

MSE LITE FPGA STATEMENT OF WORK

1.0 Introduction/Background: The PSI MSE Lite needs the following FPGAs for the fabrication of the MSE Lite payload.

2.0 Scope of Work: This sow covers the FPGAs needed for purchase for the PSI MSE Lite Project.

3.0 Objectives: The item listed in the table below is required to complete this purchase for PSI MSE Lite Project.

5.0 Deliverables:

LINE	PART NO.	DESCRIPTION	QTY.	Lead Time
1	<u>MPF300TS-FC784M</u>	PolarFire™ Field Programmable Gate Array (FPGA) IC 388 21600666 300000 784-BBGA, FCBGA –55C to 125C	40	16W ARO

Applicable Documents/Background: Include Certificate of Conformance with the purchase of the FPGAs.
