Buckley SFB, CO 80011

SUBJECT: SOURCES SOUGHT – Outdoor Multipurpose Field Scoreboard Installation

The Buckley Space Force Base (BSFB) 460th Contracting Squadron is requesting information from vendors that provide the subject part number. The North American Industry Classification System (NAICS) code is 339950 Sign Manufacturing and the small business size standard is 500 Employees.

This sources sought is issued for the purpose of market research in accordance with RFO Part 10. BSFB, CO is requesting information for the subject scoreboard for Market Research Purposes.

The result of this market research will contribute to determining the method of procurement. This announcement is not to be construed as a commitment by the Government, implied or otherwise, to issue a solicitation or to award a contract. At this time, BSFB is not seeking quotes and will not accept unsolicited quotes.

Submit any and all questions along with expressed interest and capability regarding this requirement in writing via email only no later than **14 May 2026 @ 14:00 P.M. Mountain Time** to the Contract Specialist, SSgt Ethan Sullivan at ethan.sullivan@Spaceforce.mil AND the Contracting Officer, TSgt Mathew Kennedy at mathew.kennedy.24@spaceforce.mil.

After the suspense, the contracting officer may elect to post an update to this sources sought answering all questions or requesting additional information if necessary.

The Government is requesting a response to the following:

Questions/Answers to include in Contractor's Sources Sought Response

1. Can you provide examples and references from at least two similar scoreboard installation projects you have completed for government, municipal, or educational institutions within the last five years?
2. What is the specific make and model of the scoreboard you are proposing for this project, and how does it meet all the technical requirements listed in the SOW?
3. Please describe your process for developing and certifying the required engineering drawings for the foundation. Who is your licensed engineering partner for this?
4. What is the full warranty on the scoreboard unit, controller, and your installation labor? Please provide detailed warranty documentation.

SEMPER SUPRA

CUI

5. What is your projected timeline for this project, from contract award to final acceptance, including lead time for materials and permitting?
6. How do you plan to handle testing and verification if the permanent electrical connection is not in place by the time of your installation?
7. What training, if any, is included for our staff on the operation and basic maintenance of the new scoreboard and wireless controller?
8. What are the key challenges you foresee with this project, and what is your plan to mitigate them?
