4. Is there a set menu? Are there any guidelines for menus?

Ans. See Appendix A. Q2.

5. This Notice is only serving #2 Field?

Ans. Your assumption is Wrong. Fields #1 & #2 entirely. See SOW Exhibits 1,2,3,4 for the total of meals.

Field #2 Column #2 (Breakfast/Dinner) will be packed in aluminum covered containers and taken by the government to the field after been delivered by the vendor. As a Contractor you still have to deliver Field #1 (Breakfast/Dinner) as well. See the total per day on the **Total Column.**

6. The SOW states all items are to be provided in aluminum covered containers – is there flexibility here to package in ecofriendly containers?

Ans. No. Aluminum covered containers will keep the food at the standard temperature for the government to take to the training field shortly after.
