(Signature of person authorized to sign)			

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

Block 14 (Description of Amendment/Modification): The purpose for this solicitation amendment 0001 is to respond to industry question. All other information remains unchanged.

Question 1:

Although the sleeve is not included in the GFM list, would it be possible for you to supply a sleeve via GFM that has completed RT and is prepared for shrink fitting?

Government Response 1:

Currently the sleeves will be fabricated under a separate contract under ICN/KOP 381924302/A02 (N6264926RA0430002). The sleeves fabricated under the 3819P24302/A02 is intended to be GFM for 3819P24302/A01.

Please see attached DL001.

Question 2:

We would appreciate it if you could inform us when KTR can expect to receive the subject sleeve (GFM).

Government Response 2:

Current POP for 3819P24302/A02 is 7/21/2026 - 9/14/2026. We do not have an ETA of item now. My guess is that it should be somewhere near the end POP of 9/14/2026.

Question 3:

With respect to Para. 5.3.3, please be advised that center inspection, machining, and weld repair of the shaft cannot be carried out. Kindly confirm if this is acceptable.

We would appreciate it if you could supply a shaft that has completed the above processes and is ready for shrink fitting.

Government Response 3:

Para. 5.3.3. is to inspect and report accept or reject criteria. Prior to receiving the shaft, SRF has a H01 phase for SRF to inspect and repair main propulsion shaft prior to transporting to KTR.

Question 4:

While transportation as specified in Para. 5.2 and Para. 5.6 can be performed, we would like to request that packing be undertaken by SRF.

Should this not be possible, please amend the description in Para. 5.2 and 5.6 regarding MIL SPEC packing from 'in accordance with 2.3' to 'using 2.3 for guidance.

Government Response 4:

SRF is processing DL-001 (attached) in regards to Para 5.2
