SECTION A - SUPPLEMENTAL INFORMATION

Buyer Name: KALEY H. WEEDEN
 Buyer Office Symbol/Telephone Number: CCTA-APN-C/(571)588-9285
 Type of Contract 1: Firm Fixed Price
 Kind of Contract: Supply Contracts and Priced Orders

*** End of Narrative A0000 ***

A.1 DESCRIPTION OF THE ACTION

A.1.1 This solicitation is intended to result in the award of a single two-year Requirements Firm-Fixed-Price (FFP) contract for Dial Bore Gage Assembly Kit Drawing, National Stock Number (NSN): 5280-01-560-1762, Part Number (PN): 12901228.

 A.1.2 There is a Technical Data Package (TDP) associated with this procurement. The TDP distribution code is "D" which limits access to U.S. Government agencies and its contractors. Please refer to Section C.1 for additional information.

 A.1.3 Offerors shall follow Section L for Instructions, Conditions, and Notices to Offerors for proposal submission and Section M for Evaluation Factors.

 A.1.4 This solicitation is a total small business set-aside in accordance with Federal Acquisition Regulation (FAR) 19.502-2, Total small business set-asides.

A.2 SOLICITATION STRUCTURE

A.2.1 The Government will utilize North American Industry Classification System (NAICS) code 332994, Small Arms, Ordnance, and Ordnance Accessories Manufacturing, for this procurement.

 A.2.2 Failure to register in the System for Award Management (SAM) for the corresponding NAICS code identified in paragraph A.2.1 prior to submitting a proposal for this solicitation may preclude an award made to your company. Offerors should be award of how U.S. Small Business (SB) concerns are defined in FAR Part 19, Defense Federal Acquisition Regulation Supplement (DFARS) part 219, and 13 CFR 121 Small Business Size Regulations. Offerors are advised to review 13 CFR 121.103 How does SBA determine affiliation, if applicable to this solicitation.

 A.2.3 All proposals received in response to this solicitation shall remain valid for a minimum of 120 calendar days.

A.3 ELECTRONIC CONTRACTING

A.3.1 All Army Contracting Command Detroit Arsenal solicitations will be publicized on the System for Award Management website (<https://www.sam.gov>). Any additional attachments, including Technical Data Packages (TDPs) when available electronically, will be separate attachments or links embedded in the solicitation.

 A.3.2 Any award issued as a result of this solicitation will be distributed electronically. In the event of a FOIA request for a copy of any award issued as a result of this solicitation, or any subsequent modifications to the contract, the contract and modifications will be released, including the awarded unit price. This is the notice required by Executive Order 12600 (June 23, 1987) of the Governments intention to release unit prices in response to any request under the Freedom of Information Act (FOIA), 5 USC 552. Unit price is defined as the contract price per unit or item purchased as it appears in Section B of the contract and is NOT referring to nor does it include Cost or Pricing data/information. If an Offeror objects to such release in the base contract or contract modifications, the Offeror must notify the contracting officer in writing prior to the closing date identified in this solicitation and include the rationale for the objection consistent with the provisions of FOIA. A release determination will be made based on rationale given.

 A.3.3 Interested offerors shall submit a proposal via email to the Contract Specialist (kaley.h.weeden.civ@army.mil) and cc the corresponding Contracting Officer (elizabeth.l.levinewelhouse.civ@army.mil) with the subject header: Proposal Submission W912CH-26-R-0006 (company name). Once a proposal is received, the Contract Specialist/Contracting Officer will reply with the respective Offeror stating receipt of proposal submission.

 A.3.4 Please pay close attention to the Issued By block location on the cover page of the solicitation for closing date and time. The closing date and time is based on the local time of the listed location of the Issued By office. In accordance with FAR 15.208(a), offerors are responsible for submitting proposals, and any revisions, and modifications, to be received by the Government office designated in the solicitation by the time specified.

 A.3.5 Note: There is no "expected" or "target" length of time for proposal submission; size and content may be factors, therefore offerors are strongly cautioned when submitting proposals to allow adequate time for submission.

A.5 ARMY CONTRACTING COMMAND DETROIT ARSENAL OMBUSPERSON

A.5.1 Information regarding the Ombudsperson for this contract is located at the following website:
<https://www.tacom.army.mil/ombudsperson> . (Best viewed using Google Chrome or Microsoft Edge)

A.6 DISTRIBUTION AND DESTRUCTION OF EXPORT CONTROL TECHNICAL DATA PACKAGE

(a) This solicitation and resulting contract contains technical data whose export is restricted by the Arms Export Control Act (Section 2751 of Title 22, United States Code) or the Export Control Reform Act of 2018 (Chapter 58 Sections 48014852 of Title 50, United States Code). Violations of these export laws are subject to severe criminal penalties. Disseminate in accordance with provision of DoD Directive 5230.25 and DoD Instruction 2040.02. This also applies to distribution of the TDP to all SUBCONTRACTORS at every level.

(b) To be eligible to gain access to this export controlled TDP (via SAM.gov) an offeror must have a current DD 2345, "Militarily Critical Technical Data Agreement" certification on file with the Defense Logistics Information Service (DLIS). To obtain certification, contractors must submit a DD Form 2345 to the United States (U.S.)/Canada Joint Certification Office (JCO), along with a copy of supporting documentation. DD Form 2345 and instructions can be found on the Joint Certification Program website at: <http://www.dla.mil/HQ/InformationOperations/Offers/Products/LogisticsApplications/JCP.aspx> Processing time is estimated at six (6) to ten (10) weeks after receipt. Upon receipt of certification, an offeror may request the TDP in accordance with the solicitation's Section C "Technical Data Package" instructions.

(c) Upon completion of the purposes for which Government Technical Data has been provided, the offeror, and all subcontractors, vendors, and sub-vendors of the offeror, are required to destroy all documents, including all reproductions, duplications, or copies thereof as may have been further distributed.

(d) Destruction of this technical data shall be accomplished by: shredding, pulping, burning, or melting any physical copies of the TDP and/or deletion or removal of downloaded TDP files from computer drives and electronic devices, and any copies of those files.

A.7 ORDERING PERIODS

There will be two one-year ordering periods beginning the date of contract award. See Section B for more details.

A.7.1 DELIVERY ORDERS

Future delivery orders will be placed IAW FAR clauses 52.216-18 Ordering, 52.216-19 Order Limitations, and 52.216-21 Requirements.

A.8 ALL OR NONE

A.8.1 Offers in response to this solicitation must be submitted for the total quantity of the items identified in the solicitation.

SECTION C - DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

C.1 TECHNICAL DATA PACKAGE INFORMATION

The following "X"d item applies to this solicitation:

[] 1. There is no Technical Data Package (TDP) included with this solicitation.

[x] 2. The TDP for this solicitation resides within the System for Award Management (SAM) (<https://SAM.gov>) associated with this solicitation number:

W912CH-26-R-0006

To access the data through SAM:

- a. Log on to the SAM web site: <https://SAM.gov>.
- b. Search for the solicitation number.
- c. Click on the attachment you would like to view.
- d. If the attachment is restricted, request access to the document.

(1) TDPs that have an Export Control Warning Notice are subject to the Arms Export Control Act (Section 2751 of Title 22, United States Code) or the Export Control Reform Act of 2018 (Chapter 58 Sections 48014852 of Title 50, United States Code).

(2) Further dissemination of the TDP must be in accordance with provisions of DoD Directive 5230.25, DoDI 5230.24, its Distribution Statement markings, and U.S. export control laws. This also applies to distribution of the TDP to all SUBCONTRACTORS at every level.

(3) To obtain these TDPs, contractors must have a current DD 2345, Militarily Critical Technical Data Agreement on file with Defense Logistics Information Service (DLIS). To obtain certification, go to DD FORM 2345 Instructions and DD 2345.

(4) Upon completion of the purposes for which Government Technical Data has been provided, the Contractor is required to destroy all documents, including all reproductions, duplications, or copies thereof as may have been further distributed by the Contractor. Destruction of this technical data shall be accomplished by: shredding, pulping, burning, or melting any physical copies of the TDP and/or deletion or removal of downloaded TDP files from computer drives and electronic devices, and any copies of those files.

e. If technical data is otherwise restricted, select "Request Explicit Access." This will generate an email to the Contract Specialist and Contracting Officer at Army Contract Command - Warren (DTA) with all the information needed to grant contractor access to restricted documents. SAM will automatically generate an email stating when the requesting contractor has permission to view or download TDP items.

f. If multiple individuals in the contractor's organization need access to the Technical Data Package (TDP) for a solicitation and an explicit access request is required, each individual MUST submit an explicit access request to be granted approval to view the TDP. Those same individuals MUST be registered in SAM. Any individuals no longer with the company should be deleted. Questions related to registration in SAM should be directed to <https://www.sam.gov/> The SAM helpdesk phone number is (866) 606-8220. Vendors are responsible for placing correct information in SAM.

g. It is strongly suggested that contractors submit the explicit access request and provide the buyer with the completed "Use and Non-Disclosure Agreement" at the same time if the solicitation requires both to gain access to view the TDP.

C.2 REQUIREMENT FOR AN OPSEC STANDING OPERATION PROCEDURE/PLAN

(a) The contractor is subject to, at a minimum, the provisions of the current TACOM OPSEC Plan, or other approved U.S. Government OPSEC plan, per AR 530-1, Operations Security. This Plan specifies the government's critical information, why it needs to be protected, where it is located, who is responsible for it, and how to protect it.

(b) The contractor will receive a copy of the Plan at time of award. Local form STA Form 7114 (or similar) will be used to document and record security OPSEC reviews which are conducted by TACOM G3/G2 or individual organizations supporting AT/OPSEC Officers.

(c) The contractor shall identify an individual who will be an OPSEC Coordinator. The contractor will ensure that this individual is OPSEC Level I.

Name of Offeror or Contractor:		

C.3 OPSEC TRAINING REQUIREMENT

Per AR 530-1, Operations Security, new contractor employees must complete Level I OPSEC training within 30 calendar days of reporting for duty. All contractor employees must complete annual OPSEC awareness training. OPSEC awareness training is available at: <https://securityawareness.usalearning.gov/opsec/index.htm>. Within 10 days of completing the training, the Contractor shall provide certificates/proof of completion to the Contracting Officer's Representative (COR), if assigned to the contract, or the Procuring Contracting Officer (PCO).

C.4 Counterintelligence Awareness and Reporting (CIAR); formerly known as Threat Awareness Reporting Program (TARP):

Per AR 381-12, all Department of the Army (DA) personnel (Military/Civilian/Contractor) must complete CIAR training within 30 days of assignment or employment to an organization/contract, and then once every 12 months thereafter pursuant to DoDD 5240.06. DA personnel will complete "Counterintelligence Awareness and Reporting for DoD Employees" CI116.16, located at <https://www.cdse.edu/>, to satisfy most Army annual training requirements.

In addition, per AR 381-12 Chapter 5, the following individual(s) must receive an in-person CIAR briefing directly from an ACI Special Agent or a CI-experienced person in addition to the annual training requirement:

DA personnel scheduled to travel (official, unofficial, permanent change of station) to or through countries with a high foreign intelligence or terrorist threat level as identified by Defense Intelligence Agency or the Department of State, will receive a special CIAR briefing prior to the travel and will be debriefed upon return. AR 38112 13 June 2025 11

DA personnel who have security clearances travelling to foreign locations in any duty status must fulfill pre-and-post travel security briefing and debriefing requirements in accordance with the DoD Foreign Clearance Guide and DoDD 4500.54E.

DA personnel deploying in support of military exercises or contingency operations will receive a special CIAR briefing prior to departure.

DA personnel taking part in bilateral or multilateral engagements with foreign governments or international organizations will receive a CIAR briefing prior to the event.

Foreign visitors, personnel, and personal connections Commanders will coordinate with unit security managers to identify personnel potentially vulnerable to FIE exploitation and ensure they are referred to ACI to receive specialized CIAR briefing.

Such personnel will receive foreign intelligence threat briefings prior to foreign travel or event.

Personnel with access to Sensitive Compartmented Information and Special Access Programs.

Personnel assigned to or supporting defense critical infrastructure or associated assets, pursuant to DoDD 3020.40 and DoDI 5240.19, will receive an in-person special CIAR briefing on an annual basis. Such personnel will notify their local ACI office of all projected foreign travel or foreign visits.

Foreign government employment. Current and retired DA personnel seeking employment with foreign government entities will have CIAR training and support made available.

Information technology professionals System administrators, privileged users, and those with privileged access that provides an individual capability to alter the properties, behavior, or control of a DoD information system will receive in-person special CIAR briefings on an annual basis.

Professional and educational exchange programs with foreign governments.

These briefings will be tailored to the particular risk or threat involved, including methods the person may use to minimize the risk, and will place special emphasis on reporting responsibilities. Debriefings will be conducted as soon as feasible following completion of travel, duty, or visit to a foreign country, or attendance at a conference with foreign personnel by an ACI Special Agent. Failure to receive training does not relieve individuals from their reporting responsibilities in chapter 4 of this regulation.

C.5 CONFIGURATION MANAGEMENT DOCUMENTATION

The Contractor may submit Engineering Change Proposals (ECPs), Requests for Variance (RFVs), and Notices of Revision (NORs) for the requirements in the Government-provided Technical Data Package (TDP).

C.5.1 The Configuration Change Management section of SAE EIA-649-1(current revision) Configuration Management Requirement for Defense Contracts, Paragraph 3.3, shall be used for configuration control of material with the following exclusions: paragraph 3.3(3); the second sentence of paragraph 3.3.1.8.1(1).

C.5.2 Furnished item(s) shall conform to the approved configuration requirements/revision, unless a Request for Variance (RFV) is processed and approved as provided by Paragraph E. below. The term "Request for Variance" includes Requests for Deviations and Waivers.

C.5.3 Value Engineering Change Proposals (VECPs) for cost saving improvements to the TDP should not be processed per SAE EIA-649-1 and should be referred to Section I FAR Clause 52.248-1 - Value Engineering.

C.5.4 All ECPs submitted will be deemed routine. If an ECP is considered as an emergency or urgent; that justification for the rationale shall be included in the ECP submittal with all applicable supporting documentation.

---------------------------	--	--

Name of Offeror or Contractor:

C.5.5 For ECPs, RFVs, or NORs, the Contractor must submit the documentation listed in sub-paragraphs C.5.5.1 through C.5.5.3. Failure to submit a complete legible package may result in return of the ECP/RFV/SCN/NOR without processing.

C.5.5.1 for ECPs, the Contractor shall prepare and deliver the ECP in accordance with (IAW) CDRL A001.

C.5.5.2 for RFVs, the Contractor shall prepare and deliver the RFV IAW CDRL A002.

C.5.5.3 for NORs, the Contractor shall prepare and deliver the NOR IAW CDRL A003.

C.5.6 The Government's acceptance of the data deliverable required by CDRL/DD Form 1423 in C.5.5.1 through C.5.5.3 above signifies only that the data satisfies the requirements of the DID and is considered acceptable for Government processing. Acceptance of the data deliverable does not signify "technical approval" of the change proposed by the deliverable and should not be interpreted as authorizing the Contractor to proceed with the work proposed by the change. Disposition of the change (approval/disapproval) will follow acceptance of the CDRL at the Government's sole discretion. Incorporation of an approved RFV or ECP will require execution of a contract modification.

C.5.7 The Contractor should direct questions regarding the status of an ECP or RFV to the Procuring Contracting Officer (PCO) and copy the Administrative Contracting Officer (ACO).

C.5.8 The submission of an ECP/RFV/SCN/NOR does not affect the required delivery date of the contract.

C.6 REQUIREMENT FOR AN OPSEC STANDING OPERATION PROCEDURE/PLAN

C.6.1 The contractor is subject to provisions of the TACOM LCMC OPSEC Standing Operating Procedures (SOP/Plan), or other U.S. Government OPSEC plan, per AR 530-1, Operations Security. This SOP/Plan specifies the government's critical information, why it needs to be protected, where it is located, who is responsible for it, and how to protect it.

C.6.2 The contractor will receive a copy of the SOP/Plan at time of award. Local form STA Form 7114 (or similar) will be used to document and record security OPSEC reviews which are conducted by G2, TACOM LCMC or individual organizations supporting OPSEC Officers.

C.6.3 The contractor shall identify an individual who will be an OPSEC Coordinator. The contractor will ensure that this individual is OPSEC Level I.

C.7 OPSEC TRAINING REQUIREMENT

C.7.1 Per AR 530-1, Operations Security, new contractor employees must complete Level I OPSEC training within 30 calendar days of reporting for duty. All contractor employees must complete annual OPSEC awareness training. OPSEC awareness training is available at: <https://securityawareness.usalearning.gov/opsec/index.htm>. Within 10 days of completing the training, the Contractor shall provide certificates/proof of completion IAW A006, OPSEC Awareness Training Report, to the Contracting Officer's Representative (COR), if assigned to the contract, or the Procuring Contracting Officer (PCO).

C.8 START OF WORK MEETING

C.8.1 The contractor shall hold a start of work meeting at its facility, unless some other location is designated in the contract, within 30 days after contract award. The Start of Work Meeting is to assure a clear and mutual understanding of the contract terms, conditions, line items, technical requirements and sequence of events needed for successful execution of the subject contract effort. The contractor shall participate with the Government to arrange a schedule and agenda for the meeting.

C.8.2 The contractor shall at a minimum invite Government contracting personnel (PCO/Contract Specialist). At the discretion of the PCO, other Government technical personnel may be invited to the meeting: Contracting Officer's Representative (COR) identified in Section G or in an appointment letter; Quality Assurance personnel; DCMA; etc. All Government invitees shall be given at least 14 calendar days advance notice of the time, date, and location of the start of work meeting. The preferred method of notification is by email. The contractor shall provide the Government with minutes of the Start of Work Meeting within 15 days after the meeting is held IAW A005, Start of Work Meeting Minutes.

SECTION D - PACKAGING AND MARKING

D.1 PACKAGING REQUIREMENTS (SPECIAL PACKAGING INSTRUCTIONS)

(a) Military preservation, packing, and marking for this contract/order shall be accomplished in accordance with the specific requirements identified below, all the applicable requirements of, MIL-STD-2073-1, and the Special Packaging Instruction, see below.

- (1) LEVEL OF PRESERVATION: Military
- (2) LEVEL OF PACKING: B
- (3) QUANTITY PER UNIT PACKAGE: 001
- (4) SPECIAL PACKAGING INSTRUCTION NUMBER: 12901228
- (a) REVISION: N/A
- (b) DATE OF REVISION: 02 JUL 08

(c) THE REQUIRED SPECIAL PACKAGING INSTRUCTION (SPI) IS AVAILABLE ON THE WEB AT THE FOLLOWING URL: N/A

(Note: You must have the Adobe Acrobat reader installed on your PC to view the SPI. See Adobe's website (<http://get.adobe.com/reader/>) for information on obtaining the latest version of the reader. If you're experiencing problems opening the Special Packaging Instructions in Adobe .PDF images using Internet Explorer, try the following: Go to "Tools," then "Internet Options." Click on the "Advanced" tab. Scroll down to the "Security" section. Uncheck "Do not save encrypted pages to disk." Click "Apply." Click "OK.")

(b) Unitization: Shipments of identical items going to the same destination shall be palletized if they have a total cubic displacement of 50 cubic feet or more unless skids or other forklift handling features are included on the containers. Pallet loads must be stable, and to the greatest extent possible, provide a level top for ease of stacking. A palletized load shall be of a size to allow for placement of two loads high and wide in a conveyance. The weight capacity of the pallet must be adequate for the load. The preferred pallet is a 40 x 48 inch, 4-way entry pallet although variations may be permitted as dictated by the characteristics of the items being unitized. The load shall be contained in a manner that will permit safe handling during shipment and storage.

(c) Marking:

(1) In addition to any special markings called out on the SPI, all unit packages, intermediate packs, exterior shipping containers, and as applicable, unitized loads shall be marked in accordance with MIL-STD-129). The contractor is responsible for application of special markings as discussed in the Military Standard regardless of whether specified in the contract/order or not. Special markings include, but are not limited to, Shelf-life markings, structural markings, and transportation special handling markings. The marking of pilferable and sensitive materiel will not identify the nature of the materiel.

(2) When an item is assigned a Unique Item Identifier (UII) as indicated by the inclusion of contract clause DFARS 252.211-7003, refer to the DoD Guide to Uniquely Identifying Items (available at: <https://www.acq.osd.mil/dpap/pdi/uid/guides.html>) for development of the UII and MIL-STD-129 for UII package marking requirements. Contractors must verify the RFID and UII clauses cited above are included in this solicitation/contract.

(d) Heat Treatment and Marking of Wood Packaging Materials (WPM):

(1) In accordance with DOD 4140.65-M and the requirements of the International Standards for Phytosanitary Measures 15 (ISPM), "Regulation of Wood Packaging Material in International Trade," current edition, (hereinafter "ISPM 15"), the following commercial heat treatment and marking process has been approved by the American Lumber Standards Committee (ALSC) and is required for all Wood Packaging Material (WPM). Foreign manufacturers shall comply with ISPM 15, and have the WPM heat treatment and marking verified in accordance with their National Plant Protection Organization's compliance program.

(2) Boxes/pallets and any wood used as inner packaging made of non-manufactured wood shall be heat-treated. All WPM using a conventional steam or dry kiln heat chamber (treatment code for the mark: HT) shall be heat treated to a minimum core temperature of 56 degrees Celsius for a minimum of 30 minutes, and certified by an agency accredited by the ALSC in accordance with Wood Packaging Material Policy and Wood Packaging Material Enforcement Regulations (see URL: <http://www.alsc.org>). WPM heat treated wood using dielectric heating (treatment code for the mark: DH) shall follow the requirements in ISPM 15, and shall be certified by an agency accredited by the ALSC in accordance with Wood Packaging Material Policy and Wood Packaging Material Enforcement Regulations (see URL: <http://www.alsc.org>). The box/pallet manufacturer and the manufacturer of wood used as inner packaging shall ensure the materials used in manufacture can be traced to the original source of heat treatment, and that the original source of the heat treatment obtained the necessary certifications.

Name of Offeror or Contractor:

(3) Marking: Each box/pallet shall be marked to show the conformance to the International Plant Protection Convention Standard. The ALS approved quality mark shall be placed on both ends of the outer packaging, between the end cleats or end battens. Pallet markings shall be applied to the side of the stringer or end of the block on diagonally opposite sides and ends of the pallet and be contrasting and clearly visible. All dunnage used in configuring and/or securing the load shall also comply with ISPM 15 and be marked with an ALSC approved DUNNAGE stamp. Foreign manufacturers shall comply with ISPM -15 and shall have the marking of WPM verified in accordance with their National Plant Protection Organization's compliance program.

(e) Hazardous Materials (As applicable):

(1) Hazardous Materials is defined as a substance, or waste which has been determined by the Secretary of Transportation to be capable of posing an unreasonable risk to health, safety, and property when transported in commerce and which has been so designated. (This includes all items listed as hazardous in Titles 29, 40 and 49 CFR and other applicable modal regulations effective at the time of shipment.)

(2) Unless otherwise specified, packaging and marking for hazardous material shall comply with the requirements herein for the mode of transport and the applicable performance packaging contained in the following documents:

- International Air Transport Association (IATA) Dangerous Goods Regulations
- International Maritime Dangerous Goods Code (IMDG)
- Code of Federal Regulations (CFR) Title 29, Title 40 and Title 49
- Joint Service Regulation AFJMAN24-204(I)/TM38-250/NAVSUPPUB 505/MCO P4030.19(I)/DLAM 4145.3(I) (for military air shipments).

(3) If the shipment originates from outside the continental United States, the shipment shall be prepared in accordance with the United Nations Recommendations on the Transport of Dangerous Goods in a manner acceptable to the Competent Authority of the nation of origin and in accordance with regulations of all applicable carriers. A Product Material Safety Data Sheets (MSDS) is required to be included with every unit pack and intermediate container and shall be included with the packing list inside the sealed pouch attached to the outside of the package.

l (f) This SPI has been validated and the method of preservation/packing has proven successful in meeting the needs of the military distribution system, including indeterminate storage and shipment throughout the world. Special instructions and/or tailoring of the SPI is detailed in the Supplemental Instructions below. A prototype package is required to validate the sizes and fit requirements of the SPI. Minor dimensional and size changes are acceptable provided contractor provides the PCO and ACO with notification 60 days prior to delivery. Any design changes or changes in the method of preservation that provide a cost savings without degrading the method of preservation or packing or affecting the serviceability of the item will be considered and responded to within 10 days of submission to PCO and ACO. Government reserves the right to require testing to validate alternate industrial preservation methods, materials, alternate blocking, bracing, cushioning, and packing.

(g) SUPPLEMENTAL INSTRUCTIONS: SEE SECTION C FOR CHANGES/UPDATES TO SPI

E-1	52.246-2	INSPECTION OF SUPPLIES--FIXED-PRICE	AUG/1996
E-2	52.246-16	RESPONSIBILITY FOR SUPPLIES	APR/1984
E-3	52.246-11	HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT	DEC/2014

- (a) The contractor shall comply with the higher-level quality standard(s) listed below.
ISO 9001:2015 (21 Oct 2025) or equivalent
- (b) The contractor shall include applicable requirements of the higher-level quality standard(s) listed in paragraph (a) of this clause and the requirement to flow down such standards, as applicable, to lower-tier subcontracts in--
 - (1) Any subcontract for critical and complex items (see 46.203(b) and (c)); or
 - (2) When the technical requirements of a subcontract require--
 - (i) Control of such things as design, work operations, in-process control, testing and inspection; or
 - (ii) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.
(End of clause)

E.1 USE OF MIL-STD 1916

- (a) The Government will not accept lots whose samples submitted for acceptance contain non-conformances unless appropriately documented and approved by the contracting officer. The contractor shall use MIL-STD 1916, DOD Preferred Methods of Acceptance of Product. The Verification Level (VL) shall be VL IV for major characteristics and VL II for minor characteristics.
- (b) MIL-STD HDBK-1916 provides guidance on the use of MIL-STD 1916. This handbook is not contractually binding.

E.2 REWORK AND REPAIR OF NONCONFORMING MATERIAL

- (a) Rework and Repair are defined as follows:
 - (1) Rework - The reprocessing of nonconforming material to make it conform completely to the drawings, specifications or contract requirements.
 - (2) Repair - The reprocessing of nonconforming material in accordance with approved written procedures and operations to reduce, but not completely eliminate, the nonconformance. The purpose of repair is to bring nonconforming material into a usable condition. Repair is distinguished from rework in that the item after repair still does not completely conform to all of the applicable drawings, specifications or contract requirements.
- (b) Rework procedures along with the associated inspection procedures shall be documented by the Contractor and submitted to the Government Representative for review and approval prior to implementation. Rework procedures are subject to the Government's disapproval.
- (c) Repair procedures shall be documented by the Contractor and submitted on a Request for Deviation/Waiver, to the Contracting Officer for review and written Government approval prior to implementation.
- (d) Whenever the Contractor submits a repair or rework procedure for Government review and approval, the submission shall also include a description of the cause for the nonconformances and a description of the action taken or to be taken to prevent recurrence.
- (e) The Government approved rework or repair procedure shall also contain a provision for re-inspection which will take precedence over the Technical Data Package requirements and shall, in addition, provide the Government assurance that the reworked or repaired items have met reprocessing requirements.

E.4 ACCEPTANCE INSPECTION EQUIPMENT (AIE)

- (a) The contractor shall use a calibration system with traceability to a national or international standard for the AIE used on this contract.
- (b) The contractor shall provide all AIE (except for any AIE listed as available in Section H or Appendix I) necessary to assure conformance of material to the contract requirements.
- (c) AIE shall be available for use on the First Article (FA) submission, if FA is required, or prior to use for acceptance of production material on this contract.
- (d) Contractor furnished AIE shall be made (i) to the AIE designs specified in Section C, or (ii) to any other design provided the contractor's proposed AIE design is approved by the Government. Contractor's proposed AIE design for inspection of characteristics listed as "Critical, Special or Major" shall be submitted to the Government for review and approval as directed on the Contract Data Requirements List, DD Form 1423. Government approval of AIE design shall not be considered to modify the contract requirements.
- (e) When the contractor submits its proposed AIE on commercial off the shelf equipment, the contractor shall include the manufacturer's name and model number, and sufficient information to show capability of the proposed AIE to perform the inspection required. When submitting proposed AIE design documentation on commercial computer controlled test and measuring equipment include information on (1) test program listing (2) flowcharts showing accept and reject limits and computer generated test stimuli (3) calibration program listing (4) sample of the printout of an actual test and calibration (5) test plan to verify accuracy of inspection and correctness of accept or reject decision (6) identification of the equipment by model name and number.
- (f) Resubmission of the contractor's proposed AIE design for Government approval on a follow on Government contract is not required, provided the inspection characteristic parameters specified in the technical data package and the previously Government approved AIE designs have not changed. In this situation, the contractor shall provide written correspondence in the place of the AIE designs that indicates the prior Government approval and states that no changes have occurred.
- (g) The Government reserves the right to disapprove, at any time during the performance of this contract, any AIE that is not accomplishing its intended use in verifying an inspection or test characteristic.
- (h) If the contractor changes the design after the initial approval, the modified design must be submitted for approval prior to use.

E.5 NOTICE REGARDING FIRST ARTICLE

- (a) Notwithstanding the provisions for waiver of first article, an additional first article sample (or portion thereof) may be ordered by the Contracting Officer in writing when (i) a major change is made to the technical data, (ii) whenever there is a lapse in production for a period in excess of one year, or (iii) whenever a change occurs in place of performance, manufacturing process, material used, drawing, specification or source of supply.
- (b) When any of the conditions above occurs, the Contractor shall notify the Contracting Officer so that a determination can be made

concerning the need for the additional first article sample (or portion thereof), and instructions can be provided concerning the submission, inspection, and notification of results.

(c) Costs of any additional testing and inspection resulting from conditions specified above shall be borne by the Contractor, unless the change was directed by the Government. Further, any production delays caused by additional testing and inspection will not be the basis for an excusable delay as defined in the default clause of this contract. Such delays shall not form the basis for adjustment in contract price or delivery schedule.

E.6 NOTICE REGARDING FIRST ARTICLE TEST SAMPLE

(a) The approved first article items, as described elsewhere in this contract, consist of a quantity of -1- that will be consumed or destroyed in testing. Any items consumed or destroyed in testing shall not be delivered as part of the contractually required quantity as set forth in the schedule. The cost of any items that are consumed or destroyed shall be included in the overall offer or contract price. A quantity of -2- that successfully passes all specified tests, less the destructive tests, if any, -3- serve as a manufacturing standard for the remainder of the contract.

(b) A manufacturing standard is an item, which conforms to all technical performance requirements. A manufacturing standard will serve as 1) an aid in identifying configuration changes not controlled by the contractual design. 2) an aid in identifying any process changes, or 3) the approved workmanship sample, when required, unless alternate samples are submitted for specific characteristics by the Contractor and approved by the Government.

(c) The manufacturing standard will only be used to supplement contractual acceptance/rejection criteria for those process characteristics that require approved workmanship samples. For other characteristics, if configuration or process changes are identified in production units, the contractor will notify the contracting officer for disposition. Manufacturing items that serve as a manufacturing standard may be delivered as part of the contractual quantity with the last shipment made under this contract provided it meets all contractual requirements existing at time of delivery.

E.7 INSPECTION AND ACCEPTANCE (FIRST ARTICLE APPROVAL)

In addition to inspection requirements specified in applicable drawings and/or specifications, the following provisions shall apply to this contract:

(a) FIRST ARTICLE APPROVAL-CONTRACTOR TESTING: First Article Approval-Contractor Testing shall be performed in accordance with the Technical Data Package (TDP).

(b) The First Article Test Report (FATR) shall be compiled by the contractor to the contractor's own format. The FATR shall document the results of all inspections and tests (including supplier's and vendor's inspection records and certifications, when applicable). The FATR shall include actual inspections and test results to include all measurements, recorded test data, and certifications (if applicable) keyed to each drawing, specification and Quality Assurance Provision (QAP) requirement and identified by each individual QAP characteristic, drawing/specification characteristic and unlisted characteristic. The FATR shall contain sufficient narrative content, technical data, illustrations or photographic evidence, and an objective determination by the contractor to allow the designated Government representative to determine that the First Article Test was successfully completed.

F-5	252.211-7003	ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)	JAN/2023

(a) Definitions. As used in this clause--

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means

- (1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;
- (2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and
- (3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at

Name of Offeror or Contractor:

the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459 .

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html> .

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier.

- (1) The Contractor shall provide a unique item identifier for the following:
 - (i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or Exhibit Line Item Number	Item Description
__N/A__	N/A__

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number N/A. (iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number N/A. (v) Any item not included in paragraphs (c)(1)(i), (ii), (iii), or (iv) of this clause for which the contractor creates and marks a unique item identifier for traceability. (2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor. (3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology--International symbology specification--Data matrix; ECC200 data matrix specification. (4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that-- (i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor: (A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard. (B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology--EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard. (C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and (ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology-Transfer Syntax for High Capacity Automatic Data Capture Media. (5) Unique item identifier. (i) The Contractor shall-- (A) Determine whether to-- (1) Serialize within the enterprise identifier; (2) Serialize within the part, lot, or batch number; or (3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and (B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: Original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version; (C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and (D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/> .

(2) Embedded items shall be reported by one of the following methods--

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/> ; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number N/A, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) Subcontracts. If the Contractor acquires by subcontract any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

F.1 TIME OF DELIVERY

F.1.1 The Government requires delivery to be made according to the following schedule:

CLIN	ESTIMATED QTY	CALENDAR DAYS AFTER AWARD
0011	__1__ LO	__150__ DAYS
0021	__25__ EA	__330__ DAYS WITH FAT / __180__ DAYS WITHOUT FAT
0022	__25__ EA	__330__ DAYS WITH FAT / __180__ DAYS WITHOUT FAT

F.1.2 The Government will evaluate equally, as regards time of delivery, offers that propose delivery of each quantity within the applicable delivery period specified above. Offers that propose delivery that will not clearly fall within the applicable required delivery period specified above, may be considered nonresponsive and rejected. The Government reserves the right to award under either the required delivery schedule or the proposed delivery schedule, when an offeror offers an earlier delivery schedule than required above. If the offeror proposes no other delivery schedule, the required delivery schedule above will apply.

Offeror's Proposed Delivery Schedule:

CLIN	ESTIMATED QTY	CALENDAR DAYS AFTER AWARD
0011	__1__ LO	__150__ DAYS
0021	____ EA	____ DAYS WITH FAT / ____ DAYS WITHOUT FAT
0022	____ EA	____ DAYS WITH FAT / ____ DAYS WITHOUT FAT

**Offerors may not propose an alternative delivery schedule for CLIN 0011.

F.1.2.1 If the offeror has a FAT waiver as part of its proposal, as allowed in Section L.4/M.1, the offeror is encouraged to still submit a delivery date in the even the waiver is not approved. If the FAT CLIN delivery is not filled in under F.1.2 and the FAT waiver is rejected, the Government's required delivery schedule in F.1.1 will apply.

F.1.3 Attention is directed to the Contract Award provision of the solicitation that provides that a written award or acceptance of offer mailed, or otherwise furnished to the successful offeror, results in a binding contract. The Government will mail or otherwise furnish to the offeror an award or notice of award not later than the day award is dated. Therefore, the offeror should compute the time available for performance beginning with the actual date of award, rather than the date the written notice of award is received from the Contracting Officer through the ordinary mails. However, the Government will evaluate an offer that proposes delivery based on the Contractor's date of receipt of the contract or notice of award by adding (1) five calendar days for delivery of the award through the ordinary mails, or (2) one working day if the solicitation states that the contract or notice of award will be transmitted

electronically. (The term "working day" excludes weekends and U.S. Federal holidays.) If, as so computed, the offered delivery date is later than the required delivery date, the offer will be considered nonresponsive and rejected.

F.1.4, Only upon approval from Contracting Officer, an accelerated delivery schedule may be acceptable at no additional cost to the Government.

	<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
G-1	252.232-7006	WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)	JAN/2023

(a) Definitions. As used in this clause

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003 , Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003 , Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov> ; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

COMBO

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

COMBO

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF

SECTION H - SPECIAL CONTRACT REQUIREMENTS

H.1 Army Contract Writing System (ACWS) Transition Information for Contractors

a. The Army Contracting Enterprise (ACE) is in the process of deploying new solicitation and contract writing software to Army contracting offices worldwide. Known as the Army Contract Writing System (ACWS), this modern software suite will soon replace most existing Army contract writing systems, including the system used to create and release this Contract.

b. During this transition period, Contractors are hereby advised:

1. The Contracting Office may use any combination of contract writing systems to generate distributable copies of this contract during its period of performance, as well as any subsequent modifications or orders (if applicable). As a result:

i. Subsequent documents you receive may appear noticeably different than the original award or previous contractual documents from the same Contracting Office.

ii. A change between contract writing systems may cause important information concerning contract terms and conditions to take on different formatting or appear in different parts of later documents issued.

iii. Contractors shall ensure Customer Relationship Management (CRM) systems and personnel interacting with this contract are prepared to identify and respond appropriately to differences between document versions.

2. The Government does not intend to use the shift between contract writing systems to effect any changes to Contract terms and conditions. Therefore:

i. Contractors should view changes to terms or conditions between document versions as system-generated and potentially erroneous unless accompanied by narrative(s) designating such changes as deliberate and desired.

ii. Contractors shall inform the Contracting Officer listed on the first page of the most recent document issued for guidance regarding any suspected or observed inadvertent or system-generated changes (e.g. noticing something missing in a new conformed copy).

iii. The Government will correct any inadvertent or system-generated changes, additions, or omissions discovered by either party, via bilateral modification, at no cost to the Contractor.

iv. The terms and conditions contained in the latest document reflecting deliberate action by the Contracting Officer (e.g. the last conformed copy of the award not affected by the observed issue) will take precedence until these problems are corrected.

3. In the unlikely event award information is corrupted or mutilated during system migration and replacement or re-issuance of this contract is necessary for continued contract administration, the Contracting Officer will:

i. Issue a continuation contract in accordance with DFARS 204.1601(c) and DFARS PGI 204.1601(c), carrying over all terms and conditions from the last-known version of this contract accurately reflecting mutual agreement of the parties.

ii. Incorporate the last-known version of this contract accurately reflecting mutual agreement of the parties as an attachment to the replacement or continuation contract for future reference.

iii. Ensure any such reissuance or continuance is properly reported to preserve the integrity of Contractor performance measurement data, if any (e.g. FAPIIS, CPARS).

I-82	52.209-3	FIRST ARTICLE APPROVAL -- CONTRACTOR TESTING (SEP 1989) -- ALTERNATE I (JAN 1997) AND ALTERNATE II (SEP 1989)	SEP/1989

(a) The Contractor shall test 3 unit(s) of Lot/Item 0011 as specified in this contract. At least 15 calendar days before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within TBD by PCO calendar days from the date of this contract to ACO/PCO marked "First Article Test Report: Contract No. ____TBD_____, Lot/Item No. __0011__". Within 30 calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the Contracting Officer may, by written authorization, authorize the Contractor to acquire specific materials or components or to commence production to the extent essential to meet the delivery schedules. Until first article approval is granted, only costs for the first article and costs incurred under this authorization are allocable to this contract for

(1) progress payments, or

(2) termination settlements if the contract is terminated for the convenience of the Government. If first article tests reveal deviations from contract requirements, the Contractor shall, at the location designated by the Government, make the required changes or replace all items produced under this contract at no change in the contract price.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the Government. The offeror/contractor may request a waiver.

(i) The Contractor shall produce both the first article and the production quantity at the same facility.

(End of Clause)

I-83 52.216-18 ORDERING

AUG/2020

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from date of contract award through 730 calendar days after date of contract award.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when--

(1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;

(2) If sent by fax, the Government transmits the order to the Contractor's fax number; or

(3) If sent electronically, the Government either--

(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor;
or

(ii) Distributes the delivery order or task order via email to the Contractor's email address.

(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.

I-84 52.216-19 ORDER LIMITATIONS OCT/1995

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than 5 EA, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor --

(1) Any order for a single item in excess of 75 EA;

(2) Any order for a combination of items in excess of 75 EA; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within -5- days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of Clause)

I-85 52.216-21 REQUIREMENTS (FEB 2026) FEB/2026

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the ordering period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's ordering period; provided, that the Contractor shall not be required to make any deliveries under this contract after _____ Three and one-half (3 1/2) Years after Contract Award.

I-86 52.219-14 LIMITATIONS ON SUBCONTRACTING (FEB 2026) FEB/2026

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) Definition. Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent contractor, that

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) Applicability. This clause applies only to

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns under multiple-award contracts, as described in 8.4 and 16.5;

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) Independent contractors. An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause

 [] By the end of the base term of the contract and then by the end of each subsequent option period; or

 [] By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protg and its mentor approved by the Small Business Administration, the small business protg shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protg in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions..

(End of clause)

I-87 52.204-19 INCORPORATION BY REFERENCE OF REPRESENTATIONS AND CERTIFICATIONS DEC/2014
The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(End of clause)

I-88 52.219-28 POSTAWARD SMALL BUSINESS PROGRAM REPRESENTATION (FEB 2026) FEB/2026
(a) Definitions. As used in this clause

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation

that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition

- (1) Was set aside for small business and has a value above the simplified acquisition threshold;
- (2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or
- (3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.
- (e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.
- (f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

- (1) The Contractor represents that it __ is, __ is not a small business concern under NAICS Code ____ assigned to contract number ____.
- (2) [Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.] The Contractor represents that it __ is, __ is not, a small disadvantaged business concern as defined in 13 CFR 124.1001.
- (3) Women-owned small business (WOSB) joint venture eligible under the WOSB Program. (b) Cooperation with Authorities. To enforce the laws prohibiting the manufacture or importation of products mined, produced, or manufactured by forced or indentured child labor, authorized officials may need to conduct investigations to determine whether forced or indentured child labor was used to mine, produce, or manufacture any product furnished under this contract. If the solicitation includes the provision 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products, the Contractor agrees to cooperate fully with authorized officials of the contracting agency, the Department of the Treasury, or the Department of Justice by providing reasonable access to records, documents, persons, or premises upon reasonable request by the authorized officials.

(c) Violations. The Government may impose remedies set forth in paragraph (d) for the following violations:

(1) The Contractor has submitted a false certification regarding knowledge of the use of forced or indentured child labor for listed end products.

(2) The Contractor has failed to cooperate, if required, in accordance with paragraph (b) of this clause, with an investigation of the use of forced or indentured child labor by an Inspector General, Attorney General, or the Secretary of the Treasury.

(3) The Contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The Contractor has furnished under the contract end products or components that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor. (The Government will not pursue remedies at paragraph (d)(2) or paragraph (d)(3) of this clause unless sufficient evidence indicates that the Contractor knew of the violation.)

(d) Remedies.(1) The Contracting Officer may terminate the contract.

(2) The suspending and debarring official may suspend the Contractor in accordance with procedures in FAR subpart 9.4.

(3) The suspending and debarring official may debar the Contractor for a period not to exceed 3 years in accordance with the procedures in FAR subpart 9.4.

(End of clause)

I-90 52.222-35 EQUAL OPPORTUNITY FOR VETERANS (FEB 2026) FEB/2026

(a) Definitions. As used in this clause--

"Active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," "qualified disabled veteran," and "recently separated veteran" have the meanings given at Federal Acquisition Regulation (FAR) 22.1301.

(b) Equal opportunity requirements. The Contractor must abide by the requirements of 38 U.S.C. 4212(a)(1) and (2). These requirements prohibit discrimination against qualified protected veterans, and requires affirmative action by the Contractor to employ and advance in employment qualified protected veterans.

(c) Subcontracts. The Contractor must insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1302-1(a)(2) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

(End of clause)

I-91 52.222-36 EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (FEB 2026) FEB/2026

(a)Equal opportunity clause. The Contractor must abide by the requirements of the equal opportunity clause at41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

(b)Subcontracts. The Contractor must include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1401-2(a)(1) on the date of subcontract award, unless exempted by rules,

I-92 52.223-3 HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA (FEB 2026) FEB/2026

(a) "Hazardous material," as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b)The Offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Safety Data Sheet submitted under this contract.

Material (if none, insert None)	Identification No.

(c)This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d)The apparently successful offeror agrees to submit, for each item as required prior to award, a Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e)If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f)Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.
(g)Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

- (1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to --
 - (i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;
 - (ii) Obtain medical treatment for those affected by the material; and
 - (iii) Have others use, duplicate, and disclose the data for the Government for these purposes.
- (2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.
- (3) The Government is not precluded from using similar or identical data acquired from other sources.

- (B) If the shipment will be consigned to other than a military installation, e.g., a domestic contractor's plant, the shipping document notation shall be altered to include the name and address of the contractor, agent, or broker who will notify DCMA St. Louis, Duty Free Entry Team, for execution of the duty-free entry certificate. (If the shipment will be consigned to a contractor's plant and no duty-free entry certificate is required due to a trade agreement, the Contractor shall claim duty-free entry under the applicable trade agreement and shall comply with the U.S. Customs Service requirements. No notification to DCMA St. Louis, Duty Free Entry Team, is required.)
- (v) Gross weight in pounds (if freight is based on space tonnage, state cubic feet in addition to gross shipping weight).
- (vi) Estimated value in U.S. dollars.
- (vii) Activity address number of the contract administration office administering the prime contract, e.g., for DCMA Dayton, S3605A.
- (f)Preparation of customs forms.
- (1)(i) Except for shipments consigned to a military installation, the Contractor shall
- (A) Prepare any customs forms required for the entry of foreign supplies into the customs territory of the United States in connection with this contract; and
- (B) Submit the completed customs forms to the District Director of Customs, with a copy to DCMA St. Louis, Duty Free Entry Team for execution of any required duty-free entry certificates.

Name of Offeror or Contractor:

(ii) Shipments consigned directly to a military installation will be released in accordance with sections 10.101 and 10.102 of the U.S. Customs regulations.

(2) For shipments containing both supplies that are to be accorded duty-free entry and supplies that are not, the Contractor shall identify on the customs forms those items that are eligible for duty-free entry.

(g) The Contractor shall

(1) Prepare (if the Contractor is a foreign supplier), or shall instruct the foreign supplier to prepare, a sufficient number of copies of the bill of lading (or other shipping document) so that at least two of the copies accompanying the shipment will be available for use by the District Director of Customs at the port of entry;

(2) Consign the shipment as specified in paragraph (e) of this clause; and

(3) Mark on the exterior of all packages

(i) "UNITED STATES GOVERNMENT, DEPARTMENT OF DEFENSE"; and

(ii) The activity address number of the contract administration office administering the prime contract.

(h) The Contractor shall notify the Administrative Contracting Officer (ACO) in writing of any purchase of eligible products or qualifying country supplies to be accorded duty-free entry, that are to be imported into the customs territory of the United States for delivery to the Government or for incorporation in end items to be delivered to the Government. The Contractor shall furnish the notice to the ACO immediately upon award to the supplier and shall include in the notice

(1) The Contractor's name, address, and Commercial and Government Entity (CAGE) code;

(2) Prime contract number and, if applicable, delivery order number;

(3) Total dollar value of the prime contract or delivery order;

(4) Date of the last scheduled delivery under the prime contract or delivery order;

(5) Foreign supplier's name and address;

(6) Number of the subcontract for foreign supplies;

(7) Total dollar value of the subcontract for foreign supplies;

(8) Date of the last scheduled delivery under the subcontract for foreign supplies;

(9) List of items purchased;

(10) An agreement that the Contractor will pay duty on supplies, or any portion thereof, that are diverted to nongovernmental use other than

(i) Scrap or salvage; or

(ii) Competitive sale made, directed, or authorized by the Contracting Officer;

(11) Country of origin; and

(12) Scheduled delivery date(s).

(i) This clause does not apply to purchases of eligible products or qualifying country supplies in connection with this contract if

(1) The supplies are identical in nature to supplies purchased by the Contractor or any subcontractor in connection with its commercial business; and

(2) It is not economical or feasible to account for such supplies so as to ensure that the amount of the supplies for which duty-free entry is claimed does not exceed the amount purchased in connection with this contract.

(j) The Contractor shall

(1) Insert the substance of this clause, including this paragraph (j), in all subcontracts for

I-98	252.227-7989	RIGHTS IN TECHNICAL DATA, COMPUTER SOFTWARE, AND COMPUTER SOFTWARE DOCUMENTATION?OTHER THAN COMMERCIAL PRODUCTS ORCOMMERCIAL SERVICES (DEVIATION 2026-00036) (FEB 2026)	FEB/2026
------	--------------	---	----------

(a) Definitions. As used in this clause

"Commercial computer software" means software developed or regularly used for nongovernmental purposes which

(1) Has been sold, leased, or licensed to the public;

(2) Has been offered for sale, lease, or license to the public;

(3) Has not been offered, sold, leased, or licensed to the public but will be available for commercial sale, lease, or license in time to satisfy the delivery requirements of this contract; or

(4) Satisfies a criterion expressed in paragraph (1), (2), or (3) of this definition and would require only minor modification to meet the requirements of this contract.

"Computer database" means a collection of data recorded in a form capable of being processed by a computer. The term does not include computer software.

"Computer program" means a set of instructions, rules, or routines recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

"Computer software" means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer databases or computer software documentation.

"Computer software documentation" means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

"Covered Government support contractor" means a contractor (other than a litigation support contractor covered by 252.204-7014) under a contract, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of a program or effort, rather than to directly furnish an end item or service to accomplish a program or effort, provided that the contractor

(1) Is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and

(2) Receives access to technical data or computer software for performance of a Government contract that contains the clause at 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

"Detailed manufacturing or process data" means technical data that describe the steps, sequences, and conditions of manufacturing, processing or assembly used by the manufacturer to produce an item or component or to perform a process.

CONTINUATION SHEET	Reference No. of Document Being Continued W912CH-26-R-0006 PIIN/SIIN MOD/AMD	Page 42 of 80
---	---	---

Name of Offeror or Contractor:

"Developed" means

(1) (Applicable to technical data other than computer software documentation.)

An item, component, or process exists and is workable. Thus, the item or component must have been constructed or the process practiced. Workability is generally established when the item, component, or process has been analyzed or tested sufficiently to demonstrate to reasonable people skilled in the applicable art that there is a high probability that it will operate as intended. Whether, how much, and what type of analysis or testing is required to establish workability depends on the nature of the item, component, or process, and the state of the art. To be considered "developed," the item, component, or process need not be at the stage where it could be offered for sale or sold on the commercial market, nor must the item, component, or process be actually reduced to practice within the meaning of Title 35 of the United States Code;

(2) A computer program has been successfully operated in a computer and tested to the extent sufficient to demonstrate to reasonable persons skilled in the art that the program can reasonably be expected to perform its intended purpose;

(3) Computer software, other than computer programs, has been tested or analyzed to the extent sufficient to demonstrate to reasonable persons skilled in the art that the software can reasonably be expected to perform its intended purpose; or

(4) Computer software documentation the contractor must deliver under a contract has been written, in any medium, in sufficient detail to comply with requirements under that contract.

"Developed exclusively at private expense" means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a Government contract, or any combination thereof.

(1) Private expense determinations should be made at the lowest practicable level.

(2) Under fixed-price contracts, when total costs are greater than the firm-fixedor ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at Government, private, or mixed expense.

"Developed exclusively with Government funds" means development was not accomplished exclusively or partially at private expense.

"Developed with mixed funding" means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

"Form, fit, and function data" means technical data that describe the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items.

"Generated" means, with regard to technical data or computer software, first created in the performance of this contract.

"Government purpose" means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations, or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose technical data, computer software, or computer software documentation for commercial purposes or authorize others to do so.

"Government purpose rights" means the rights to

(1) Use, modify, reproduce, release, perform, display, or disclose technical data, computer software, or computer software documentation within the Government without restriction; and

(2) Release or disclose technical data, computer software, or computer software documentation outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose that data or software for United States Government purposes.

"Limited rights" means the rights to use, modify, reproduce, release, perform, display, or disclose technical data, in whole or in part, within the Government. The Government may not, without the written permission of the party asserting limited rights, release or disclose the technical data outside the Government, use the technical data for manufacture, or authorize the technical data to be used by another party, except that the Government may reproduce, release, or disclose such data or authorize the use or reproduction of the data by persons outside the Government if

(1) The reproduction, release, disclosure, or use is

(i) Necessary for emergency repair and overhaul; or

CONTINUATION SHEET	Reference No. of Document Being Continued W912CH-26-R-0006 PIIN/SIIN MOD/AMD	Page 43 of 80
--	---	--

Name of Offeror or Contractor:

(ii) A release or disclosure to

(A) A covered Government support contractor in performance of its covered Government support contract for use, modification, reproduction, performance, display, or release or disclosure to a person authorized to receive limited rights technical data; or

(B) A foreign government, of technical data other than detailed manufacturing or process data, when use of such data by the foreign government is in the interest of the Government and is required for evaluational or informational purposes;

(2) The recipient of the technical data is subject to a prohibition on the further reproduction, release, disclosure, or use of the technical data; and

(3) The contractor or subcontractor asserting the restriction is notified of such reproduction, release, disclosure, or use.

"Minor modification" means a modification that does not significantly alter the nongovernmental function or purpose of the software or is of the type customarily provided in the commercial marketplace.

"Other than commercial computer software" means software that does not qualify as commercial computer software under the definition of "commercial computer software" of this clause.

"Restricted rights" apply only to other than commercial computer software and mean the Government's rights to

(1) Use a computer program with one computer at one time. The program may not be accessed by more than one terminal or central processing unit or time shared unless otherwise permitted by this contract;

(2) Transfer a computer program to another Government agency without the further permission of the Contractor if the transferor destroys all copies of the program and related computer software documentation in its possession and notifies the licensor of the transfer. Transferred programs remain subject to the provisions of this clause;

(3) Make a reasonable number of copies of the computer software required for the purposes of safekeeping (archive), backup, modification, or other activities authorized in paragraphs (1), (2), (4) and (5) of this definition;

(4) Modify computer software provided that the Government may

(i) Use the modified software only as provided in paragraphs (1) and (3) of this definition; and

(ii) Not release or disclose the modified software except as provided in paragraphs (2) and (5) of this clause;

(5) Use, modify, reproduce, perform, display, or release or disclose the computer software, and permit contractors, subcontractors, or covered Government support contractors to do so, for purposes set forth in subparagraph (i) of this paragraph, subject to the conditions set forth in subparagraphs (ii) of this paragraph:

(i)(A) In performance of service contracts (see FAR 37.101), to diagnose and correct deficiencies, to modify the software to enable a computer program to be combined with, adapted to, or merged with other computer programs, or when necessary to respond to urgent tactical situations, provided that the Government notifies the party which has granted restricted rights that any such release or disclosure to particular contractors or subcontractors was made;

(B) To perform emergency repairs or overhaul of items or components procured under this or a related contract, when necessary to perform such repairs or overhaul; or

(C) For the management and oversight of a program or effort by a person authorized to receive restricted rights computer software, including in the performance of covered Government support contracts.

(ii)(A) Any contractor, subcontractor, or covered Government support contractor receiving access to the software for the purposes of subparagraphs (i), (ii), or (iii) of this paragraph shall be subject to the use and nondisclosure agreement at 227.7103-7 or be performing a Government contract that contains the clause at 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends;

(B) The Government must not permit any recipient of the software under this paragraph to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (4) of this definition, for any other purpose; and

(C) Any use, modification, reproduction, performance, display, release, or disclosure of the computer software under this paragraph remains subject to the limitations in paragraphs (1) through (4) of this definition.

Name of Offeror or Contractor:

"Small Business Innovation Research/Small Business Technology Transfer (SBIR/STTR) data" means all technical data or computer software developed or generated in the performance of a phase I, II, or III SBIR/STTR contract or subcontract.

"Technical data" means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or financial, administrative, cost or pricing, or management information, or information incidental to contract administration.

"Unlimited rights" means rights to use, modify, reproduce, perform, display, release, or disclose technical data, computer software, or computer software documentation in whole or in part, in any manner, and for any purpose whatsoever, and to have or authorize others to do so.

(b) Applicability. (1) Except as provided in paragraph (b)(2) of this clause

(i) This clause governs all technical data related to other than commercial products or commercial services or to any portion of a commercial product or commercial service that was developed in any part at Government expense;

(ii) This clause governs all other than commercial computer software or other than commercial computer software documentation; and

(iii) The clause at DFARS 252.227-7990, Technical DataCommercial

Products and Commercial Services, governs the technical data related to any portion of a commercial product or commercial service that was developed exclusively at private expense.

(2) The clause at DFARS 252.227-7993, Rights in Other Than Commercial

Technical Data and Computer SoftwareSmall Business Innovation Research Program and Small Business Technology Transfer Program, governs technical data that are SBIR/STTR data.

(c) Rights in technical data and computer software. The Contractor grants or shall obtain for the Government the following royalty free, worldwide, nonexclusive, irrevocable license rights:

(1) Unlimited rights. The Government shall have unlimited rights in technical data, computer software, or computer software documentation that are

(i) Data related to an item, component, or process which has been or will be developed exclusively with Government funds;

(ii) Studies, analyses, test data, or similar data produced for this contract, when the study, analysis, test, or similar work was specified as an element of performance;

(iii) Technical data created exclusively with Government funds in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes;

(iv) Form, fit, and function data;

(v) Technical data necessary for installation, operation, maintenance, or training purposes (other than detailed manufacturing or process data);

(vi) Government-furnished corrections or changes to

(A) Technical data furnished to the Contractor by the Government; or

(B) Computer software or computer software documentation;

(vii) Data, computer software, or computer software documentation that is publicly available or previously released or disclosed by the Contractor or subcontractor

without restrictions on further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party

(viii) Data, computer software, or computer software documentation in which the Government has obtained unlimited rights under another Government contract or as a result of negotiations;

(ix) Data furnished to the Government, under this or any other Government contract or subcontract, with

(A) Government purpose license rights or limited rights and the restrictive condition(s) has/have expired; or

(B) Government purpose rights and the Contractor's exclusive right to use such data for commercial purposes has expired; or

(x) Computer software developed exclusively with Government funds;

(xi) Computer software documentation the contractor must deliver under this contract; or

(xvii) Computer software or computer software documentation furnished to the Government, under this or any other Government contract or subcontract with

Name of Offeror or Contractor:

(A) Restricted rights in computer software, limited rights in technical data, or government purpose license rights and the restrictive conditions have expired;
or
(B) Government purpose rights and the Contractor's exclusive right to use such software or documentation for commercial purposes has expired.

(2) Government purpose rights. (i) The Government shall have government purpose rights for a 5-year period, or such other period as may be negotiated, in technical data or computer software

(A) Related to items, components, or processes developed with mixed funding except when the Government is entitled to unlimited rights in such data or software as provided in paragraphs (c)(1)(ii), (c)(1)(iv) through (c)(1)(ix), and (c)(1)(xii) through (c)(1)(x)(v)(i) of this clause; or
(B) Created with mixed funding in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The 5-year period, or such other period as may have been negotiated, shall begin upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required development of the items, components, or processes, development of the computer software, or creation of the data described in paragraph (c)(2)(i)(B) of this clause. Upon expiration of the 5-year or other negotiated period, the Government shall have unlimited rights in the technical data or computer software.

(iii) The Government will not release or disclose technical data or computer software in which it has government purpose rights unless
(A) Prior to release or disclosure, the intended recipient completes the nondisclosure agreement at DFARS 227.7103-7; or
(B) The recipient is a Government contractor receiving access to the data or software for performance of a Government contract that contains the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(iv) The Contractor has the exclusive right, including the right to license others, to use technical data or computer software in which the Government has obtained government purpose rights under this contract for any commercial purpose during the time period specified in the government purpose rights legend prescribed in paragraph (g)(3) of this clause.

(3) Limited rights. (i) Except as provided in paragraphs (c)(1)(ii) and (c)(1)(iv) through (c)(1)(ix) of this clause, the Government shall have limited rights in technical data
(A) Related to items, components, or processes developed exclusively at private expense and marked with the limited rights legend prescribed in paragraph (g) of this clause; or
(B) Created exclusively at private expense in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The Government will require a recipient of limited rights data for emergency repair or overhaul to destroy the data and all copies in its possession promptly following completion of the emergency repair/overhaul and to notify the Contractor that the data have been destroyed.

(iii) The Contractor, its subcontractors, and suppliers are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data furnished to the Government with limited rights. However, if the Government desires to obtain additional rights in technical data in which it has limited rights, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. The Contractor shall ensure that any resulting license agreement, made part of the contract, lists or describes all technical data for which the Government has been granted additional rights and specifies those additional rights.

(iv) The Contractor acknowledges that
(A) The Government is authorized to release or disclose limited rights data to covered Government support contractors;
(B) The Government will notify the contractor of such release or disclosure;
(C) The Contractor or the party asserting restrictions in the limited rights legend may
(1) Require each covered Government support contractor to enter

Name of Offeror or Contractor:

into a nondisclosure agreement directly with the Contractor or the party asserting restrictions regarding use of the data; or

(2) Waive in writing the requirement for a nondisclosure agreement; and

(D) Any such nondisclosure agreement shall address the restrictions on the covered Government support contractor's use of the limited rights data as set forth in the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The nondisclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the nondisclosure agreement.

(4) Restricted rights. (i) The Government shall have restricted rights in other than commercial computer software the contractor must deliver, or that is otherwise provided, to the Government under this contract that was developed exclusively at private expense.

(ii) The Contractor, its subcontractors, or suppliers are not required to provide the Government additional rights in other than commercial computer software delivered or otherwise provided to the Government with restricted rights. However, if the Government desires to obtain additional rights in such software, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. The Contractor shall ensure that any resulting license agreement, made part of the contract, lists or describes all other than commercial computer software for which the Government has been granted additional rights and specifies those additional rights.

(iii) The Contractor acknowledges that

(A) The Government is authorized to release or disclose restricted rights computer software to covered Government support contractors;

(B) The Government will notify the Contractor of such release or disclosure;

(C) The Contractor or the party asserting restrictions in the restricted rights legend may

(1) Require each such covered Government support contractor to enter into a nondisclosure agreement directly with the Contractor or the party asserting restrictions regarding the use of the software; or

(2) Waive in writing the requirement for a nondisclosure agreement; and

(D) Any such nondisclosure agreement shall address the restrictions on the covered Government support contractor's use of the restricted rights software as set forth in the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The nondisclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the nondisclosure agreement.

(5) Specifically negotiated license rights. The standard license rights granted to the Government under paragraphs (c)(1) through (c)(4) of this clause, including the period during which the Government shall have government purpose rights in technical data or computer software, may be modified by mutual agreement but shall not provide the Government lesser rights than provided in the definition of "limited rights" or restricted rights" of this clause. Any negotiated rights shall be identified in a license agreement made part of this contract.

(6) Prior government rights. Technical data or computer software that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the preexisting rights, unless

(i) The parties have agreed otherwise; or

(ii) The restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data or software have expired or no longer apply.

(7) Release from liability. The Contractor agrees to release the Government from liability for any authorized release or disclosure of technical data or computer software made in accordance with this clause or any negotiated license agreement. This release from liability for the Government also applies to releases or disclosures made by a third party who received the data or software from an authorized recipient. For any unauthorized use or disclosure by such third parties of technical data or computer software marked with restrictive legends, the Contractor agrees to seek relief solely from that party.

(d) Contractor rights in technical data and computer software. The Contractor

retains all rights not granted to the Government.

(e) Third party copyrighted data and software. The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted data or software in the technical data or computer software the contractor must deliver under this contract unless the Contractor is the copyright owner or has obtained license rights for the Government of the appropriate scope set forth in paragraph (c) of this clause, and has affixed a statement of the license or licenses obtained on behalf of the Government and other persons to the data transmittal document.

(f) Identification and delivery of data to be delivered with restrictions on use, release, or disclosure. (1) This paragraph does not apply to restrictions based solely on copyright.

(2) Except as provided in paragraph (f)(3) of this clause, technical data or computer software that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure are identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any data or software with restrictive markings unless the data are listed on the Attachment.

(3) In addition to the assertions made in the Attachment, the Contractor may identify other assertions after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. The Contractor shall submit such identification and assertions to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the data or software, in the following format, and signed by an official authorized to contractually obligate the Contractor:

Identification and Assertion of Restrictions on the Government's Use,

Release, or Disclosure of Technical Data or Computer Software

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data or computer software should be restricted

Technical data or computer software to be delivered with restrictions

Basis for assertion -2-

Asserted rights category -3-

Name of person asserting restrictions -4-

1 If the assertion is applicable to items, components or processes developed at private expense, identify both the data and each such item, component, or process.

2 Generally, the development of an item, component, process, or computer software at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose computer software or technical data related to such items, components, or processes.

Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

3 Enter asserted rights category (e.g., rights in SBIR/STTR data generated under another contract, limited rights, restricted rights, or government purpose rights under this or a prior contract, or specifically negotiated licenses).

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures in the DFARS 252.227-7997, Validation of Asserted Restrictions, clause of this contract.

(g) Marking requirements. The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software the Contractor must deliver under this contract by marking the deliverable data or software subject to restriction. Except as provided in paragraph (g)(7) of this clause, only the following legends are authorized under this contract: the government purpose rights legend at paragraph (g)(3) of this clause; the limited rights legend at paragraph (g)(4) of this clause; the restricted rights legend at paragraph (g)(5) of this clause; the special license

rights legend at paragraph (g)(6) of this clause; and a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) General marking instructions. The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all technical data or computer software that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, each page of the printed material containing technical data or computer software for which restrictions are asserted. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, with a note, or other appropriate identifier. Technical data or computer software transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. For software that will or might be used in combat or situations that simulate combat conditions, the contractor shall not insert instructions that interfere with or delay the operation of computer software in order to display a restrictive rights legend or other license statement at any time prior to or during use of the computer software, or otherwise cause such interference or delay, unless the Contracting Officer's written permission to deliver such software has been obtained prior to delivery. Reproductions of technical data or computer software or any portions thereof subject to asserted restrictions shall also reproduce the asserted restrictions.

(2) Omitted markings. (i) Technical data or computer software delivered or otherwise provided under this contract without restrictive markings will be presumed to have been delivered with unlimited rights. To the extent practicable, if the Contractor has requested permission (see paragraph (g)(2)(ii) of this clause) to correct an inadvertent omission of markings, the Contracting Officer will not release or disclose the technical data or computer software pending evaluation of the request.

(ii) The Contractor may request permission to have conforming and justified restrictive markings placed on unmarked technical data or computer software at its expense. The request must be received by the Contracting Officer within 6 months following the furnishing or delivery of such technical data or computer software, or any extension of that time approved by the Contracting Officer. The Contractor shall

(A) Identify the technical data or computer software that should have been marked;

(B) Demonstrate that the omission of the marking was inadvertent, the proposed marking is justified and conforms with the requirements for the marking of technical data or computer software contained in this clause; and

(C) Acknowledge, in writing, that the Government has no liability with respect to any disclosure, reproduction, or use of the technical data or computer software made prior to the addition of the marking or resulting from the omission of the marking.

(3) Government purpose rights markings. Technical data or computer software delivered or otherwise furnished to the Government with government purpose rights shall be marked as follows:

GOVERNMENT PURPOSE RIGHTS

Contract Number

Contractor Name

Contractor Address

Expiration Date

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data or computer software are restricted by the government purpose rights license in the DFARS 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software Documentation Other Than Commercial Products and Commercial Services, clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(4) Limited rights markings. Data delivered or otherwise furnished to the Government with limited rights shall be marked as follows:

LIMITED RIGHTS

Contract Number

Contractor Name

Contractor Address

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by the limited rights license in the DFARS 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software

Documentation Other Than Commercial Products and Commercial Services, clause contained in the above identified contract. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such data must promptly notify the above named Contractor.

(End of legend)

(5) Restricted rights markings. Software delivered or otherwise furnished to the Government with restricted rights shall be marked as follows:

RESTRICTED RIGHTS

Contract Number

Contractor Name

Contractor Address

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by the restricted rights license in the DFARS 252.227-7014, Rights in Other Than Commercial Computer Software and Other Than Commercial Computer Software Documentation, clause contained in the above identified contract. Any reproduction of computer software or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such software must promptly notify the above named Contractor.

(End of legend)

(6) Special license rights markings. (i) Technical data or computer software in which the Government's rights stem from a specifically negotiated license shall be marked as follows:

SPECIAL LICENSE RIGHTS

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these data or software are restricted by Contract Number [Insert contract number], License Number [Insert license identifier]. Any reproduction of technical data, computer software, or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (c)(5) of this clause).

(7) Preexisting data or software markings. If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software deliverable under this contract, and those restrictions are still applicable, the Contractor may mark such data or software with the appropriate restrictive legend for which the data or software qualified under the prior contract or license. The Contractor shall follow the marking procedures in paragraph (g)(1) of this clause.

(h) Contractor procedures and records. Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver technical data or computer software with other than unlimited rights, shall

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on technical data or computer software delivered under this contract.

(i) Removal of unjustified and nonconforming markings(1) Unjustified technical data markings. The rights and obligations of the parties regarding the validation of restrictive markings on technical data or computer software delivered or to be delivered under this contract are contained in the DFARS 252.227-7997, Validation of Asserted Restrictions, clause of this contract. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures in the Validation of Asserted Restrictions clause of this contract, a restrictive marking is determined to be unjustified.

(2) Nonconforming technical data or computer software markings. A nonconforming marking is a marking placed on technical data or computer software delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the DFARS 252.227-7997, Validation of Asserted Restrictions, clause of this contract. If the Contracting Officer notifies the Contractor of a nonconforming marking and the Contractor fails to remove or correct such marking within 60 days, the Government may ignore or, at the Contractor's expense, remove or correct any

nonconforming marking.

(j) Relation to patents. Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(k) Limitation on charges for rights in technical data, computer software, or computer software documentation. (1) The Contractor shall not charge to this contract any cost, including, but not limited to, license fees, royalties, or similar charges, for rights in technical data, computer software, or computer software documentation the Contractor must deliver under this contract when

(i) The Government has acquired, by any means, the same or greater rights in the data or software; or

(ii) The data or software are available to the public without restrictions.

(2) The limitation in paragraph (k)(1) of this clause

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier technical data, computer software, or computer software documentation, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the technical data, computer software, or computer software documentation will be delivered.

(l) Applicability to subcontractors or suppliers. (1) The Contractor shall ensure that the rights afforded its subcontractors and suppliers under 10 U.S.C. 3771-3775, 10 U.S.C. 3781-3786, and the identification, assertion, and delivery processes of paragraph (f) of this clause are recognized and protected.

(2)(i) Except as provided in paragraph (l)(2)(ii) of this clause, the Contractor shall include this clause in any subcontract or contractual instrument under which technical data or computer software will be obtained from a subcontractor or supplier for delivery to the Government. This requirement applies to technical data or software related to other than commercial products or commercial services, or related to commercial products or commercial services developed in any part with Government funds. The Contractor shall also require its subcontractors and suppliers to include this clause, without alteration except to identify the parties, in any contractual instrument under which technical data or computer software will be obtained from a subcontractor or supplier for delivery to the Government. This clause will govern the technical data related to an other than commercial product or service or to any portion of a commercial product or commercial service that was developed in any part at Government expense, and the clause at 252.227-7990 will govern the technical data related to any portion of a commercial item that was developed exclusively at private expense. No other clause shall be used to expand or reduce the Government's, the Contractor's, or a higher-tier subcontractor's or supplier's rights in a subcontractor's or supplier's technical data, computer software, or computer software documentation.

(ii) The Contractor shall use the clause at DFARS 252.227-7993, Rights in Other Than Commercial Technical Data and Computer SoftwareSmall Business Innovation Research Program and Small Business Technology Transfer Program, to SBIR/STTR data.

(3) Technical data, computer software, or computer software documentation a subcontractor or supplier must deliver shall normally be delivered to the next highercontractor, subcontractor, or supplier. However, when there is a requirement in the

prime contract for data which may be submitted with other than unlimited rights by a subcontractor or supplier, then said subcontractor or supplier may fulfill its requirement by submitting such data or software directly to the Government, rather than through a higher-tier contractor, subcontractor, or supplier.

(4) The Contractor and higher-tier subcontractors or suppliers shall not use the award of a contract as economic leverage to obtain rights in technical data, computer software, or computer software documentation from their subcontractors or suppliers.

(5) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in technical data, computer software, or computer software documentation as an excuse for failing to satisfy its contractual obligations to the Government.

(c)(4) Vessel designs. For a vessel design (including a vessel design embodied in a useful article) that is developed or delivered under this contract, the Government shall have the right to make and have made any useful article that embodies the vessel design, to import the article, to sell the article, and to distribute the article for sale or to use the article in trade, to the same extent that the Government is granted rights in the technical data related to the vessel design.

I-100	252.227-7990	TECHNICAL DATA-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION 2026-00036) (FEB 2026)	FEB/2026
-------	--------------	--	----------

(a) Definitions. As used in this clause

"Commercial product and commercial service" includes commercial components and commercial processes but does not include commercial computer software.

"Covered Government support contractor" means a contractor (other than a litigation support contractor covered by 252.204-7014) under a contract, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of a program or effort (rather than to directly furnish an end item or service to accomplish a program or effort), provided that the contractor

(1) Is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and

(2) Receives access to technical data or computer software for performance of a Government contract that contains the clause at 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

"Form, fit, and function data" means technical data that describe the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items.

"Technical data" means recorded information, regardless of the form or method of recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or financial, administrative, cost or pricing, or management information, or information incidental to contract administration.

(b) Applicability. This clause governs the technical data related to any portion of a commercial product or commercial service that was developed exclusively at private expense. If the commercial product or commercial service was developed in any part at Government expense

(1) The clause at Defense Federal Acquisition Regulation Supplement (DFARS) 252.227-7993, Rights in Other Than Commercial Technical Data and Computer SoftwareSmall Business Innovation Research Program and Small Business Technology Transfer Program, governs technical data that are generated during any portion of performance that is covered under the Small Business Innovation Research (SBIR) Program or Small Business Technology Transfer (STTR) Program; and

(2) The clause at DFARS 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software DocumentationOther Than Commercial Products and Commercial Services, governs the technical data related to any portion of a commercial product or commercial service that was developed in any part at Government expense and is not covered under the SBIR or STTR program.

(c) License. (1) The Government shall have the unrestricted right to use, modify, reproduce, release, perform, display, or disclose technical data, and to permit others to do so, that

(i) Have been provided to the Government or others without restrictions on use, modification, reproduction, release, or further disclosure other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(ii) Are form, fit, and function data;

(iii) Are a correction or change to technical data furnished to the Contractor by the Government;

(iv) Are necessary for operation, maintenance, installation, or training (other than detailed manufacturing or process data); or

(v) Have been provided to the Government under a prior contract or licensing agreement through which the Government has acquired the rights to use, modify, reproduce, release, perform, display, or disclose the data without restrictions.

(2) Except as provided in paragraph (c)(1) of this clause, the Government may use, modify, reproduce, release, perform, display, or disclose technical data within the Government only. The Government will not

(i) Use the technical data to manufacture additional quantities of the commercial products; or

(ii) Release, perform, display, disclose, or authorize use of the technical data outside the Government without the Contractor's written permission unless a release, disclosure, or permitted use is necessary for emergency repair or overhaul of the commercial products furnished under this contract, or for performance of work by covered Government support contractors.

(3) The Contractor acknowledges that

(i) The Government is authorized to release or disclose technical data covered by paragraph (c)(2) of this clause to covered Government support contractors;

(ii) The Government will notify the Contractor of such release or disclosure;

(iii) The Contractor or the party asserting restrictions in a restrictive legend may

(A) Require each such covered Government support contractor to enter into a nondisclosure agreement directly with the Contractor or the party asserting restrictions regarding the use of the data; or

(B) Waive in writing the requirement for a nondisclosure agreement; and

Name of Offeror or Contractor:

(iv) Any such nondisclosure agreement shall address the restrictions on the covered Government support contractor's use of the data as set forth in the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The nondisclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the nondisclosure agreement.

(d) Additional license rights. The Contractor, its subcontractors, and suppliers are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data. However, if the Government desires to obtain additional rights in technical data, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. The Contractor shall ensure that any resulting special license agreement, made part of the contract, lists or describes all technical data for which the Government has been granted additional rights and specifies those additional rights.

(e) Release from liability. The Contractor agrees that the Government, and other persons to whom the Government may have released or disclosed technical data delivered or otherwise furnished under this contract, shall have no liability for any release or disclosure of technical data that are not marked to indicate that such data are licensed data subject to use, modification, reproduction, release, performance, display, or disclosure restrictions.

(f) Subcontractors or suppliers. (1) The Contractor shall recognize and protect the rights afforded its subcontractors and suppliers under 10 U.S.C. 3771-3775, 10 U.S.C. 3781-3786, and 15 U.S.C. 638(j)(1)(B)(iii) and (v).

(2) Whenever any technical data related to commercial products or commercial services developed in any part at private expense will be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use this clause in the subcontract or other contractual instrument, including subcontracts and other contractual instruments for commercial products or commercial services, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties. This clause will govern the technical data related to any portion of a commercial product or commercial service that was developed exclusively at private expense, and the Contractor shall use the following clauses to govern the technical data related to any portion of a commercial product or commercial service that was developed in any part at Government expense:

(i) Use the clause at DFARS 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software DocumentationOther Than Commercial Products and Commercial Services, to govern any technical data that are not generated during any portion of performance that is covered under the SBIR or STTR program.

(ii) Use the clause at 252.227-7993, Rights in Other Than Commercial Technical Data and Computer SoftwareSmall Business Innovation Research Program and Small Business Technology Transfer Program, to govern technical data that are generated during any portion of performance that is covered under the SBIR or STTR program.

		(FEB 2026)	

(a) Definitions. As used in this clause

"Computer software" is defined in

(1) The 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software DocumentationOther Than Commercial Products and Commercial Services, clause of this contract; or

(2) If this is a contract awarded under the Small Business Innovation Research Program or Small Business Technology Transfer Program, the 252.227-7993, Rights in Other Than Commercial Technical Data and Computer SoftwareSmall Business Innovation Research Program and Small Business Technology Transfer Program, clause of this contract.

"Technical data" is defined in

(1) The 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software DocumentationOther Than Commercial Products and Commercial Services, clause of this contract; or

(2) If this is a contract awarded under the Small Business Innovation Research Program or Small Business Technology Transfer Program, the 252.227-7993, Rights in Other Than Commercial Technical Data and Computer SoftwareSmall Business Innovation Research Program and Small Business Technology Transfer Program, clause of this contract.

(b) Government rights before contract award. By submission of its offer, the Offeror agrees that the Government

(1) May reproduce the bid or proposal, or any portions thereof, to the extent necessary to evaluate the offer.

(2) Except as provided in paragraph (d) of this clause, will use information contained in the bid or proposal only for evaluation purposes and will not disclose, directly or indirectly, such information to any person including potential evaluators, unless that person has been authorized by the head of the agency, his or her designee, or the Contracting Officer to receive such information.

(c) Government rights after contract award. The Contractor agrees

(1) Except as provided in paragraphs (c)(2), (d), and (e) of this clause, the Government has the rights to use, modify, reproduce,

I-102	252.227-7994	LIMITATIONS ON THE USE OR DISCLOSURE OF GOVERNMENT-FURNISHED INFORMATION MARKED WITH RESTRICTIVE LEGENDS (DEVIATION 2026-00036) (FEB 2026)	FEB/2026
--------------	---------------------	---	-----------------

(a) Definitions. As used in this clause

(1) For contracts in which the Government will furnish the Contractor with technical data, the terms "covered Government support contractor," "limited rights," "restricted rights", and "Government purpose rights" are defined in the clause at 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software DocumentationOther Than Commercial Products and Commercial Services.

(2) For Small Business Innovation Research (SBIR) Program and Small Business Technology Transfer (STTR) Program contracts, the terms "covered Government support contractor," "government purpose rights," "limited rights," "restricted rights," and "SBIR/STTR data rights" are defined in the clause at 252.227-7993, Rights in Other Than Commercial Technical Data and Computer SoftwareSmall Business Innovation Research Program and Small Business Technology Transfer Program.

(b) Technical data or computer software provided to the Contractor as Government-furnished information (GFI) under this contract may be subject to restrictions on use, modification, reproduction, release, performance, display, or further disclosure.

(1) GFI marked with limited rights, restricted rights, or SBIR/STTR data rights legends. (i) The Contractor shall use, modify, reproduce, perform, or display technical data received from the Government with limited rights legends, computer software received with restricted rights legends, or SBIR/STTR technical data or computer software received with SBIR/STTR data rights legends (during the SBIR/STTR data protection period) only in the performance of this contract. The Contractor shall not, without the express written permission of the party whose name appears in the legend, release or disclose such data or software to any unauthorized person.

(ii) If the Contractor is a covered Government support contractor, the Contractor is also subject to the additional terms and conditions at paragraph (b)(5) of this clause.

(2) GFI marked with government purpose rights legends. The Contractor shall use technical data or computer software received from the Government with government purpose rights legends for government purposes only. The Contractor shall not, without the express written permission of the party whose name appears in the restrictive legend, use, modify, reproduce, release, perform, or display such data or software for any commercial purpose or disclose such data or software to a person other than its subcontractors, suppliers, or prospective subcontractors or suppliers, who require the data or software to submit offers for, or perform, contracts under this contract. Prior to disclosing the data or software, the Contractor shall require the persons to whom disclosure will be made to complete and sign the nondisclosure agreement at 227.7103-7 of the Defense Federal Acquisition Regulation Supplement (DFARS).

(3) GFI marked with specially negotiated license rights legends. (i) The Contractor shall use, modify, reproduce, release, perform, or display technical data or computer software received from the Government with specially negotiated license legends only as permitted in the license. Such data or software may not be released or disclosed to other persons unless permitted by the license and, prior to release or disclosure, the intended recipient has completed the nondisclosure agreement at DFARS 227.7103-7. The Contractor shall modify paragraph (1)(c) of the nondisclosure agreement to reflect the recipient's obligations regarding use, modification, reproduction, release, performance, display, and disclosure of the data or software.

(ii) If the Contractor is a covered Government support contractor, the Contractor may also be subject to some or all of the additional terms and conditions at paragraph (b)(5) of this clause, to the extent such terms and conditions are required by the specially negotiated license.

(4) GFI technical data marked with commercial restrictive legends. (i) The Contractor shall use, modify, reproduce, perform, or display technical data that are or are related to a commercial product or commercial service and are received from the Government with a commercial restrictive legend (i.e., marked to indicate that such data are subject to use, modification, reproduction, release,

performance, display, or disclosure restrictions) only in the performance of this contract. The Contractor shall not, without the express written permission of the party whose name appears in the legend, use the technical data to manufacture additional quantities of the commercial products or commercial services, or release or disclose such data to any unauthorized person.

(ii) If the Contractor is a covered Government support contractor, the Contractor is also subject to the additional terms and conditions at paragraph (b)(5) of this clause.

(5) Covered Government support contractors. If the Contractor is a covered Government support contractor receiving technical data or computer software marked with restrictive legends pursuant to paragraphs (b)(1)(ii), (b)(3)(ii), or (b)(4)(ii) of this clause, the Contractor further agrees and acknowledges that

(i) The technical data or computer software will be accessed and used for the sole purpose of furnishing independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of the program or effort to which such technical data or computer software relates, as stated in this contract, and shall not be used to compete for any Government or non-Government contract;

(ii) The Contractor shall take all reasonable steps to protect the technical data or computer software against any unauthorized release or disclosure;

Page 84 of 104

(iii) The Contractor shall ensure that the party whose name appears in the legend is notified of the access or use within 30 days of the Contractor's access or use of such data or software;

(iv) The Contractor shall enter into a nondisclosure agreement with the party whose name appears in the legend, if required to do so by that party, and that any such nondisclosure agreement will implement the restrictions on the Contractor's use of such data or software as set forth in this clause. The nondisclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the nondisclosure agreement; and

(v) That a breach of these obligations or restrictions may subject the Contractor to

(A) Criminal, civil, administrative, and contractual actions in law and equity for penalties, damages, and other appropriate remedies by the United States; and

(B) Civil actions for damages and other appropriate remedies by the party whose name appears in the legend.

(c) Indemnification and creation of third party beneficiary rights. The Contractor agrees

(1) To indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of technical data or computer software received from the Government with restrictive legends by the Contractor or any person to whom the Contractor has released or disclosed such data or software; and

(2) That the party whose name appears on the restrictive legend, in addition to any other rights it may have, is a third-party beneficiary who has the right of direct action against the Contractor, or any person to whom the Contractor has released or disclosed such data or software, for the unauthorized duplication, release, or disclosure of technical data or computer software subject to restrictive legends.

(d) The Contractor shall ensure that its employees are subject to use and nondisclosure obligations consistent with this clause prior to the employees being provided access to or use of any GFI covered by this clause.

(End of clause)

I-103	252.227-7996	TECHNICAL DATA-WITHHOLDING OF PAYMENT (DEVIATION 2026-00036) (FEB 2026)	FEB/2026
-------	--------------	---	----------

(a) If technical data the Contractor must deliver under this contract is not delivered within the time specified by this contract or is deficient upon delivery (including having restrictive markings not identified in the list described in the clause at 252.227-7989(f)(2) or 252.227-7993(f)(2) of this contract), the Contracting Officer may until such data is accepted by the Government, withhold payment to the Contractor of ten percent (10%) of the total contract price or amount unless a lesser withholding is specified in the contract. Payments shall not be withheld nor any other action taken pursuant to this paragraph when the Contractor's failure to make timely delivery or to deliver such data without deficiencies arises out of causes beyond the control and without the fault or negligence of the Contractor.

(b) The withholding of any amount or subsequent payment to the Contractor shall not be construed as a waiver of any rights accruing to the Government under this contract.

(End of clause)

I-104	252.227-7997	VALIDATION OF ASSERTED RESTRICTIONS (DEVIATION 2026-00036) (FEB 2026)	FEB/2026
-------	--------------	---	----------

(a) Definitions. The terms used in this clause are defined in the 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software Documentation Other Than Commercial Products and Commercial Services, clause of this contract.

(b) Technical data related to commercial products or commercial servicespresumption regarding development exclusively at private expense. For technical data related to commercial products or commercial services, the Contracting Officer will presume that the Contractor's or a subcontractor's asserted use or release restrictions with respect to a commercial product or commercial service are justified on the basis that the item was developed exclusively at private expense. The Contracting Officer will not issue a challenge

unless there are reasonable grounds to question the validity of the assertion that the commercial item was developed exclusively at private expense.

(c) Justification. The Contractor or subcontractor at any tier is responsible for maintaining records sufficient to justify the validity of its asserted restrictions on the rights of the Government and others to use, duplicate, release, or disclose technical data or computer software delivered, required to be delivered, or otherwise provided to the Government under the contract or subcontract. Except as provided in paragraph (b) of this clause, the Contractor or subcontractor shall be prepared to furnish to the Contracting Officer a written justification for such asserted restrictions in response to a challenge under paragraph (e) of this clause.

(d) Prechallenge request for information related to asserted restrictions on technical data. (1) The Contracting Officer may request the Contractor or subcontractor to furnish a written explanation for any asserted restriction on the right of the United States or others to use, disclose, or release technical data. If, upon review of the explanation submitted, the Contracting Officer cannot determine the basis of the asserted restriction, the Contracting Officer may further request the Contractor or subcontractor to furnish additional information in the records of, or otherwise in the possession of or reasonably available to, the Contractor or subcontractor to justify the validity of any asserted restriction on technical data delivered, to be delivered, or otherwise provided to the Government under the contract or subcontract (e.g., a statement of facts accompanied with supporting documentation). The Contractor or subcontractor shall submit such written data as requested by the Contracting Officer within the time required or such longer period as may be mutually agreed.

(2) If the Contracting Officer, after reviewing the written data furnished pursuant to paragraph (d)(1) of this clause, or any other available information related to the validity of an asserted restriction, determines that reasonable grounds exist to question the current validity of the asserted restriction and that continued adherence to the asserted restriction would make impracticable the subsequent competitive acquisition of the item or process to which the technical data relates, the Contracting Officer will follow the procedures in paragraph (f) of this clause.

(3) If the Contractor or subcontractor fails to respond to the Contracting Officer's request for information under paragraph (d)(1) of this clause, and the Contracting Officer determines that continued adherence to the asserted restriction would make impracticable the subsequent competitive acquisition of the item or process to which the technical data relates, the Contracting Officer may challenge the validity of the asserted restriction as described in paragraph (f) of this clause.

(e) Prechallenge request for information related to assertion restrictions on computer software. (1) The Contracting Officer may request the Contractor to provide sufficient information to enable the Contracting Officer to evaluate the Contractor's asserted restrictions. Such information shall be based upon the records required by this clause or other information reasonably available to the Contractor.

(2) Based upon the information provided, if the

(i) Contractor agrees that an asserted restriction is not valid, the Contracting Officer may

(A) Strike or correct the unjustified marking at the Contractor's expense; or

(B) Return the computer software to the Contractor for correction at the Contractor's expense. If the Contractor fails to correct or strike the unjustified marking and return the corrected software to the Contracting Officer within 60 days following receipt of the software, the Contracting Officer may correct or strike the marking at the Contractor's expense;

(ii) Contracting Officer concludes that the asserted restriction is appropriate for this contract, the Contracting Officer shall so notify the Contractor in writing.

(3) The Contractor's failure to provide a timely response to a Contracting Officer's request for information or failure to provide sufficient information to enable the Contracting Officer to evaluate an asserted restriction shall constitute reasonable grounds for questioning the validity of an asserted restriction.

(f) Challenge. (1) Notwithstanding any provision of this contract concerning inspection and acceptance, if the Contracting Officer determines that a challenge to the asserted restriction is warranted, the Contracting Officer will send a written challenge notice to the Contractor or subcontractor making the asserted restriction. The challenge notice and all related correspondence shall be subject to handling procedures for classified information and controlled unclassified information. Such challenge will

(i) State the specific grounds for challenging the asserted restriction including, for technical data related to commercial products or commercial services, sufficient information to reasonably demonstrate that the commercial product or commercial service was not developed exclusively at private expense;

(ii) Require a response within 60 days justifying the assertion based upon records kept in accordance with paragraph (c) of this clause and providing sufficient evidence as to the current validity of the asserted restriction;

(iii) State that a Contracting Officer's final decision, issued pursuant to paragraph (h) of this clause, or action of a court of competent jurisdiction or Board of Contract Appeals that sustained the validity of an identical assertion made by the Contractor (or a licensee) sustaining the validity of a prior asserted restriction identical to the current asserted restriction, within the 3-year period preceding the current challenge, shall serve as justification for the current asserted restriction if the prior validated restriction was asserted by the same Contractor or subcontractor (or any licensee of such Contractor or subcontractor) to which such notice is being provided; and

(iv) State that failure to respond to the challenge notice may result in issuance of a final decision pursuant to paragraph (g) of this clause.

(2) The Contracting Officer will extend the time for response as appropriate if the Contractor or subcontractor submits a written request showing the need for additional time to prepare a response.

(3) The Contractor's or subcontractor's written response shall be considered a claim within the meaning of the 41 U.S.C. 7101, Contract Disputes, and shall be certified in the form prescribed at 33.207 of the Federal Acquisition Regulation, regardless of dollar amount. Page 89 of 104

(4) A Contractor or subcontractor receiving challenges to the same asserted restrictions from more than one Contracting Officer shall notify each Contracting Officer of the existence of more than one challenge. The notice shall also state which Contracting Officer initiated the first in time unanswered challenge. The Contracting Officer initiating the first in time unanswered challenge after consultation with the Contractor or subcontractor and the other Contracting Officers, will formulate and distribute a schedule for

Name of Offeror or Contractor:

responding to each of the challenge notices to all interested parties. The schedule will afford the Contractor or subcontractor a reasonable opportunity to respond to each challenge notice. All parties will be bound by this schedule.

(5) The Contracting Officer may request additional supporting documentation if, in the Contracting Officer's opinion, the Contractor's explanation does not provide sufficient evidence to justify the validity of the asserted restrictions. The Contractor agrees to promptly respond to the Contracting Officer's request for additional supporting documentation.

(6) Notwithstanding challenge by the Contracting Officer, the parties may agree on the disposition of an asserted restriction at any time prior to a Contracting Officer's final decision or, if the Contractor has appealed that decision, filed suit, or provided notice of an intent to file suit, at any time prior to a decision by a court of competent jurisdiction or Board of Contract Appeals.

(g) Final decision when Contractor or subcontractor fails to respond. Upon a failure of a Contractor or subcontractor to submit any response to the challenge notice or a request for additional information (under paragraphs (f)(1) and (f)(5) of this clause), the Contracting Officer will issue a final decision to the Contractor or subcontractor in accordance with the Disputes clause of this contract. In order to sustain the challenge for commercial products or commercial services, the Contracting Officer will provide information demonstrating that the commercial product or commercial service was not developed exclusively at private expense. This final decision will be issued as soon as possible after the expiration of the time period of paragraph (f)(1)(ii) or (f)(2) of this clause. Following issuance of the final decision, the Contracting Officer will comply with the procedures in paragraphs (h)(2)(ii) through (iv) of this clause.

(h) Final decision when Contractor or subcontractor responds. (1) If the Contracting Officer determines that the Contractor or subcontractor has justified the validity of the asserted restriction, the Contracting Officer will issue a final decision to the Contractor or subcontractor that sustains the validity of the asserted restriction and that states that the Government will continue to be bound by the asserted restriction. The Contracting Officer will issue this final decision within 60 days after receipt of the Contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the Contractor or subcontractor that the Government will require. The Contracting Officer will provide notification of any longer period for issuance of a final decision within 60 days after receipt of the response to the challenge notice.

(2)(i) If the Contracting Officer determines that the validity of the asserted restriction is not justified, the Contracting Officer will issue a final decision to the Contractor or subcontractor in accordance with the Disputes clause of this contract. To Page 90 of 104

sustain the challenge for technical data related to commercial products or commercial services, the Contracting Officer will provide information demonstrating that the commercial product or commercial service was not developed exclusively at private expense. Notwithstanding paragraph (e) of the Disputes clause, the final decision will be issued within 60 days after receipt of the Contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the Contractor or subcontractor that the Government will require. The notification of a longer period for issuance of a final decision will be made within 60 days after receipt of the response to the challenge notice.

(ii) The Government agrees that it will continue to be bound by the asserted restriction for a period of 90 days from the issuance of the Contracting Officer's final decision under paragraph (h)(2)(i) of this clause. The Contractor or subcontractor agrees that, if it intends to file suit in the United States Court of Federal Claims, it will provide a notice of intent to file suit to the Contracting Officer within 90 days from the issuance of the Contracting Officer's final decision under paragraph (h)(2)(i) of this clause. If the Contractor or subcontractor fails to appeal to an agency Board of Contract Appeals, file suit in an appropriate court, or provide a notice of intent to file suit in an appropriate court to the Contracting Officer within the 90-day period, the Government may cancel or ignore the restrictive markings that are based on the asserted restrictions, and the failure of the Contractor or subcontractor to take the required action constitutes agreement with such Government action.

(iii) The Government agrees that it will continue to be bound by the asserted restriction where a notice of intent to file suit in the United States Court of Federal Claims is provided to the Contracting Officer within 90 days from the issuance of the final decision under paragraph (h)(2)(i) of this clause. The Government will no longer be bound, and the Contractor or subcontractor agrees that the Government may strike or ignore the restrictive marking that is based on the asserted restriction, if the Contractor or subcontractor fails to file its suit within 1 year after issuance of the final decision. Notwithstanding the foregoing, where the head of an agency determines, on a nondelegable basis, that urgent or compelling circumstances will not permit waiting for the filing of a suit in the United States Court of Federal Claims, the Contractor or subcontractor agrees that the agency may, following notice to the Contractor or subcontractor, authorize release or disclosure of the technical data or computer software. The Government agrees not to release or disclose such technical data or computer software unless, prior to release or disclosure, the intended recipient is subject to the use and nondisclosure agreement at Defense Federal Acquisition Regulation Supplement (DFARS) 227.7103-7, or is a Government contractor receiving access to the technical data or computer software for performance of a Government contract that contains the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. Such agency determination may be made at any time after issuance of the final decision and will not affect the Contractor's or subcontractor's right to damages against the United States where its asserted restrictions are ultimately upheld or to pursue other relief, if any, as may be provided by law.

(iv) The Government agrees that it will be bound by the asserted restrictions where an appeal or suit is filed pursuant to the Contract Disputes statute until final disposition by an agency Board of Contract Appeals or the United States Court of Federal Claims. Notwithstanding the foregoing, where the head of an agency determines, on a nondelegable basis, following notice to the Contractor that urgent or compelling circumstances will not permit awaiting the decision by such Board of Contract Appeals or the United States Court of Federal Claims, the Contractor or subcontractor agrees that the agency may authorize release or disclosure of the technical data or computer software. The Government agrees not to release or disclose such technical data or computer software unless, prior to release or disclosure, the intended recipient is subject to the use and nondisclosure agreement at Defense Federal Acquisition Regulation Supplement (DFARS) 227.7103-7, or is a Government contractor receiving access to the technical data or computer software for performance of a Government contract that contains the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. Such agency determination may be made at any time after issuance of the final decision and

will not affect the Contractor's or subcontractor's right to damages against the United States where its asserted restrictions are ultimately upheld or to pursue other relief, if any, as may be provided by law.

(i) Final disposition of appeal or suit. (1) If the Contractor or subcontractor appeals or files suit and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is sustained

(i) The restrictive marking that is based on the asserted restriction on the technical data or computer software shall be cancelled, corrected or ignored; and

(ii) If the asserted restriction is found not to be substantially justified, the Contractor or subcontractor, as appropriate, shall be liable to the Government for payment of the cost to the Government of reviewing the asserted restriction and the fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Government in challenging the asserted restriction, unless special circumstances would make such payment unjust.

(2) If the Contractor or subcontractor appeals or files suit and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is not sustained

(i) The Government will continue to be bound by the restrictive marking; and

(ii) The Government will be liable to the Contractor or subcontractor for payment of fees and other expenses (as defined in 28 U.S.C. 2412(d)(2)(A)) incurred by the Contractor or subcontractor in defending the marking, if the challenge by the Government is found not to have been made in good faith.

(j) Duration of right to challenge. (1) The Government may review the validity of any restriction on technical data or computer software, delivered or that the Contractor must deliver under a contract, asserted by the Contractor or subcontractor. During the period within 6 years of final payment on a contract or within 6 years of delivery of the technical data or computer software to the Government, whichever is later, the Contracting Officer may review and make a written determination to challenge the restriction. The Government may, however, challenge a restriction on the release, disclosure, or use of technical data or computer software at any time if such technical data or computer software

(i) Are publicly available;

(ii) Have been furnished to the United States without restriction;

(iii) Have been otherwise made available without restriction; or

(iv) Are the subject of a fraudulently asserted use or release restriction.

(2) Only the Contracting Officer's final decision resolving a formal challenge by sustaining the validity of a restrictive marking or actions of an agency Board of Contract Appeals or a court of competent jurisdiction that sustain the validity of an asserted restriction constitute "validation" as addressed in 10 U.S.C. 3785(c).

(k) Decision not to challenge. A decision by the Government, or a determination by the Contracting Officer, to not challenge the restrictive marking or asserted restriction shall not constitute "validation."

(l) Privity of contract. The Contractor or subcontractor agrees that the Contracting Officer may transact matters under this clause directly with subcontractors at any tier that assert restrictions. However, this clause neither creates nor implies privity of contract between the Government and subcontractor.

(m) Flowdown. The Contractor or subcontractor agrees to insert this clause in contractual instruments, including subcontracts and other contractual instruments for commercial products or commercial services, with its subcontractors or suppliers at any tier requiring the delivery of technical data or computer software. The clause may not be altered other than to identify the appropriate parties.

(a) Definitions. As used in this provision

"Computer software" is defined in

(1) The 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software Documentation Other Than Commercial Products and Commercial Services; or

(2) If this solicitation contemplates a contract under the Small Business Innovation Research Program or Small Business Technology Transfer Program, the 252.227-7993, Rights in Other Than Commercial Technical Data and Computer Software Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

"SBIR/STTR data" is defined in the 252.227-7993, Rights in Other Than Commercial Technical Data and Computer Software Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

"Technical data" is defined in

(1) The 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software Documentation Other Than Commercial Products and Commercial Services, clause of this solicitation; or

(2) If this solicitation contemplates a contract under the Small Business Innovation Research Program or Small Business Technology Transfer Program, the 252.227-7993, Rights in Other Than Commercial Technical Data and Computer Software Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

(b) The identification and assertion requirements in this provision apply only to technical data, including computer software documentation, or computer software the Contractor must deliver with other than unlimited rights. For contracts to be awarded under the Small Business Innovation Research (SBIR) Program or Small Business Technology Transfer Program (STTR) Program, these requirements apply to SBIR/STTR data that will be generated under the resulting contract and will be delivered with SBIR/STTR data rights and to any other data that will be delivered with other than unlimited rights. Notification and identification are not required for restrictions based solely on copyright.

(c) Offers submitted in response to this solicitation shall identify, to the extent known at the time an offer is submitted to the Government, the technical data or computer software that the Offeror, its subcontractors or suppliers, or potential subcontractors or

suppliers, assert should be furnished to the Government with restrictions on use, release, or disclosure.

(d) The Offeror's assertions, including the assertions of its subcontractors or suppliers or potential subcontractors or suppliers, shall be submitted as an attachment to its offer in the following format, dated and signed by an official authorized to contractually obligate the Offeror:

Identification and Assertion of Restrictions on the Government's Use,Release, or Disclosure of Technical Data or Computer Software

The Offeror asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data or computer software should be restricted:

Technical data or	Basis for	Asserted rights	Name of person
(LIST)5	(LIST)	(LIST)	(LIST)

1 For technical data (other than computer software documentation) related to items, components, or processes developed at private expense, identify both the deliverable technical data and each such items, component, or process. For computer software or computer software documentation identify the software or documentation.

Technical data or	Basis for	Asserted rights	Name of person
-------------------	-----------	-----------------	----------------

2 Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions. For technical data, other than computer software documentation, development refers to development of the item, component, or process to which the data relate. The Government's rights in computer software documentation generally may not be restricted. For computer software, development refers to the software. Indicate whether development was accomplished exclusively or partially at private expense. If development was not accomplished at private expense, or for computer software documentation, enter the specific basis for asserting restrictions.

3 Enter asserted rights category (e.g., government purpose license rights from a prior contract, rights in SBIR/STTR data generated under a contract resulting from this solicitation or under another contract, limited, restricted, or government purpose rights under a contract resulting from this solicitation or under a prior contract, or specially negotiated licenses).

4 Corporation, individual, or other person, as appropriate.

5 Enter "none" when all data or software will be submitted without restrictions.

(End of identification and assertion)

(e) An offeror's failure to submit, complete, or sign the notification and identification required by paragraph (d) of this provision with its offer may render the offer ineligible for award.

(f) If the Offeror is awarded a contract, the assertions identified in paragraph (d) of this provision shall be listed in an attachment to that contract. Upon request by the Contracting Officer, the Offeror shall provide sufficient information to enable the Contracting Officer to evaluate any listed assertion.

WOMEN-OWNED BUSINESS (OTHER THAN SMALL BUSINESS)

OCT/2014

(a) Definition. Women-owned business concern, as used in this provision, means a concern that is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of its stock is owned by one or more women; and whose management and daily business operations are controlled by one or more women.

(b) Representation. [Complete only if the offeror is a women-owned business concern and has not represented itself as a small business concern in paragraph (c)(1) of FAR 52.219-1, Small Business Program Representation, of this solicitation.] The offeror represents that it ☐ is a women-owned business concern.

ECONOMIC PURCHASE QUANTITY-SUPPLIES

AUG/1987

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals or quotes are requested in this solicitation is (are) economically advantageous to the Government.

(b) Each offeror who believes that acquisitions in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

OFFEROR RECOMMENDATIONS

ITEM	QUANTITY	PRICE QUOTATION	TOTAL

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing a data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Governments requirements indicate that different quantities should be acquired.

INFORMATION REGARDING RESPONSIBILITY MATTERS

FEB/2026

(a) Definitions. As used in this provision

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means

Name of Offeror or Contractor:

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).
- Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).
- (b) The offeror has does not have current active Federal contracts and grants with total value greater than \$10,000,000.
- (c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:
- (1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:
- (i) In a criminal proceeding, a conviction.
- (ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.
- (iii) In an administrative proceeding, a finding of fault and liability that results in
- (A) The payment of a monetary fine or penalty of \$5,000 or more; or
- (B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.
- (iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.
- (2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.
- (d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

K-10 52.209-13 VIOLATION OF ARMS CONTROL TREATIES OR AGREEMENTS--CERTIFICATION FEB/2026

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined at FAR 2.101.

(b) Certification. [Offeror shall check either (1) or (2).]

_____ (1) The Offeror certifies that--

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/> ; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament

Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/> ; or

____ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If there may have been such activity, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

- (i) An inability to certify compliance.
- (ii) An inability to conclude compliance.
- (iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless--

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has--

(i) Waived application under U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C.2593e(b).

(e) Remedies. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

K-11 52.225-18 PLACE OF MANUFACTURE

AUG/2018

(a) Definitions. As used in this provision--

"Manufactured end product" means any end product in product and service codes (PSCs) 1000-9999, except--

- (1) PSC 5510, Lumber and Related Basic Wood Materials;

Name of Offeror or Contractor:

- (2) Product or Service Group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

"Place of manufacture" means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

(b) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly

[] (1) In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

[] (2) Outside the United States.

K-12 52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS--NOTICE AND REPRESENTATION JUN/2020
(a) Definitions. As used in this provision--

"Foreign person" means any person other than a United States person.

"Specified Federal procurement payment" means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

"United States person as defined in 26 U.S.C. 7701(a)(30) means--

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and
- (5) Any trust if--

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14 . Any exemption claimed and self-

certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that--

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that--I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then--

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions> .

K-13 252.204-7016 COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES--
REPRESENTATION DEC/2019

(a) Definitions. As used in this provision, covered defense telecommunications equipment or services has the meaning provided in the clause 252.204-7018, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services.

(b) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered defense telecommunications equipment or services".

(c) Representation. The Offeror represents that it ☐ does, ☐ does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

L.1 General Proposal Information

L.1.1 The proposal, subject to the Submission, Modification, Revision, and Withdrawal paragraph of Instructions to Offeror(s) Competitive Acquisitions (FAR Provision 52.215-1) contained in Section L of the solicitation, shall be submitted in the format and quantities set forth below. All information necessary for the review and evaluation of a proposal is to be contained in the proposal. Section M of the solicitation sets forth the evaluation criteria and delineates the Factors to be evaluated and their relative order of importance. The offeror's proposal, as required by this section, will be evaluated as set forth in Section M of this solicitation. The Government will not assume the offeror possesses any capability, understanding, or commitment not specified in its proposal. It is an offeror's responsibility to submit a well-written proposal, with adequately detailed information, which clearly demonstrates an understanding of and the ability to comply with the solicitation requirements to allow for a meaningful evaluation. The Government does not assume the duty to search for data to cure problems it finds in proposals.

L.1.2 Minimum Acceptance Period.

This provision supersedes any language pertaining to the acceptance period that may appear elsewhere in this solicitation (e.g. SF 33 Box 12).

ACCEPTANCE PERIOD means the number of calendar days available to the Government for awarding a contract from the date specified in this solicitation for receipt of offers.

L.1.2.1. The Government specified minimum acceptance period is 120 calendar days.

L.1.2.2. The offeror shall clearly state in its proposal the acceptance period. Offerors may specify a longer acceptance period than the Government's minimum acceptance period stated above.

L.1.2.3. An offer allowing less than the Government's minimum acceptance period, or fails to provide a proposal acceptance period, may be rejected.

L.2 Proposal Content, Format and Instructions

L.2.1 Proposal Content

L.2.1.1 All proposals shall be in English (American Standard) and shall be in US dollars. Proposals not in English (American Standard) or in US Dollars may be rejected. The proposal shall include all information specified and shall address all requirements outlined in Section L.

L.2.1.2 A Proposal Executive Summary or transmittal letter is optional. It will neither be considered as part of the proposal, nor will it be evaluated. If a Proposal Executive Summary is submitted, it should be no more than five pages in length.

Name of Offeror or Contractor:

L.2.2 Proposal Method of Submission, Format, and Instructions

L.2.2.1 The proposal shall be electronically submitted via E-mail to the Contract Specialist and cc the corresponding Contracting Officer at the following e-mail address(s) with the subject header: Proposal Submission W912CH-25-R-0174 (company name):

Contract Specialist: kaley.h.weeden.civ@army.mil

Contracting Officer: Elizabeth.l.levinewelhouse.civ@army.mil

Fax, hardcopy, and DVD/CD-ROM proposals will NOT be accepted. Hand-carried offers, whether hardcopy or electronic, will NOT be accepted.

Maximum size of each e-mail shall be 10 megabytes. The offeror may use multiple e-mail messages for each submission; however, it should annotate the subject lines as described above for each message, and number them in this manner: Message 1 of 3, 2 of 3, 3 of 3.

Note: There is no "expected" or "target" length of time for proposal submission via email; size and content may be factors, therefore offerors are strongly cautioned when submitting proposals to allow adequate time for submission.

L.2.2.1.1 Each submitted File shall be labeled so it is easily identifiable for which information it pertains.

L.2.2.1.2 Acceptable File Formats. All electronic information provided in response to the solicitation must be provided in Microsoft (MS) Office 2013 compatible or Adobe Portable Document Format (PDF) format or except as noted in the proposal instructions below. For files in PDF format, scanners should be set to 200 dots per inch. The proposal shall not contain citations for, or active links to live Internet sites or pages. All linked information shall be contained within the electronic proposal. Any linked information that is not contained in the proposal will not be accepted.

L.2.2.1.3 Electronic Files. The proposal electronic file name should not exceed 50 characters in length (not including the file extension). Ensure the file name does not contain any periods, does not contain spaces, and does not contain special characters, which should limit Government virus scanners rejecting the email as unscannable.

L.2.2.1.4 Unless otherwise specified, it is recommended that the proposal be formatted for 8.5 inch x 11 inch paper with a minimum font size of 10 pt. and with a minimum of 0.5 margins. Schedules, drawings and other documents more appropriate to larger size should be formatted for no larger than 8.5 inch x 14 inch dimensions.

L.2.2.1.5 If providing spreadsheets, include all formulas, function, macros, computations, or equations used to compute the proposed amounts. For each workbook, all Rows, Columns, Cells, and Worksheets are to be visible. Do not include Zero height and zero width rows and columns in Worksheets. Do not format Worksheet cells with the font color equal to the fill color. If Workbooks or Worksheets are password protected, then the passwords must be provided. Do not submit Print image files or pictures or files containing only values.

L.2.2.1.6 The offeror shall make every effort to ensure that the proposal is virus-free. Proposals (or portions thereof) submitted which indicate the presence of a virus, or which are otherwise rendered unreadable by damage in electronic transit, shall be treated as "unreadable" as described in FAR 15.108(c).

L.2.2.2 Submission Due Date

The offeror must ensure its proposal, in its entirety, reaches the required destination before the date and time set for closing of the solicitation set forth in Block 9 on the SF 33, front page of the solicitation.

L.2.2.2.1 Lateness

The lateness rules for submitted proposals are outlined in FAR 52.215-1 "Instructions to Offerors-Competitive Acquisition" and are incorporated into this solicitation.

L.2.3 Single Proposal Submission

Offerors are limited to submitting one proposal with one approach to meeting the requirements of this solicitation.

L.2.3.1 All or None

Offers in response to this solicitation must be submitted for all the requirements identified in the solicitation. Offers submitted for less than all the requirements called for by this solicitation may be rejected or ineligible for award. Proposals that contain alternative terms and conditions may be considered as taking exception to the requirements of the solicitation. See Section A.6.

L.3 Evaluation Factors

Name of Offeror or Contractor:

Offeror proposals shall address the following Factors:

- a. Delivery Schedule Factor
- b. Price Factor

L.3.1 Delivery Schedule Factor

The following applies to Delivery Schedule factors, unless otherwise noted below.

L.3.1.1 Offerors shall submit the following:

L.3.1.1.1 In order to be considered for award, a proposal must provide a delivery date expressed in terms of 'after date of delivery order award' that is 1) 30 or more calendar days sooner than the required schedule identified in Section F.1 Time of Delivery (Outstanding); 2) 29 or less calendar days sooner than the required schedule identified in Section F.1 Time of Delivery (Good); 3) equal to the required schedule identified in Section F.1, Time of Delivery (Acceptable); or 4) exceeds the solicited schedule by 45 days or less for the respective CLIN in Section F.1 (Marginal).

L.3.1.1.2 Proposals that provide a delivery schedule that is later than 45 days after the required schedule identified in 52.211-8, Time of Delivery will constitute a failure to meet a stated requirement of the solicitation (deficiency) and be unawardable.

L.3.1.2 If selected for award, the offeror's proposed delivery date will be incorporated and become the requirement in any resulting contract.

L.3.2 Price Factor

L.3.2.1 In accordance with FAR 15.403-2, certified cost or pricing data is not required for initial proposal submission. However, after initial proposal submission, if only one offer is received, the Government reserves the right to request certified cost or pricing data in accordance with DFARS 252.215-7994 (Deviation 2026-00048). In the event certified cost or pricing data is required, the offeror may submit a written request for exception based on the applicable clauses contained herein.

For initial proposal submission, the offeror shall provide its proposed prices by providing a filled-in Section B of the RFP.

L.3.2.2 The Government reserves the right to request additional or more detailed cost or price information to support its evaluation.

L.4 Provide the following information:

L.4.1 Signature Actions/offeror Fill-Ins. Provide a scanned image of a signed copy of the SF33 cover page, a copy of all completed fill-ins for Sections A through K, and (if applicable) a signed copy of all Amendments to the solicitation. System for Award Management (SAM) certifications need not be separately submitted; however, all offerors must be successfully registered and valid in SAM prior to award.

L.4.1.1 The offeror's proposal acceptance period in terms of calendar days from the date for receipt of offers specified in the RFP. (See Section L.1.2)

L.4.3 Statement of Acknowledgement. A statement specifying the extent of agreement with all terms, conditions, and provisions of the RFP, and a statement of agreement to furnish and deliver the items or perform services set forth in the RFP in consideration for offeror's proposed price(s) set opposite each item. Any exceptions taken to the attachments, exhibits, enclosures, or other solicitation terms, conditions, or documents may be determined to be a Deficiency or grounds for the Government to reject the proposal from further consideration in the source selection process (Reference M.3).

L.4.4 Assumptions. The offeror shall consolidate and identify all offeror's generated "assumptions" contained anywhere in the proposal. The offeror shall include a statement that none of the "assumptions" contradict or take exception to any terms, conditions, or requirements of the solicitation. Any exceptions taken to the attachments, exhibits, enclosures, or other solicitation terms, conditions, or documents may be determined to be a Deficiency or grounds for the Government to reject the proposal from further consideration in the source selection process (Reference M.3).

L.4.5 If Government Property (as defined in 52.245-1) will be utilized in the performance of this contract, provide a description of your property management system, plan, and any customary commercial practices, voluntary consensus standards, or industry-leading practices and standards to be used by you in managing Government property in accordance with 52.245-1.

L.6 Army Contract Writing System (ACWS) Transition Information for Offerors

L.6.1 The Army Contracting Enterprise (ACE) is in the process of deploying new solicitation and contract writing software to Army contracting offices worldwide. Known as the Army Contract Writing System (ACWS), this modern software suite will soon replace most existing Army contract writing systems, including the system used to create and release this Solicitation.

L.6.2 During this transition period, Offerors are hereby advised:

L.6.2.1 The Contracting Office may use any combination of contract writing systems to create and release documents related to this solicitation (e.g. solicitation amendments and awards, if any). Due to this:

L.6.2.1.1 This solicitation may contain different offer submission instructions than other solicitations released by the same Contracting Office (e.g. requiring offer submission via the PICE Solicitation Module vs. e-mail). Offerors should review all offer submission instructions contained in the solicitation documents and direct any questions or concerns to the Contract Specialist or Contracting Officer.

L.6.2.1.2 If the Contracting Office switches contract writing systems prior to award, documents you receive from the Contracting Officer or view on SAM.gov or other forums may appear noticeably different than the initial solicitation or previous solicitations or awards from the same Contracting Office. This is normal and expected.

L.6.2.1.3 A change between contract writing systems may cause important information concerning solicitation response (amendments) or accepted terms (awards) to take on different formatting or appear in different parts of later documents issued. Offerors shall review all documents carefully to locate this important information and direct any questions or concerns to the Contract Specialist or Contracting Officer.

L.6.2.2 The Government does not intend to use the transition between contract writing systems to effect any changes to solicitation or award terms and conditions without accompanying document narratives explicitly stating such changes are deliberate and desired. While the Contract Specialist and Contracting Officer will take care to minimize or eliminate any inadvertent changes when adapting to the new contract writing software, you, as the Offeror, may still be the first to spot such errors. Therefore, Offerors shall:

L.6.2.2.1 Notify the Contracting Officer immediately if any observed changes, removals, or additions affect your award eligibility, violate or alter existing quote/proposal terms, or could affect Contract performance post-award.

L.6.2.2.2 Take special care to ensure all fill-in Clauses are populated and remain populated across documents received from the Contracting Office throughout the Solicitation and Award process.

L.6.2.2.3 Contact the Contracting Officer listed on the first page of the solicitation or solicitation amendment for guidance if you notice or suspect any inadvertent change has occurred between document issuances.

L.6.2.3 The Contracting Officer will correct problems affecting award documents (if any) via bilateral modification, at no cost to the Contractor. Any such modification will reconcile the award with the latest version of this solicitation reflecting deliberate action by the Contracting Officer (e.g. the first issuance if no amendments, or the latest amendment with accompanying narratives), inclusive of any documented pre-award negotiations or accepted supplemental offer terms.

L.6.2.4 In the unlikely event a network disruption, contract writing system error, or financial system error threatens timely award of the requirement set forth in this solicitation, the Contracting Officer:

L.6.2.4.1 May elect to use alternative mechanisms to obligate funds and allow work or deliveries to legally begin to the benefit of, and with legal protection for, both parties.

L.6.2.4.2 Will incorporate the latest version of this Solicitation into such mechanisms to serve as a framework for contract execution until any such system problems are resolved.

L.6.2.4.3 Will ensure any action taken does not conflict with the stated offer evaluation and award methodology of this requirement.

L.6.2.4.4 Will issue a complete, properly-formatted award accurately reflecting this requirement and all applicable terms and conditions once systems return to normal.

L.7 PROVISION FOR WAIVER OF REQUIRED FIRST ARTICLE APPROVAL

(a) The requirement entitled FIRST ARTICLE APPROVAL (52.209-3 or 52.209-4) in Section E of this solicitation may be waived by the

CONTINUATION SHEET	Reference No. of Document Being Continued W912CH-26-R-0006 PIIN/SIIN	Page 72 of 80 MOD/AMD
Name of Offeror or Contractor:		

Government, provided that the offeror meets the conditions outlined below.

(1) Offerors who intend to request a waiver or partial waiver of the First Article Test must provide sufficient information in order for the Government to determine whether the request is to be approved. If the offeror intends to request a waiver, a First Article Waiver Worksheet must be completed and submitted to the Government along with any supporting documentation. The worksheet can be found in Section J "Attachments" of this solicitation. The offeror's request will not be considered if the worksheet and any supporting documentation is not submitted to the Government. The worksheet must be completed in its entirety. For those sections of the worksheet which do not apply, annotate with N/A (not applicable). To substantiate or clarify information provided by the offeror, the Government may request additional information. Incomplete worksheets can result in the waiver request being denied; Offerors should contact the Contract Specialist listed on the face page of this solicitation for assistance in filling out the worksheet completely.

(2) Offerors should not assume that the FAT waiver request will be granted even if the completed worksheet and any supporting information is submitted to the Government.

(3) The worksheet and any additional supporting documentation is part of your quote/offer and must be submitted as part of the response to this solicitation on Company letterhead and signed by an agent of the Company.

(4) The offeror may request a waiver for only a portion of the First Article Test, such as a vibration test or a saltwater spray test, or the test on a component or subassembly of the procured item.

(5) The offeror shall list specifically on the worksheet, by technical data package reference, that portion of the test requested to be waived. The references shall include but may not be limited to the following as applicable:

- (i) Identification of the specification or standard along with the specific specification or standard paragraph(s)
 - (ii) Identification of the drawing with specific references to the drawing notes.
 - (iii) Identification of the Quality Assurance Provision (QAP), or Quality Assurance Requirement (QAR) or Supplemental Quality Assurance Provision (SQAP) with specific references to the specific paragraph.
- (6) Supporting documentation.

(i) The request for waiver must be accompanied by documentation in support of the request. The documentation may include information such as the following; (1) Copy of the Administrative Contracting Officer's (ACO's) or Procuring Contracting Officer's (PCO) letter approving a First Article Test report on a recent contract for the same or similar item. (2) Copy of a First Article Test report for the same or a similar item as that herein solicited. (3) Copy of an ACO or PCO letter approving a prior waiver request. (4) If the waiver request is based on similarity, a copy of the drawing/other appropriate technical requirements of the similar item.

(ii) If a copy of a First Article Test report is submitted in support of a request for waiver under this solicitation, the test report must have been approved and signed by an authorized representative of the Government.

(iii) The FAT report and all supporting documentation should be submitted by electronic media and should accompany the offeror's proposal. If the FAT report and supporting documentation cannot be transmitted by electronic media, the offeror shall contact the PCO for further instruction.

(b) Note that if a waiver is granted to the successful offeror, an accelerated delivery schedule will apply. See Section F.

(c) Note: Cost considerations shall apply for approving a waiver or a portion thereof of a First Article Test.

L.5 UNCLASSIFIED Proposal, Modification, or Revision/Amendment Submission Instructions

a) Proposals, modifications, or revision/amendment shall be submitted in accordance with the below instructions. It is not anticipated that any requested proposal, modification, or revision/amendment/amendment information will be CLASSIFIED. The below instructions are for UNCLASSIFIED proposals, modifications, or revision/amendments/amendments only.

b) Submission Due Date - the offeror must ensure its proposal, modification, or revision/amendment in its entirety, reaches the required destination before the solicitation closing date/time established in this solicitation. All proposals, modifications, or revision/amendments received after the submission time specified shall be treated as late and shall be handled in accordance with the Federal Acquisition Regulation (FAR) 15.208(b).

c) Please note that when submitting through PIEE Solicitation, it may take time for the files to be uploaded, scanned, and digitally signed before submission completion. File size, network connection, connection type, and number of files are factors in the time needed to timely complete submission. Therefore, offerors are strongly cautioned when submitting proposals to allow ample time for completion. Offerors should also take into account potential time needed to troubleshoot technical issues directly with the PIEE Help Desk prior to

the solicitation closing date and time.

L.6 SOURCE NOTES ON DRAWINGS: CONFORMANCE TO MILITARY TECHNICAL DATA REQUIREMENTS

Notwithstanding the fact that ordnance drawings furnished with this solicitation may list particular manufacturer part numbers as approved sources, or as being the same as, or equivalent to, the ordnance part described on the drawing, the item to be supplied under this solicitation must conform to all specific technical requirements expressed on such drawing(s). To the extent that there may be any inconsistency between a manufacturer's part number and specific technical requirements expressed on an ordnance drawing which references the manufacturer's part number, the specific technical requirements shall control and take precedence. Bidders shall bear the responsibility of verifying that the approved part as supplied will conform to all such specific technical requirements.

L.7 NOTICE REGARDING REQUIRED SOURCE-CONTROLLED COMPONENT OR MANUFACTURER'S PART NUMBER

(a) Please see the provision entitled ACQUISITION OF MANUFACTURER'S PART NUMBER in Section C of the Scope of Work in this solicitation. This acquisition is restricted to source-controlled component(s) or manufacturer's part number(s) identified in the Schedule (Section B), or in the Technical Data Package. Offers that propose to furnish any alternative to the required source-controlled component(s) or manufacturer's part number(s) will not be considered for contract award. It is understood that, by submitting an offer under this solicitation, offeror agrees to supply one of the required part numbers unless the proposed part meets the conditions set forth in paragraph (b) below.

(b) Require Approval for Alternatives to the Source-Controlled Component or required Manufacturer's Part Number.

(1) If a firm manufactures an item which it believes to be totally equivalent to the required item(s), it may submit an offer based on the equivalent item if the following conditions are met:

(i) Prior to receipt of this solicitation, the firm must have received written U.S. Army TACOM approval of a test procedure on its non-listed item;

(ii) The firm must indicate in its offer the date of the written U.S. Army TACOM approval, and the name and title of the approving official;

(iii) The firm indicates in its offer that it is in the process of having its item independently tested per the approved test procedure to demonstrate full physical, functional, and mechanical interchangeability of its part with an already approved part cited in this solicitation, or that it is awaiting final U.S. Army TACOM engineering approval of the summary report furnished at the conclusion of independent testing; and

(iv) The firm must have secured final written approval of its part from U.S. Army TACOM engineering by the time of bid opening, (in the case of formally advertised acquisitions), or by the time of contract award, (in the case of negotiated acquisitions).

(2) Notwithstanding the foregoing, the Government expressly reserves to the Contracting Officer the right to waive the conditions set forth above in making an award when written approval from U.S. Army TACOM engineering of a non-listed part number can be obtained without delay in the anticipated date of award.

(3) When either of the foregoing conditions are met, the Government reserves the right to make an award for a non-listed item. In no other instance will award be made to any firm that does not agree to furnish one of the required part numbers listed in this solicitation.

(c) Any firm that manufactures or regularly sells an item which it views as equivalent in all respects to one of the required component(s) or manufacturer's part number(s), but that has not initiated approved qualification testing in order to demonstrate that its part is totally equivalent to the required part, should contact the Contract Specialist listed on the first page of the solicitation to inquire about getting qualification testing initiated.

L.8 PART NUMBERS NOT CURRENTLY APPROVED

As specified elsewhere in this solicitation, part or all of the contract item to be procured hereunder is restricted to certain approved manufacturer's part numbers as set forth in the Schedule and/or the Technical Data Package. Any firm that produces an item which it believes to be equivalent to one of these approved part numbers is hereby encouraged to have such item tested and approved, so that the item will be eligible to be bought on future acquisitions. Please write to the attention of the buyer at the address indicated on the cover page of this solicitation and request a statement of the procedures by which items can be tested and approved for procurement. Such an enquiry should cite the applicable National Stock Number (NSN), the already approved part number, the part number of the item which the enquirer believes to be identical to our approved item, and a brief statement of the basis on which the new item is believed to be equivalent to our already approved item.

SECTION M - EVALUATION FACTORS FOR AWARD

This document incorporates one or more provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a provision may be accessed electronically at these addresses:

- For FAR clauses: <https://www.acquisition.gov/>
- For DFARS clauses: <https://www.acq.osd.mil/dpap/dars/dfarspgi/current/index.html>

If the provision requires additional or unique information, then that information is provided immediately after the provision title.

M.1 Basis of Award

M.1.1 The solicitation is a 100% Small Business Set Aside. The Government plans to award a single firm-fixed price type contract for the Dial Bore Gage Assembly - Kit Drawing, NSN: 5280-01-560-1762, as a result of this solicitation. An award will be made to the offeror whose proposal represents the best value to the Government in accordance with the criteria set forth below and is eligible for award.

M.1.1.1 There are two evaluation factors:

- M.1.1.2 a. Delivery
- M.1.1.3 b. Price

M.1.1.4 The relative order of importance of these factors are described in M.4.1.4 below.

M.1.1.5 Proposal selection will be made utilizing the source selection trade-off process, considering the evaluation Factors and their relative order of importance (see Section M.4), to identify the proposal which represents the best value and is most advantageous to the Government. The Government will weigh the evaluation factors (other than the Price Factor) against the total evaluated price to the Government when selecting the offer that is most advantageous and represents the best overall value to the Government. The Government reserves the right to choose not to award a contract if such action is in the Government's best interest. In making the award decision, the Government will review proposals to determine if any price adjustments are required IAW the FAR, DFARS, or clauses or provisions contained within this solicitation. If an additional price adjustment is determined to be applicable, then the Government will develop a final price for those offerors impacted by the adjustment(s) and base the final award decision on this final price. When FAR 52.219-4 is included in the RFP and a HUBZone price adjustment is applicable, then all other price adjustments described in the solicitation shall be applied before the application of the HUBZone price adjustment.

M.1.1.6 Importance of Cost/Price. Award will be made to the offeror whose proposal represents the best value to the Government and is otherwise eligible for award. This may not be the offeror with the lowest evaluated price. However, the closer offeror's evaluations are to each other in those Factors other than the Price Factor, the more important price becomes in the decision. Notwithstanding the relative order of importance of the evaluation Factors stated herein, price may be controlling when:

- M.1.1.7 a. Proposals are otherwise considered approximately equal in non-price factors; or
- M.1.1.8 b. An otherwise superior proposal is unaffordable; or
- M.1.1.9 c. The advantages of a higher rated, higher priced proposal are not considered to be worth the price premium.

M.2 Rejection of Offers

M.2.1 The Government may reject any proposal if in the Government's best interest at any time after receipt of proposal. Examples include, but are not limited to, the following proposal conditions:

M.2.1.1 The proposal fails to meaningfully respond to the instructions in Section L of this solicitation (e.g., a proposal provides some data but omits significant material data and information required by Section L, the proposal fails to follow key proposal instructions or format requirements in Section L, etc.).

M.2.1.2 A proposal merely offers to perform work according to the solicitation terms or fails to present more than a statement indicating its capability to comply with the solicitation terms and does not provide support and elaboration as specified in Section L of this solicitation.

M.2.1.3 The proposal proposes exceptions to the RFP requirements, attachments, exhibits, enclosures, or solicitation terms and conditions.

M.2.1.4 The proposal is unbalanced as to price. See Section M.6.1.4

CONTINUATION SHEET	Reference No. of Document Being Continued W912CH-26-R-0006 PIIN/SIIN	Page 76 of 80 MOD/AMD
Name of Offeror or Contractor:		

M.2.1.5 The proposal submitted is for less than all the requirements called for by the solicitation.

M.2.1.6 The proposal's acceptance period does not meet the Government's required minimum acceptance period, or the offeror fails to provide a proposal acceptance period (Refer to Section L.1.2).

M.2.1.7 The proposal is not in English (American Standard) or in US Dollars.

M.3 Source Selection Process

M.3.1 Compliance Review. After receipt of proposals, but prior to the evaluation process, the Government will perform a compliance review of the offeror's proposal to determine the extent of compliance to the solicitation instructions, and whether the proposal meets any of the conditions listed in M.2, Rejection of Offerors.

M.3.2 Evaluation Process. Selection of the successful offeror will be made following an assessment of each proposal not otherwise rejected, based on the response to the information called for in Section L of this RFP, and against the solicitation requirements and the evaluation criteria described herein. Proposals not otherwise rejected will be evaluated as specified herein, to include developing narrative support for the evaluation conclusions under each Factor.

M.3.3 This RFP includes FAR Provision 52.215-1, Instructions to OfferorsCompetitive Acquisition, which advises offerors that the Government intends to evaluate proposals and make an award without conducting negotiations. Exchanges with offerors will be limited to clarifications as defined in FAR 15.202(a)(2). Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and non-price factor standpoint. However, under FAR 52.215-1(f) (4), the Government reserves the right to conduct negotiations if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

M.4 Evaluation Criteria

M.4.1 There are two evaluation factors:

M.4.1.2 Delivery Schedule

M.4.1.3 Price

M.4.1.4 The relative order of importance of these two factors is as follows: The delivery schedule factor is significantly more important than the price factor.

M.5 Delivery Schedule Factor

M.5.1 The evaluation for the delivery schedule will be done at the CLIN level, and each evaluated CLIN will be a Delivery Schedule factor. The following CLINs will be evaluated:

0021

0022

M.5.1.2 The following applies to all Delivery Schedule factors, unless otherwise noted:

M.5.1.3 For purposes of this evaluation and the adjectival rating definitions below, the delivery schedule is the number of days after date of delivery order award.

M.5.1.4 Adjective Ratings & Descriptions:

M.5.1.5 OUTSTANDING - Proposal provides a delivery schedule that is 30 or more days sooner than solicited schedule for the respective CLIN in F.1 Time of Delivery.

M.5.1.6 GOOD - Proposal provides a delivery schedule that is sooner than the solicited schedule by 29 days or less for the respective CLIN in F.1 Time of Delivery.

M.5.1.7 ACCEPTABLE - Proposal provides a delivery schedule that is equal to the solicited schedule for the respective CLIN in F.1 Time of Delivery.

M.5.1.8 MARGINAL - Proposal provides a delivery schedule that exceeds the solicited schedule by 45 days or less for the respective CLIN in F.1 Time of Delivery.

Name of Offeror or Contractor:

M.5.1.9 UNACCEPTABLE - Proposal provides a delivery schedule that exceeds the solicited schedule by more than 45 days for the respective CLIN in F.1 Time of Delivery.

M.6 Price Factor

M.6.1 The Price Factor evaluation will result in a determination of the Total Evaluated Price to the Government. The Government will also evaluate the offeror's price proposal for price reasonableness and unbalanced pricing. The following information will be used to determine the total evaluated price of the offer:

M.6.1.2 The unit price for each separately priced CLIN, will be multiplied by the estimated quantity for the corresponding CLIN and the results added together to produce the overall price; plus

M.6.1.3 Price Reasonableness: The Government will evaluate whether or not the offeror's proposed price is reasonable. A price is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person in the conduct of competitive business. The Government may make a determination of price reasonableness by any means allowable under FAR 15.404-1.

M.6.1.4 Unbalanced Pricing: The Government will evaluate the Offeror's proposal for unbalanced pricing. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly over- or understated as indicated by the application of cost and price analysis techniques. Offerors are cautioned that a proposal the Government assesses to be unbalanced as to price, may either be rejected or determined unacceptable for award. See FAR 15.404-6 for more information on unbalanced pricing.

M.7 EVALUATION FACTORS FOR FIRST ARTICLE TEST REQUIREMENT - REQUIREMENTS CONTRACT/INDEFINITE QUANTITY CONTRACT

(a) If the offeror submits a request for waiver of First Article Approval but fails to comply with the requirements of paragraph L.7 entitled PROVISION FOR WAIVER, the requested waiver may not be granted. If the waiver is not granted, more favorable alternative offers of price or delivery, conditioned upon the granting of a waiver, will not be considered in the evaluation process

(b) DELIVERY EVALUATION FACTORS.

(1) As specified in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL (52.209-3 or 52.209-4). In the event of a waiver, the Government will compute a delivery schedule for the first delivery order issued hereunder by excluding all lead times that would be included if first article approval were required. However, in no event shall such accelerated delivery schedule for the first delivery order be considered as an evaluation factor for award, even if such schedule would be more advantageous to the Government. (Note that delivery orders subsequent to the first order shall have delivery schedules as specified in individual orders, or as specified in Section B or F herein, regardless of whether First Article Approval applied initially. Note further that, absent a waiver, the Government expects to require First Article Approval only once during the course of this contract--in conjunction with the first delivery order to be issued hereunder. However, the Government reserves the right to require additional first article testing if the Contractor changes or moves the production facility at which the contract item is manufactured, or submits a significant configuration change in the form of an Engineering Change Proposal (ECP/VECP) or a Request for Variance or Request for Waiver (RFV/RFW), during or after performance on the first delivery order.)

(2) If an offeror requests waiver of First Article Approval but takes exception to the resulting delivery schedule for the first delivery order as described above, the requested waiver will not be granted. In consequence, any award to that offeror shall include all First Article Approval requirements, and the delivery schedule for the first delivery order shall include the appropriate first article lead times.

(c) PRICE EVALUATION FACTORS.

(1) As specified in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL (52.209-3 or 52.209-4), and subtract the price of the proposed First Article Test (at Section B, Item 0011) from the proposal of offerors who elect to seek such a waiver. In the event that the offeror requests and receives a waiver of First Article Approval requirements, the price for such testing, as identified by the offeror in Section B, Item 0011, shall be deducted from the total price otherwise cited for the materiel herein solicited. The offer will then be evaluated for award at the resulting alternate price.

(2) If the offeror requests a waiver of First Article Approval requirements, but fails to separately identify the cost of First Article Testing in Section B, Item 0011 of this solicitation, the Government reserves the right to evaluate the offer based upon the price for Items 0021, 0022, and to require that offeror perform on the contract at such price whether or not the First Article requirement is waived, at no additional cost to the Government.

(3) If the offeror requests but is not granted a waiver of First Article Approval, evaluation for award will be based upon the full amount entered for Items 0011, 0021, and 0022: the amount entered for item 0011 will not be deducted by the Government.

M.8 EVALUATION OF USE OF EXISTING GOVERNMENT-OWNED PROPERTY

(a) Rent-free use of existing facilities, special test equipment, and/or special tooling, title to which is in the Government or to which the Government has the right to take title (all of which is herein described as property), including rent-free use by prospective subcontractors, will be a consideration in the evaluation of responses to this solicitation. Contractor must provide with their proposal, the list of Government Furnished Property (GFP), the acquisition cost, age, and type of GFP.

(b) For purposes of evaluation only, the unit evaluation factors for each classification of property, computed as follows, shall be added by the Government to the price or prices offered. The evaluation factors shall be computed by multiplying the acquisition cost of each item of property by the rental rates specified below, and then multiplying the product obtained by the number of months of use proposed. A minimum of one month of use shall be required for purposes of evaluation. Fractional portions of a month shall be counted as a full month. This final product shall then be divided by the total quantity of units to be produced using such property to determine the unit evaluation factors. The factors shall be separately set forth by the offeror under the offered unit prices.

Monthly Rental Rates

(1) For land and land preparation, buildings, building installations, and land installations other than those items specified in (2) below: the prevailing commercial rate.

(2) For industrial plant equipment of the types covered by Federal Supply Classification Code Numbers 3405, 3408, 3410, 3411 through 3419 (machine tools), and 3441 through 3449 (secondary metal forming and cutting machines), the following rates shall apply:

Age of Equipment	Monthly Rental Rates
0-2 years	3.00%
Over 2 to 3 years	2.00%
Over 3 to 6 years	1.50%
Over 6 to 10 years	1.00%
Over 10 years	0.75%

(3) For personal property and equipment not covered in (1) and (2) above (including all production equipment not in the Federal Supply Classification Codes set forth above, and including special tooling and special test equipment), the following rates shall apply:

- Two percent (2.00%) per month for electronic test equipment and automotive equipment;
- One percent (1.00%) per month for special tooling and for all other property and equipment.

(c) If any item of property is to be used on other work for which use has been authorized during the period such property is requested for use on any contract resulting from this solicitation, the evaluation factors shall be calculated in accordance with the following: the acquisition cost of each item of property shall be multiplied by the rental rates specified for the applicable classification of property set forth above, and the product obtained shall then be multiplied by the number of months of rent-free use requested. The resulting product shall be multiplied by a fraction, the numerator of which is the amount of use of the property proposed under this solicitation, and the denominator of which is the sum of the previously-authorized use of the property during the period of proposed use and the use proposed under this solicitation. The final product shall then be divided by the total quantity of units to determine the unit evaluation factor. The measurement unit for determining the amount of use to be considered in establishing the fraction referred to in the foregoing calculation shall be direct labor hours, sales, hours of use, or any other measurement unit which will result in an equitable apportionment of the factor. The measurement unit used and the amount of respective uses in sufficient detail to support the proration shall be set forth for each item of property.

(d) For the purposes of determining the evaluation factors set forth above, the following definitions apply:

(1) The term acquisition cost means the total cost to the Government for an item of property, including the cost of (i) transportation, (ii) installation, (iii) accessories to be used with the item, and (iv) any rebuilding and modernization which has enhanced the original capability of the item;

(2) The age of an item of property shall be based on the year in which it was manufactured, with an annual birthday on 1 January of each year thereafter. On 1 January following the date of manufacture, the item shall be considered one year old; and on each succeeding January 1st, it shall become one year older (thus, an item manufactured on 15 July 1978 would be one year old on 1 January 1979, and over two years old on and after 1 January 1980).

(e) Where this solicitation provides that the property is offered for use on an as-is basis, F.O.B. loading dock at present location, the Government shall add to the offered price, in addition to the evaluation factors described above, a factor, for purposes of evaluation, which will be composed of the costs to the Government of making such property available at the F.O.B. point, including the costs of disconnection, preparation for shipment, and placement on the loading dock.

M.9 GOVERNMENT-OWNED PROPERTY FOR POSSIBLE USE AND EVALUATION FACTOR FOR USE OF THE GOVERNMENT-OWNED PROPERTY

ALL OFFERORS ARE REQUESTED TO COMPLETE THE FOLLOWING STATEMENT:

The offeror notifies the Government that there:

- ☐ is
- ☐ is not

Government-owned property in its plant(s), or in the plant(s) of any of its prospective subcontractors, which, assuming authorization for its use,

- ☐ will
- ☐ will not
- ☐ may or may not (not finally determined as of the date of this offer)

be used in the performance of the contract resulting from this solicitation.

NOTE: Offerors checking is AND will or may or may not above must notify the Government representative listed in Block 7 of the SF 33 at least ten days before the date when offers are due under the solicitation, so that the solicitation can be amended to include the appropriate Government property clause(s). If no such notification is given, authorization for the use of such property in this contract may be denied.

Offerors checking IS and WILL above shall also complete the following:

(a) Under each line for entries in the Unit Price and the Amount columns in the Schedule (see Section B of this solicitation), offeror shall add the following evaluation factor line and insert the appropriate unit and total price figures if the conditions of subparagraph c. below are met:

Evaluation factor: \$ _____ \$ _____

b. Computation of the evaluation factor is explained in paragraph M.8 entitled EVALUATION OF USE OF EXISTING GOVERNMENT-OWNED PROPERTY.

c. An evaluation factor entry is to be made only if:

- (1) The offeror or any subcontractor, at any tier, will use Government-owned property in production for this contract; and
- (2) The offer is predicated on authorized rent-free use of Government-owned property.

d. An offeror's insertion or non-insertion of an evaluation factor constitutes, respectively, the offeror's certification that his offer is or is not so predicated. The evaluation factor will be added to the offered price for evaluation purposes. See additional paragraphs concerning Government-owned property in Sections L and M herein.

e. CAUTION Rental charges for the use of Government-owned property may accrue, if timely and appropriate approval of rent-free use is not obtained.

M.10 CONTRACTOR RESPONSIBILITY AND ELIGIBILITY FOR AWARD

(a)The Government will award a contract to the offeror that:

(1) submits the lowest evaluated offer if award is based on price only, or the offer that provides the best value to the Government if factors in addition to price are identified elsewhere in this solicitation,

(2) submits a bid or proposal that meets all the material requirements (including technical requirements of the specification, if applicable) of this solicitation, and

(3) meets all the responsibility criteria at FAR 9.104.

(b) To make sure that an offeror meets the responsibility criteria at FAR 9.104 the Government may:

- (1) arrange a visit to the offeror's plant and perform a preaward survey;
- (2) ask the offeror to provide financial, technical, production, or managerial background information.
