PROGRAM BACKGROUND

This requirement is for a non-personal service to provide JBLM regular scheduled cleaning services for grease traps. Joint Base Lewis-McChord (JBLM) is located in Pierce County, Washington State. JBLM has facilities that provide food services, such as Government operated dining facilities (DFAC), eating establishments (e.g. bowling alleys), and commercially operated restaurants (e.g. Aunt Annies). These facilities have either grease traps or grease interceptors installed to capture waste grease. These facilities also generate UCO. Under this contract, the Contractor shall clean these grease traps and interceptors and dispose of the waste grease off base. The contractor shall also collect the UCO and dispose of it off base. Note: new facilities or locations may be added to the contract and others may be removed.

REQUIRED CAPABILITIES

The Contractor shall perform grease trap cleaning services in accordance with the PWS and the Technical Exhibits (TE's). The contractor shall also collect and dispose of UCO in accordance with the PWS and Technical Exhibits.

Further detail is provided in the draft Performance Work Statement (PWS) attached to this announcement (Attachment 01, Grease Trap Cleaning PWS 12FEB26 (DRAFT)).

If your organization has the potential capacity to perform these contract services, please provide the following information:

- 1) Organization name, address, email address, Web site address, telephone number, and size and type of ownership for the organization
- 2) Tailored capability statements addressing the particulars of this effort, with appropriate documentation supporting claims of organizational and staff capability. If significant subcontracting or teaming is anticipated in order to deliver technical capability, organizations should address the administrative and management structure of such arrangements.

The Government will evaluate market information to ascertain potential market capacity to:

- 1) provide services consistent, in scope and scale, with those described in this notice and otherwise anticipated
- 2) secure and apply the full range of corporate financial, human capital, and technical resources required to successfully perform similar requirements

3) implement a successful project management plan that includes: compliance with tight program schedules; cost containment; meeting and tracking performance; hiring and retention of key personnel and risk mitigation

4) provide services under a performance based service acquisition contract.

SPECIAL REQUIREMENTS:

- **Security.** Contractor and all associated sub-contractors' employees shall comply with applicable garrison, facility, and area commander garrison/facility access and local security policies and procedures (provided by Government representative).
- Service Contract Act
