

NAVAL SURFACE WARFARE CENTER DAHLGREN DIVISION

Combat Systems Services (CSS) Surface Combat Systems Center, Wallops Island, VA

The following is being provided in an effort to enhance competition and allow industry adequate time to develop acquisition strategies

This is a follow-up to the Sources Sought/Advance Notice that was previously posted in the SeaPort-NxG portal. This is not a request for proposals and does not obligate the Government to award a contract or task order.

The Surface Combat Systems Center (SCSC) Wallops Island, VA requires support for management, engineering, operation, and technical expertise for activation, operations, maintenance and engineering of equipment, and systems and computer programs in support of all the Naval Sea Systems Command (NAVSEA) and Program Executive Office, Integrated Warfare Systems (PEO IWS) missions and projects performed at SCSC. The SCSC provides live and simulated integrated warfare capabilities in a net-centric, maritime environment to develop, test, evaluate, and conduct fleet operations and training for the warfighter. The SCSC facilities include the SCSC Command Headquarters area, the Captain Eric L. Washam USN AEGIS Engineering and Training Complex, the Ship Self Defense System (SSDS) Facility, the SCSC Sensor Test Site, and the Wallops Island Engineering Test Center (WIETC).

The current effort is currently supported under SeaPort-NxG Contract No. N0017819D7224, Task Order No. N0017822F3029 awarded to BAE SYSTEMS TECHNOLOGY SOLUTIONS & SERVICES, INC.

This requirement will be competed under SeaPort-NxG.

Attachments: A draft Statement of Work (SOW), and a draft Labor Category Qualifications and Level-of-Effort (LOE).

Contract Type: The Government contemplates award of a Cost-Plus-Fixed-Fee (CPFF) Level of Effort Task Order.

Period of Performance: The resultant order will have a Base Period of twelve (12) months, four (4) Option Years, each consisting of twelve (12) months, for a total of sixty (60) months, if all options are exercised.

Security Clearance Requirements: The Prime Contractor's primary facility providing support to this requirement is required to have a Facility Security Clearance of SECRET. All individuals performing support under this contract are required to have, at a minimum, a current SECRET clearance in the Defense Industrial Security System. Interim clearances are acceptable.

OCI: An Organizational Conflict of Interest Clause (OCI) as defined by FAR 9.505 will be included in the resultant Request for Proposal (RFP) and task order. Offerors must certify no OCI or provide an acceptable mitigation plan.

Industry Day: An Industry Day will be held virtually on 14 May 2026 at 1300 EST. This event is free of charge. To register, please provide the following information to Kaylynn DeBernard Boutchyard, Kaylynn.d.boutchyard.civ@us.navy.mil, no later than 1200 EST on 13 May 2026 with the Subject Line: SCSC CSS Industry Day Registration. Registration will be confirmed via email.

1. *Company Name*
2. *Company Business Size*
3. *SeaPort-NxG MAC Contract No.*
4. *CAGE Code*
5. *Individual's Name*
6. *Individual's Phone No.*
7. *Individual's E-mail Address*

Milestones: It is anticipated that the Solicitation will be available in the Procurement Integrated Enterprise Environment (PIEE) Solicitation Module in July 2026 and will be open for approximately forty-five (45) calendar days. Performance is anticipated to begin no later than February 2028.

RFP: The RFP number for the purpose of this announcement is N0017826R3103. However, the RFP number will be updated prior to solicitation release to reflect Fiscal Year (FY) 2027.

Set-Aside: A set-aside determination has not yet been made for this requirement. Once a set-aside determination has been made, an update will be posted in SeaPort-NxG.
