NAME OF OFFEROR OR CONTRACTOR

ITEM NO. (A)	SUPPLIES/SERVICES (B)	QUANTITY (C)	UNIT (D)	UNIT PRICE (E)	AMOUNT (F)
	I. PURPOSE OF AMENDMENT 1. Provide formal responses to questions received from industry to clarify technical requirements. 2. Extend the solicitation closing date to enhance competition and allow offerors time to incorporate these clarifications into their proposals. II. CHANGES TO SOLICITATION Closing Date: The RFQ closing date is hereby extended to 05/12/2026 at 8:00 AM Pacific Time. Current Offerors: Quotes already received will remain under consideration. Previous offerors may submit a revised quote or confirm in writing that their existing quote remains valid as submitted. If no revised quote is received by the new deadline, the original quote will be evaluated. III. QUESTIONS AND ANSWERS Q1: What are the existing axle manufacturer and part numbers? A1: The original axles are 9,000 lb Dexter axles; however, the requirement is for new axles with a 10,000 lb capacity. Original axles featured oil-filled hubs converted to grease with a Bearing Buddy protection system. Q2: Is the braking system hydraulic, electric-over-hydraulic, or another configuration? A2: Electric-over-hydraulic. Q3: What is the exact brake size/specification required? A3: The existing system uses Kodiak disc brakes for a 13" rotor. The Government will accept the vendor's recommendation for brake size and specifications, provided they are appropriate for 10,000 lb capacity axles and a 25,000 lb vessel load. Offerors must include the specifications of their recommended system in their technical quote for evaluation. Continued...
