1. Contract Description

The work under this contract consists of providing complete custodial and grounds care services at the following sites within **Nez Perce National Historical Park**:

- Canoe Camp (Orofino, ID)
- Heart of the Monster (Kamiah, ID)
- White Bird Battlefield (White Bird, ID)

The contractor shall furnish all labor, supervision, transportation, tools, supplies, materials, and equipment necessary to perform the services described herein.

A. Custodial Services

The contractor shall perform routine cleaning, disinfecting, and restocking of public restrooms. Tasks include, but are not limited to:

- Cleaning of sinks, faucets, partitions, toilets and seats, grab bars, soap dispensers, hand dryers, and doorknobs
- Sweeping and mopping of floors
- Minor unclogging of toilets and sink traps
- Restocking of toilet paper and other consumables

B. Supplies and Equipment

The contractor shall provide all necessary:

- Labor and supervision
- Cleaning supplies and toilet paper
- Equipment and tools
- Vehicles and fuel

The contractor is also responsible for **removal and disposal of all trash** from the sites.

C. Temporary Closures

The **National Park Service** will provide all required signage for temporary closures of facilities during cleaning or maintenance.

D. Storage

Storage space for cleaning supplies and paper products is available at each site. Use of these areas must be coordinated with the **Contracting Officer's Representative (COR)**.

E. Water Access

- **Water is available only at Canoe Camp.**
- **Heart of the Monster** and **White Bird Battlefield** do not have on-site water. The contractor must transport water to these locations for tasks requiring it (e.g., mopping).

F. Grounds Maintenance – Mowing

Mowing shall be performed in accordance with **Nez Perce NHP** and **National Park Service** standards. Designated mowing areas will be identified during a pre-work site walkthrough with park staff.

G. Grounds Maintenance – Trimming

Weed trimming (weed whacking) shall also follow NPS standards and be performed in designated areas as identified by park staff.

H. Walkway and Parking Area Maintenance

The contractor shall keep walkways and parking areas clear of visible debris using appropriate methods such as blowers, brooms, or power washers.

I. Equipment Sanitation Between Sites

To prevent the spread of invasive vegetation and other biological contaminants, the contractor **shall clean and sanitize all mowing, trimming, and grounds maintenance equipment between service at each site**. This includes, but is not limited to:

- Removing visible plant material, soil, and debris from blades, wheels, and undercarriages
- Using compressed air, brushes, or water (as appropriate) to clean equipment
- Ensuring cleaning is completed **prior to arrival at the next site**

Cleaning procedures must comply with **National Park Service invasive species prevention protocols** and be documented upon request by the COR

2. Canoe Camp – Orofino, ID
