weather conditions are suitable for mowing operations. In cases where the contractor and the COR disagree about the suitability of conditions for mowing operations, the COR will ultimately determine whether work shall progress or stop.

5. PERFORMANCE REQUIREMENTS. The work performed under this appendix shall comply with the PRs given in Exhibit 3.

APPENDIX B

JANITORIAL WORK - PROJECT OFFICE

1. FACILITIES TO BE SERVICED. The facilities to be serviced consist of the project office. An inventory of this area is given in Table B.
2. FREQUENCIES AND TIMES OF SERVICES.
 - 2.1. Services required shall be performed on every Wednesday and Sunday (2 days a week). The cleaning must occur before/after normal business hours; 7AM-8AM, 4PM or later Monday – Friday. If a change in service date or time is required, the COR will provide the contractor in writing the new cleaning schedule 2 days prior to the change. No additional payment will be made by the Government if the specific days change and or timeframe for cleaning changes.
 - 2.2. Janitorial services frequencies shall be increased during the summer months (1 April through 30 September). Services required shall be performed before/after normal business hours; 7AM-8AM, 4PM or later Monday – Friday. during these months. Any deviation from this schedule must be approved by the COR in advance of the work.
 - 2.3. Services required on a weekly, monthly, quarterly, or semi-annual basis shall be performed on any of the cleaning days specified above.
 - 2.4. Janitorial services shall be performed from 1 March through 28 (or 29) February, dependent upon whether it is a Leap Year.
3. DESCRIPTION OF WORK. The contractor shall perform the following work:
 - 3.1. Interior Office and Meeting Room Areas (Excluding Restrooms). Each cleaning day: Empty trash receptacles; soap and paper towels dispensers shall be checked and re-filled if necessary; clean sinks, dirty dishes, and counter/tabletops; clean drinking fountain; vacuum carpeted floors; and sweep and wet mop tile and brick floors. Spot remover shall be used to remove new spills from carpeted floors. Dust venetian blinds and windowsills. Clean interior and exterior of all kitchen appliances (refrigerator, microwaves, oven/stove, and ice machine). The glass on entry doors, pictures, and adjacent glass enclosures shall be cleaned. Electronic equipment (computers, copy machines, telephones, radios, etc.) shall not be cleaned. Ensure all current medical supplies in Class B cabinet are in stock and up to date. All medicine/bandages shall be maintained in an organized manner and will be restocked as needed.
 - 3.2. Restrooms. Each cleaning day. Clean mirrors and plumbing fixtures. A disinfectant shall be used to eliminate odor and minimize health hazards. Deodorant cakes shall be maintained in urinals. Air fresheners shall be checked and replaced as necessary. Empty trash receptacles. Soap, paper towels, and

toilet tissue dispensers shall be checked and re-filled if necessary. Sweep and wet mop floors. Excess water shall be removed from floors. Clean partitions. Biological formations and resultant stains shall be removed from partitions. Dust venetian blinds and windowsills.

- 3.3. Interior Work and Storage Areas. Each cleaning day. Empty trash receptacles. Sweep or mop floors.
- 3.4. Janitorial. The Project Office is equipped with two workout facilities which include concrete and rubber flooring that are to be swept and mopped daily, as well as all workout equipment wiped down with a sanitizing agent.
- 3.5. Refuse Disposal. Refuse containers shall be maintained in the Project Office compound at a location designated by the COR. The contractor may use the containers for temporary storage of refuse collected at the Project Office. In addition, Government personnel may place refuse in the containers as necessary. The containers shall be emptied when it becomes full or if they begin to smell, as determined by the COR. The contractor shall dispose of all refuse collected at the Project Office in the dumpster provided in Appendix C. Services/costs for emptying of the dumpster(s) will be the responsibility of the contractor and shall be accomplished weekly.
- 3.6. Monthly. Clean vent covers.
- 3.7. Quarterly Carpet cleaning. The contractor shall shampoo carpeted floors. Spot remover shall be used to remove soiled spots.
- 3.8. Window washing. The contractor shall clean windows, including storm windows, inside and outside.
- 3.9. Wax tile and brick floors. Tile and brick floors shall be stripped prior to every time they are waxed and sealed.
- 3.10. Exterior Areas. Trash, debris, and accumulations of small litter shall be picked up each cleaning day.
4. PERFORMANCE REQUIREMENTS. The work performed under this appendix shall comply with the PRs. Clean, sanitary, and odor-free facilities are used in Exhibit 3 and are defined as follows.
 - 4.1. Clean. The contractor shall vacuum, sweep, wash, wipe, or brush facilities to ensure that dirt, dust, rocks, debris, trash, garbage, fecal matter, urine, soap scum, biological formations and resultant stains, insects, insect nests and webs, and residue from cleaning agents are removed.
 - 4.2. Sanitize. The contractor shall disinfect facilities each time they are cleaned.

- 4.3. Odor-free. The contractor shall use a chemical agent in a manner that will eliminate odor from facilities.

APPENDIX C PARK CLEANING

1. FACILITIES TO BE SERVICED. All park facilities listed in Table C-1a.
2. FREQUENCIES AND TIMES OF SERVICE.
 - 2.1. Seasonal Work Periods. The amount of work required varies with the seasons of the year based on need. The following work periods are established to reflect changes in inventory of facilities and/or frequency of services from season to season:

Spring Period:	1 March through 30 March
Summer Period:	1 April through 30 September
Fall Period:	1 October through 31 October
Winter Period:	1 November through 28 (or 29) February
 - 2.2. The contractor shall accomplish services in accordance with the frequencies specified below, in Tables C-2A through C-2G, and subparagraph 3.1.8.3.
 - 2.2.1. If the frequency is stated as weekly, biweekly, monthly, or bimonthly, the contractor shall perform the required services on any day, Monday through Friday.
 - 2.2.2. The contractor shall begin work no earlier than 7:00 a.m. and shall complete work by 5:00 p.m.
 - 2.2.3. Second cleanings of toilets shall be performed between 2 p.m. and 5 p.m.; therefore, toilets requiring second cleanings shall have regularly scheduled cleanings performed not later than 12 p.m. each workday.
3. DESCRIPTION OF WORK. The contractor shall perform the following work:
 - 3.1. Toilets and Overlook(s). The contractor shall clean and deodorize all waterborne toilets, vault toilets, and overlook(s), including windows, vent coverings, interpretive facilities, contiguous sidewalks, light fixtures (interior and exterior), plumbing fixtures, walls, ceilings, doors, eaves, screens, partitions, and floors. High pressure washing every cleaning day.
 - 3.1.1. All marks of vandalism and graffiti removable without damaging the paint or surface shall be removed. If vandalism and graffiti is not removable or damage in unavoidable contact COR immediately.
 - 3.1.2. Light fixtures shall be cleaned, and windows shall be cleaned monthly.

- 3.1.3. Toilet tissue shall be distributed at each toilet when it is cleaned. It is the contractor's responsibility to ensure that theft of toilet tissue is not an issue. Contractors will provide and maintain lock and key.
- 3.1.4. Contractor shall notify the COR if broken or burned-out bulbs need to be replaced.
- 3.1.5. Each time vault toilets are cleaned, the available storage in the vaults shall be checked. When the waste in a vault reaches 18 inches from the top of the vault, the COR shall be notified by 8:30 a.m. on the next workday.
- 3.1.6. Vault Toilet Deodorizer shall be added to toilet vaults as specified in Table C-2a & C-2b. Each deodorizer application will consist of 1 gallon per vault minimum. If the COR determines that odor from the vaults adversely affects persons using public use areas, the frequency and/or method of application shall be increased or modified as directed by the COR.
- 3.1.7. Second cleanings of toilets and change houses shall be performed during the summer period, during holiday periods, and other high use times. (July 3-6th 2025), (July 2-5th 2026), (July 1-4th 2027), (June 29th-July 2, 2028), (June 30th-July 1st) and (July 7-8, 2029) (July 4th-7th 2030).
- 3.1.8. Second cleanings are required on the same day that a cleaning is specified in Table C-2B.
- 3.1.8.1. All work required by subparagraphs 3.1., 3.1.1., 3.1.3., and 3.1.4. Shall be performed.
- 3.1.8.2. The COR shall furnish the contractor a schedule for performing these cleanings at the beginning of the summer period. The PUAs requiring second cleanings are as follows:

PUA	SECOND CLEANINGS FACILITIES
Appalachia Bay	4
Brush Creek	3
WW	1
OL	1
WIS	2
WC	3
KR	1

- 3.2. Picnic Shelters. The contractor shall clean the floor slab, table seats and tops, light fixtures, eaves, ceilings, and columns.

- 3.3. Picnic and Camping Sites. The contractor shall clean all table shelters, table seats and tops, slabs, cookers, fire rings, and utility tables. Ashes shall be removed from cookers at each site each time they are scheduled for groundskeeping, along with non-burnables from the fire rings. When it is observed by the contractor that the fire rings are over half-full, they shall be shoveled out and dumped in an area approved by the COR. Cleaning shall be accomplished as scheduled except when a site is occupied by the public. If occupied when the contractor arrives to perform work, cleaning of a site shall not be accomplished until the next time it is scheduled.
- 3.3.1. All refuse and debris left at or around picnic/camping sites shall be picked up and disposed of in dumpsters.
- 3.4. Groundskeeping - Parks and Access Roads.
- 3.4.1. The contractor shall pick up refuse and debris from the area bounded by an imaginary line 20 feet outside the limits of mowing. Pick up of refuse and debris beyond the limits of mowing shall be limited to highly visible items. Refuse and debris shall be picked up from picnic/camping sites, swimming beaches, boat ramps, and parking areas listed in Table C-1a located outside mowed areas. Refuse and debris shall be disposed of in dumpsters.
- 3.4.2. The contractor shall pick up dead animals from the area bounded by an unmarked line 20 feet outside the limits of mowing. Dead animals shall be disposed of as directed by the COR and shall not be disposed of in dumpsters.
- 3.4.3. The contractor shall pick up tires from the area bounded by an unmarked line 20 feet outside the limits of mowing. Tires shall be disposed of as directed by the COR and shall not be disposed of in dumpsters.
- 3.4.4. Small Litter Pick Up. The contractor shall rake and pick up small litter such as cigarette butts, glass, and other small litter from the following areas. Small litter shall be disposed of in dumpsters.
- 3.4.4.1. Picnic/camping sites for a distance of 20 feet from tables, and a distance of 10 feet from pullouts for recreation vehicles and adjacent areas. If a site is occupied when the contractor arrives to perform work, small litter pick up shall be accomplished on the next time contractor returns to park.
- 3.4.4.2. Around picnic shelters for a distance of 20 feet.
- 3.4.4.3. In front of toilets for a distance of 10 feet and beside contiguous sidewalks a distance of 5 feet.
- 3.4.4.4. In front of the overlook, including sidewalks, for a distance of 20 feet.

3.4.4.5. Playgrounds.

3.4.4.6. Parking Areas.

3.4.4.7. Day use areas defined in mow maps.

3.5. Groundskeeping - Fishing Areas. The contractor shall pick up refuse and debris, including dead fish, from fishing areas. Visible items of refuse and debris in water, which are accessible by a garden rake, shall be removed. The landward limit of pick up is 100 feet from the edge of the water. Refuse and debris shall be disposed of in dumpsters; dead fish shall be disposed of as directed by the COR.

3.6. Groundskeeping - Embankment Road. The contractor shall pick up refuse and debris, including dead animals, along and three feet beyond the guardrails on the embankment roadway. In addition, highly visible items on the embankment shall be picked up. Refuse and debris shall be disposed of in dumpsters; dead animals shall be disposed of as directed by the COR.

3.6.1. Stinging Insects. Stinging insect nests within 5 feet of facilities and on any buildings shall be removed. Facilities shall be inspected for such nests each time they are cleaned.

3.6.2. Pesticides. The contractor may, at his/her option, apply pesticides to restrooms and shelters for control of insects that build webs and nests. All pesticides shall be applied by a certified applicator. The contractor shall provide proof of certification before applications are made. An application report shall be submitted each time pesticides are applied. The COR will furnish forms.

APPENDIX D

REFUSE COLLECTION

1. Refuse Containers (Dumpsters). The contractor shall provide and maintain 4-CY dumpsters with lightweight plastic lids. The contractor shall provide and maintain 30-CY dumpster. Dumpsters shall be placed at the locations listed in Table C-1a.
2. If dumpsters are not large enough to contain refuse during periods of heaviest use, additional or larger boxes shall be provided within two (2) workdays with no additional payment by the Government for additional or larger boxes.
3. Dumpsters shall be emptied as necessary to prevent overflow of refuse and to ensure odor does not become a problem. If the COR determines that odor from the dumpsters adversely affects persons using public use areas, the frequency of removing refuse shall be increased.
4. During the summer period (busy weekends, during holiday periods and other high use times) the frequency for emptying dumpsters will likely increase. No additional payment will be made for increased services during these times.
5. During the winter period (on a weekly basis). No additional payment will be made for any increased services.
6. Refuse Containers (Cans). The contractor shall be responsible for placing Government furnished refuse containers at the locations indicated in Table C-1a at the beginning of the summer period. The contractor shall remove containers at the end of the fall period for storage, as directed by the COR, with the exception of CBS, WW, KR, MBT, CP, BC, AB, WIS, BCF which will be maintained through spring, summer, fall, and winter periods.
7. The contractor shall remove all refuse from refuse containers in accordance with the frequencies established in Tables D-1A through D-1E.
8. Plastic liners and refuse cans shall be maintained in each refuse container in all restroom facilities including vault style restrooms and waterborne restroom.
9. Refuse from cans will be placed in dumpsters for disposal as indicated above.
10. Household trash that is bagged and placed in or near refuse containers will be considered normal refuse and no additional payment will be made. All camper generated trash shall be included in this service.
11. Refuse Disposal. All collected refuse, debris, and litter shall be disposed of off Government land in accordance with applicable regulations. Location of disposal site(s) shall be furnished the COR.

APPENDIX E

VAULT & SEPTIC PUMPING

1. An inventory of toilet vaults and septic tanks is provided in Table C-1A, and frequencies of service are provided in Table E.
2. During routine cleaning of vault & septic facilities, pumping shall be performed by the contractor when the contract worker recognizes that the waste in a vault reaches 18 inches from the top of the vault and only after the COR has been notified.
3. Camp host and dump station septic tanks which are not routinely monitored or cleaned by the contractor, example is a volunteer site septic tank or campground trailer dump station, the COR will notify the contractor that the facility needs to be pumped. Contractor shall pump the facility within 48 hours of being notified by the COR. No additional payments will be granted.
4. Regular work hours to perform pumping shall be between 7:00 a.m. and 5:00 p.m.
5. No pumping shall be performed on weekends, Federal holidays, or one day proceeding any weekend or Federal holiday unless authorized by the COR.
6. The contractor shall remove all liquid and solid waste from vaults/ septic tanks utilizing a removal process that is in accordance with current industry standards and practices. All spillage resulting from pumping operations shall be cleaned immediately. All dead animals shall be removed from vaults.
7. The contractor shall remove all debris such as rocks, bottles, etc. from toilet vaults at the time of waste removal for the pumping service to be considered acceptable.
8. At the conclusion of pumping operations/waste removal, the contractor shall add an odor-control chemical in an appropriate amount for the size/capacity of vault/tank serviced. The odor-control chemical shall be industry standard and meet all applicable Federal, State and local codes and regulations.
9. The contractor shall ensure that all waste and debris collected from pumping services is
Disposed of in strict compliance with all applicable Federal, State and Local laws and regulations. Disposal shall occur off Government property and only at a facility approved by Federal, State and local agencies for such waste or debris.
10. Contractor shall ensure that each vault or septic tank is pumped to no greater than 3 inches above the bottom for the pumping service to be considered acceptable.
11. When vault pumping work is completed, the contractor shall immediately notify the COR, who will verify work was performed acceptably and without deficiencies.

12. This project has a total of 14 vaults, 6 CXTs and 30 septic tanks that are 1000-gal capacity each and 1 septic tank that is 3,000-gal capacity. The vault and septic portion of this contract is operated under performance base and is not limited to a certain amount of pumping. If flooding occurs, the required pumping may increase with NO additional cost to the government.

13. During a flood event, the COR may notify the contractor to pump vaults and septic tanks, regardless of capacity, that may become inundated by rising lake level. No additional payment will be made for increased pumping services during these times.

2. PERFORMANCE REQUIREMENTS. The work performed under this appendix shall comply with the PRs given in Exhibit 3. The terms clean, sanitary, and odor-free facilities are used in Exhibit 3 and are defined as follows.

2.1. Clean. The contractor shall sweep, wash, wipe, or brush facilities to ensure that dirt, dust, rocks, debris (tree limbs, rocks, driftwood, etc.), trash, garbage, ashes, fecal matter, urine, soap scum, biological formations and resultant stains, dead insects, insect nests (excluding stinging insect nests), insect webs, bird droppings, and residue from cleaning agents are removed.

2.2. Sanitary. The contractor shall disinfect facilities each time they are cleaned.

2.3. Odor-free. The contractor shall use a chemical agent in a manner that will eliminate odor from facilities.

HERBICIDE/PESTICIDE APPLICATION

1. FACILITIES TO BE SERVICED. All areas and facilities listed in Table F. Dam embankments, camp pads, levees and dikes, public use areas, improved areas and structures, storage areas, park lots, and other areas not specifically identified on Government-owned project grounds at Keystone Lake Oklahoma. All areas listed on attached maps.

2. FREQUENCIES AND TIMES OF SERVICE.

2.1. Seasonal Work Periods. The amount of work required varies with the seasons of the year based on need. The following work periods are established to reflect changes in inventory of facilities and/or frequency of services from season to season:

Spring Period:	Herbicide	1-Mar --- 31-Mar
Summer Period:	Herbicide	1-Apr --- 30-Sep
Fall Period:	Pesticide	1-Oct --- 31-Oct

3. DESCRIPTION OF WORK.

3.1. Grass/Gravel Areas. Apply herbicides to control vegetative growth around structures, gravel parking areas and maintenance compounds. Spray perimeters of maintenance compounds. Where perimeter spraying is required, a band 12" wide of herbicide will be applied. The locations of Grass/Gravel areas are described in Table F and the Maps provided.

3.2. Riprapped Areas. Apply herbicides to the riprapped areas of embankments, outlet channels, dikes, and other riprapped areas to control woody and non-woody vegetation. Application methods range from spot spraying to blanket spraying to control vegetation. If the Performance Requirement is not met after the first application, any re-application will be at the expense of the contractor.

3.3. Once the required kill rate has been accomplished, the contractor will remove and dispose of dead materials and vegetation from the area the within 5 days of the kill.

3.4. The performance objectives of the areas listed below are intended to be a total kill soil sterilant type of product that is a legal application by state and federal law.

3.5. Keystone Project office compound area.

3.6. East Maintenance Yard main entry way around the gate, the compound has two fenced and gated yards both of which need to be spot sprayed on the interior portion and blanket coverage on fence line inside and out 1' on either side of existing fence line.

3.7. White Water Park - Riprap along right side toe of embankment, closed paved parking area behind the concrete discharge wall, and the rock lined drainage ditch which is located at the far end of the right downstream embankment.

3.8. Cleveland Levee - Parking lots at pump houses 1-4. Roads, rip rap areas, concrete flumes and retaining walls.

3.9. Keystone Project

3.10. Spot spray riprap on left upstream embankment from the waterline to top of riprap with a 12" band above the top of the riprap. Include the riprap inside the fenced area at the powerhouse.

3.11. Brush Creek. Spot spray riprap from waterline to the top of the riprap with a 12" band above riprap.

3.12. Brush Creek Fitness Trail. Spot spray paved parking lot, fitness stations, and trail.

3.13. East Maintenance Yard. See map. Total spray of gravel compound including along the chain link fence, with a 12" band on the outer perimeter.

3.14. White Water Park. Spot spray riprap on right upstream side of embankment from waterline to the crest of the embankment. Spot spray riprap on right downstream side tail water area from waterline to 12" above the top of the riprap.

3.15. Cleveland Levee. Spot spray all vegetation growing in the riprap from the toe to the top of riprap with a 12" band above the upstream edge of the riprap.

3.16. Camp Pads. Spot spray pads located in each of the listed parks App Bay, Brush Creek, Washington Irving South, and Walnut Creek. Implement full coverage if needed not to exceed perimeter of pad.

3.17. Colonel's Parking. Spot spray riprap on left upstream side of embankment from waterline to the crest of the embankment. Spot spray upstream riprap embankment as needed, as illustrated on attached Maps.

4. Gopher Control. Apply a pesticide, "GO Die Gopher" or equal, on embankment areas. Application must be performed in accordance with manufacturer's recommendation. Equipment used on embankment must be approved by the COR.

4.1 Keystone Project

4.2. Apply pesticide on downstream slope of embankment.

4.3 Apply pesticide on the upstream slope of the Cleveland levee.

5. SPECIAL TECHNICAL PROVISIONS. Herbicides/Pesticides shall be applied by a Commercial, certified applicator; proof of certification shall be provided before any application of herbicides/pesticides. Each time herbicides/pesticides are applied, the contractor shall submit an application report. All work required by this specification shall conform to the following special technical provisions.

5.1. General.

5.1.1. Pesticides shall be stored off Government property.

5.1.2. Cleaning of pesticide containers and decontamination procedures shall be performed off Government property.

5.1.3. Pesticide containers shall be disposed of off Government property. The contractor shall provide the location of the refuse disposal site used for work performed under this specification.

5.1.4. The contractor shall comply with the procedures set forth in the Project's Oil and Hazardous Substance Incident Contingency Plan.

5.1.5. The contractor shall be responsible to ensure compliance with the applicable laws.

5.1.6. The contractor shall be responsible for any additional compliance requirements regarding the appropriateness and use of approved chemicals.

5.2. Products.

5.2.1. All pesticides used at the facilities must be registered or ruled exempt from the registration requirements.

5.2.2. "Restricted Use" pesticides shall be used only after approval by the COR.

5.2.3. The Contractor shall provide a copy of the Safety Data Sheets (SDS) to the COR for each type of pesticide used.

5.2.4. The Government's use of trade names (as shown on the maps) shall not imply a requirement for the use of that chemical. Trade names are merely provided to assist the contractor in determining the performance objectives of this contract. The use of trade name equivalent herbicide products is approved provided the product is compatible with State Pesticide Laws and meets the performance objectives of the contract.

5.3. Restrictions on Work.

5.3.1. The COR shall be notified at least 24 hours in advance of the time and location that applications will be made, and immediately preceding applications.

5.3.2. Applications in areas normally occupied by project personnel or visitors shall be performed during periods of low use. Appropriate signs shall be posted and remain in place until the risk of exposure has been minimized.

5.3.3. All applications shall be made in accordance with the pesticide manufacturer's recommendations and all applicable Federal, State, and local regulations.

5.3.4. The COR may request pesticide application inspections from State or local environmental officials to ensure public and environmental safety.

5.3.5. The contractor shall submit an application report each time pesticides are applied. The Government will provide Pest Control Data (ENG Form 4768-R) after award of a contract.

6. PERFORMANCE REQUIREMENTS. The work performed under this appendix shall comply with Table F below and is based on performance and kill rate.

"REGISTER OF WAGE DETERMINATIONS UNDER THE SERVICE CONTRACT ACT By direction of the Secretary of Labor		U.S. DEPARTMENT OF LABOR EMPLOYMENT STANDARDS ADMINISTRATION WAGE AND HOUR DIVISION WASHINGTON D.C. 20210
Daniel W. Simms	Division of	Wage Determination No.: 2015-5317
Director	Wage Determinations	Revision No.: 25
		Date Of Last Revision: 12/23/2024

Note: Contracts subject to the Service Contract Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658.

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022: 	Executive Order 14026 generally applies to the contract. The contractor must pay all covered workers at least \$17.75 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022: 	Executive Order 13658 generally applies to the contract. The contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025.

The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the Executive Orders is available at www.dol.gov/whd/govcontracts.

***Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$17.75 per hour) or 13658 (\$13.30 per hour). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 and 13658 are not currently being enforced as to contracts or contract-like instruments entered into with the federal government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on federal lands. The minimum wage requirements of Executive Order 14026 also are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.36 per hour, up to 40 hours per week, or \$214.40 per week or \$929.07 per month

HEALTH & WELFARE EO 13706: \$4.93 per hour, up to 40 hours per week, or \$197.20 per week, or \$854.53 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual

employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All

operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed

occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

ANTITERRORISM/OPERATIONS SECURITY REQUIREMENTS, MAY 2022

X	1. General security requirements and guidance: The security requirements described below apply to all contract personnel (including employees of the prime Contractor ("Contractor") and all subcontractor employees) supporting the performance requirements of this contract. The Contractor is responsible for compliance with these security requirements. Questions regarding security matters shall be addressed to the designated Government representative (e.g., Contracting Officer Representative (COR), Requiring Activity (RA) representative, or Contracting Officer (if a COR or other RA representative is not appointed)). Contract personnel are critical to the overall security and safety of US Army Corps of Engineers (USACE) installations, facilities and activities, and security awareness training contributes to those efforts. The Department of Defense (DoD) and Army security training requirements specified below, if applicable, are performance requirements; all applicable contract personnel shall complete initial training within 30 days of contract award or the date new contract personnel begin performance on the contract. Within five business days from the completion of training, the Contractor shall provide written documentation (e.g., email or memorandum) to the Government representative. The documentation shall include the names of contract personnel trained and which training they completed; the Contractor shall maintain training records as part of their contract files and be prepared to provide copies of training certificates to the Government representative. Contractor personnel and vehicles are subject to search when entering federal installations. Additionally, all contract personnel shall comply with Force Protection Condition (FPCON) measures, Random Antiterrorism Measures (commonly referred to as "RAMs"), and Health Protection Condition (HPCON) measures. The Contractor is responsible for meeting performance requirements during elevated FPCON and/or HPCON levels in accordance with applicable RA plans and procedures --this includes identifying mission essential and non-mission essential personnel. In addition to the changes otherwise authorized by the changes clause of this contract, should the FPCON or HPCON levels at any individual facility or installation change, the Government may implement security changes that affect contract personnel. The Contractor shall ensure all contract personnel are aware of their security responsibilities, including any site-specific requirements identified in local policies or procedures.
X	2. Antiterrorism (AT) Level I training: All contract personnel requiring routine access to Army installations, facilities, and controlled access areas, or requiring network access shall complete initial and annual refresher AT Level I awareness training. Online AT Level I awareness training is available at https://jko.jten.mil/ (website subject to change).
X	3. Physical security and access control requirements: All contract personnel requiring physical access to a federal installation or facility shall comply with the access control procedures of that location. Contract personnel requiring unescorted access to meet contract performance requirements on a DoD installation in the US shall be vetted by the installation/facility Provost Marshal/Directorate of Emergency Services/Security Office using the National Crime Information Center-Interstate Identification Index (commonly referred to as "NCIC-II1") and Terrorist Screening Database (commonly referred to as "TSDB"). Contract personnel shall comply with all personal identity verification requirements specified in installation/facility policies and procedures. Contract personnel who do not meet requirements for unescorted access to USACE facilities shall coordinate escorted access with the Government representative, as needed. Contract personnel who receive keys, access cards, or lock combinations that provide access to government-owned property shall comply with key and lock control procedures of the RA.
	4. Contract personnel requiring a common access card (CAC): Contract personnel will be issued a common access card (CAC) only if duties involve one of the following: (1) both physical access to a DoD facility and access to DoD information systems or networks; (2) remote access to a DoD information system or network using DoD-approved remote access procedures; or (3) physical access to multiple DoD facilities or multiple non-DoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6 months or more. Before CAC issuance, contract personnel must have, at a minimum, a favorably adjudicated Tier 1 investigation or an equivalent or higher investigation in accordance with applicable Army regulations and Homeland Security Presidential Directive-12 (HSPD- 12). At the discretion of the RA, an initial CAC may be issued based on a favorable review of a fingerprint check and a successfully scheduled Tier 1 investigation with the National Background Investigations Bureau. The RA provides contract personnel with additional information and forms to initiate the CAC issuance

	process, and/or to initiate background investigations, when required. Contract personnel shall complete these processes within established timelines to avoid delays.
	5. Security requirements for contract performance outside the U.S.: For contract performance requirements that involve services or delivery in a foreign country, the Contractor shall comply with the requirements of DFARS clause 252.225-7043. For performance requirements that involve contract personnel accompanying or supporting US Armed Forces deployed outside the US, the Contractor shall comply with the requirements of DFARS clause 252.225-7040. Contract personnel accessing DoD or other federal facilities outside the US shall comply with applicable Status of Forces Agreements and Geographic Combatant Command requirements. Prior to contract personnel traveling outside the US, the Contractor shall provide documentation of AT, OPSEC, and other required training to the Government representative. Additionally, contract personnel shall comply with requirements specified in the DoD Foreign Clearance Guide, including country and theater clearance processes.
X	6. Suspicious Activity Reporting training (e.g. iWATCH, CorpsWatch, or See Something, Say Something): All contract personnel shall receive initial and annual refresher training from the RA representative on the local suspicious activity reporting program. This locally developed training provides contract personnel with general information on suspicious behavior, and guidance on reporting suspicious activity to the project manager, security representative or law enforcement entity.
	7. Contract personnel requiring access to Government information systems: All contract personnel with access to a government information system (including USACE business systems and CAC-enabled websites) shall comply with applicable DoD and Army regulations, and shall use the organization's User ID-Password Administration and Security System (U-PASS) at commencement of services to request network user accounts. Contract personnel shall complete DoD Information Assurance Awareness training prior to accessing information systems, and annually thereafter.
	8. Contracts requiring a formal OPS EC program: The Contractor shall develop an OPSEC SOP/Plan within 90 days of contract award. The OPSEC SOP/Plan shall be reviewed and accepted by the RA OPSEC Officer. This plan will include a process to identify critical information, where it is located, who is responsible for it, how to protect it, and why it needs to be protected. In accordance with Army and DoD regulations, the contractor shall have a certified Level II OPSEC coordinator, who shall ensure OPSEC compliance during contract performance.
	9. Training requirements for the protection of sensitive information: All contract personnel with access to critical information (as identified in the RA's OPS EC Program) shall complete initial and annual refresher OPS EC Level I Awareness training, which is available at the following websites: https://www.iad.gov/ioss/ , or http://www.cdse.edu/catalog/operations-security.html (websites subject to change). All contract personnel with access to Controlled Unclassified Information (CUI) shall complete initial and annual refresher CUI training in accordance with applicable Army policy.
	10. Information Assurance (IA)/Information Technology (IT) requirements: All contract personnel performing IA/IT services must comply with DoD training and certification requirements specified in DoD 8570.01-M, Information Assurance Workforce Improvement Program, and maintain required background investigations specified in RA policy. Contract personnel shall provide the Government representative with documentation of certification(s) prior to performing on the contract. In accordance with applicable DoD, Army, and USACE regulations, the Contractor shall ensure that all information systems (IS) and platform information technology (PIT) systems developed and/or supported under this contract comply with cybersecurity and architectural requirements, including, but not limited to: security technical implementation guides (STIG)(e.g., the current version of the Application Security and Development STIG, and the internet access point (IAP) demilitarized zone (DMZ) STIG), and the use of security controls developed under the risk management framework documentation for the system or platform. The Contractor shall address questions regarding these provisions to the Government representative, who will coordinate between the Contractor and the USACE Chief Information Officer (CIO).
	11. Contracts requiring handling or access to classified information: The prime Contractor shall have a Facility Clearance (FCL) at the appropriate level prior to performance on the contract; the RA will sponsor the prime contract company in obtaining the FCL. All cleared contract personnel shall comply with the FCL requirements, as well as applicable laws and regulations regarding contractor access to national security information. For classified contracts, the RA will generate the DD Form 254, which will be attached to the contract.

	12. Threat Awareness Reporting Program: All contract personnel who maintain an active security clearance shall receive initial and annual refresher training on the Threat Awareness and Reporting Program (commonly referred to as "TARP"), provided by a Counterintelligence Agent. As determined by the servicing Counterintelligence Agent for the RA, contract personnel may complete web-based TARP training.
X	13. Escorting in classified and/or sensitive areas: In accordance with applicable regulations, all contract personnel who do not possess the appropriate security clearance or access privileges will be escorted in areas where they may be exposed to classified information or operations, sensitive information or activities, or restricted areas.
X	14. Pre-screen candidates using E-Verify Program: Contractors shall comply with the requirements set forth in FAR clause 52.222-54 Employment Eligibility Verification and FAR Subpart 22.18 in using the E-Verify Program at (https://www.e-verify.gov/) (website subject to change) to meet the contract employment eligibility requirements. Contractors are encouraged to cooperate with Federal and State agencies responsible for enforcing labor requirements to include eligibility for employment under United States immigration laws in accordance with FAR 22.102-1 (i). An initial list of verified/eligible candidates shall be provided to the COR no later than three business days after the initial contract award. When contracts are with individuals, the individuals will be required to complete a Form I-9, Employment Eligibility Verification, and submit it to the Contracting Officer to become part of the official contract file.
	15. Contracts requiring armed security guards: All contract personnel performing contract security guard duties shall comply with the Individual Reliability Program in accordance with AR 190-56 (The Army Civilian Police and Security Guard Program), as well as applicable installation, facility and area commander installation/facility policies and procedures regarding storing weapons and ammunition in accordance with AR 190-11 (Physical Security of Arms Ammunition, and Explosives).
	16. Contracts requiring delivery of food and water: The supplies delivered under this contract shall be transported in delivery conveyances maintained to prevent tampering with and/or adulteration or contamination of the supplies, and if applicable, equipped to maintain a prescribed temperature. All delivery vehicles and storage locations are subject to inspection at any time by the COR, Post Veterinarian, law enforcement officers, or other RA representatives authorized to conduct such inspections. When the sanitary conditions of the delivery conveyance have led, or may lead to product contamination, adulteration, constitute a health hazard, the delivery conveyance is not equipped to maintain prescribed temperatures, or the transport results in product "unfit for intended purpose," supplies tendered for acceptance may be rejected without further inspection. As the holder of a contract with the DoD, the Contractor shall ensure that all products and/or packaging have not been tampered with or contaminated. The Contractor shall ensure all delivery conveyances are always locked or sealed, except when actively loading or unloading. Unsecured vehicles shall not be left unattended. All incoming truck drivers shall provide adequate identification upon request. In the event of an identified threat to a delivery location, or a heightened force protection/Homeland Security threat level, the Contractor may be required to adjust delivery routes to minimize vulnerability risks and enable direct delivery to DoD facilities.
