

FY26 – COMMANDER NAVAL SURFACE GROUP SOUTHWEST (CNSGSW)

N47 AND N45 OFFICE RECONFIGURATION

1.0 SCOPE

Provide cost proposal and drawings to include furniture purchase, delivery, assembly and installation for the new workstations at CNSGSW N47. The contractor shall perform a site visit to assess, evaluate, verify, and confirm the conditions of the building, accessibility, site restrictions, parking, deliveries, loading dock, storage and staging, hours of availability/accessibility of all the above and any other conditions associated with, and which may affect cost of delivery and installation.

The purpose of this project is to procure and install new systems, furniture and work stations to support the CNSGSW N47 and N45 staff located at 3325 Senn Road Bldg. 55, onboard Naval Base San Diego.

1.1 BASE REQUIREMENTS:

2	Sit Stands	For Use in 2 of the 8 Workstations Above
1	Open Shelf Storage	1 Wall Entrance for Equipment
1	Storage Cabinet	At Entrance for Storage

2.0 BACKGROUND

CNSGSW is a growing waterfront readiness Command that is increasing personnel. These additional workstations will allow CNSGSW personnel to continue critical operations and day to day functions and will allow for everyone to have their own workstation.

3.0 REQUIREMENTS

3.1 Contractor shall schedule a site visit coordinated with the Contracting Officer, COR and the On-site POC to take measurements for a draft proposal with rendered drawings to be submitted with the cost proposal package.

3.2 Contractor shall provide detailed description of proposed workstation consoles and their contents based on the requirements in this section with any brochures showing what the furniture will look like.

4.4 Workstation needs to be quoted as Full Turnkey Installation Service.

General

4.5 Installation services shall be based on standard operating hours.

4.6 Installation will occur on a US military installation. Vendor representatives, delivery trucks and installers must comply with Base security, safety, and health requirements while on base and jobsite.

Vendor is responsible for verifying base and site access.

4.7 Contractor is required to remove and properly dispose of all existing furniture.

4.8 Contractor to provide a certified electrician and all labor and materials to add circuits (surface mount) to power up new workstations and move existing lighting to new locations as necessary for power and data poles.

5.0 GOVERNMENT FURNISHED RESOURCES

5.1 Government shall provide utilities (ie. Water, electricity and restrooms)

5.2 Government shall provide free and clear access to job sites.

6.0 PLACE OF PERFORMANCE
