Question 02 answered: Monday, April 27 2026 06:49AM

1. Does the government have an incumbent at that location? If so, can the government provide the seniority list and pricing for the award?

There is no seniority list and pricing for the award as we are in the solicitation stage for a new requirement.

2. There seems to be some disconnect between the Combined Synopsis and the SOW: On page 1 of the SOW, the schedule of items table lists the frequency as "One time per week". However, the Statement of Requirement in the Combined Synopsis, page two, requests "Monday through Friday between the hours of 7:30AM and 4:00PM"; can you please clarify if there is a discrepancy?

There is no discrepancy, the service will be performed one time per week during the normal business hours of 7:30AM and 4:00PM

3. Additionally, the PoP on the Combined Synopsis states 1JUL to 30JUN for base and the 4 OY, but the SOW states 1AUG-31JUL; can we confirm the exact PoP?

The correct Period of Performance is: 07/01/2026 thru 06/30/2027

Question 17 received: Friday May 1 2026 04:22PM

Question 17 answered: Monday May 4 2026 04:01AM

1. Period of Performance dates. The SAM.gov synopsis (updated 4/30/2026) lists the Base Year as 07-01-2026 through 06-31-2027, while the attached Statement of Work lists 08-01-2026 through 07-31-2027. Please confirm the correct start date and the dates for each option year. We also note that "06-31" is not a valid calendar date.

[I will try and answer as many questions as I can. If you would like a site visit, just send me an email with time between 9:00am-3:00pm Monday through Friday. Thank you](#)

2. Site visit. Is a site visit required for offerors, or is it recommended? If required, may a designated representative attend on our behalf, and are dates/times available before the May 7 submission deadline? Please also confirm whether the recently posted "Building Map with Site Visit POC" document is intended as a substitute for an in-person visit or as supplemental information.

[yes](#)

3. Facility square footage and restroom count. The SOW does not specify the cleanable square footage of the Blacksburg office or the number of restrooms. Please provide these figures so offerors can price accurately.

[Approximate Square Footage 8,000 – Number of Restrooms- 2 with 2 stalls in the women's and a 2-urinals and a stall in the men's.](#)

4. Government-furnished property and supplies. The SOW confirms that the Government will provide restroom consumables (paper, soap). Please confirm whether the Government also furnishes cleaning chemicals, equipment (vacuum, mop, etc.), and trash liners, or whether these are the contractor's responsibility.

[We do supply all the trash bags and vacuum, mops ect. We do not provide a carpet cleaner.](#)

5. Pricing of periodic services. The Schedule of Items shows a single line item per year for "office cleaning, once a week." Should the periodic services described in the SOW (twice-yearly interior/exterior window cleaning; quarterly refrigerator and oven cleaning) be priced within the annual line item, or as separate line items? If separate, please advise on the preferred SOI format.

[We would hope this contract will start June 1st](#)

6. Submission format. Please confirm the preferred method of quote submission (email vs.) and any specific document or file-naming requirements.

[Please upload your quote into the portal.](#)
