

The United States Special Operations Command (USSOCOM), Special Operation Forces (SOF), Acquisition Technology and Logistics (AT&L), Technology Applications Program Office (TAPO) intends to award a non-competitive sole source contract under the authority of FAR 6.103-1(d) for the procurement of one base and two option years of Actian Ingres and OpenROAD software license subscriptions.

The intended source for this procurement is LCN Services, LLC. 548 Market Street #2100, San Francisco, CA 94104 (CAGE: 12X58). The intended award will result in a Firm Fixed Price contract. The contract will consist of one (1) base year period of performance, and two (2) option year periods of performance. The Agency has tentatively assigned North American Industry Classification System (NAICS) Code 513210 – Software Publishers, to the requirement, but interested sources can recommend other NAICS Codes for agency consideration. Small Business Size Standard: \$47,000,000.00.

The proposed contract is for software licenses and related support services for which the Government intends to solicit and negotiate with only one source under the authority of FAR 6.103-1(d), only one responsible source and no other supplies or services will satisfy agency requirements. LCN Services, LLC. is the only available source who can provide Actian Ingres and OpenROAD software license subscriptions that meet the Government's requirement, as the sole designer and developer.

A Sources Sought Notice was publicized as required by DFARS PGI 206.103-170(d) on 13 August 2025. No qualified responses were received by the closing date on 28 August 2025. A determination by the Government not to compete with this proposed contract was based upon the lack of qualified responses received in response to the notice and is solely within the discretion of the Government.
