2.2 TASK TWO DOCUMENTATION, SAFETY AND COMPLIANCE, INSPECTIONS AND ACCEPTANCE

- Contractor must provide a detailed equipment inventory and floor plan for approval no later than 10 business days prior to setup.
- Contractor must provide certificates of insurance prior to commencement of work.
- Contractor must comply with all applicable federal, state, and local laws and regulations.
- All equipment must be installed in a manner that is safe and stable for the duration of the event.
- Tent must include sidewalls and be rated for wind and rain as per manufacturer's specifications.
- Pre-event inspection to be conducted jointly by Contractor and Government Technical Representative upon completion of setup.
- Post-event inspection to be conducted upon completion of teardown.
- Acceptance of work will be determined by the Designated Government Technical Representative.

3.0 CONTRACTOR PERSONNEL

It is the responsibility of the contractor to propose qualified contractor personnel to perform all requirements specified in the SOW.

3.1 QUALIFIED PERSONNEL

The Contractor must provide qualified personnel to perform all requirements specified in this SOW.

3.2 CONTINUITY OF SUPPORT

The Contractor must ensure that the contractually required level of support for this requirement is maintained at all times. The Contractor must ensure that all contract support personnel are present for all hours of the workday.

3.3 PROJECT MANAGER

The Contractor must provide a Project Manager who must be responsible for all Contractor work performed under this SOW. The Project Manager must be a single point of contact for the Contracting Officer. The name of the Project Manager, and the name(s) of any alternate(s) who must act for the Contractor in the absence of the Project Manager, must be provided to the Government as part of the Contractor's proposal. The Project Manager is further designated as Key by the Government. During any absence of the Project Manager, only one alternate must have full authority to act for the Contractor on all matters relating to work performed under this contract. The Project Manager and all designated alternates must be able to read, write, speak and understand English. Additionally, the Contractor must not replace the Project Manager without prior approval from the Contracting Officer.

3.4.1 The Project Manager must be available to the Contracting Officer via telephone between the hours of 0800 and 1600 EST, Monday through Friday, and must respond to a request for discussion or resolution of technical problems within 12 hours of notification.

3.5 EMPLOYEE IDENTIFICATION

3.5.1 Contractor employees visiting Government facilities must wear an identification badge that, at a minimum, displays the Contractor name, the employee's photo, name, and badge expiration date. Visiting Contractor employees must comply with all Government escort rules and requirements. All

SOLICITATION #: 75110PR260016872
STATEMENT OF WORK

Contractor employees must identify themselves as Contractors when their status is not readily apparent and display all identification and visitor badges in plain view above the waist at all times.

3.5.2 Contractor employees working on-site at Government facilities must wear a government issued identification badge. All Contractor employees must identify themselves as Contractors when their status is not readily apparent (in meetings, when answering Government telephones, in e-mail messages, etc.) and display the Government issued badge in plain view above the waist at all times.

3.6 EMPLOYEE CONDUCT

Contractor's employees must comply with all applicable Government regulations, policies and procedures (e.g., fire, safety, sanitation, environmental protection, security, "off limits" areas, wearing of parts of DHS uniforms, and possession of weapons) when visiting or working at Government facilities. The Contractor must ensure Contractor employees present a professional appearance at all times and that their conduct must not reflect discredit on the United States or the Department of Homeland Security. The Project Manager must ensure Contractor employees understand and abide by Department of Homeland Security established rules, regulations and policies concerning safety and security.

3.7 REMOVING EMPLOYEES FOR MISCONDUCT OR SECURITY REASONS

The Government may, at its sole discretion (via the Contracting Officer*), direct the Contractor to remove any Contractor employee from DHS facilities for misconduct or security reasons. Removal does not relieve the Contractor of the responsibility to continue providing the services required under the contract. The Contracting Officer will provide the Contractor with a written explanation to support any request to remove an employee.
